Bradley - Thank you for a chance to review the comments received for SP-23-00011 application. Most comments from the various departments look typical of similar applications and have no concern. I do want to clarify that there will be no new or additional development or earthwork on this property for this application and should not be required to go through a cultural resource study. This application is simply trying to establish separate tax parcels on the 2 existing homes. All lots within this application have existing homes with a well and have established their water rights through historic use.

Thanks,
Chris Cruse P.L.S.
