Slab/Crawlspace version is 59040

Receive a **FREE** modification estimate:

Plan modification is a way of turning a stock plan into your unique custom plan. It's still just a small fraction of the price you would pay to create a home plan from scratch. We at Familyhomeplans.com believe that modification estimates should be FREE!

We provide a modification service so that you can customize your new home plan to fit your budget and lifestyle. Simply contact the modification department at...

Email: Click Here. This is the best and quickest way to get a modification quote! Please include your telephone number, Plan Number, foundation type, state you are building in and a specific list of changes.

Here's how the process will work:

STEP 1: If you have a sketch and/or specific list of changes that you'd like to have made to the house plans, you should fax it to 1-601-264-4483 or email it directly to our staff.

Note: In the email or fax, please be sure to include: the specific plan id you're interested in, which foundation type, state you'll be building in, and a SPECIFIC list of changes that you'd like to see made.

STEP 2: The designer will email you a FREE quote to complete the requested modifications, as well as a timeline.

STEP 3: When you are happy with the proposed list of changes, and are ready to proceed, you'll need to purchase a 5 Set, PDF, Reproducible, or CAD file plan package directly from Coolhouseplans.com at the price listed on the website. We do not offer modifications for the "one set" plan package.

You can purchase your plan package online at FamilyHomePlans.com or call 1-800-235-5700 and just note that you're "having modifications done".

Note: The plan package purchase is a required step, is separate from the modifications charge, and allows you to have a valid license to build the plan one-time.

STEP 4: When the designer receives your order from FamilyHomePlans.com, they will send you a modification agreement to complete and return to them, separately, with their payment information.

Note: The modification fees will be collected separately from the actual plan package sale.

STEP 5: The modifications department will prepare a preliminary plan with all the requested changes for your review. It will be emailed to you for review and comment. Once everything has been approved, the designers will complete the plans and either email or ship them to you.

Note: You would receive only modified plans. You would NOT receive any of the original version of the plan. In the event that additional changes are requested after the initial agreement, those changes would be addressed, and a revised quote would be provided. We will also specify a timeframe for each phase of the process. The timeframe varies based on the current workload, but is typically 5 working days or less for the preliminary plan, then another 7 to 10 working days after approval to complete the final plan package. Shipping time would be delayed until the plans have been completed.

Its as simple as that!

COPYRIGHT NOTICE. It is illegal to build this plan without a legally obtained set of plans. It is illegal to copy or redraw these plans. Violation of U.S. copyright laws are punishable with fines of up to $200,000. After the purchase of plans, changes may be made by a qualified professional.

** 1 Set order does not include a License-To-Build. For bidding purposes only. Customer can upgrade order within 90 days.

Basement Version of Plan is 59122

Receive a **FREE** modification estimate:

Plan modification is a way of turning a stock plan into your unique custom plan. It's still just a small fraction of the price you would pay to create a home plan from scratch. We at Familyhomeplans.com believe that modification estimates should be FREE!

We provide a modification service so that you can customize your new home plan to fit your budget and lifestyle. Simply contact the modification department at...

Email: Click Here. This is the best and quickest way to get a modification quote! Please include your telephone number, Plan Number, foundation type, state you are building in and a specific list of changes.

Here's how the process will work:

STEP 1: If you have a sketch and/or specific list of changes that you'd like to have made to the house plans, you should fax it to 1-601-264-4483 or email it directly to our staff.

Note: In the email or fax, please be sure to include: the specific plan id you're interested in, which foundation type, state you'll be building in, and a SPECIFIC list of changes that you'd like to see made.

STEP 2: The designer will email you a FREE quote to complete the requested modifications, as well as a timeline.

STEP 3: When you are happy with the proposed list of changes, and are ready to proceed, you'll need to purchase a 5 Set, PDF, Reproducible, or CAD file plan package directly from Coolhouseplans.com at the price listed on the website. We do not offer modifications for the "one set" plan package.

You can purchase your plan package online at FamilyHomePlans.com or call 1-800-235-5700 and just note that you're "having modifications done".

Note: The plan package purchase is a required step, is separate from the modifications charge, and allows you to have a valid license to build the plan one-time.

STEP 4: When the designer receives your order from FamilyHomePlans.com, they will send you a modification agreement to complete and return to them, separately, with their payment information.

Note: The modification fees will be collected separately from the actual plan package sale.

STEP 5: The modifications department will prepare a preliminary plan with all the requested changes for your review. It will be emailed to you for review and comment. Once everything has been approved, the designers will complete the plans and either email or ship them to you.

Note: You would receive only modified plans. You would NOT receive any of the original version of the plan. In the event that additional changes are requested after the initial agreement, those changes would be addressed, and a revised quote would be provided. We will also specify a timeframe for each phase of the process. The timeframe varies based on the current workload, but is typically 5 working days or less for the preliminary plan, then another 7 to 10 working days after approval to complete the final plan package. Shipping time would be delayed until the plans have been completed.

Its as simple as that!

COPYRIGHT NOTICE. It is illegal to build this plan without a legally obtained set of plans. It is illegal to copy or redraw these plans. Violation of U.S. copyright laws are punishable with fines of up to $200,000. After the purchase of plans, changes may be made by a qualified professional.

GENERAL NOTES

GOVERNING CODE: The 2009 International Building Code shall govern design and construction.

CONTRACTOR RESPONSIBILITIES: The contractor is responsible for the means and methods of construction, job related safety standards, and the strength and stability of the structure during construction. He shall provide temporary shoring, bracing and other elements required to maintain stability until the structure is complete. The contractor shall be familiar with the work required in these documents and the requirements for executing it properly.

DISCREPANCIES: Discrepancies in these drawings shall be brought to the attention of Montgomery Building Design, or Engineer of record prior to beginning the work in question.

SITE VERIFICATION: The contractor shall verify all dimensions and conditions at the site.

ADJACENT UTILITIES. The contractor shall determine the location of all adjacent underground utilities prior to excavation and drilling.

SOILS and FOUNDATIONS

REFERENCE STANDARDS: Design and construction shall conform to IBC Chapter 18 "Soils and Foundations"

SOILS INSPECTION: The Building Official or a licenced Geotechnical Engineer shall inspect all prepared soil bearing surfaces prior to placement of concrete and reinforcing steel and shall verify the following DESIGN SOIL VALUES.

Allowable bearing pressure (assumes silty soil w/ gravel & rock, contractor to notify engineer if otherwise)	2000psf
Passive lateral pressure	350PCF e.f.p.
Active lateral pressure - unrestraind	40PCF e.f.p.
Active lateral pressure - restrained	60PCF e.f.p.
Coefficient of sliding friction	0.35

FOOTING DEPTH: Exterior footings shall bear at least (24") below finish grade.

FOOTING CONSTRUCTION: Except where noted otherwise in these plans, concrete footings shall be constructed as follows: Footing shall be reinforced with #4 bars spaced at 8" oc located between the bottom third and mid-depth of footings. Strip (continuous) footings require reinforcement in the long direction only. Spread footing shall be reinforced in both directions. Vertical reinforcement for stem walls shall be cast in place extending to within 3" of footing bottom.

CONCRETE STEM WALLS: Except where noted otherwise in the plans, concrete stem walls shall be 6" wide and shall be reinforced with #4 bars spaced at 12" oc in the vertical and horizontal direction. One bar shall be located 4" from the top of wall with the hook end of anchor bolts held below this bar. Vertical reinforcement shall be cast in place in the footing concrete extending to 3" from bottom of footing (except for 24" tall monolithic footing / stem walls which require only 1- #4 horizontal at 4" from top, footing same as above.)

CONCRETE SLABS-ON-GRADE: Except where noted otherwise in these plans, concrete floor slabs shall be no less than 4" thick and shall be reinforced with W1.4 x W1.4 6x6 welded wire fabric (or #3 bars spaced at 18" oc) supported to remain in place between mid-depth of the slab and the upper third. Slabs shall be cast over a prepared compacted sub-base of 4" thick clean graded sand, gravel, or crushed stone passing a 2" seive. A base course is not required over soils having a percolation rate greater than 4" per hour - Ref R506.2.2 exception and Table R405.1 Group I and footnote "a".)

WOOD

GRADING: All sawn lumber and engineered wood products shall be identified by a grade mark or a certificate of inspection by an approved agency complying with DOC PS20 or equivalent.

LUMBER and TIMBER: Except where noted otherwise the species and grade of lumber and timber shall be as follows:
Hem Fir No. 2 - Preservative-treated lumber and timber
Douglas Fir No. 2 - All other lumber and timber

STRUCTURAL GLUE-LAMINATED TIMBER:
Conform to AITC 190.1 & ASTM D3737
Glulam - simple span 2400F-V4
Glulam - cantilever or continuous 2400F-V8
Camber simple span beams to 2000' radius unless noted otherwise.

RECTANGULAR ENGINEERED WOOD: Conform to ASTM 5456

PSL - parallel strand lumber	2.0 E
LSL - laminated strand lumber	1.5 E
LVL - laminated veneer lumber	1.8 E

WOOD STRUCTURAL PANELS (Sheathing): Conforming to DOC PS1 or PS2 according to type and shall be identified by the trademarks of an approved testing & inspection agency. Unless noted otherwise horizontal panels shall be installed with the long dimension perpendicular to supporting framing with panels continuous over two or more spans with adjacent rows of sheathing having stagered joints.

Use	Roof	Floor	Walls
Thickness	5/8"	3/4	7/16"
Span rating	40 / 20	32 / 16	32 / 16
Panel grade	C-D	C-D	C-D
Exposure	1	1	1

CONNECTORS: Prefabricated connectors shall be by the Simpson Strong-Tie Company as specified in their catalog No. C-2009. Connectors shall be installed per the manufacturer's instructions. Where connector straps connect two members, place one-half of the nails or bolts in each member. Provide washers under the heads and nuts of all bolts and lag screws bearing on wood. Unless noted otherwise all nails shall be common. All exterior Simpson connectors to have HDG or ZMAX coating.

GALVANIZED FASTENERS: Conform to ASTM A653 designation G185.

NAILS: Conform to IBC 2304.9 "Connections and Fasteners". Unless noted otherwise all nails shall be common. Nails shall be driven flush and shall not fracture the surface of sheathing. Nail sizes specified on the drawings are based on the following specifications:

Size	Length	Diameter
6d	2"	.113"
8d	2 ½"	.131"
10d	3"	.148"
12d	3 ¼"	.148"
16d	3 ½"	.162"

LAG and MACHINE BOLTS: Conform to ASTM A307.

