

ERTS Incident #721836

Environmental Report Tracking - Generated 4/3/2023, 8:32 AM

Primary Initial Report - Reported: 03/31/23 09:27

Reference ID - 212162

Where did it happen?

Location name: Ellensburg - Kittitas County
 Physical address:
 County: Kittitas
 Ecology region: CRO
 Lat, long: 47.04337 , -120.49782
 Directions/Landmarks:

Parcel number is 214534.
 Map number is 18-19-290-20-0007

What happened?

Incident date:
 Activity: Construction
 Cause:
 Medium: Ground - Soil
 Source: Facility - Construction site
 Substance: Water - Water
 Substance amount:

Who might be responsible?

Comments/notes

My name is Teresa Buggy and I my number is 509-312-9406. I'm calling about a piece of property that's located outside of Ellensburg in Kittitas County. The parcel number is 214534. The map number is 18-19-290-20-0007. The owner's name is Scott Toland. The plan is to put a meat packing, also known as Waterhouse, on this piece of property. It's zoned rural residential. They're planning to do all kinds of different type of livestock and game, which would be considered a guess commercial. Wilson Creek runs right by this property; this is a very wet land. People in this area have wells that are only 60 feet deep. So, there's great concern over the water treatment if there's going to be a plant like this that it's not going to possibly, potentially infect the wells. They're also going to be drying up as a fairly large amount of water for this project. Historically, we did have an episode with the Hog Farm in the Thorpe area where wells were contaminated. So, this is reality. In this county. Thank you very much.
