

BRIDGE REVIEW AND INSPECTION POLICY

FOR MORE INFORMATION VISIT THE CDS WEBSITE AT: WWW.CO.KITTITAS.WA.US/CDS

A Public Works permit is required to install, modify, alter or repair bridges in Kittitas County. Additional permits or approvals may include:

- A floodplain development permit for bridges within floodways and floodplains.
- A shoreline permit for bridges within the jurisdiction of the Shoreline Management Program.
- Preliminary Site Analysis (PSA)
- A Hydraulic Project Approval (HPA) for bridges in or near state waters.
- A crossing agreement for bridges crossing canals or laterals.

Following is a list of Kittitas County review and inspection procedures. Other State or Federal agencies may have additional requirements.

Required Public Works review and inspections:

- Review to ensure compliance with KCC 12.07 Bridges.
- Verification of right of way and access requirements (if applicable).
- Property setbacks and footings.
- Structural engineering.
- Inspect foundations and retaining walls.
- Inspect girder and decking connections.
- Final inspection for armoring and finishing.
- Verification of all special inspections completed (if applicable).
- Final inspection to verify the floodplain development permit requirements are met.
- Bridge posting requirements.

Required Planning Department review and inspections (if applicable):

- Shoreline permit and PSA review prior to application of bridge permit.

Required Fire Marshal review and inspections:

- Review to ensure compliance with KCC 20.02.050 Bridges, including bridge width and live load rating.
- Final inspection for compliance to KCC 20 Fire and Life Safety standards, including inspection of required signage indicating load capacity.

Required WDFW or Ecology review and inspections (if applicable):

- HPA required prior to issuance of building permit or floodplain development permit.
- A final approval letter from Washington Department of Fish and Wildlife and/or the Department of Ecology.

Only after the above review and inspections have been successfully completed and all conditions of the permit(s) have been met can the Fire Marshal and Public Works bridge inspector sign off the final on the permit card.
