| **DISCUSSION:** | Amy Mills said there were some discrepancies of Tax Title property between her office and the Assessor’s office. She has a list of Tax Title properties (provided to the BOCC) and an application that has been made to the BOCC’s office, by a citizen, has listed parcels that are not listed on her list of Tax Title Property.  

Perry indicated that even if the parcels in the application are Tax Title property or not, it would still require some type of hearing by the County. He noted it would take time and money to do title searches, but felt it needed to be done at some time, and by holding a public hearing, it would allow the Board to give some type of direction to staff. |
| **ACTION:** | Directed staff to set the public hearing to consider the request.  

Perry thought Amy Mills should begin requesting title searches on the properties, and said the Board would need to determine where the funding would come from. |
