To Whom this May Concern:

We object to the issuance of the permit for the proposed use of a large campground near our neighborhood.

This project is not compatible with the residential nature of this area and the Sunshine Estates Community. Our quiet enjoyment of our homes will be destroyed if a campground is permitted.

Camping is transient by definition. The camping vehicles coming and going through Ronald and along Salmon La Sac Road will create commotion, noise and dust. Although we have signs posted, there is no doubt that campground visitors will drive through our private road in an attempt to access the lake. Campers will not respect the quiet nature of our community. Loud outdoor activities commonly occurring in a camping environment are not compatible with the existing residential homes and cabins.

This project would make more sense if it were located at the far end of the lake near the existing campgrounds rather than in an established residential area. Please do not approve the application as not compatible to the area.

Sincerely,  
Jeffrey and Eleanor Freeman  
299 Sandelin Lane
