Good afternoon Kelly-

I am writing with concern to Suncadia phase 2 Division 7. We are current suncadia homeowners and just purchased a new lot in the Nelson Ridge development. With the increase in population comes the need for an alternative entry.

Our concern is for the safety of our family in the event of a fire evacuation situation. We will be on the outskirts of the development and will be the last to exit should such a disaster occur. Not only that, but the fire department should have quick access on the other side of Swiftwater/Ronald. It's very concerning. As it is people are using the neighborhood Evergreen estates as a way to get around congestion. I am sure they do not appreciate.

Please let me know what can be done, I am very concerned for the safety of my family and others.

We need to make the gates entry to Suncadia/Ronald side the next permanent point of entry. The county is now aware of our concerns and can't ethically turn a blind eye to a potential catastrophe.

Best- Erin and Erich Naumann
