As a resident of Granite Creek, I would like to express my concerns over the proposed development of an RV park, store, and facilities at FS 4517 in the Granite Creek neighborhood.

Several concerns associated with this development will impact the residents as well as the surrounding habitat.

The increased day usage of ORV's in the neighborhood and surrounding areas will substantially increase noise, trespassing, litter, pollution, and fire risk.

Increased fire risk.

The access in case of wildfire limits the counties ability to effectively dispatch and contain.

The access to ORV routes overrun and the ensuing damage, trespass, and litter problems associated that are now the burden of the local neighborhood.

Increased need and cost for policing due to increased day use.

This development plan brings far too many risks, costs, and negatives to the area.

Thankyou for your attention to this matter,

Jay Olsen