STUD WALL CONSTRUCTION: Conform to IBC 2304. Unless noted otherwise, studs shall be spaced at 16" oc, exterior studs shall be 2x6, and interior studs shall be 2x4, interior headers shall be 4x8, exterior headers shall be 6x8. Provide two studs minimum at the end of all walls and at each side of all openings. Attach the lower plates of all stud walls to concrete with 5/8" diameter A307 anchor bolts x 7" embedment spaced per plan and shearwall schedule. All anchor bolts to have 1/4"x 3" square galvanized washers. Spacing shall not exceed 48" O.C. Nail together individual members of built up posts with two rows of 16d @ 12" O.C. staggered. Refer to the plans and shearwall schedule for required sheathing and nailing. When not otherwise noted, provide 1/2" gypsum wallboard on interior surfaces.

PRESERVATIVE TREATMENT. Wood materials specified as "pressure treated" shall be "treated wood". "Decay and Termite Protection" shall conform to the appropriate standards of the American Wood-Preservers Association (AWPA) for sawn lumber, glued laminated timber, round poles, wood piles and marine piles. Follow American Lumber Standards Committee (ALSC) quality assurance procedures. Use hot dipped galvanized or stainless steel fasteners and connectors for preservative treated wood products.

ROOF COVERINGS

MINIMUM REQUIREMENTS: Install per manufacturer's written instructions. See also section R905 for additional requirements and flashing requirements.

SHINGLES: Asphalt shingles shall be fiberglass-reinforced class A shingles with self-sealing strips or interlocking design conforming with ASTM D 225 or D 3462 and installed on slopes between 2:12 and 20:12 fastened over underlayment or ice-protection as indicated below.

FASTENERS: Shingles shall be fastened over underlayment to solid wood deck with 12 gage galvanized steel roofing nails with 3/8" diameter heads meeting ASTM F 1667 and penetrating the roof sheathing surface at least 3/4". Quantity of fasteners shall be per shingle manufacturer but no less than four per strip or 2 per shingle.

UNDERLAYMENT: 15lb felt paper or equivalent underlayment shall comply with ASTM D 226 type I or ASTM 4869 type I. Install 36" wide strips perpendicular to roof slope overlapping 2" except provide double layer with 19" overlaps at slopes of 4:12 or less.

ICE PROTECTION: Install of self-adhering polymer modified bitumen sheet, in lieu of underlayment, beginning at roof eaves and extending at least 24" inside the exterior wall line of the building per manufacturer's written instructions.

FLASHING: Install a base, cap, valley, and sidewall flashing per manufacturer's written installation instructions.

METAL ROOF COVERINGS

MINIMUM REQUIREMENTS: Install per manufacturer's written instructions. See also section R905 for additional requirements and flashing requirements.

DECKING: Metal roofing material shall be applied over solid roof sheathing per plan

MINIMUM SLOPE:
25% for lapped, non-soldered seam without sealant
4% for lapped, non-soldered seams with sealant
2% for standing seam roof systems

MATERIALS: Materials shall be naturally corrosion-resistant or treated to be so per Table R905.10.3 (1)

ATTACHMENT: Attach to to supports per manufacturer's instruction with galvanized fasteners for steel roofing and 300-series stainless steel for copper and other metal roofing

FLASHING: Install base, cap, valley, and sidewall flashing per manufacturer's written instructions instructions.

CRICKETS AND SADDLES: Install an uphill side of chimneys and other similar protrusions.

METAL-PLATE-CONNECTED WOOD TRUSSES

Reference IBC Section 2303.4. Trusses shall be designed by a qualified specialty engineer licensed to practice in the governing municipality. The designs shall account for the loads indicated under DESIGN PARAMETERS and any other specialty loads such a drifts, mechanical equipment, and axial drag loads that may be shown on the plans and details. Designs shall account for unbalanced loading, drifting, and wind loads as applicable in combination per the 2009 IBC. At a minimum, the designs shall consider 15 psf uniform dead load. Attic trusses shall be designed with an additional 12 psf uniform dead load on bottom chord. Roof designs shall consider at 10 psf uniform net uplift. The designs shall include all permanent and temporary bracing, and truss-to-truss and truss-to-bearing connections.

Calculations and shop drawings stamped by the specialty engineer shall be submitted to the contractor for review. The contractor and specialty engineer are responsible for details and accuracy including specific conformance to these documents.

CONCRETE

REFERENCE STANDARDS:
· ACI 301-05 "Building Code Requirements for Concrete"
· IBC Chapter 19

MIX DESIGN:
2500 psi - footings protected from weather
3000 psi - vertical concrete exposed to weather
3500 psi - flat concrete exposed to weather including garage floors

· Strength: 28-day strength - Fc' design stregth (psi)
· Maximum Aggregate Size shall be 1"
· W/C: Water/Cement Ratio shall not exceed .48 based on the total weight of cementitious materials
· Air content of concrete exposed to weataher shall be 5% measured at point of placement.
· Pozzolans: may be used in accordance with ACI 301-05.
· Chloride content shall conform to ACI 301-05.

CONSTRUCTION JOINTS: See the plan for location and details.

SHRINKAGE: Concrete will shrink after initial placement. The contractor shall coordinate jointing and finishes to provide adequate tolerance for shrinkage.

TESTING FOR CONCRETE STRENGTH:
When required by the building official obtain samples and conduct tests in accordance with ACI 301-05. For each test mold and cure 3 cylinders. Test (1) at 7 days and (2) at 28 days. The strength is satisfactory if the averages of all sets of 3 consecutive tests equal or exceed the specified strength and no individual test falls below the specified strength by more than 500 psi.

REINFORCING STEEL:	
Reinforcing Bars - deformed	ASTM A615, Grade 40
Smooth Welded Wire Fabric	ASTM A185
Deformed Welded Wire Fabric	ASTM A497
Bar Supports	CRSI MSP-1, Chapter 3
Tie Wire - black annealed	16.5 gage or heavier

CONCRETE COVER: Conform to 301-05	
Concrete cast against earth	3"
Concrete exposed to earth or weather	1 1/2"
Bars in slabs and walls	3/4"

BAR SPLICES: Conform to ACI 301-05 for class "B" splices or 40 bar diameters, whichever is greater.

DESIGN PARAMETERS

LIVE LOADS:	
Snow - Pg	152 psf
Snow - Pf	140 psf - heated
Snow - Pf	153 psf - non heated
Exposure factor	1.2
Floor Live	40 psf
Floor Dead	12 psf
Roof Dead	15 psf
WIND DESIGN:	
Basic wind speed	85 mph
Exposure	B
SEISMIC DESIGN:	
Site classification	D[1]
Ss	.74
S1	.25
Importance factor	1.0
Responce modification	6.5
DEFLECTION LIMITS:	
Total load	L/240
Live Roof	L/360
Live Floor	L/480

SHEARWALL SCHEDULE NOTES

[1] INSTALL PANELS EITHER HORIZONTALLY OR VERTICALLY

[2] WHERE SHEATHING IS APPLIED ON BOTH SIDES OF WALL, PANEL EDGE JOINTS ON 2X FRAMING SHALL BE STAGGERED SO THAT JOINTS ON THE OPPOSITE SIDES ARE NOT LOCATED ON THE SAME STUDS.

[3] BLOCKING IS REQUIRED AT ALL PANEL EDGES.

[4] PROVIDE SHEAR WALL SHEATHING AND NAILING FOR THE ENTIRE LENGTH OF THE WALLS INDICATED ON THE PLANS. ENDS OF FULL HEIGHT WALLS ARE DESIGNATED BY WINDOWS, OR DOORWAYS OR AS DESIGNATED ON PLANS. FOR HOLDOWN REQUIREMENT REFERENCE PLANS. ALTERNATE NOTE: WALLS SO DESIGNATED AS PERFORATED SHEARWALLS REQUIRE SHEATHING, SHEAR WALL NAILING ETC ABOVE AND BELOW ALL OPENINGS(S)

[5] SHEATHING EDGE NAILING IS REQUIRED AT ALL HOLDOWN POSTS. EDGE NAILING MAY ALSO BE REQUIRED TO EACH STUD USED IN BUILT UP HOLDOWN POSTS. FOR ADDITIONAL INFORMATION, REFERENCE THE HOLDOWN DETAILS.

[6] INTERMEDIATE FRAMING TO BE WITH 2X MINIMUM MEMBERS. ATTACH SHEATHING TO INTERMEDIATE FRAMING WITH 8D NAILS AT 12" O.C. WHERE STUDS ARE SPACED AT 16" O.C. AND 10D NAILS AT 6" O.C. WHERE STUDS ARE SPACED AT 24" O.C.

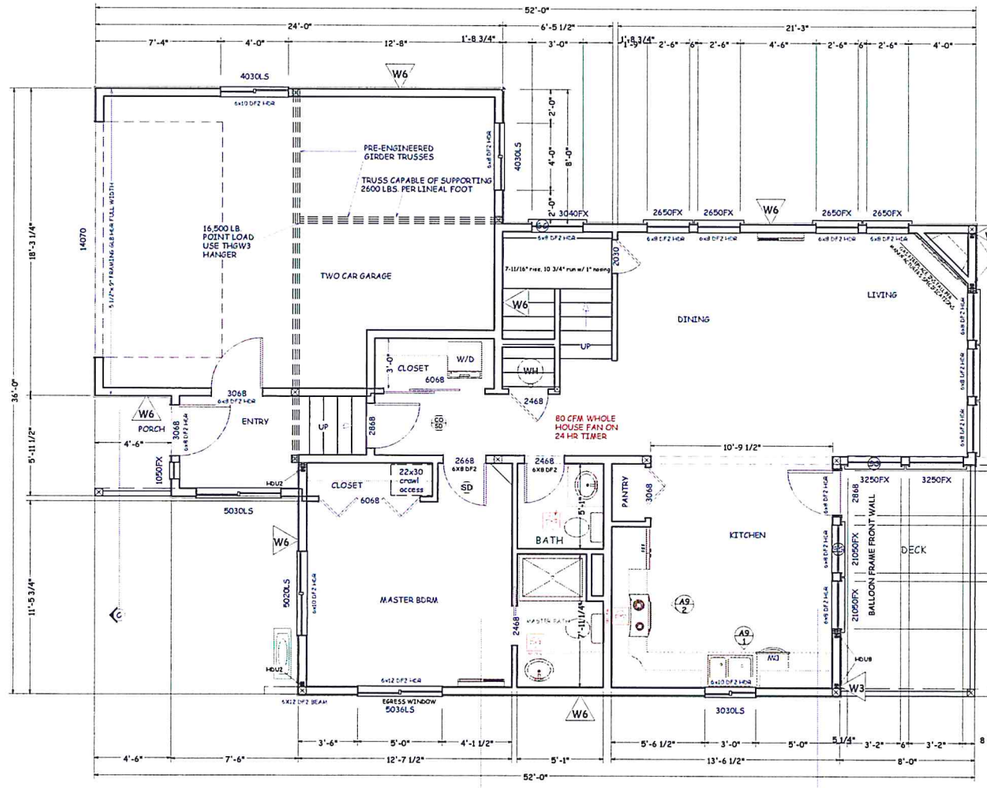
[7] BASED ON 135" K1 1/2" NAIL USED TO ATTACH FRAMING CLIPS DIRECTLY TO FRAMING. USE 10D NAILS WHERE ENDCAPS OVER SHEATHING

[8] FRAMING CLIPS: SIMPSON A35 OR LTP5 OR APPROVED EQUIVALENT

[9] WHERE BOTTOM PLATE ATTACHMENT SPECIFIES (2) ROWS OF NAILS, PROVIDE DOUBLE JOIST RIM JOIST OR EQUAL BELOW. STAGGER NAILS IN ROWS 3 1/2" APART MINIMUM.

