At 11:08 a.m. Vice-Chairman Alan Crankovich opened a special meeting to receive an update on the Road levy. **PUBLIC WORKS**

Director Holmes provided an update to what the Public Works Department will be requesting in this year's budget cycle. He stated that the budget will without a doubt be up this year as the Road Levy will be up. He indicated that he doesn't have a specific idea of what the budget will look like but given that the road maintenance schedule has been put off there is catch up to be done.

Commissioner O'Brien questioned whether we should be expecting any state money or federal money. Ms. Jurgens indicated that it would be federal dollars we get and she reviewed how it is determined where the funding comes from. Commissioner O'Brien questioned what the process will be for collecting and re-distributing the money throughout the County where the flooding damage has occurred. Mr. Holmes explained that this is a conversation they plan to have with the BoCC, but it is an
