to chace.petersen

My family and I have enjoyed our home on Cricket Lane close to the proposed new development since 2008. It has been our quiet retreat and family gathering place. We are located in an older residential area called Sunshine Estates which is adjacent to the proposed campground. Putting in an RV park will introduce a new impact to this and change the whole dynamic of the neighborhood, the traffic and using our roads illegally for access, traffic and illegal ORV riding.

Also, water usage for this new proposed campground needs a second look. In 2012 we had to prove to the county that we had been using water on our land since 2008 because of the limitations

on water availability for irrigation from Lake CleElum to surrounding farmers' land. The increase of 30-90 adults camping in the area plus the lodge proposed for large gatherings, puts further strain on water supply for the area.

This variance to the existing neighborhood should not be allowed. There are multiple public RV parks down the road in more rural areas. This is where they should be located.

Sincerely,

Jim and Wanda Curtiss