[10] IN SEISMIC DESIGN CATEGORIES D,E AND F, ANCHOR BOLTS SHALL BE PROVIDED WITH STEEL PLATE WASHER 0.14"X 3"X 3" EMBED ANCHOR BOLTS 7" MINIMUM INTO THE CONCRETE.

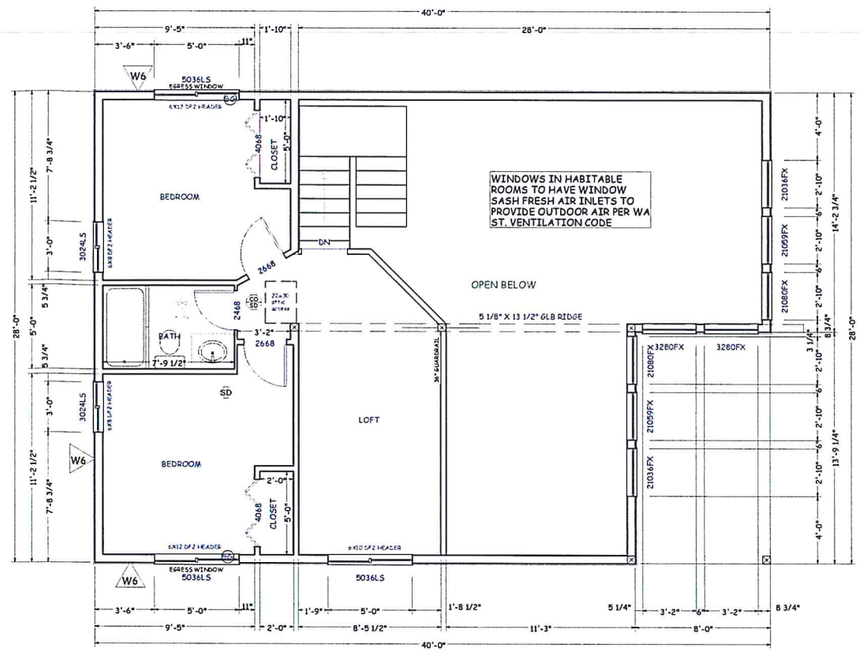
[11] PRESSURE TREATED MATERIAL CAN CAUSE EXCESSIVE CORROSION IN THE FASTENERS. PROVIDE HOT DIPPED GALVANIZED (TUMCTED PLATING IS NOT ACCEPTABLE) NAILS AND CONNECTOR PLATES (FRAMING ANGLES ETC.) FOR ALL CONNECTORS IN CONTACT WITH PRESSURE TREATED FRAMING MEMBERS.



[12] 7/16" APA RATED SHEATHING (OSB) MAY BE USED IN PLACE OF 1/2" SHEATHING PROVIDED THAT ALL STUDS ARE SPACED AT 16" O.C. MAXIMUM.

[13] WHERE WOOD SHEATHING (OSB) IS APPLIED OVER GYPSUM SHEATHING (G), CONTACT THE ENGINEER OF RECORD FOR ALTERNATE NAILING REQUIREMENTS.

[14] AT ADJOINING PANEL EDGES (2) 2X STUDS NAILED TOGETHER MAY BE USED IN PLACE OF A SINGLE 3X STUD. DOUBLE 2X STUDS MAY BE CONNECTED TOGETHER BY NAILING THE STUDS TOGETHER WITH 2 LONG NAILS OF THE SAME SPACING AND DIAMETER AS THE PLATE NAILING REFERENCE SECTION.



[15] CONTACT THE STRUCTURAL ENGINEER OF RECORD FOR ADHESIVE OR EXPANSION BOLT ALTERNATIVES TO CAST IN PLACE ANCHOR RODS. SPECIAL INSPECTION MAY BE REQUIRED.

[16] x WHERE "W" INDICATES WOOD SHEATHING AND "M" INDICATES EDGE NAIL SPACING

ELEVATIONS

2009-018

A1

GENERAL NOTES

GOVERNING CODE: The 2009 International Building Code shall govern design and construction.

CONTRACTOR RESPONSIBILITIES: The contractor is responsible for the means and methods of construction, job related safety standards, and the strength and stability of the structure during construction. He shall provide temporary shoring, bracing and other elements required to maintain stability until the structure is complete. The contractor shall be familiar with the work required in these documents and the requirements for executing it properly.

DISCREPANCIES: Discrepancies in these drawings shall be brought to the attention of Montgomery Building Design, or Engineer of record prior to beginning the work in question.

SITE VERIFICATION: The contractor shall verify all dimensions and conditions at the site.

ADJACENT UTILITIES. The contractor shall determine the location of all adjacent underground utilities prior to excavation and drilling.

SOILS and FOUNDATIONS

REFERENCE STANDARDS: Design and construction shall conform to IBC Chapter 18 "Soils and Foundations"

SOILS INSPECTION: The Building Official or a licenced Geotechnical Engineer shall inspect all prepared soil bearing surfaces prior to placement of concrete and reinforcing steel and shall verify the following DESIGN SOIL VALUES.

Allowable bearing pressure (assumes silty soil w/ gravel & rock, contractor to notify engineer if otherwise)	2000psf
Passive lateral pressure	350PCF e.f.p.
Active lateral pressure - unrestraind	40PCF e.f.p.
Active lateral pressure - restrained	60PCF e.f.p.
Coefficient of sliding friction	0.35

FOOTING DEPTH: Exterior footings shall bear at least (24") below finish grade.

FOOTING CONSTRUCTION: Except where noted otherwise in these plans, concrete footings shall be constructed as follows: Footing shall be reinforced with #4 bars spaced at 8" oc located between the bottom third and mid-depth of footings. Strip (continuous) footings require reinforcement in the long direction only. Spread footing shall be reinforced in both directions. Vertical reinforcement for stem walls shall be cast in place extending to within 3" of footing bottom.

CONCRETE STEM WALLS: Except where noted otherwise in the plans, concrete stem walls shall be 6" wide and shall be reinforced with #4 bars spaced at 12" oc in the vertical and horizontal direction. One bar shall be located 4" from the top of wall with the hook end of anchor bolts held below this bar. Vertical reinforcement shall be cast in place in the footing concrete extending to 3" from bottom of footing (except for 24" tall monolithic footing / stem walls which require only 1- #4 horizontal at 4" from top, footing same as above.)

CONCRETE SLABS-ON-GRADE: Except where noted otherwise in these plans, concrete floor slabs shall be no less than 4" thick and shall be reinforced with W1.4 x W1.4 6x6 welded wire fabric (or #3 bars spaced at 18" oc) supported to remain in place between mid-depth of the slab and the upper third. Slabs shall be cast over a prepared compacted sub-base of 4" thick clean graded sand, gravel, or crushed stone passing a 2" seive. A base course is not required over soils having a percolation rate greater than 4" per hour - Ref R506.2.2 exception and Table R405.1 Group I and footnote "a".)

WOOD

GRADING: All sawn lumber and engineered wood products shall be identified by a grade mark or a certificate of inspection by an approved agency complying with DOC PS20 or equivalent.

LUMBER and TIMBER: Except where noted otherwise the species and grade of lumber and timber shall be as follows:
Hem Fir No. 2 - Preservative-treated lumber and timber
Douglas Fir No. 2 - All other lumber and timber

STRUCTURAL GLUE-LAMINATED TIMBER:
Conform to AITC I90.1 & ASTM D3737
Glulam - simple span 2400F-V4
Glulam - cantilever or continuous 2400F-V8
Camber simple span beams to 2000' radius unless noted otherwise.

RECTANGULAR ENGINEERED WOOD: Conform to ASTM 5456

PSL - parallel strand lumber	2.0 E
LSL - laminated strand lumber	1.5 E
LVL - laminated veneer lumber	1.8 E

WOOD STRUCTURAL PANELS (Sheathing): Conforming to DOC PS1 or PS2 according to type and shall be identified by the trademarks of an approved testing & inspection agency. Unless noted otherwise horizontal panels shall be installed with the long dimension perpendicular to supporting framing with panels continuous over two or more spans with adjacent rows of sheathing having stagered joints.

Use	Roof	Floor	Walls
Thickness	5/8"	3/4	7/16"
Span rating	40 / 20	32 / 16	32 / 16
Panel grade	C-D	C-D	C-D
Exposure	1	1	1

CONNECTORS: Prefabricated connectors shall be by the Simpson Strong-Tie Company as specified in their catalog No. C-2009. Connectors shall be installed per the manufacturer's instructions. Where connector straps connect two members, place one-half of the nails or bolts in each member. Provide washers under the heads and nuts of all bolts and lag screws bearing on wood. Unless noted otherwise all nails shall be common. All exterior Simpson connectors to have HDG or ZMAX coating.

GALVANIZED FASTENERS: Conform to ASTM A653 designation G185.

