Good Afternoon,

I am writing to voice my disagreement with allowing the meat processing operation proposed in this Conditional Use Application CU-23-0001

I do agree that a processing operation of this type would be a valuable asset to the county. As a former small scale livestock owner I understand the challenges to find livestock processing especially for small scale farmers. I do however think that the location of this facility is not conducive to this sort of operation. I feel that it is too close to residences with regards to the sounds and smells it will generate. I am certain there are better, more remote locations for this type of facility in our County.

I also fear runoff of waste materials and potential contamination of groundwater and wells since this is a very wet area prone to standing water.

Thank you,

Susan Ingham

Concerned County resident
