Ellie and Russell,

I have already been in contact with the individuals in charge of this project. If they choose to use another well with Lake Easton State Park, then they will reach out to get that source approved if it can be. Otherwise, they are looking into connecting into Lake Easton "East" well.

Russell, this is the connection that I was referring to when I send over the tag number for the existing well that we didn't have any information for inside the Lake Easton State Park. That initial well isn't usable yet. I am so sorry you reviewed something that was already in progress.

Regards,

Melissa Schumaier BS REHS/RS

Ms. Myers:

The Department of Health (DOH) Office of Drinking Water (ODW) has reviewed the application and has the following official comments:

1. The applicant proposes a new groundwater well to provide water, for “drinking” water uses, within the proposed building – DOH ODW seeks the following information:
 - Is the proposed property within the service area of the “Easton Water District” (ID #42700)?
 - What is the number of persons who will be on-site per day and per month?

Depending on responses to these questions, DOH ODW will provide additional guidance.

If anyone has any questions or concerns, please contact DOH ODW, thanks,
