Mr. Gasawski:

The Department of Health (DOH) Office of Drinking Water (ODW) has reviewed this application generating the following official comments:

- The Easton Water District (427005) currently has 211 active connections and 405 approved connections – so the water system has capacity for 194 additional connections.
- What is the expected water usage for the travel center?
- If this application moves forward, DOH requires an engineering analysis of the distribution system to determine if the distribution system can serve this travel center.

If anyone has any questions or concerns, please contact DOH ODW.

Thanks,

Russell E. Mau, PhD, PE
