The Board reconvened back into the Agenda Session at 1:30 p.m. Chairman Berndt and Commissioner Jewell were in attendance as Commissioner O’Brien had recused himself previously.

Deputy Prosecutor Neil Caulkins explained how the Board did not have the ability to make changes to the Ordinance as it was previously given preliminary approval and if the applicant had met the conditions then they must issue a Final Plat. He indicated any appeal would have had to have been made at the time of the SEPA determination or the Preliminary Plat appeal period. He said there had been no appeals filed at that time. Chairman Berndt asked if they could require off site mitigations. Deputy Caulkins said that as a matter of law you cannot make a landowner do something to another person’s property. Lindsey Ozbolt, Staff Planner said SEPA had been a part of the project specific and there was no appeal filed and therefore that is what document is riding with the project.

Commissioner Jewell noted that it had met conditions of approval; they went over all of the water issues and concerns relating to flooding;
Staff claims everything has been met and there had been an analysis conducted by the developer. He said the appropriate time to appeal was at the Preliminary Approval stage and that the present Commissioners are therefore limited on their ability to do anything else.

Commissioner Jewell moved to approve Final Development of Black Horse at Whiskey Creek (RZ-06-00015) and to include an amendment as referenced in Staff Memo dated January 29, 2015 for an additional Plat Note that reads as follows “The Open Space tracts shall be (1) owned in a proportionate and unseverable manner as tenants in common by each lot owner and (2) assessed taxed and foreclosed upon each building lot”. Chairman Berndt seconded.

Commissioner Jewell said he was still concerned with the potential impacts to neighboring property, but noted it should have been dealt with previously.

Motion carried 2-0.
