Dear Bradley

I am writing to express my strong opposition to the proposed Easton Travel Center. This project is not a suitable fit for the town of Easton for several critical reasons:

1. Potential groundwater contamination resulting from oil spills and leaks from trucks.
2. The high volume of snowfall Easton receives during the winter months.
3. Insufficient infrastructure, including our reliance on a volunteer fire department and a lack of local police protection, which requires waiting for assistance from Ellensburg.
4. The negative impact on the neighboring campground.
5. Increased noise pollution.

I believe this project should not be allowed to proceed in our community.

Sincerely,

Peggy Berline
