

# KITTITAS COUNTY FIRE MARSHAL'S OFFICE

411 N. Ruby St., Suite 2, Ellensburg, WA 98926

Fire Marshal (509) 962-7000 Deputy Fire Marshal (509) 962-7657

November 28, 2022

To: Whom It May Concern

Re: Stanavich AG Plat LPF-22-00008

Regarding the above approved application, the KCFMO does not see any additional fire/emergency risk created by the construction of any structures on these parcels pending the structures are built in conformance to the original plat application/site plan and approval letter from the Hearing Examiner.

Structures built shall be subject to the KCFMO Wildland Urban Interface Code evaluation/inspection which may require the installation of an automatic fire sprinkler system and the creation of a defensible space.

This is not a full description of the KCMFO codes and the KCFMO reserves the right to add requirements as needed as these projects progress.

Thank you for your time.

Deputy Fire Marshal,  
Joseph A Dietzel
