Hello Bradley,
Here is my comment on the proposed exit 70 project in Easton:

Main Comment:

I strongly support this project in Easton. A 24/7 restaurant and deli with fuel, safe pull-off space, and turnaround access is exactly what's needed when the pass closes and traffic backs up. It will serve travelers, create local jobs, and give people a real reason to stop and experience the town instead of just driving through.

Additional Suggestion:

I recommend adding EV charging stations. It supports current demand, prepares for future growth, and would make this location even more valuable for both travelers and the community.

Thank you for the opportunity to comment.
