TOPIC:
1. Letter from Jeff Slothower
2. Correspondence to BOCC

DISCUSSION:
1. Letter from Jeff Slothower: Piercy distributed copies of a letter from Slothower regarding a BLA/SEG application from Cruse & Associates. The purpose of the letter was to request a refund of the application fees pursuant to the denial of the BLA. Piercy explained that the application was denied by CDS and CDS further denied the issuance of any refund. Commissioner Bowen confirmed that the letter was accurate in that the application was denied after the BLA had been reviewed, but before the SEG review had begun. Commissioner Huston asked why the application was denied at the point of BLA. Piercy explained to the Board that the majority of the BLA had been reviewed and the leg-work completed when it was determined that the proposed lot sizes of the SEG application was inconsistent with the underlying zoning. At that point the entire package was denied as the BLA & SEG were tied together.
2. Correspondence to BOCC: Commissioner Bowen stated that he had received correspondence regarding the Tom Ward variance. Piercy stated that CDS would follow up on the matter and report back to the Board.

ACTION:
1. No Action
2. The Board will forward the correspondence to CDS for follow-up.