NAILS: Conform to IBC 2304.9 "Connections and Fasteners". Unless noted otherwise all nails shall be common. Nails shall be driven flush and shall not fracture the surface of sheathing. Nail sizes specified on the drawings are based on the following specifications:

Size	Length	Diameter
6d	2"	.113"
8d	2 ½"	.131"
10d	3"	.148"
12d	3 ¼"	.148"
16d	3 ½"	.162"

LAG and MACHINE BOLTS: Conform to ASTM A307.

STUD WALL CONSTRUCTION: Conform to IBC 2304. Unless noted otherwise, studs shall be spaced at 16" oc, exterior studs shall be 2x6, and interior studs shall be 2x4, interior headers shall be 4x8, exterior headers shall be 6x8. Provide two studs minimum at the end of all walls and at each side of all openings. Attach the lower plates of all stud walls to concrete with 5/8" diameter A307 anchor bolts x 7" embedment spaced per plan and shearwall schedule. All anchor bolts to have 1/4"x 3" square galvanized washers. Spacing shall not exceed 48" O.C. Nail together individual members of built up posts with two rows of 16d @ 12" O.C. staggered. Refer to the plans and shearwall schedule for required sheathing and nailing. When not otherwise noted, provide 1/2" gypsum wallboard on interior surfaces.

PRESERVATIVE TREATMENT. Wood materials specified as "pressure treated" shall be "treated wood". "Decay and Termite Protection" shall conform to the appropriate standards of the American Wood-Preservers Association (AWPA) for sawn lumber, glued laminated timber, round poles, wood piles and marine piles. Follow American Lumber Standards Committee (ALSC) quality assurance procedures. Use hot dipped galvanized or stainless steel fasteners and connectors for preservative treated wood products.

ROOF COVERINGS

MINIMUM REQUIREMENTS: Install per manufacturer's written instructions. See also section R905 for additional requirements and flashing requirements.

SHINGLES: Asphalt shingles shall be fiberglass-reinforced class A shingles with self-sealing strips or interlocking design conforming with ASTM D 225 or D 3462 and installed on slopes between 2:12 and 20:12 fastened over underlayment or ice-protection as indicated below.

FASTENERS: Shingles shall be fastened over underlayment to solid wood deck with 12 gage galvanized steel roofing nails with 3/8" diameter heads meeting ASTM F 1667 and penetrating the roof sheathing surface at least 3/4". Quantity of fasteners shall be per shingle manufacturer but no less than four per strip or 2 per shingle.

UNDERLAYMENT: 15lb felt paper or equivalent underlayment shall comply with ASTM D 226 type I or ASTM 4869 type I. Install 36" wide strips perpendicular to roof slope overlapping 2" except provide double layer with 19" overlaps at slopes of 4:12 or less.

ICE PROTECTION: Install of self-adhering polymer modified bitumen sheet, in lieu of underlayment, beginning at roof eaves and extending at least 24" inside the exterior wall line of the building per manufacturer's written instructions.

FLASHING: Install a base, cap, valley, and sidewall flashing per manufacturer's written installation instructions.

METAL ROOF COVERINGS

MINIMUM REQUIREMENTS: Install per manufacturer's written instructions. See also section R905 for additional requirements and flashing requirements.

DECKING: Metal roofing material shall be applied over solid roof sheathing per plan

MINIMUM SLOPE:
25% for lapped, non-soldered seam without sealant
4% for lapped, non-soldered seams with sealant
2% for standing seam roof systems

MATERIALS: Materials shall be naturally corrosion-resistant or treated to be so per Table R905.10.3 (1)

ATTACHMENT: Attach to to supports per manufacturer's instruction with galvanized fasteners for steel roofing and 300-series stainless steel for copper and other metal roofing

FLASHING: Install base, cap, valley, and sidewall flashing per manufacturer's written instructions instructions.

CRICKETS AND SADDLES: Install an uphill side of chimneys and other similar protrusions.

METAL-PLATE-CONNECTED WOOD TRUSSES

Reference IBC Section 2303.4. Trusses shall be designed by a qualified specialty engineer licensed to practice in the governing municipality. The designs shall account for the loads indicated under DESIGN PARAMETERS and any other specialty loads such a drifts, mechanical equipment, and axial drag loads that may be shown on the plans and details. Designs shall account for unbalanced loading, drifting, and wind loads as applicable in combination per the 2009 IBC. At a minimum, the designs shall consider 15 psf uniform dead load. Attic trusses shall be designed with an additional 12 psf uniform dead load on bottom chord. Roof designs shall consider at 10 psf uniform net uplift. The designs shall include all permanent and temporary bracing, and truss-to-truss and truss-to-bearing connections.

Calculations and shop drawings stamped by the specialty engineer shall be submitted to the contractor for review. The contractor and specialty engineer are responsible for details and accuracy including specific conformance to these documents.

CONCRETE

REFERENCE STANDARDS:
· ACI 301-05 "Building Code Requirements for Concrete"
· IBC Chapter 19

MIX DESIGN:
2500 psi - footings protected from weather
3000 psi - vertical concrete exposed to weather
3500 psi - flat concrete exposed to weather including garage floors

· Strength: 28-day strength - Fc' design stregth (psi)
· Maximum Aggregate Size shall be 1"
· W/C: Water/Cement Ratio shall not exceed .48 based on the total weight of cementitious materials
· Air content of concrete exposed to weataher shall be 5% measured at point of placement.
· Pozzolans: may be used in accordance with ACI 301-05.
· Chloride content shall conform to ACI 301-05.

CONSTRUCTION JOINTS: See the plan for location and details.

SHRINKAGE: Concrete will shrink after initial placement. The contractor shall coordinate jointing and finishes to provide adequate tolerance for shrinkage.

TESTING FOR CONCRETE STRENGTH:
When required by the building official obtain samples and conduct tests in accordance with ACI 301-05. For each test mold and cure 3 cylinders. Test (1) at 7 days and (2) at 28 days. The strength is satisfactory if the averages of all sets of 3 consecutive tests equal or exceed the specified strength and no individual test falls below the specified strength by more than 500 psi.

REINFORCING STEEL:

Reinforcing Bars - deformed	ASTM A615, Grade 40
Smooth Welded Wire Fabric	ASTM A185
Deformed Welded Wire Fabric	ASTM A497
Bar Supports	CRSI MSP-1, Chapter 3
Tie Wire - black annealed	16.5 gage or heavier

CONCRETE COVER: Conform to 301-05

Concrete cast against earth	3"
Concrete exposed to earth or weather	1 1/2"
Bars in slabs and walls	3/4"

BAR SPLICES: Conform to ACI 301-05 for class "B" splices or 40 bar diameters, whichever is greater.

* END CLIP NECESSARY IF SHEATHING PANEL BEGINS AT BOTTOM OF PLATE BELOW AND NAILED ALONG PLATE PER SHEARWALL SCHEDULE

SHEARWALL SCHEDULE NOTES:

[1] INSTALL PANELS EITHER HORIZONTALLY OR VERTICALLY.
[2.2] WHERE SHEATHING IS APPLIED ON BOTH SIDES OF WALL, PANEL EDGE JOINTS ON 2X FRAMING SHALL BE STAGGERED SO THAT JOINTS ON THE OPPOSITE SIDES ARE NOT LOCATED ON THE SAME STUD.
[3] BLOCKING IS REQUIRED AT ALL PANEL EDGES.
[4] PROVIDE SHEAR WALL SHEATHING AND NAILING FOR THE ENTIRE LENGTH OF THE WALLS INDICATED ON THE PLANS. ENDS OF FULL HEIGHT WALLS ARE DESIGNATED BY W2X(LOW), OR SOLID WALLS, OR AS DESIGNATED ON PLANS. FOR HOLDOWN REQUIREMENT, REFER TO PLANS. ALTERNATE NOTE: WALLS DESIGNATED AS PERFORATED SHEAR ALLS REQUIRE SHEATHING SHEAR WALL NAILING ETC ABOVE AND BELOW ALL OPENINGS)
[5] SHEATHING EDGE NAILING IS REQUIRED AT ALL HOLDOWN POSTS. EDGE NAILING MAY ALSO BE REQUIRED TO EACH STUD USED IN BUILT-UP HOLDOWN POSTS. FOR ADDITIONAL INFORMATION, REFERENCE THE HOLDOWN DETAILS.
[6] INTERMEDIATE FRAMING TO BE 2X WITH 2X NOMINAL MEMBERS. ATTACH SHEATHING TO INTERMEDIATE FRAMING WITH 8D NAILS AT 12" O.C. WHERE STUDS ARE SPACED AT 16" O.C. AND 10D NAILS AT 6" O.C. WHERE STUDS ARE SPACED AT 24" O.C.
[7] BASED ON 130" X 3 1/2" NAIL S USED TO ATTACH FRAMING CLIPS DIRECTLY TO FRAMING. USE 8D NAILS WHERE INSTALLED OVER SHEATHING
[8] FRAMING CLIPS: SIMPSON A35 OR LTP5 OR APPROVED EQUIVALENT
[9] WHERE BOTTOM PLATE ATTACHMENT SPECIFIES (2) ROWS OF NAILS, PROVIDE DOUBLE 2X10 RIM JOIST OR EQUAL BELOW. STAGGER NAILS IN BOTH 5 1/2" APART MINIMUM.
[10] IN SEISMIC DESIGN CATEGORIES D, E AND F, ANCHOR BOLTS SHALL BE PROVIDED WITH STEEL PLATE WASHER 1 3/4" X 3" X 0.229 MINIMUM SIZE, 3" MINIMUM INTO THE CONCRETE
[11] PRESSURE TREATED MATERIAL CAN CAUSE EXCESSIVE CORROSION ON THE FASTENERS. PROVIDE HOT DIPPED GALVANIZED (ELECTRO PLATING IS NOT ACCEPTABLE) NAILS AND CONNECTOR PLATES (FRAMING ANGLES ETC.) FOR ALL CONNECTORS IN CONTACT WITH PRESSURE TREATED FRAMING MEMBERS
[12] TUFF APA RATED SHEATHING (OSB) MAY BE USED IN PLACE OF 1/2" SHEATHING PROVIDED THAT ALL STUDS ARE SPACED AT 16" OC MAXIMUM.
[13] WHERE ADDITIONAL SHEATHING OVER EXISTING IS APPLIED, OVER GYPSUM SHEATHING (E) CONTACT THE ENGINEER OF RECORD FOR ALTERNATE NAILING REQUIREMENTS.
[14] AT ADJOINING PANEL EDGES (2) 2X STUDS NAILED TOGETHER MAY BE USED. IN PLACE OF A SINGLE 3X STUD. DOUBLE 2X STUDS MAY BE CONNECTED TOGETHER BY NAILING THE STUDS TOGETHER WITH 2 LOW NAILS AT TOP OF THE SHEATHING AND STAGGERED AS THE PLATE NAILING REFERENCE SECTION
[15] CONTACT THE STRUCTURAL ENGINEER OF RECORD FOR ADHESIVE OR EXPANSION BOLT ALTERNATIVES TO CAST-IN-PLACE ANCHOR BOLTS. SPECIAL INSPECTION MAY BE REQUIRED

[1b] x WHERE "NA" INDICATES WOOD SHEATHING AND "A" INDICATES EDGE NAIL SPACING

GENERAL NOTES

GOVERNING CODE: The 2012 International Building Code shall govern design and construction.

