Mr. Torrance-Smith:

The Department of Health (DOH) Office of Drinking Water (ODW) has reviewed the application generating the following official comments:

1. The South Cle Elum Water Dept (81600) public water system has capacity to serve the additional connection: current active connections are 308 and approved connections are 433.
2. The proposed home does meet the definition of an independent water system connection.
3. As an independent connection, DOH ODW does require a service meter for the proposed connection.

If anyone has any questions or concerns, please contact DOH ODW.

Thanks,

Russell E. Mau, PhD, PE
