Ms. Myers:

The Department of Health (DOH) Office of Drinking Water (ODW) has reviewed the application and provides the following, official comment:

1. Two dwelling units can share a single well, and this does not meet the definition of a public water system. If a third dwelling unit or third connection using water is added to this well, then the three connection water system meets the definition of a public water system – and would fall under the authority of Kittitas County Health.

If anyone has any questions or concerns, please contact DOH, thanks,

Russell E. Mau, PhD, PE