CONTRACTOR RESPONSIBILITIES: The contractor is responsible for the means and methods of construction, job related safety standards, and the strength and stability of the structure during construction. He shall provide temporary shoring, bracing and other elements required to maintain stability until the structure is complete. The contractor shall be familiar with the work required in these documents and the requirements for executing it properly.

DISCREPANCIES: Discrepancies in these drawings shall be brought to the attention of Montgomery Building Design, or Engineer of record prior to beginning the work in question.

SITE VERIFICATION: The contractor shall verify all dimensions and conditions at the site.

ADJACENT UTILITIES. The contractor shall determine the location of all adjacent underground utilities prior to excavation and drilling.

SOILS and FOUNDATIONS

REFERENCE STANDARDS: Design and construction shall conform to IBC Chapter 18 "Soils and Foundations"

SOILS INSPECTION: The Building Official or a licenced Geotechnical Engineer shall inspect all prepared soil bearing surfaces prior to placement of concrete and reinforcing steel and shall verify the following DESIGN SOIL VALUES.

Allowable bearing pressure	2000psf
(assumes silty soil w/ gravel & rock, contractor to notify engineer if otherwise)	
Passive lateral pressure	350PCF e.f.p.
Active lateral pressure - unrestraind	40PCF e.f.p.
Active lateral pressure - restrained	60PCF e.f.p.
Coefficient of sliding friction	0.35

FOOTING DEPTH: Exterior footings shall bear at least (24") below finish grade.

FOOTING CONSTRUCTION: Except where noted otherwise in these plans, concrete footings shall be constructed as follows: Footing shall be reinforced with #4 bars spaced at 8" oc located between the bottom third and mid-depth of footings. Strip (continuous) footings require reinforcement in the long direction only. Spread footing shall be reinforced in both directions. Vertical reinforcement for stem walls shall be cast in place extending to within 3" of footing bottom.

CONCRETE STEM WALLS: Except where noted otherwise in the plans, concrete stem walls shall be 6" wide and shall be reinforced with #4 bars spaced at 12" oc in the vertical and horizontal direction. One bar shall be located 4" from the top of wall with the hook end of anchor bolts held below this bar. Vertical reinforcement shall be cast in place in the footing concrete extending to 3" from bottom of footing (except for 24" tall monolithic footing / stem walls which require only 1- #4 horizontal at 4" from top, footing same as above.)

CONCRETE SLABS-ON-GRADE: Except where noted otherwise in these plans, concrete floor slabs shall be no less than 4" thick and shall be reinforced with W1.4 x W1.4 6x6 welded wire fabric (or #3 bars spaced at 18" e.w.) supported to remain in place between mid-depth of the slab and the upper third. Slabs shall be cast over a prepared compacted sub-base of 4" thick clean graded sand, gravel, or crushed stone passing a 2" seive. A base course is not required over soils having a percolation rate greater than 4" per hour - Ref R506.2.2 exception and Table R405.1 Group I and footnote "a".)

WOOD

GRADING: All sawn lumber and engineered wood products shall be identified by a grade mark or a certificate of inspection by an approved agency complying with DOC PS20 or equivalent.

LUMBER and TIMBER: Except where noted otherwise the species and grade of lumber and timber shall be as follows:
Hem Fir No. 2 - Preservative-treated lumber and timber
Douglas Fir No. 2 - All other lumber and timber

STRUCTURAL GLUE-LAMINATED TIMBER:
Conform to AITC 190.1 & ASTM D3737
Glulam - simple span DF/DF 24F-V4
Glulam - cantilever or continuous DF/DF 24F-V8
Camber simple span beams to 2000' radius unless noted otherwise.

RECTANGULAR ENGINEERED WOOD: Conform to ASTM 5456

PSL - parallel strand lumber	2.0 E
LSL - laminated strand lumber	1.5 E
LVL - laminated veneer lumber	1.8 E

WOOD STRUCTURAL PANELS (Sheathing): Conforming to DOC PS1 or PS2 according to type and shall be identified by the trademarks of an approved testing & inspection agency. Unless noted otherwise horizontal panels shall be installed with the long dimension perpendicular to supporting framing with panels continuous over two or more spans with adjacent rows of sheathing having stagered joints.

Use	Roof	Floor	Walls
Thickness	5/8"	3/4	7/16"
Span rating	40 / 20	32 / 16	32 / 16
Panel grade	C-D	C-D	C-D
Exposure	1	1	1

CONNECTORS: Prefabricated connectors shall be by the Simpson Strong-Tie Company as specified in their catalog No. C-2013. Connectors shall be installed per the manufacturer's instructions. Where connector straps connect two members, place one-half of the nails or bolts in each member. Provide washers under the heads and nuts of all bolts and lag screws bearing on wood. Unless noted otherwise all nails shall be common. All exterior Simpson connectors to have HDG or ZMAX coating.

GALVANIZED FASTENERS: Conform to ASTM A653 designation G185.

NAILS: Conform to IBC 2304.9 "Connections and Fasteners". Unless noted otherwise all nails shall be common. Nails shall be driven flush and shall not fracture the surface of sheathing. Nail sizes specified on the drawings are based on the following specifications:

Size	Length	Diameter
6d	2"	.113"
8d	2 ½"	.131"
10d	3"	.148"
12d	3 ¼"	.148"
16d	3 ½"	.162"

LAG and MACHINE BOLTS: Conform to ASTM A307.

STUD WALL CONSTRUCTION: Conform to IBC 2304. Unless noted otherwise, studs shall be spaced at 16" oc, exterior studs shall be 2x6, and interior studs shall be 2x4, interior headers shall be 4x8, exterior headers shall be 6x8. Provide two studs minimum at the end of all walls and at each side of all openings. Attach the lower plates of all stud walls to concrete with 5/8" diameter A307 anchor bolts x 7" embedment spaced per plan and shearwall schedule. All anchor bolts to have 1/4"x 3" square galvanized washers. Spacing shall not exceed 48" O.C. Nail together individual members of built up posts with two rows of 16d @ 12" O.C. staggered. Refer to the plans and shearwall schedule for required sheathing and nailing. When not otherwise noted, provide 1/2" gypsum wallboard on interior surfaces.

PRESERVATIVE TREATMENT. Wood materials specified as "pressure treated" shall be "treated wood". "Decay and Termite Protection" shall conform to the appropriate standards of the American Wood-Preservers Association (AWPA) for sawn lumber, glued laminated timber, round poles, wood piles and marine piles. Follow American Lumber Standards Committee (ALSC) quality assurance procedures. Use hot dipped galvanized or stainless steel fasteners and connectors for preservative treated wood products.

ROOF COVERINGS

MINIMUM REQUIREMENTS: Install per manufacturer's written instructions. See also section R905 for additional requirements and flashing requirements.

SHINGLES: Asphalt shingles shall be fiberglass-reinforced class A shingles with self-sealing strips or interlocking design conforming with ASTM D 225 or D 3462 and installed on slopes between 2:12 and 20:12 fastened over underlayment or ice-protection as indicated below.

FASTENERS: Shingles shall be fastened over underlayment to solid wood deck with 12 gage galvanized steel roofing nails with 3/8" diameter heads meeting ASTM F 1667 and penetrating the roof sheathing surface at least 3/4". Quantity of fasteners shall be per shingle manufacturer but no less than four per strip or 2 per shingle.

UNDERLAYMENT: 15lb felt paper or equivalent underlayment shall comply with ASTM D 226 type I or ASTM 4869 type I. Install 36" wide strips perpendicular to roof slope overlapping 2" except provide double layer with 19" overlaps at slopes of 4:12 or less.

ICE PROTECTION: Install of self-adhering polymer modified bitumen sheet, in lieu of underlayment, beginning at roof eaves and extending at least 24" inside the exterior wall line of the building per manufacturer's written instructions.

FLASHING: Install a base, cap, valley, and sidewall flashing per manufacturer's written installation instructions.

METAL ROOF COVERINGS

MINIMUM REQUIREMENTS: Install per manufacturer's written instructions. See also section R905 for additional requirements and flashing requirements.

DECKING: Metal roofing material shall be applied over solid roof sheathing per plan

MINIMUM SLOPE:
25% for lapped, non-soldered seam without sealant
4% for lapped, non-soldered seams with sealant
2% for standing seam roof systems

MATERIALS: Materials shall be naturally corrosion-resistant or treated to be so per Table R905.10.3 (1)

ATTACHMENT: Attach to to supports per manufacturer's instruction with galvanized fasteners for steel roofing and 300-series stainless steel for copper and other metal roofing

FLASHING: Install base, cap, valley, and sidewall flashing per manufacturer's written instructions instructions.

CRICKETS AND SADDLES: Install on uphill side of chimneys and other similar protrusions.

METAL-PLATE-CONNECTED WOOD TRUSSES

Reference IBC Section 2303.4. Trusses shall be designed by a qualified specialty engineer licensed to practice in the governing municipality. The designs shall account for the loads indicated under DESIGN PARAMETERS and any other specialty loads such a drifts, mechanical equipment, and axial drag loads that may be shown on the plans and details. Designs shall account for unbalanced loading, drifting, and wind loads as applicable in combination per the 2012 IBC. At a minimum, the designs shall consider 15 psf uniform dead load. Attic trusses shall be designed with an additional 10 psf uniform dead load on bottom chord. Roof designs shall consider at 10 psf uniform net uplift. The designs shall include all permanent and temporary bracing, and truss-to-truss and truss-to-bearing connections.

Calculations and shop drawings stamped by the specialty engineer shall be submitted to the contractor for review. The contractor and specialty engineer are responsible for details and accuracy including specific conformance to these documents.

Contractor is responsible to request additional details not shown on these plans if desired. Specialty engineer is not responsible for connections not specifically detailed on this set of plans.

