Matt,

Page 13 of the attached .pdf (Application Signature Sheet) provides the map numbers and acreages (current and proposed) for all of the parcels involved. Page 17 indicates the applicant's proposed configuration (lots A-1 to A-4). Page 10 indicates where the UGA and City Boundary are in relation to the proposal. Page 8 is the proposed zoning before the BOCC as part of the County's GMA compliance effort. I hope this gets you what you need, feel free to call or bounce me another email if I can provide any additional information.

Jeff,

Could you either provide the parcel numbers associated with the BLA, or if you have a map with parcel lines provide that. I cannot tell from the attached map how the proposed action either affects or concerns the City.

Thank you kindly,

Matt

BL-12-00032 Central Cascade

The above boundary line adjustment is partially located within the City of Cle Elum's Urban Growth Area. Please review the attached file for comment.

Thank You,
