15-13	KCC Title 17	Housekeeping amendments: a) Definitions, as needed based on Title 14 and 17 amendments b) Amend "structure" to exclude fences at or under 6 feet in height c) Renumber farm stands (should be 17.08.256) d) Allow duplexes in Rural zones e) Allow primitive campgrounds in FR zone f) Allow campgrounds as CUP in CF g) Clarify P ¹ /AC ¹ /C ¹ for utilities on allowed use tables	Kittitas County Staff	CDS - planning	Approve

Summary

- b) Currently the definition for structure in Kittitas County Code is broad enough that it is interpreted to include fences and Kittitas County routinely issues building permits for fences, as a result applicants will also need a shoreline substantial development permit if they are within shoreline jurisdiction. It is not the intent of the County to regulate fences as a structure nor are fences included in the Shoreline Management Act or Growth Management Act as a form of development or structure. The proposed amendment would exclude fences less than six feet in height from the definition of structure, therefore fences greater than six feet in height would still require a building permit.
- c) A definition for farm stands was included in the 2014 docket amendments but was unintentionally placed out of alphabetical order. The proposed amendment will move the definition of farm stands from 17.08.456 to 17.08.256.
- d) Currently two-family dwelling units (duplexes) are permitted in all Agriculture-5 zones but not in Rural-5 zones. For consistency, the proposed amendment would permit duplexes in both the Agriculture-5 zones and the Rural-5 zones. This is consistent with the purpose and intent as stated in Kittitas County Code for both Agriculture-5 and Rural-5 zones.
- e) The proposed amendment would allow primitive campgrounds in Forest and Range zones. Currently there is no designation or definition for primitive campgrounds in Kittitas County Code. The proposed amendment would also include a definition of primitive campgrounds that protects natural resources by preventing designated campsites, toilets, picnic tables, fire grates, and water tanks and providing conditions on where primitive campgrounds are located.

- f) Currently campgrounds are permitted in Commercial Forest zones; the proposed amendment would allow campgrounds as a conditional use. This amendment would ensure that campgrounds are able to be conditioned to meet setback requirements and other standards adequate to meet public health and safety requirements.
- g) Currently utilities are allowed as a permitted use in all land use zones (except Historic Trailer Courts) with a reference to Chapter 17.61 of Kittitas County Code which regulates Utilities. The proposed amendments would modify the use tables to more accurately reflect the regulations that are described in Chapter 17.61 which includes some instances where utilities or associated facilities would be a conditional use or an administratively conditioned use.
