Each Commissioner reviewed discussions held with their respective departments and exchanged details of those meetings. On January 3, 2011 the Board determined it would be beneficial to alternate Commissioners that will oversee the different Department Head’s on an annual basis. They determined at the end of 2013 they...
would review the various committees they participate in and provide beneficial updates to the Board as needed during this time as well.

Mandy Buchholz, Deputy Clerk of the Board II provided the Board with two job descriptions to show examples of current Elmview Employees that are hired within the County at the County Treasurer and County Public Health Department. **SOFTWARE ADOBE ACROBAT COMMISSIONERS**

Julie Kjorsvik, Clerk of the Board requested the Boards direction on how she should proceed with a recommendation received from I.T. for the Adobe Software update as its more than they were directed to budget for.

The Board stated it’s needed to conduct business so proceed with the purchase of the software update for Adobe. Commissioner Jewell stated he would meet with I.T. to discuss this as it’s not the first error for technology updates this year that they had departments budget for and then they were off considerably.

It was noted that at the end of the year if a Budget Amendment is necessary they will process it at that time, however there may be savings in another area of their budget that will allow for a “budget neutral” impact.
