Hello there,

I'm very much in support of the proposed processing facility. It would be such an asset to have privately grown animals processed at a local level. I'm a retired cattle rancher, and am familiar with processing facilities such as this one. And I personally don't believe there is a threat to the environment. I live just down the road and don't feel any concern.

Thanks for giving me the opportunity to voice my thoughts.

Diane Schweickert
