Chace,

My name is Jake Laskody and I live at 12910 Salmon La Sac Rd , Ronald WA . I am emailing today with concerns on the proposed campground that is being pushed in our peaceful neighborhood. My wife and I are raising our two little ones just a couple houses down from the proposed site. My concerns are that or neighborhood is currently quiet , peaceful , and a safe place to raise our children. This is the reason we chose to move here in 2018. The proposed campground will be offering 30 single story cabins , and additional structures for party's etc. There is no way that our neighborhood will remain the same , with the same qualities we all fell in love with.

A few of my biggest concerns are...

Increased traffic
Increased fire danger
Increased noise
The cleanliness of surrounding land

We have all seen what the other campgrounds bring to Salmon La Sac . They bring many out of towners here that do no respect the land as we do . One drive down Salmon La Sac in the summer time will reveal fire's roaring during the burn ban , trash littered up and down the shoulders of the roads , reckless driving in side by sides and vehicles and other careless activities. There is a reason we all chose this area to raise our families and call home , and this campground idea is putting it all in jeopardy. We just want this place to remain peaceful , safe , and quiet , I hope you can understand this. Please do not let this move forward and ruin our dream area for raising our family.

Thanks , Jake Laskody
