Mr. Gasawski:

The Department of Health (DOH) Office of Drinking Water (ODW) has reviewed the application generating the following official comments:

1. Based on an individual well for each parcel, this does not meet the definition of a public water system.
2. Any regulatory authority regarding groundwater usage is fully under Kittitas County Health.
3. The applicant needs to communicate with Ecology regarding groundwater extraction constraints because this development appears to meet the definition of a “project”, and even with separate wells, as a project, all water extraction needs to be evaluated together, i.e., cannot have more than one exempt well quantity.

If anyone has any questions, please contact DOH ODW, thanks,
