Kittitas County Commissioners-

Please approve the permitting for a small meat processing facility in Kittitas County. This is still a very agricultural area, despite the large number of anti-anything sentiments, Re Agriculture in The Valley. The impacts will be mitigated, by laws currently overseeing this type of facility — and they are extensive.

Unfortunately this is a difficult to get done project without the NIMBY people who located here in this past 20 years. It's a vital service for our small animal producers and a benefit to county business — long term.

Bravo to the ones who are willing to undertake this much needed service for our area.

Thank You
Kim Widner
