KITTITAS COUNTY TITLE 10 AMENDMENTS

Cameron Curtis briefed the Board of County Commissioners on inconsistencies found within Kittitas County Title 10 Vehicles and Traffic, which includes speed limits and roadway widths. Cameron Curtis stated that to correct these inconsistencies two of the items will require public hearings and staff is seeking direction on moving forward to set said hearings. Direction was given to move forward with setting the necessary public hearings at a future agenda session.

BULLFROG ROAD SPEED STUDY

Cameron Curtis gave background on the current speed limit of Bullfrog Road and the request to increase the speed limit from thirty-five (35) miles per hour to fifty (50) miles per hour. Cameron Curtis stated that traffic counters were placed to record speeds and that information shows the 85th percentile speed at fifty point three (50.3) miles per hour. Cameron Curtis added that the speed limit on Bullfrog Road was initially lowered by Ordinance 93-14 due to the bridge deck that had damage at that time. Cameron Curtis stated that this bridge deck has since been repaired and staff is requesting direction to set a public hearing to consider the speed change on Bullfrog Road. Staff was directed to move forward with setting a public hearing to consider a speed change on Bullfrog Road.

There was no other business for discussion.
