I am writing today to voice my concerns about the proposed off road vehicle track on Parke Creek Rd. I moved out here to finally live in peace and quiet and having motors and dust all day, 7 days a week is extremely concerning to me as a nearby resident of this property. I do not support this project as it currently described. Please don't let this be allowed to disturb wildlife and neighbors. Housing is needed in the valley, but recreational only housing doesn't meet this need anyways. Increased traffic on roads between freeway and site will cause lots of wear and tear on roads that tax payers will have to foot bill. Adequate fire suppression for when irrigation is not in use is also an concern. Bare dirt in windy conditions makes for lots of erosion/soil losses. What will be done to ensure that dirt stays put years down the road? Thank you for your consideration.

Sincerely, Julie Schutte
