**FOWLER CREEK ROAD:** Jan Ollivier (DPW) presented the proposal for Fowler Creek Road that Patti Johnson (DPW) had drafted for their review. Jan went over the proposal and continued with discussion on options for the intersection. Commissioner Huston stated that the County needs to look at what we believe would be a good transportation system and not let development drive the issue.

Pat Deneen stated that he would be interested in forming a group of large landowners in the area and meeting with Jan
to discuss the transportation plans for their large developments.

**CLEARVIEW DRIVE:** Jan Ollivier (DPW) stated that when MD Jackson had requested Peakview, Middlecrest, and Creeksedge be considered to be put onto the County road system they had inadvertently left out Clearview Drive. Clearview Drive is a main connector of these other roads. Commissioner Huston stated that we will continue the public hearing and send notices out to all about the continuance.
