Good afternoon David,

Thank you for the Unified Site Plan.

There may have been some confusion in regards to submittal for the building permit. You will need to work directly with the Permit Technicians in regards to submittal of the attached building permit, associated fees and any additional plans or attachments required. I have cc'd Kathy, Calvana and Molly, all of whom can assist you with the process. Once the process of changing the use for the garage has been completed, we can proceed with processing the parcel combination.

Please don't hesitate to reach out with any additional questions.

Thank you,

Kelly Bacon
