

Memo

To: Kaycee Hathaway, CDS

From: Holly Myers, Environmental Health Supervisor

Date: January 6, 2016

RE: BL-15-00003

After review of this Combination of lots application, it appears that the proposed changes will incorporate the existing home, water source and septic system on what is noted currently as Lot 5.

Existing maps do not show setback measurements from boundary lines, well and the septic system onsite. In order for final approval of the proposal a site map showing set back measurements must be approved by Kittitas County Public Health Department.
