STUDY SESSION MINUTES
October 10, 2005

THOSE PRESENT: Alan Crankovich, David Bowen, Scott Bradshaw (DPW),
Kelly Carlson (DPW).

GUESTS PRESENT: Steve Lathrop (Suncadia Atty.)

BOB SHIN @ SNOQUALMIE PASS: Director Bradshaw stated that he had drafted a
letter to Mr. Shin stating that we accept the stormwater
drawings as submitted by his engineers. Director Bradshaw
also stated that this plan is going to be quite costly so he is
not sure how Mr. Shin is going to react to this.
Director Bradshaw also stated that Ryan Roberts (DPW) is
still researching how Mr. Shin obtained his building permit
and temporary occupancy permit.

BOARD DIRECTION: BOCC approved the letter as written and directed staff to
send to Mr. Shin.

HAYWARD ROAD MAINTENANCE: Commissioner Crankovich stated that he had
been contacted by DJ Evans from the Fire District about the
maintenance on Hayward Road. Mr. Evans stated that the
Fire District is interested in using the primitive portion to get
from Thorp Hwy to Bettas Roads in case of emergency.
They also asked if the County would be willing to perform
some maintenance on this portion. Commissioner
Crankovich stated that DNR also uses this access and
thought he would see if they would be willing to partner in
the maintenance costs. Director Bradshaw stated that we
could possibly find some funding in 2006 for limited
maintenance. Commissioner Crankovich also stated that he
had informed Mr. Evans that there would not be any winter
maintenance on this road.

BOARD DIRECTION: No Board Direction
COUNTY ROAD CREW SCHEDULE CHANGE: Director Bradshaw stated that he had received a letter from the Road Union requesting the hours of work be changed from 7:30-4:00 to 7:00-3:30. They stated this would benefit the school buses and traveling public. HR is drafting a letter of understanding.

BOARD DIRECTION: BOCC approved and asked that a letter of understanding be drafted that would state this change would only go until the end of the existing contract.

WINSTON BRIDGE: Director Bradshaw stated that he is meeting with Art Solbaken of Suncadia onsite at Winston Bridge. He stated that Suncadia had supplied him with drawings and he wants to verify what is in the drawings by being onsite. If after the meeting the drawings are in order then Director Bradshaw stated that Suncadia has met their requirements.

Steve Lathrop, Attorney for Suncadia, stated that the old abutments in the drawings cannot be removed due to historical issues. He stated that the exact location of the bridge will be determined by the design of the road.

BOARD DIRECTION: No Board Direction

JENKINS DRIVE: Director Bradshaw stated that Suncadia would like a variance on their traffic plan on Jenkins Drive. They would like to use Tumble Creek entrance until the Jenkins Drive modifications are complete. Director Bradshaw stated that the original traffic safety plan was signed by the BOCC so he thought the variance should also be signed by the BOCC.

Mr. Lathrop stated that there is proposed flagging and safety barrels in place where guardrail is to go but isn't there yet.

BOARD DIRECTION: BOCC directed staff to review the document and it could possibly be walked on the October 18th agenda.

BOARDS CONCERNS/ISSUES:

SO. CLE FLUM BRIDGE CLAIM: Commissioner Crankovich stated that he would like to revisit the claim for damages filed by Dieter Bierek that previously was denied by the BOCC. He stated that Mr. Bierek was referred to the contractor to obtain payment for damages (as per the contract with Kittitas County) and was treated rudely when responded to. Commissioner
Crankovich feels that this contractor is representing Kittitas County when doing one of our projects.

**CANYON ROAD STRIPING:** Commissioner Bowen asked about the blacked out road striping on Canyon Road. Director Bradshaw stated he did not know what happened but he would research and report back to him at the 10/17 study session.

Meeting adjourned at 2:00 p.m.

Scott W. Bradshaw, P.E.
Director of Public Works
** Bob Shin – Snoqualmie Pass Drainage Issue Update

** Hayward Road Maintenance  
- Per Commissioner Crankovich

** Winston Bridge Issues