CONCRETE

REFERENCE STANDARDS:
· ACI 318-11 "Building Code Requirements for Concrete"
· IBC Chapter 19

MIX DESIGN:
2500 psi - footings protected from weather
3000 psi - vertical concrete exposed to weather
3500 psi - flat concrete exposed to weather including garage floors

· Strength: 28-day strength - Fc' design stregth (psi)
· Maximum Aggregate Size shall be 1"
· W/C: Water/Cement Ratio shall not exceed .48 based on the total weight of cementitious materials
· Air content of concrete exposed to weataher shall be 5% measured at point of placement.
· Pozzolans: may be used in accordance with ACI 318-11.
· Chloride content shall conform to ACI 318-11.

CONSTRUCTION JOINTS: See the plan for location and details.

SHRINKAGE: Concrete will shrink after initial placement. The contractor shall coordinate jointing and finishes to provide adequate tolerance for shrinkage.

TESTING FOR CONCRETE STRENGTH:
When required by the building official obtain samples and conduct tests in accordance with ACI 318-11. For each test mold and cure 3 cylinders. Test (1) at 7 days and (2) at 28 days. The strength is satisfactory if the averages of all sets of 3 consecutive tests equal or exceed the specified strength and no individual test falls below the specified strength by more than 500 psi.

REINFORCING STEEL:

Reinforcing Bars - deformed	ASTM A615, Grade 60
Smooth Welded Wire Fabric	ASTM A185
Deformed Welded Wire Fabric	ASTM A497
Bar Supports	CRSI MSP-1, Chapter 3
Tie Wire - black annealed	16.5 gage or heavier

CONCRETE COVER: Conform to 318-11

Concrete cast against earth	3"
Concrete exposed to earth or weather	1 1/2"
Bars in slabs and walls	3/4"

BAR SPLICES: Conform to ACI 318-11 for class "B" splices or 40 bar diameters, whichever is greater.

DESIGN PARAMETERS

LIVE LOADS:

Snow - Pg	144 psf
Snow - Pf	133 psf - heated
Snow - Pf	145 psf - non heated
Exposure factor	1.2
Floor Live	40 psf
Floor Dead	12 psf
Roof Dead	15 psf

WIND DESIGN:

Basic wind speed	110 mph
Exposure	B

SEISMIC DESIGN:

Site classification	D[1]
Ss	.757
S1	.292
Importance factor	1.0
Responce modification	6.5

DEFLECTION LIMITS:

Total load	L/240
Live Roof	L/360
Live Floor	L/480

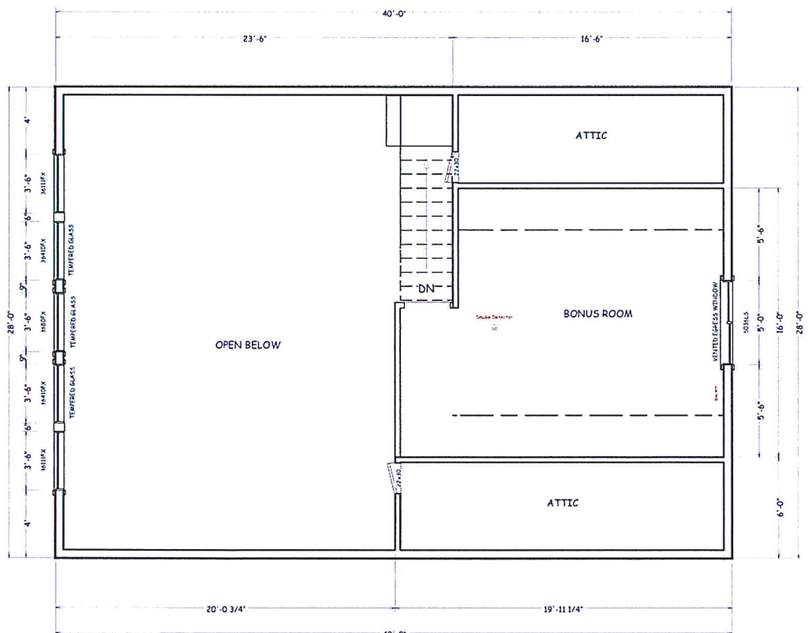
MARK	SHEATHING TYPE	SHEATHING THICKNESS	STUD SPACING	EDGE BLOCKING SIZE	FASTENER SIZE	FASTENER SPACING		SILL PLATE	ANCHOR ROD DIAMETER	ANCHOR ROD SPACING (MAXIMUM)
						EDGES	FIELD			
4	OSB/ PLYWOOD	3/8"	16"	N/A	8d	6"	12"	2x	5/8"	48"
4	OSB/ PLYWOOD	3/8"	16"	2x	8d	4"	12"	2x	5/8"	48"
4	OSB/ PLYWOOD	3/8" EACH SIDE	16"	2x	8d	4"	12"	2x	5/8"	48"

SHEAR WALL SCHEDULE NOTES:



1. INSTALL PANELS EITHER HORIZONTALLY OR VERTICALLY
2. STAGGER SHEATHING JOINTS WHEN SHEATHING IS APPLIED TO BOTH SIDES OF WALL
3. PROVIDE SHEAR WALL SHEATHING AND NAILING FOR THE ENTIRE LENGTH OF THE WALL INDICATED ON THE SHEAR WALL PLANS NOTE THAT SHEAR WALLS MAY INCLUDE PORTIONS OF WALL ABOVE OPENINGS AND WINDOWS.
4. SEE PLANS FOR HOLDOWN LOCATIONS
5. PROVIDE EDGE NAILING AT ALL POSTS AND BUILT-UP POSTS WITH HOLDOWNS
6. ANCHOR RODS SHALL HAVE A MINIMUM OF 7" OF EMBEDMENT INTO CONCRETE (SEE GENERAL NOTES FOR GRADE)
7. ALL ANCHOR RODS SHALL HAVE 3" I/4"x3"x3" WASHERS
8. SIMPSON STEEN NO ANCHORS MAY BE USED IN PLACE OF CAST-IN-PLACE ANCHORS @ SPECIFIED ON DRAWINGS
9. 3d (113/16"x0.0867) AND 8d (2 1/2"x0.0927) COOLER NAILS MAY BE REPLACED WITH DRYWALL SCREWS, PROVIDED THAT DRYWALL SCREW DIMENSIONS ARE NOT LESS THAN THE SPECIFIED DIMENSIONS
10. SHEAR WALL 2G BASE PLY MAY BE ATTACHED WITH 8d COOLERS AT 6" ON CENTER.

-ALL EXT. HEADERS 6x8 DF #2 UNLESS NOTED OTHERWISE
-DOUBLE TRIMMERS ON OPENINGS OF 5' OR GREATER
-ALL GLULAM POSTS GRADE 21F-V1 UNLESS NOTED OTHERWISE
-ALL GLULAM BEAMS GRADE 24F-V4 UNLESS NOTED OTHERWISE
-TYP POST IS 6X6 DF #2
-TRANSFER ALL PT. LDS FROM POSTS OR DBL. TRIMMERS DOWN TO THE FOUNDATION W/ SOLID SQUASH BLK'G OR POSTS AS NEC.

OPTION 1: WHOLE HOUSE VENTILATION USING EXHAUST FANS. WINDOWS IN HABITABLE ROOMS TO HAVE WINDOW SASH FRESH AIR INLETS TO PROVIDE OUTDOOR AIR PER WA ST. VENTILATION CODE

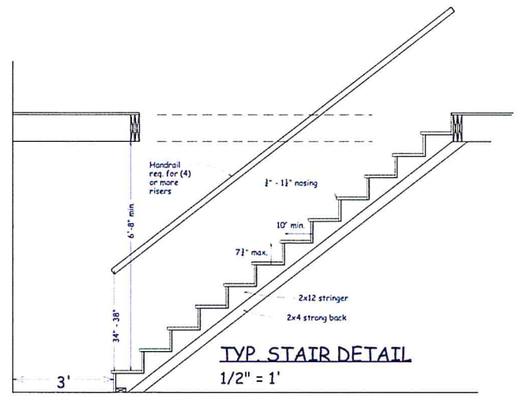
2012 WSEC INSULATION REQUIREMENTS

- RAFTER SPACES: R38
- ATTIC SPACES: R49
- WALL ABOVE GRADE: R21
- WALL BELOW GRADE : R21+ THERMAL BREAK
- FLOORS: R30
- FENESTRATION U-FACTOR: 0.30
- SLAB ON GRADE: R10, 2' PERIMETER W/ THERMAL BREAK



Each dwelling unit in one and two-family dwellings and townhouses, as defined in Section 101.2 of the International Residential Code shall comply with sufficient options from Table R406.2 so as to achieve the following minimum number of credits:

1. Small Dwelling Unit: 0.5 points
Dwelling units less than 1500 square feet in conditioned floor area with less than 300 square feet of fenestration area. Additions to existing building that are less than 750 square feet of heated floor area.

2. Medium Dwelling Unit: 1.5 points
All dwelling units that are not included in #1 or #3, including additions over 750 square feet.

3. Large Dwelling Unit: 2.5 points
Dwelling units exceeding 5000 square feet of conditioned floor area.

WILDLAND URBAN INTERFACE CODE

THIS BUILDING MUST COMPLY WITH THE WUIC AND BE CONSTRUCTED WITH MATERIALS APPROVED BY THE FIRE MARSHAL PER THE WUIC REVIEW.

