**Follow Up Flag:** Follow up  
**Flag Status:** Flagged

If that is the case then public health is ok with this.

I spoke with Pat Webber this morning and she says:

"I spoke to Kathy Christman and she is in the Kittitas County Water Dist. #4 as are we. I have in front of me a "received Aug. 17 2012" stamped "Adequate Water Supply Determination" application form whereby I paid \$140 for the water availability and it was received by the public Health Dept. on the date above."

Apparently there is a land deal pending on this so she would like to get it done as soon as possible.

Jeff, looks like on this one we need to find out their water source . Kittitas County Water District # 4 serves the area but on old septic records show that there seems to be a neighboring well they are connected to. Could you shed some light on that situation? Thanks.
