CAUTION: This email originated from outside the Kittitas County network. Do not click links, open attachments, fulfill requests, or follow guidance unless you recognize the sender and have verified the content is safe.

I strongly oppose this project. This project would damage the rural character of Easton, add dangerous traffic in a heavy snow zone, and would pose serious risk to groundwater in a CARA. I would like to see a Determination of Significance and full EIS, or a denial of the application.

Best regards,
Sam Tingleff