VENTED WINDOWS

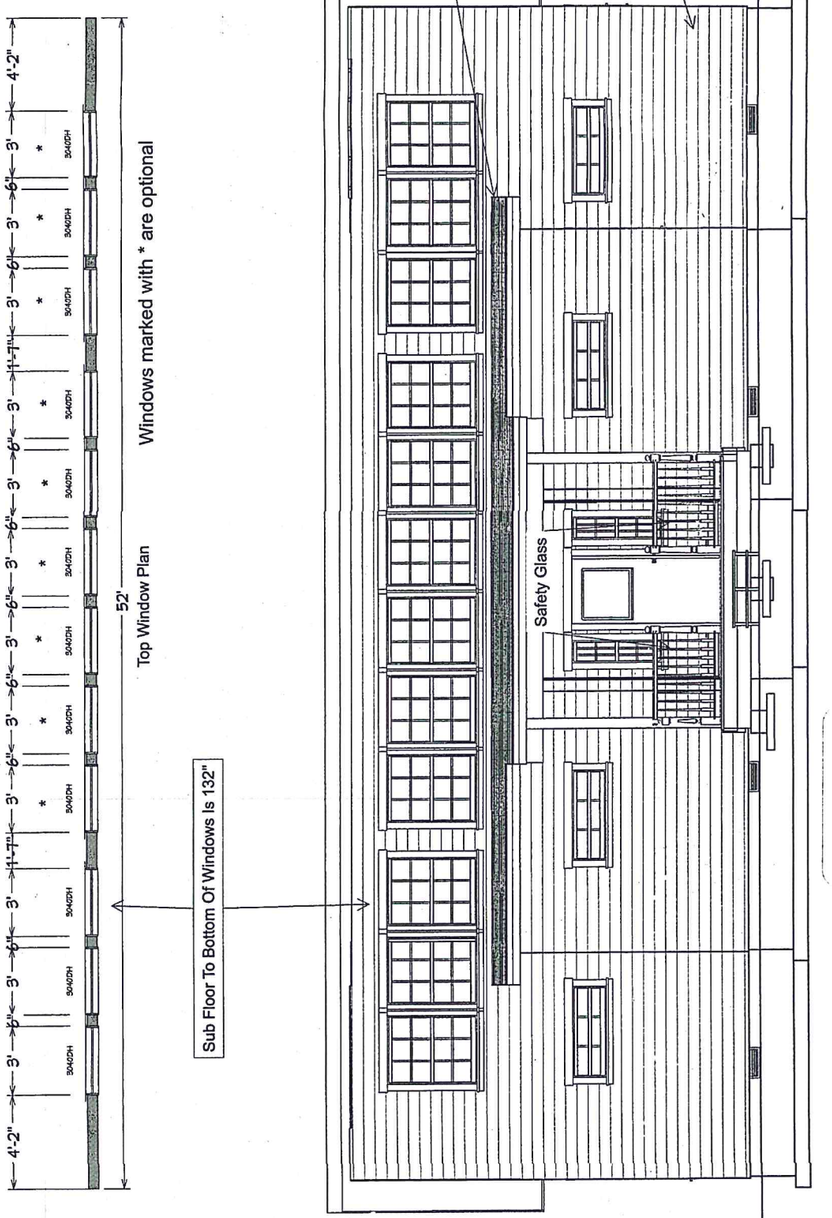
VENTED WINDOWS ARE REQUIRED WITH WHOLE HOUSE VENTILATION SYSTEM USING AN EXHAUST FAN

ALL PLUMBING AND MECHANICAL INSPECTIONS SHALL BE PERFORMED AND APPROVED PRIOR TO A FRAMING INSPECTION BEING SCHEDULED PER IRC R109.1.2

VENTED WINDOWS

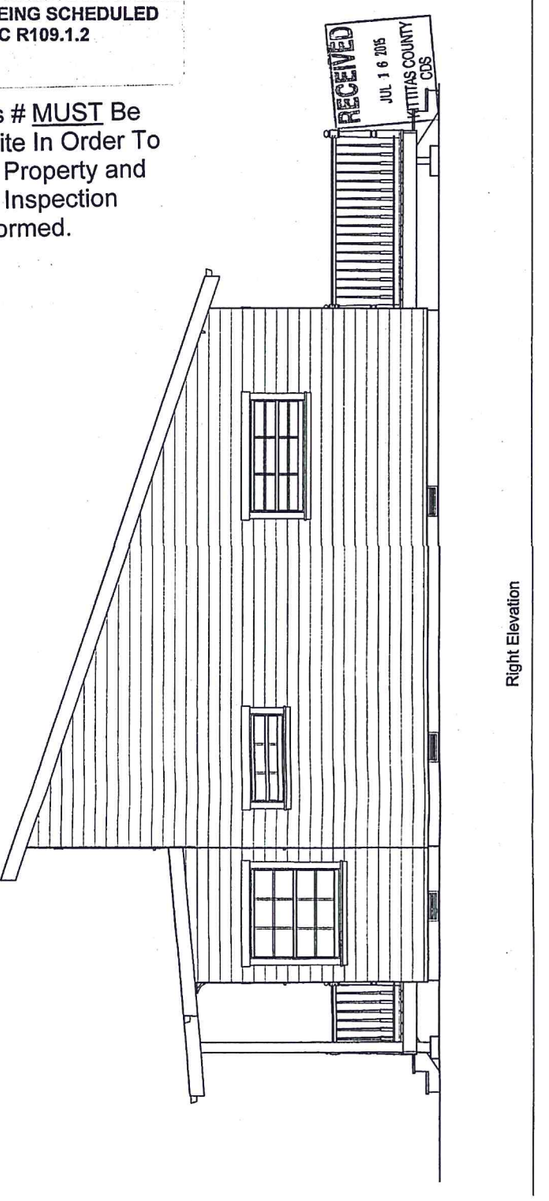
VENTED WINDOWS ARE REQUIRED WITH WHOLE HOUSE VENTILATION SYSTEM USING AN EXHAUST FAN

PROPERTY LINES MUST BE CLEARLY MARKED PRIOR TO THE FIRST INSPECTION.
Failure to properly identify the property lines may result in a failed inspection.



An Address # MUST Be Posted On-Site In Order To Locate The Property and Have An Inspection Performed.

CARBON MONOXIDE ALARM REQUIRED:
AN APPROVED CARBON MONOXIDE ALARM SHALL BE INSTALLED OUTSIDE OF EACH SEPARATE SLEEPING AREA IN THE IMMEDIATE VICINITY OF THE BEDROOMS
(See 2012 IRC Section: R315)



These Approved Plans MUST Be On-Site In Order To Have An Inspection Performed.

UNDER-FLOOR INSPECTION

AN UNDER-FLOOR INSPECTION IS REQUIRED FOR THIS STRUCTURE. DO NOT INSTALL FLOOR SHEATHING BEFORE AN UNDER-FLOOR INSPECTION HAS BEEN PERFORMED.

Meet Cimate Zone 5 Requirments with EFFICIENT BUILDING ENVELOPE 1a: Prescriptive compliance is based on Table R402.1.1 with the following modifications: Fenestration U := 0.28 Floor R-38

AIR LEAKAGE CONTROL AND EFFICIENT VENTILATION 2a: Compliance based on R402.4.1.2: Reduce the tested air leakage to 4.0 air changes per hour maximum and

All whole house ventilation requirements as determined by Section M1507.3 of the International Residential Code shall be met with a high efficiency fan (maximum 0.35 watts/cfm), not interlocked with the furnace fan ventilation systems using a furnace including an ECM motor are allowed, provided that they are controlled to operate at low speed in ventilation only mode. To qualify to claim this credit, the building permit drawings shall specify the option being selected and shall specify the option being selected and shall specify the maximum tested building air leakage and shall show the heat recovery ventilation system

EFFICIENT WATER HEATING 5a: Water heating system shall include one of the following: Gas, propane or oil water heater with a minimum EF of 0.62 or Electric water heater with a minimum EF of 0.93. and for both cases All showerhead and kitchen sink faucets installed in the house shall be rated at 1.75 GPM or less. All other lavatory faucets shall be rated at 1.0 GPM or less.b To qualify to claim this credit, the building permit drawings shall specify the option being selected and shall specify the water heater equipment type and the minimum equipment efficiency and shall specify the maximum flow rates for all showerheads, kitchen sink faucets, and other lavatory faucets.

STRUCTURAL GENERAL NOTES

1. CONTRACTOR RESPONSIBLE FOR COORDINATION OF WORK & IS RESPONSIBLE FOR REVIEWING ALL PLAN DOCUMENTS. NOTIFY ENGINEER OF DISCREPANCIES IN DOCUMENTS OR SITE CONDITIONS PRIOR TO STARTING WORK.
2. STRUCTURAL GENERAL NOTES ARE INTENDED TO HIGHLIGHT OR IN SOME CASES SUPPLEMENT PROJECT SPECIFICATIONS. REFER TO THE PROJECT SPECIFICATIONS FOR COMPLETE WORK COVERAGE.

A. GOVERNING CODES

1. INTERNATIONAL BUILDING CODE (IBC, 2012 EDITION)
2. BUILDING CODE REQUIREMENTS FOR STRUCTURAL CONCRETE (ACI, 318–11)
3. BUILDING CODE REQUIREMENTS AND SPECIFICATIONS FOR MASONRY STRUCTURES (ACI, 530–08)
4. AMERICAN INSTITUTE OF STEEL CONSTRUCTION (AISC, 14TH EDITION)
5. NATIONAL DESIGN SPECIFICATION FOR WOOD CONSTRUCTION (NDS, 2012 EDITION)

B. DESIGN LOADS AND CRITERIA

1. GRAVITY LOADS (PSF):

ROOF	DEAD LOAD 15	GROUND SNOW LOAD (P_G) 144
FLOOR	DEAD LOAD 12	LIVE LOAD 40

133 PSF HEATED

2. WIND CRITERIA: 3 SEC GUST WIND SPEED = 110 MPH
   BUILDING CATEGORY: ENCLOSED
   I = 1.0 / EXPOSURE B
3. SEISMIC CRITERIA: S_{DS} = 0.589, S_{D1} = 0.345
   SEISMIC DESIGN CATEGORY D1
   I = 1.0
   ANALYSIS PROCEDURE: EQUIVALENT LATERAL FORCE
   LATERAL FORCE RESISTING SYSTEM:
   WOOD SHEAR WALLS
4. FOOTING BEARING PRESSURE: 2000 PSF ON APPROVED SUBGRADE, ASSUMED
5. SOIL FRICTION COEFFICIENT: 0.35
6. LATERAL SOIL PRESSURE: 35 PCF ACTIVE EQUIVALENT FLUID PRESSURE
   60 PCF AT–REST EQUIVALENT FLUID PRESSURE
   250 PCF PASSIVE EQUIVALENT FLUID PRESSURE
7. FROST DEPTH: 2'–0"

C. MATERIALS

1. CLASS A CONCRETE: (USE U.N.O.)
   PORTLAND CEMENT ASTM C150 TYPE I/II
   FLY ASH ASTM C618, 10% – 25% BY WEIGHT
   WATER / CEMENT + FLY ASH = 0.45 MAXIMUM
   28 DAY f'c = 3000 PSI
   AIR CONTENT 4.5% – 7.0% EXCEPT 3.0% MAX. INTERIOR SLABS
   ¾" MAX. NORMAL WEIGHT AGGREGATE PER ASTM C33
   4" SLUMP

