JANUARY 9, 2012

REGULAR MEETING

DEPARTMENT HEAD

SHERIFF

At 9:50 a.m. Patti Johnson presented the Board with two change order updates for review. She explained that one was the proposed changes and/or additions and costs associated with them. The other was a change order from the architect to include the proposed changes/additions if the Board decides to accept the requests. There was discussion on some of the benefits and justification behind the requests. Ms. Johnson explained that there were parts of the change order she couldn't explain in great detail because she didn't fully understand the request. She encouraged the Board to meet with Commander Hocter to discuss it with her and get further details.

The Board indicated that they would like Ms. Johnson to talk to the City of Ellensburg regarding their request for the County to add a post indicator valve. They felt the request was more based on convenience and not necessity. They indicated that they won't approve the request/change for a painted bark backboard on the wall, or the segregation ceiling. The Board stated they were not going to be adding anything that wasn't mandatory for the health and safety/well-being of the inmates.

Ms. Johnson was directed to contact Commander Hocter and see about some time she would have available to meet with the Board. Staff was directed to schedule a meeting for the Board once Ms. Johnson had dates and times of availability for Commander Hocter.

Meeting adjourned at 10:40 a.m.
