**Attachments:** DSCN1266.JPG; DSCN1265.JPG; DSCN1217.JPG; DSCN1215.JPG; DSCN1263.JPG; DSCN1264.JPG

Jeff, Public Works will require the TIA prior to a full review of the project.

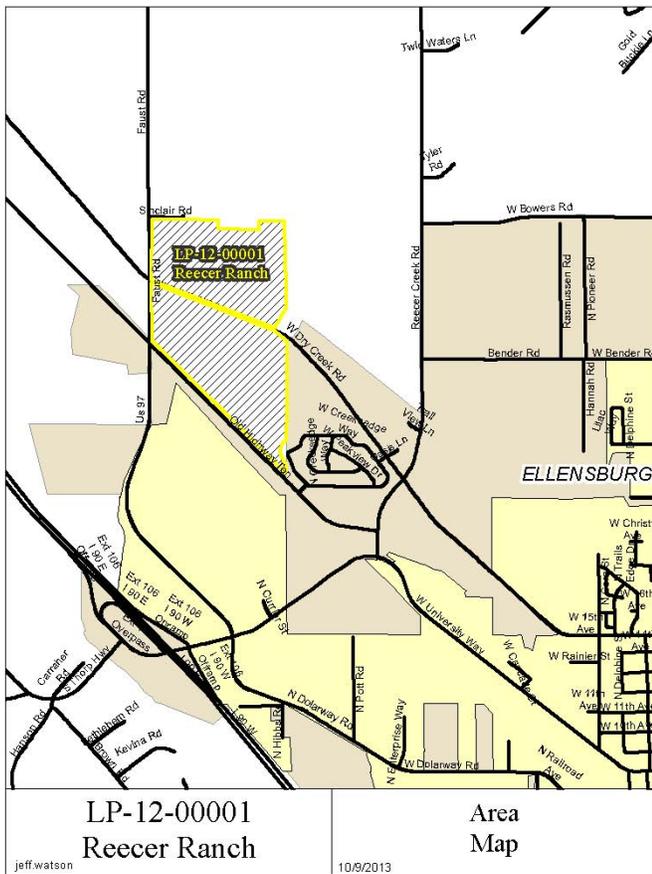

While waiting for the TIA, the applicant and public works can discuss access because a variance may be required, and flood issues because flooding is not accurately delineated in the FIRM. Please see the attached photos.

[LP-12-00001 Recer Ranch](#) (Internal Hyperlink to Master File)

[LP-12-00001 Recer Ranch](#) (External Hyperlink to On-line File)

Kittitas County has received the above referenced land use application. Agencies within the county network may review the application Master File via the above “Internal” link. Agencies outside of the county network may view the related documentation at the “External” link above (use individual files for fastest rendering or “LP-12-00001 Recer Ranch Master File 10.14.2013” for complete file to date). **The Notice of Application and SEPA Checklist are attached.**

The County expects to issue a Determination of Non-Significance (DNS) for this proposal, and will use the **Optional DNS Process, meaning this may be the only opportunity for governmental agencies and the public to comment on the environmental impacts of the proposal.** Mitigation measures may be required under applicable codes, such as Title 17 Zoning, Title 16 Subdivisions, and the Fire Code, and the project review process may incorporate or require mitigation measures regardless of whether an EIS is prepared. A copy of the threshold determination may be obtained from the County.

**Comments within the body of an email are encouraged, but may be submitted as attachments or via US Mail.**

An aerial photograph showing a residential neighborhood with several houses and a road. A red arrow points from the top left towards a specific property. The surrounding area includes a large field with snow patches and a road with utility poles. The image is taken from an elevated perspective, likely from a vehicle or aircraft.
