Hello,

I don't see any questions or concerns from the comments given by others. We don't have anything addition to add other than, can we get the permit today?

Instead of two weeks as you are forecasting? No reason to hold the permit any further after going through all this for a simple ADU application.

Hi Cosme,

I believe an accurate timeline would be about two weeks. As Jamey mentioned, I have several other projects happening concurrently. Therefore, I'll need to work on those other projects in the next couple weeks so I can stay on their timelines and meet other deadlines. In good faith, I will work on this one as I have the time in an effort to bring it to a close for you and Steven as soon as we are able to.

I also wanted confirm that you had no additional response to the comments we sent you. Please confirm.

Best,

Bradley

Alrighty. When can we expect the report from planning?

Don't see anything that needs further private attention.
