Good afternoon,

My name is Kira Swanson, and I'm an environmental planner with Washington State Parks. We received the attached NOA from Kittitas County.

In reviewing the documents, it appears that there is an existing campground on parcel 604735 and that an administrative conditional use permit is required. However, I don't understand what action is being taken to trigger the permit?

State Parks would like to request additional information on the scope of the project. In addition, State Parks requests information on whether and how the proposed project would impact the adjacent Palouse to Cascades Trail.

Thank you for your time and assistance with these questions.

Sincerely,
Kira

Kira Swanson (she/her)
