RE: Teanaway Ridge LLC
Fire Lilly Road Site Plan

Dear Mr. Kirkpatrick:

Thank you for your response letter (03-23-2016) addressing issues raised during our plan review dated 03-15-2016. In a recent conversation with Mr. Pat Deneen, it is my understanding that runoff from roadway improvements will likely flow through the two 15 inch culverts and will have no adverse impact to lands owned by Mr. Deneen. The improvement plans are approved for construction. Please submit a signed and sealed final plan for our records. Please let me know if you require signed mylars. Kittitas County will inspect the roadway once you notice this office of project completion.

Sincerely,

Mark R. Cook, PE

Mark and Kelly

I was in about a week ago and talk to Mark about Fire Lilly Lane and I thought he told me that he had to prove that little weather would be coming out to us that we could go ahead and get started.

Planning is asking for a copy of the approval so we can continue moving forward on our final develop a plan for the PUD.

Could you please provide me the the status of this grading permit.

Thanks

Pat

RE: **Evergreen Ridge Planned Unit Development Final Development Plan Amended Phasing Plan.**

Dear Ms. Ozbolt

First I would like to thank you and Mr. Hansen for meeting with me and reviewing the amended phasing plan for the Evergreen Ridge Planned Unit Development (PUD). Please accept this letter and attachment as the final phasing plan, replacing all previous phasing plans for this PUD, per our discussion today.

The attached revised phasing plan reflects how these Parcels (Parcels A, B, C, D, E, G & H) will be platted out within the Evergreen Ridge PUD in conjunction with Addendum Attachment A.1 parcel map. Once these parcels are platted out, future divisions within those parcels will be submitted for final plat review and approval by Kittitas County. As part of platting Parcels A, B, C, D, E, G & H, notes will be required on those mylars reflecting the approved densities, per Ordinances 2001-17 & 2006-26 and the Final Development Plan Maps per Addendum Attachment A.1 and A.2, therefore creating consistency regarding densities and uses approved under those ordnances.

If you have any further questions please don't hesitate to contact me.

Best Regards,

Chad Bala, Authorized Agent

LAND USE CONSULTANTS

Final Phasing Plan:

Parcels E (7.3 +/- acre area) and a portion of individual lots proposed to be platted by the end of 2016.

Parcels A (10.7 +/- acre area), **Parcel B** (12.4 +/- acre area), proposed to be platted within 24 months of the recording of the Parcel E.

Parcels G (2.4 +/- acre area) proposed to be platted within 24 months of the recording of the Parcels A & B.

Parcel H (2.4 +/- acre area) proposed to be platted within 24 months of the recording of the Parcels G.

Parcel D (2.4 +/- acre area) proposed to be platted within 24 months of the recording of the Parcels H.

Parcel C (7.6 +/- acre area) proposed to be platted within 24 months of the recording of the Parcels D.

- The following Notes are required on the platting of Parcels A, B, C, D, E, G & H:

  Note1: Platting of these Parcels will reflect densities corresponding and being consistent with the densities & uses approved under Ordinances 2001-17 & 2006-26 and the Addendum Attachment A.1.

  Note 2: Once Parcels are platted, further division within the platted parcels, will be submitted for final plat review & approval by Kittitas County.

RE: **Evergreen Ridge Planned Unit Development Final Development Plan Supplemental Narrative.**

Dear Ms. Ozbolt

Thank you for your diligence with the Evergreen Ridge Final Planned Unit Development review and your request for additional information. The following will address Parcel B narrative along with the identified uses and the Encroachments issues.

Parcel B:

In reviewing the Evergreen Ridge PUD Final Development Plan Submittal and Phasing Plan Map I would like clarify and show consistency specifically with Parcel B and Areas U, V, W, & Z, in relationship to the original vested use map approved under Ordinance 2006-26.

Under the original enabling document a use map was approved for the Evergreen Ridge Planned Unit Development (Ordinance 2006-26). This use map identified areas where certain uses were approved to be located. This letter is to further confirm and specifically identify those uses in those areas within Parcel B.

I have identified below specific lots in each of those Areas within Parcel B and designated appropriately as recreational storage, retail, restaurant, hotel, and commercial type of uses as originally identified and approved under Ordinance 2006-26.

Parcel B (12.4 acres +/- Acres): Area U: Lots 37 thru 40, Area V: Lots 7 thru 10, Area W: Lots 19 thru 22, & Area Z: Lots 33 thru 36 will be the identified lots that will be specifically designated as recreational storage, retail, restaurant, hotel, and commercial type of uses as originally approved under Ordinances 2006-26. The remaining Areas within Parcel B and lots associated with those Areas will remain consistent with the historical approved uses per Ord. 2006-26.

Encroachments:

I have attached the recorded documents reflecting acreage being quit claimed over to the adjacent landowners addressing Condition 6 (encroachment issues), that

P.O. Box 686
Cle Elum, WA 98922

TERRA DESIGN GROUP

were identified during the original approval the Evergreen Ridge Planned Unit Development (Ordinance 2001-17).

With the aforementioned, we have showed consistency with the proposed phasing plan and associated designated parcels, areas and lots with the existing use map approved under Ord. 2006-26 of the Evergreen Ridge Planned Unit Development in relationship to Parcel B. We have also provided the recorded documents of all encroachment issues having been addressed. With regards to the phasing item we will discuss internally and provide you with a timely and appropriate response.

SURVEY NARRATIVE

THIS SURVEY CONTAINS A SURVEY PERFORMED BY JEROLD O'HARE, PLS ON THE ADJOINING PROPERTY TO THE SOUTHEAST IN FEBRUARY OF 1977. THAT SURVEY IDENTIFIED AN ENCROACHMENT ONTO BURLINGTON NORTHERN PROPERTY (NOW PLUM CREEK TIMBER COMPANY PROPERTY). SAID ENCROACHMENT WAS TO BE QUIT CLAIMED TO HARLAND DODSON. THIS CONVEYANCE NEVER OCCURRED

THE ENCROACHMENTS ONTO THAT PROPERTY WERE CONFIRMED BY A SUBSEQUENT SURVEY FOR PLUM CREEK TIMBER COMPANY, RECORDED UNDER VOLUME 15, OF SURVEYS PAGE 90.

A THIRD SURVEY RECORDED UNDER VOLUME 21 OF SURVEYS, PAGE 129 PERFORMED FOR PLUM CREEK TIMBER COMPANY MEASURED PROPERTIES OWNED BY PLUM CREEK TIMBER COMPANY WITHIN THIS SECTION, HOWEVER NO ENCROACHMENTS WERE SHOWN.

THIS SURVEY HOLDS THE SECTION SUB-DIVISION AND BOUNDARY LINES SHOWN WITHIN SAID SURVEY RECORDED IN VOLUME 21 OF SURVEYS, PAGE 129, AND THE BOUNDARY LINES SHOWN IN THE SURVEY BY JEROLD O'HARE RECORDED IN VOLUME 8 OF SURVEYS, PAGE 5, AND THE BOUNDARIES DETERMINED IN THE SURVEY RECORDED UNDER VOLUME 15 OF SURVEYS, PAGE 90.

Subject: Evergreen Ridge Final Planned Unit Development (RZ-01-00010 & RZ-05-00033) – Request for additional information

Dear Mr. Bala,

Staff has been diligently working on the review of the additional information submitted in February 2016 for the Evergreen Ridge Final Development Plan. Based on the review that has been completed to date, additional information and clarification is necessary. The following items need to be addressed or clarified:

- A narrative identifying the specific location and type(s) of commercial activity that will occur on-site. Currently, addendum attachment A.2 identifies Parcel B as having residential lots/duplexes or recreation storage; more detail is necessary.
- The phasing/construction plan submitted in addendum attachment A.2 spans 38 phases over 16 years. A more concise phasing plan is requested, perhaps phase by the suggested parcels instead of individual lots (areas) as identified on the map in A.2. Additionally, the phasing plan calls out development by calendar year. This can be hard to meet and enforce, consider proposing phasing by months/year from approval of previous phase and give a maximum build-out year as an actual calendar year date.
- Provide documentation that all existing encroachments have been addressed to the satisfaction of all parties per condition 6 of Ordinance 2001-17.

As staff continues to review and prepare for the final development plan closed record meeting the Board of County Commissioners, we will notify you expeditiously if additional information or clarifications are necessary.

Please do not hesitate to contact me should you have any questions regarding this matter.

Sincerely,

Robert 'Doc' Hansen

RE: **Evergreen Ridge Planned Unit Development Final Development Plan Addendum**

Dear Mr. Hansen

As a result of numerous meetings with you and your staff we would like to provide this addendum which includes additional information and clarification, to the original Evergreen Ridge Planned Unit Development Final Development Plan submittal back in May of 2013. Please accept this request for final approval of the final development for the Evergreen Ridge Planned Unit Development

Lot Layout/Maps:
As part of the lot layout, we have included a complete lot layout of the EVG PUD. We have identified Parcels A thru H (future development areas) and the number of lots within each of those areas along with the locations of roads as agreed upon with you and your staff. This Architectural Master Plan will be sufficient for the final development plan approval and will allow for the future review and approval of final plats (individual divisions within all phases) that are consistent with the Final Development Plan. See Addendum Attachment A.1

Staging/Phasing Plan & Construction Sequencing:
In the original submittal under Attachment A. Staging Plan, included was an outline of how the original Evergreen Ridge Planned Unit Development (EVG PUD) was created. This included infrastructure (water, septic, roads, and platted divisions etc.). We have further described within our new staging/phasing plan the rest of the property within the EVG PUD per your directions. Please see Addendum Attachment A.2. Attachment A.1 describes the overall build out time period, along with the general development schedule detailing out the development of lots. The construction sequencing coincides with this plan.

Preliminary Engineering plans including site grading, road improvements, drainage and public utilities:
It was agreed upon with you and your staff that the preliminary engineering road plans, site grading, and road improvements including drainage will be submitted at the final plat submittal stage due to changes that could occur prior to final platting.

TERRA DESIGN GROUP

It must be noted that these future plats and associated roads will be designed to private road standards requirements. Water and Septic utilities exist and are privately owned serving this development. The Evergreen Valley Group A water system is operational and currently serves this project. It is also agreed that changes may occur regarding the domestic potable water as long as the appropriate processes with the WA State Dept. of Health and the Dept. of Ecology are followed. The water and sewer plans will be reviewed by the appropriate approving agencies (Washington State Department of Health and possibly by the Kittitas County Environmental Health Department). Puget Sound Energy will supply power. We understand that all these utilities either will be or have been reviewed and approved by the State Agencies having the jurisdictional authority. See Attachment E Utilities of the original EVG PUG Final Development Plan Submittal for documentation/permits etc.

Arrangement of building type and preliminary building plans:
Preliminary building plans, that include preliminary elevations and floor plans, will be provided with the Final Development Plan for the various building types. These plans may and will change due to market conditions and customer needs over the life of the Project. See Attachment B of the original submittal and Addendum Attachment B.1. The arrangement of building type on the lots will be shown by a generalized drawing of a lot. This generalized drawing represents a standard lot configuration for an sfr/garage etc. and providing a generalization of the driveway and area for construction. The driveway will not be significantly altered without the access location being reviewed and approved by Kittitas County Public Works. See Addendum Attachment B.1

Location of off-street parking areas:
The Roslyn Ridge Activity Center contains an off street parking area of 26 parking spaces. Across the street from the Roslyn Ridge Activity Center is an off street parking area containing 30-40 parking spaces. As you proceed northwest on Paintbrush Lane there is another off-street parking area containing 20-30 parking spaces. These two areas are within Parcel B development area. See Addendum Attachment A.1 along with Attachment J of the original submittal (photos of entry into development, photos of Activity Center etc.).

Location and dimension of road and driveways including type and estimated cost of surfacing:
The location and dimension of road(s) will be shown on the final lot layout and further described in the written documentation that accompanies the Final Development Plan. As stated above the generalized drawing will show the preliminary location of driveways. The cost and estimated cost of future platting accompanies the Final Development Plan original submittal.

TERRA DESIGN GROUP

Location of total area of common open spaces:
The location of the common area/open space has been addressed. Currently the Roslyn Ridge Activity Center (RRAC) has already been built and operational since 2005 providing common area/open space, community meeting rooms, outdoor activities etc. all within the Evergreen Ridge PUD project. See Addendum Attachment A.1 for the location of RRAC and Attachment J of the original submittal. The Roslyn Ridge Activity Center also contains legal documents covering the cost of the recreation facility along with other CC& R's that require maintenance provisions to address roads, water, septic snow, refuse facilities, and the activity center.

Proposed location of fire protection facilities:
The proposed location of fire protection facilities etc. has already been reviewed and approved with existing divisions being platted along with the current water plan being approved by the Washington State Department of Health. As part of this water plan, fire flow and protections are required. See Attachment E Utilities, of the original Final Development submittal, for approval documents etc.

Storm Drainage Plan:
A storm water pollution prevention plan is already on file with the Washington State Department of Ecology (Washington State DOE permit #'s WAR007403 & 125714) along with hydrologic analysis that was completed in 2013. This plan has and will continue to implement the Best Management Practices of the Eastern Washington Stormwater Manual addressing all stormwater needs pertaining to the Evergreen Ridge Final Development Plan. Please note that stormwater plans continuously are amended to include additional lands, or for that matter addressing new bmps for stormwater scenarios all under the jurisdiction of the Washington State Department of Ecology.

With the submittal of this Addendum, meeting the additional requirements from CDS and the requirements for a Final Development Plan Pursuant to KCC 17.36 of which this PUD was approved under, we respectfully request that we move forward in obtaining final approval of the Evergreen Ridge Final Development Plan.

Best Regards,

Chad Bala, Authorized Agent

Generalized Lot Drawing Definitions

Front Property Line is defined as that line that faces the access road. If the lot may be accessed from two roads then the front of the lot is defined by which road the address for the lot is assigned.

Back Property Line is defined as that line that does not access the road except when the lot has road access from both sides of the lot. If the lot may be accessed from two roads then the front of the lot is defined by which road the address for the lot is assigned.

Left Side Property Line is defined as that property line which is on the left side of the lot when looked at from the front of the lot.

Right Side Property Line is defined as that property line which is on the right side of the lot when looked at from the front of the lot.

Set Back Area has a minimum definition as follows:

Front: 15 feet except where modified when the shape of or size of the lot or if special circumstances require a modification as may be authorized through the CCR's.

Back: 10 feet except where modified when the shape of or size of the lot or if special circumstances require a modification as may be authorized through the CCR's.

Left: 5 feet except when two or more lots are combined for one building site or if special circumstances require a modification as may be authorized through the CCR's.

Right: 5 feet except when two or more lots are combined for one building site or if special circumstances require a modification as may be authorized through the CCR's.

Drive Way Area A may be located at any point across the front of the lot and may be allowed on either the left or right side of the lot when circumstances allow.

Drive Way Area B may be located at any point across the back of the lot (when it may be accessed from a road or alley) and may be allowed on either the left or right side of the lot when circumstances allow.

Utility Area A is defined as that area that is within 20 feet of the left property line. Utility provider may request to provide utilities at at a different location as may be authorized through the CCR's.

Utility Area B is defined as that area that is within 20 feet of the right property line. Utility provider may request to provide utilities at at a different location as may be authorized through the CCR's.

EVERGREEN RIDGE P.U.D. - PHASE 1, DIVISION 5

A PORTION OF THE NORTHEAST 1/4 OF SECTION 12, TOWNSHIP 20 NORTH, RANGE 14 EAST, W.M. KITTITAS COUNTY, STATE OF WASHINGTON

SURVEY NOTES:

1. THE PURPOSE OF THIS PLAT IS TO DEVELOP PHASE 1, DIVISION 5 OF THE EVERGREEN RIDGE P.U.D.

2. THIS SURVEY WAS PERFORMED USING A TRIMBLE S6 TOTAL STATION. THE CONTROLLING MONUMENTS AND PROPERTY CORNERS SHOWN HEREON WERE LOCATED, STAKED AND CHECKED FROM A CLOSED FIELD TRAVERSE IN EXCESS OF 1:10,000 LINEAR CLOSURE AFTER AZIMUTH ADJUSTMENT.

3. THIS SURVEY DOES NOT PURPORT TO SHOW ALL EASEMENTS OF RECORD OR OTHERWISE.

4. FOR ADDITIONAL SURVEY AND REFERENCE INFORMATION, SEE THE FOLLOWING:

- BOOK 11 OF PLATS, PAGES 153 AND 154, AFN: 200806180013
- BOOK 32 OF SURVEYS, PAGES 134 THRU 137, AFN: 200604170033
- BOOK 34 OF SURVEYS, PAGE 22, AFN: 200704270063

RECORDS OF KITTITAS COUNTY, STATE OF WASHINGTON AND THE SURVEYS REFERENCED THEREON.

5. THE BASIS OF BEARINGS IS THE WASHINGTON STATE PLANE COORDINATE SYSTEM SOUTH ZONE NAD 83.

PLAT NOTES:

1. A PUBLIC UTILITY EASEMENT 10 FEET IN WIDTH IS RESERVED ALONG ALL LOT LINES. THE 10 FOOT EASEMENT SHALL ABUT THE EXTERIOR PLAT BOUNDARY AND SHALL BE DIVIDED 5 FEET ON EACH SIDE OF INTERIOR LOT LINES. SAID EASEMENT SHALL ALSO BE USED FOR IRRIGATION.

2. PER RCW 17.10.140 LANDOWNERS ARE RESPONSIBLE FOR CONTROLLING AND PREVENTING THE SPREAD OF NOXIOUS WEEDS. ACCORDINGLY, THE KITTITAS COUNTY NOXIOUS WEED BOARD RECOMMENDS IMMEDIATE RESEEDING OF AREAS DISTURBED BY DEVELOPMENT TO PRECLUDE THE PROLIFERATION OF NOXIOUS WEEDS.

3. ANY FURTHER SUBDIVISION OR LOTS TO BE SERVED BY PROPOSED ACCESS MAY RESULT IN FURTHER ACCESS REQUIREMENTS. SEE THE KITTITAS COUNTY ROAD STANDARDS.

4. AN APPROVED ACCESS PERMIT WILL BE REQUIRED FROM THE DEPARTMENT OF PUBLIC WORKS PRIOR TO CREATING ANY NEW DRIVEWAY ACCESS OR PERFORMING WORK WITHIN THE COUNTY ROAD RIGHT-OF-WAY.

5. MAINTENANCE OF THE ACCESS IS THE RESPONSIBILITY OF THE PROPERTY OWNERS WHO BENEFIT FROM ITS USE.

6. ENTIRE PRIVATE ROAD SHALL ACHIEVE 95% COMPACTION AND SHALL BE INSPECTED AND CERTIFIED BY A LICENSED ENGINEER IN THE STATE OF WASHINGTON SPECIFYING THAT THE ROAD MEETS CURRENT KITTITAS COUNTY ROAD STANDARDS PRIOR TO THE ISSUANCE OF AN OCCUPANCY PERMIT FOR THIS PLAT.

7. KITTITAS COUNTY WILL NOT ACCEPT PRIVATE ROADS FOR MAINTENANCE AS PUBLIC STREETS OR ROADS UNTIL SUCH STREETS OR ROADS ARE BROUGHT INTO CONFORMANCE WITH CURRENT COUNTY ROAD STANDARDS. THIS REQUIREMENT WILL INCLUDE THE HARD SURFACE PAVING OF ANY STREET OR ROAD SURFACED ORIGINALLY WITH GRAVEL.

8. THE ROADS WITHIN THIS PLAT WILL NOT BE "ON-SYSTEM" COUNTY ROADS UNTIL THEY ARE CONSTRUCTED AND APPROVED BY KITTITAS COUNTY PUBLIC WORKS, AND ACCEPTED ONTO THE COUNTY SYSTEM THROUGH RESOLUTION BY THE BOARD OF COUNTY COMMISSIONERS. THE DEVELOPER IS RESPONSIBLE FOR ALL MAINTENANCE AND OPERATION UNTIL SUCH TIME, AS DESCRIBED IN THE KITTITAS COUNTY ROAD STANDARDS.

9. EVERGREEN RIDGE P.U.D.-PHASE 1, DIVISION 5 WILL BE SUPPLIED SEWER SERVICE ACCORDING TO FILE Z-05-33.

Our modification team is ready to help you adjust any plan to fit your needs. The ReDesign process is simple and estimates are free!.

3 Steps to Fast Service

Note: - a sketch of the changes or the website floor plan marked up to reflect changes is a great way to convey the modifications in addition to a written list.

1. Want to talk to an expert? **Call us at 913-938-8097**

Canadian customers, please call 1-800-361-7526 to discuss modifications.

2. Download the Modification Request Form (Word Doc format) or alternate (PDF format) here. Instructions included.

3. Email the completed form to us at shawnnasteele@redesignhp.com or fax the completed form to 800-675-4916.

We Work Fast!

When you submit your ReDesign request, a designer will contact you within 24 business hours with a quote.
You can have your plan redesigned in as little as 14 -21 days!

We look forward to hearing from you!

Start today planning for tomorrow!

Receive a **FREE** modification estimate:

Plan modification is a way of turning a stock plan into your unique custom plan. It's still just a small fraction of the price you would pay to create a home plan from scratch. We at Familyhomeplans.com believe that modification estimates should be FREE!

We provide a modification service so that you can customize your new home plan to fit your budget and lifestyle. Simply contact the modification department at...

Email: Click Here. This is the best and quickest way to get a modification quote! Please include your telephone number, Plan Number, foundation type, state you are building in and a specific list of changes.

Here's how the process will work:

STEP 1: If you have a sketch and/or specific list of changes that you'd like to have made to the house plans, you should fax it to 1-601-264-4483 or email it directly to our staff.

Note: In the email or fax, please be sure to include: the specific plan id you're interested in, which foundation type, state you'll be building in, and a SPECIFIC list of changes that you'd like to see made.

STEP 2: The designer will email you a FREE quote to complete the requested modifications, as well as a timeline.

STEP 3: When you are happy with the proposed list of changes, and are ready to proceed, you'll need to purchase a 5 Set, PDF, Reproducible, or CAD file plan package directly from Coolhouseplans.com at the price listed on the website. We do not offer modifications for the "one set" plan package.

You can purchase your plan package online at FamilyHomePlans.com or call 1-800-235-5700 and just note that you're "having modifications done".

Note: The plan package purchase is a required step, is separate from the modifications charge, and allows you to have a valid license to build the plan one-time.

STEP 4: When the designer receives your order from FamilyHomePlans.com, they will send you a modification agreement to complete and return to them, separately, with their payment information.

Note: The modification fees will be collected separately from the actual plan package sale.

STEP 5: The modifications department will prepare a preliminary plan with all the requested changes for your review. It will be emailed to you for review and comment. Once everything has been approved, the designers will complete the plans and either email or ship them to you.

Note: You would receive only modified plans. You would NOT receive any of the original version of the plan. In the event that additional changes are requested after the initial agreement, those changes would be addressed, and a revised quote would be provided. We will also specify a timeframe for each phase of the process. The timeframe varies based on the current workload, but is typically 5 working days or less for the preliminary plan, then another 7 to 10 working days after approval to complete the final plan package. Shipping time would be delayed until the plans have been completed.

Its as simple as that!

Receive a **FREE** modification estimate:

Plan modification is a way of turning a stock plan into your unique custom plan. It's still just a small fraction of the price you would pay to create a home plan from scratch. We at Familyhomeplans.com believe that modification estimates should be FREE!

We provide a modification service so that you can customize your new home plan to fit your budget and lifestyle. Simply contact the modification department at...

Email: Click Here. This is the best and quickest way to get a modification quote! Please include your telephone number, Plan Number, foundation type, state you are building in and a specific list of changes.

Here's how the process will work:

STEP 1: If you have a sketch and/or specific list of changes that you'd like to have made to the house plans, you should fax it to 1-601-264-4483 or email it directly to our staff.

Note: In the email or fax, please be sure to include: the specific plan id you're interested in, which foundation type, state you'll be building in, and a SPECIFIC list of changes that you'd like to see made.

STEP 2: The designer will email you a FREE quote to complete the requested modifications, as well as a timeline.

STEP 3: When you are happy with the proposed list of changes, and are ready to proceed, you'll need to purchase a 5 Set, PDF, Reproducible, or CAD file plan package directly from Coolhouseplans.com at the price listed on the website. We do not offer modifications for the "one set" plan package.

You can purchase your plan package online at FamilyHomePlans.com or call 1-800-235-5700 and just note that you're "having modifications done".

Note: The plan package purchase is a required step, is separate from the modifications charge, and allows you to have a valid license to build the plan one-time.

STEP 4: When the designer receives your order from FamilyHomePlans.com, they will send you a modification agreement to complete and return to them, separately, with their payment information.

Note: The modification fees will be collected separately from the actual plan package sale.

STEP 5: The modifications department will prepare a preliminary plan with all the requested changes for your review. It will be emailed to you for review and comment. Once everything has been approved, the designers will complete the plans and either email or ship them to you.

Note: You would receive only modified plans. You would NOT receive any of the original version of the plan. In the event that additional changes are requested after the initial agreement, those changes would be addressed, and a revised quote would be provided. We will also specify a timeframe for each phase of the process. The timeframe varies based on the current workload, but is typically 5 working days or less for the preliminary plan, then another 7 to 10 working days after approval to complete the final plan package. Shipping time would be delayed until the plans have been completed.

Its as simple as that!

Receive a **FREE** modification estimate:

Plan modification is a way of turning a stock plan into your unique custom plan. It's still just a small fraction of the price you would pay to create a home plan from scratch. We at Familyhomeplans.com believe that modification estimates should be FREE!

We provide a modification service so that you can customize your new home plan to fit your budget and lifestyle. Simply contact the modification department at...

Email: Click Here. This is the best and quickest way to get a modification quote! Please include your telephone number, Plan Number, foundation type, state you are building in and a specific list of changes.

Here's how the process will work:

STEP 1: If you have a sketch and/or specific list of changes that you'd like to have made to the house plans, you should fax it to 1-601-264-4483 or email it directly to our staff.

Note: In the email or fax, please be sure to include: the specific plan id you're interested in, which foundation type, state you'll be building in, and a SPECIFIC list of changes that you'd like to see made.

STEP 2: The designer will email you a FREE quote to complete the requested modifications, as well as a timeline.

STEP 3: When you are happy with the proposed list of changes, and are ready to proceed, you'll need to purchase a 5 Set, PDF, Reproducible, or CAD file plan package directly from Coolhouseplans.com at the price listed on the website. We do not offer modifications for the "one set" plan package.

You can purchase your plan package online at FamilyHomePlans.com or call 1-800-235-5700 and just note that you're "having modifications done".

Note: The plan package purchase is a required step, is separate from the modifications charge, and allows you to have a valid license to build the plan one-time.

STEP 4: When the designer receives your order from FamilyHomePlans.com, they will send you a modification agreement to complete and return to them, separately, with their payment information.

Note: The modification fees will be collected separately from the actual plan package sale.

STEP 5: The modifications department will prepare a preliminary plan with all the requested changes for your review. It will be emailed to you for review and comment. Once everything has been approved, the designers will complete the plans and either email or ship them to you.

Note: You would receive only modified plans. You would NOT receive any of the original version of the plan. In the event that additional changes are requested after the initial agreement, those changes would be addressed, and a revised quote would be provided. We will also specify a timeframe for each phase of the process. The timeframe varies based on the current workload, but is typically 5 working days or less for the preliminary plan, then another 7 to 10 working days after approval to complete the final plan package. Shipping time would be delayed until the plans have been completed.

Its as simple as that!

Basement Version of Plan is 59201

Receive a **FREE** modification estimate:

Plan modification is a way of turning a stock plan into your unique custom plan. It's still just a small fraction of the price you would pay to create a home plan from scratch. We at Familyhomeplans.com believe that modification estimates should be FREE!

We provide a modification service so that you can customize your new home plan to fit your budget and lifestyle. Simply contact the modification department at...

Email: Click Here. This is the best and quickest way to get a modification quote! Please include your telephone number, Plan Number, foundation type, state you are building in and a specific list of changes.

Here's how the process will work:

STEP 1: If you have a sketch and/or specific list of changes that you'd like to have made to the house plans, you should fax it to 1-601-264-4483 or email it directly to our staff.

Note: In the email or fax, please be sure to include: the specific plan id you're interested in, which foundation type, state you'll be building in, and a SPECIFIC list of changes that you'd like to see made.

STEP 2: The designer will email you a FREE quote to complete the requested modifications, as well as a timeline.

STEP 3: When you are happy with the proposed list of changes, and are ready to proceed, you'll need to purchase a 5 Set, PDF, Reproducible, or CAD file plan package directly from Coolhouseplans.com at the price listed on the website. We do not offer modifications for the "one set" plan package.

You can purchase your plan package online at FamilyHomePlans.com or call 1-800-235-5700 and just note that you're "having modifications done".

Note: The plan package purchase is a required step, is separate from the modifications charge, and allows you to have a valid license to build the plan one-time.

STEP 4: When the designer receives your order from FamilyHomePlans.com, they will send you a modification agreement to complete and return to them, separately, with their payment information.

Note: The modification fees will be collected separately from the actual plan package sale.

STEP 5: The modifications department will prepare a preliminary plan with all the requested changes for your review. It will be emailed to you for review and comment. Once everything has been approved, the designers will complete the plans and either email or ship them to you.

Note: You would receive only modified plans. You would NOT receive any of the original version of the plan. In the event that additional changes are requested after the initial agreement, those changes would be addressed, and a revised quote would be provided. We will also specify a timeframe for each phase of the process. The timeframe varies based on the current workload, but is typically 5 working days or less for the preliminary plan, then another 7 to 10 working days after approval to complete the final plan package. Shipping time would be delayed until the plans have been completed.

Its as simple as that!

Plan modification is a way of turning a stock plan into your unique custom plan. It's still just a small fraction of the price you would pay to create a home plan from scratch. We at Familyhomeplans.com believe that modification estimates should be FREE!

We provide a modification service so that you can customize your new home plan to fit your budget and lifestyle. Simply contact the modification department at...

Email: Click Here. This is the best and quickest way to get a modification quote! Please include your telephone number, Plan Number, foundation type, state you are building in and a specific list of changes.

Here's how the process will work:

STEP 1: If you have a sketch and/or specific list of changes that you'd like to have made to the house plans, you should fax it to 1-601-264-4483 or email it directly to our staff.

Note: In the email or fax, please be sure to include: the specific plan id you're interested in, which foundation type, state you'll be building in, and a SPECIFIC list of changes that you'd like to see made.

STEP 2: The designer will email you a FREE quote to complete the requested modifications, as well as a timeline.

STEP 3: When you are happy with the proposed list of changes, and are ready to proceed, you'll need to purchase a 5 Set, PDF, Reproducible, or CAD file plan package directly from Coolhouseplans.com at the price listed on the website. We do not offer modifications for the "one set" plan package.

You can purchase your plan package online at FamilyHomePlans.com or call 1-800-235-5700 and just note that you're "having modifications done".

Note: The plan package purchase is a required step, is separate from the modifications charge, and allows you to have a valid license to build the plan one-time.

STEP 4: When the designer receives your order from FamilyHomePlans.com, they will send you a modification agreement to complete and return to them, separately, with their payment information.

Note: The modification fees will be collected separately from the actual plan package sale.

STEP 5: The modifications department will prepare a preliminary plan with all the requested changes for your review. It will be emailed to you for review and comment. Once everything has been approved, the designers will complete the plans and either email or ship them to you.

Note: You would receive only modified plans. You would NOT receive any of the original version of the plan. In the event that additional changes are requested after the initial agreement, those changes would be addressed, and a revised quote would be provided. We will also specify a timeframe for each phase of the process. The timeframe varies based on the current workload, but is typically 5 working days or less for the preliminary plan, then another 7 to 10 working days after approval to complete the final plan package. Shipping time would be delayed until the plans have been completed.

Its as simple as that!

Plan modification is a way of turning a stock plan into your unique custom plan. It's still just a small fraction of the price you would pay to create a home plan from scratch. We at Familyhomeplans.com believe that modification estimates should be FREE!

We provide a modification service so that you can customize your new home plan to fit your budget and lifestyle. Simply contact the modification department at...

Email: Click Here. This is the best and quickest way to get a modification quote! Please include your telephone number, Plan Number, foundation type, state you are building in and a specific list of changes.

Here's how the process will work:

STEP 1: If you have a sketch and/or specific list of changes that you'd like to have made to the house plans, you should fax it to 1-601-264-4483 or email it directly to our staff.

Note: In the email or fax, please be sure to include: the specific plan id you're interested in, which foundation type, state you'll be building in, and a SPECIFIC list of changes that you'd like to see made.

STEP 2: The designer will email you a FREE quote to complete the requested modifications, as well as a timeline.

STEP 3: When you are happy with the proposed list of changes, and are ready to proceed, you'll need to purchase a 5 Set, PDF, Reproducible, or CAD file plan package directly from Coolhouseplans.com at the price listed on the website. We do not offer modifications for the "one set" plan package.

You can purchase your plan package online at FamilyHomePlans.com or call 1-800-235-5700 and just note that you're "having modifications done".

Note: The plan package purchase is a required step, is separate from the modifications charge, and allows you to have a valid license to build the plan one-time.

STEP 4: When the designer receives your order from FamilyHomePlans.com, they will send you a modification agreement to complete and return to them, separately, with their payment information.

Note: The modification fees will be collected separately from the actual plan package sale.

STEP 5: The modifications department will prepare a preliminary plan with all the requested changes for your review. It will be emailed to you for review and comment. Once everything has been approved, the designers will complete the plans and either email or ship them to you.

Note: You would receive only modified plans. You would NOT receive any of the original version of the plan. In the event that additional changes are requested after the initial agreement, those changes would be addressed, and a revised quote would be provided. We will also specify a timeframe for each phase of the process. The timeframe varies based on the current workload, but is typically 5 working days or less for the preliminary plan, then another 7 to 10 working days after approval to complete the final plan package. Shipping time would be delayed until the plans have been completed.

Its as simple as that!

Note: In the email or fax, please be sure to include: the specific plan id you're interested in, which foundation type, state you'll be building in, and a SPECIFIC list of changes that you'd like to see made.

STEP 2: The designer will email you a FREE quote to complete the requested modifications, as well as a timeline.

STEP 3: When you are happy with the proposed list of changes, and are ready to proceed, you'll need to purchase a 5 Set, PDF, Reproducible, or CAD file plan package directly from Coolhouseplans.com at the price listed on the website. We do not offer modifications for the "one set" plan package.

You can purchase your plan package online at FamilyHomePlans.com or call 1-800-235-5700 and just note that you're "having modifications done".

Note: The plan package purchase is a required step, is separate from the modifications charge, and allows you to have a valid license to build the plan one-time.

STEP 4: When the designer receives your order from FamilyHomePlans.com, they will send you a modification agreement to complete and return to them, separately, with their payment information.

Note: The modification fees will be collected separately from the actual plan package sale.

STEP 5: The modifications department will prepare a preliminary plan with all the requested changes for your review. It will be emailed to you for review and comment. Once everything has been approved, the designers will complete the plans and either email or ship them to you.

Note: You would receive only modified plans. You would NOT receive any of the original version of the plan. In the event that additional changes are requested after the initial agreement, those changes would be addressed, and a revised quote would be provided. We will also specify a timeframe for each phase of the process. The timeframe varies based on the current workload, but is typically 5 working days or less for the preliminary plan, then another 7 to 10 working days after approval to complete the final plan package. Shipping time would be delayed until the plans have been completed.

Its as simple as that!
