## HOLD-DOWN ANCHOR PLACEMENT POLICY

FOR MORE INFORMATION VISIT THE CDS WEBSITE AT: [WWW.CO.KITTITAS.WA.US/CDS](http://WWW.CO.KITTITAS.WA.US/CDS)

All hold-down anchors must be installed and tied to the foundation forms before a foundation inspection may be performed. Hold-down anchors must be installed per manufacturer's specifications (i.e. straps usually must be hooked under rebar, SSTB anchor bolts turned correctly).
