NOTICE OF APPLICATION AND SEPA COMMENT PERIOD: Kittitas County Community Development Services will accept comments through 5:00 p.m. on Tuesday, May 26, 2015

Kittitas County has received a SEPA Checklist for this project application; see attached.

The County expects to issue a Determination of Non-Significance (DNS) for this proposal, and will use the optional DNS process, meaning this may be the only opportunity for the public to comment on the environmental impacts of the proposal. Mitigation measures may be required under applicable codes, such as Title 17 Zoning, Title 17A Critical Areas, and the Fire Code, and the project review process may incorporate or require mitigation measures regardless of whether an EIS is prepared. A copy of the threshold determination may be obtained from the County.

Agencies within the county network may review the application master file via the above internal link or through EDEN. Agencies outside of the county network can use the above external link to view a static copy of the Master File for this project as of today's date. As the project progresses ongoing and individual documentation may be found [HERE](#). Comments within the body of an email are encouraged, but may be submitted as attachments or hardcopy to:
