

Kelly Hill  
509 260 1121

Project description

9 Guest house with out a oven/range. Main floor living 800 sqft. Lower floor living 82 sqft  
Lower level garage 718 Sqft. Upper level deck 96 sqft. Retained walkway 80sqft.

10 Water tie in to existing water supply

Septic tie in into existing tank. Might have to pump, it will be close.

Power is coming off transformer. Per PSE engineer.

This doesn't effect any residence around , existing driveway is coming off Hwy 903

11 Existing house was built and completed in 2022. Project was finaled. Passing all inspections.

All FEMA requirements where finished and recorded with county.

12 Highway 903 is road easement. All easements would be in permit for house. Driveway had a hammer head turn installed to pass access permit. Driveway was paved also.