   CLASS B CONCRETE: (FOOTINGS)
   PORTLAND CEMENT ASTM C150 TYPE I/II
   FLY ASH ASTM C618, 10% – 25% BY WEIGHT
   WATER / CEMENT + FLY ASH = 0.50 MAXIMUM
   28 DAY f'c = 3000 PSI
   AIR CONTENT 4.5% – 7.0%
   ¾" MAX. NORMAL WEIGHT AGGREGATE
2. REINFORCING BARS: ASTM A615, GRADE 60
3. DEFORMED BARS: ASTM A706, GRADE 60 (WHERE INDICATED TO BE WELDED)
4. MECHANICAL SPLICES: LENTON TAPERED, THREADED COUPLERS AS MFG BY ERICO
5. WELDED WIRE FABRIC: ASTM A185, FLAT SHEET MATERIAL
6. ANCHOR RODS: ASTM F1554 GRADE 36 OR 55
7. GROUT: ASTM C1107, NON–METALLIC NON–SHRINK, 3 DAY f'c = 4000 PSI
8. MASONRY UNITS: ASTM C90, GRADE N, f'c = 1900 PS
9. MORTAR: ASTM C270, TYPE S
10. MASONRY GROUT: ASTM C476 FINE, f'c = 2000 PSI WITH 10" SLUMP
11. CMU ASSEMBLIES: 28 DAY f'm = 1500 PSI, UNIT STRENGTH METHOD
12. STRUCTURAL STEEL:
    W SHAPES: ASTM A992, Fy = 50 KSI
    OTHER ROLLED SHAPES: ASTM A36, Fy = 36 KSI
    PLATES: ASTM A36, Fy = 36 KSI
    PIPE: ASTM A53 GRADE B, TYPE E OR S, Fy = 35 KSI
    HSS –SQUARE OR RECT: ASTM A500 GRADE B, Fy = 46 KSI
    HSS –ROUND: ASTM A500 GRADE B, Fy = 42 KSI13.
13. HIGH STRENGTH BOLTS: ASTM A325 TYPE 1 UNCOATED; STEEL TO STEEL CONNECTIONS
14. BOLTS: ASTM A307; WOOD OR WOOD TO STEEL CONNECTIONS OR ERECTION ONLY
15. HEADED ANCHOR STUDS: ASTM A108 GRADE 1010 – 1020, TYPE B, Fu = 60 KSI (AWS D1.1 TABLE 7.1, TYPE B)
16. WELD METAL: F7X–EXXX OR E70XX
17. STEEL DECK: ASTM A446 GRADE A OR A653, Fy = 33 KSI.
18. EXPANSION ANCHORS: STUD TYPE EXPANSION ANCHOR WITH SINGLE PIECE WEDGE HILTI KWIK BOLT II EXPANSION ANCHOR OR EQUAL W/ COMPRESSION RING, EXPANSION CONE AND EXPANSION SLEEVE
19. ADHESIVE ANCHORS: ASTM A36 SHANK – ALL THREAD TYPE, INJECTABLE ADHESIVE TYPE TO SUIT BASE MATERIAL AS APPROVED BY THE ENGINEER
20. GLUE LAMINATED TIMBER: ANSI/AITC A190.1, COMBINATION SYMBOL 24F–V8–DF/DF
21. TIMBERSTRAND LSL: ICC REPORT NO. PFC–5676
    Fb = 2250 PSI, Fv = 400 PSI
    Fc = 1950 PSI, E = 1.5E6 PSI
22. PARALLAM PSL: ICC REPORT NO. PFC–5676
    Fb = 2900 PSI, Fv = 290 PSI
    Fc = 2900 PSI, E = 2.0E6 PSI
23. DIMENSION LUMBER: GRADED BY WESTERN WOOD PRODUCTS ASSOCIATION (WWPA) OR WEST COAST LUMBER INSPECTION BUREAU (WCLIB). DOUG–FIR #2 UNLESS NOTED OTHERWISE
24. WOOD SHEATHING/PANELS: AMERICAN PLYWOOD ASSOCIATION (APA) RATED STRUCTURAL I" OR "SHEATHING" SUITED FOR SPAN & USE

D. FOUNDATIONS

1. FOUNDATIONS HAVE BEEN DESIGNED BASED ON ASSUMED VALUES.
2. PLACE FOOTINGS ON COMPACTED NATURAL GRAVELY SOILS OR ENGINEERED FILL PLACED OVER UNDISTURBED NATURAL GRAVELY SOILS. ENGINEERED FILL MATERIAL SHALL BE MINUS 3" GRANULAR, APPROVED BY THE GEOTECHNICAL ENGINEER. PLACE ENGINEERED FILL IN UNIFORM LIFTS AND COMPACT TO 98% STANDARD PROCTOR ACCORDING TO ASTM D698. PLAN LIMITS OF ENGINEERED FILL MUST EXTEND AT LEAST 2'–0" BEYOND ALL FOOTING EDGES. IF ENCOUNTERED, EXISTING FILL SHALL BE REMOVED TO AN APPROVED DEPTH AND REPLACED WITH ENGINEERED FILL AS DESCRIBED ABOVE, PLACED AND COMPACTED AS DESCRIBED ABOVE.
3. PLACE INTERIOR SLABS ON GRADE ON 4" OF MINUS ¾" DRAINAGE COURSE, GRADED FOR COMPACTION WITH LESS THAN 12% PASSING THE #200 SIEVE. PLACE DRAINAGE COURSE OVER A VAPOR RETARDER ON NATURAL SOILS OR ENGINEERED FILL PLACED OVER UNDISTURBED NATURAL SOILS. COMPACT SOILS UNDER SLABS (ABOVE FOOTINGS) TO 95% STANDARD PROCTOR ACCORDING TO ASTM D698.
4. DO NOT BACKFILL WALLS WITH UNBALANCED SOIL LEVELS UNLESS ADEQUATELY SHORED OR PERMANENT FLOOR PLATES ARE INSTALLED AND CONNECTIONS ARE COMPLETE – THIS DOES NOT INCLUDE RETAINING WALLS. THE CONTRACTOR IS RESPONSIBLE FOR TEMPORARY SHORING DESIGN AND INSTALLATION.
5. BACKFILL AND COMPACT BURIED WALLS OR GRADE BEAMS EVENLY ON EACH SIDE TO AVOID UNBALANCED LOADS. COMPACT LAYERS TO 95% STANDARD PROCTOR ACCORDING TO ASTM D698 EXCEPT 92% UNDER NON–PAVED AREAS.
6. ALWAYS PROVIDE POSITIVE SURFACE WATER DRAINAGE AWAY FROM THE STRUCTURE.

E. CONCRETE

2. PERFORM CONCRETE WORK IN ACCORDANCE WITH "BUILDING CODE REQUIREMENTS FOR STRUCTURAL CONCRETE" (ACI 318–11) UNLESS MORE STRINGENT REQUIREMENTS ARE INDICATED.
3. MINIMUM REINFORCING BAR COVER:
   3" AT UNFORMED SURFACES EXPOSED TO EARTH
   2" AT FORMED SURFACES EXPOSED TO EARTH OR WEATHER FOR #6 AND LARGER
   1½" AT FORMED SURFACES EXPOSED TO EARTH OR WEATHER FOR #3–#5
   1" AT SLABS AND WALLS NOT EXPOSED TO EARTH OR WEATHER
4. SPLICE REINFORCING BARS BY LAPPING ACCORDING TO THE SCHEDULE ON THE DRAWINGS. PLACE MECHANICAL CONNECTORS WHERE SHOWN. SPLICE WWF SHEETS BY LAPPING AT LEAST ONE PANEL WIDTH (TWO LONGITUDINAL BARS IN CONTACT) OR 6 INCHES MINIMUM.
5. ADD #4x2'–6" DIAGONAL EACH FACE AT ALL OPENING CORNERS AND #5x5'–0" DIAGONAL MID–DEPTH AT ALL RE–ENTRANT SLAB CORNERS UNLESS SHOWN OTHERWISE.
6. SECURE ALL REINFORCING, INCLUDING WWF, IN POSITION WITH CHAIRS BEFORE CONCRETE PLACEMENT. CONCRETE DOBIES MAY BE USED TO POSITION SLAB ON GRADE REINFORCEMENT.
7. TIE DOWELS IN PLACE BEFORE PLACING CONCRETE. DO NOT STAB OR "WET–SET" DOWELS.
8. INSTALL AND SECURE EMBEDMENTS SUCH AS ANCHOR BOLTS AND EMBEDMENT PLATES WITHIN SPECIFIED TOLERANCES BEFORE CONCRETE PLACEMENT.
9. ROUND ISOLATION JOINTS SHOWN AT COLUMN LOCATIONS MAY BE SIMILAR SIZE DIAMOND SHAPED JOINTS AT THE CONTRACTOR'S DISCRETION.
10. WHERE TOP SURFACES OF CONCRETE SLABS ARE SHOWN TO BE RECESSED MORE THAN ½", THICKEN SLAB TO MAINTAIN INDICATED SLAB THICKNESS.
11. MECHANICALLY VIBRATE ALL CONCRETE PLACEMENTS EXCEPT SLABS LESS THAN 5" THICK.
12. WHERE SLAB CONTRACTION JOINTS ARE SHOWN ON THE DRAWINGS, CONSTRUCTION JOINTS MAY BE SUBSTITUTED TO ACCOMMODATE THE CONTRACTOR'S PLACEMENT STRATEGY.
13. FREE WATER ON THE SLAB SURFACE DURING FINISHING OPERATIONS IS PROHIBITED. SOFT CUT CONTRACTION JOINTS AS SOON AS POSSIBLE – GENERALLY WITHIN 6 HOURS AFTER FINISHING.
14. PROTECT AND CURE ALL CONCRETE SURFACES. BEGIN CURING WALLS IMMEDIATELY AFTER STRIPPING FORMS AND FLATWORK IMMEDIATELY AFTER FINISHING.
15. CONCRETE SURFACES TO RECEIVE GROUT UNDER COLUMN BASE PLATES MUST BE PREPARED BY LIGHT BUSH HAMMERING (¼" AMPLITUDE) THE GROUTED AREA AND PRE–SOAKING.

Sheet
S0.1

F. WOOD FRAMING

1. PREFABRICATED WOOD TRUSSES SHALL CONFORM TO THE TRUSS PLATE INSTITUTE DESIGN SPECIFICATION FOR METAL–PLATE CONNECTED WOOD TRUSSES (ANSI/TPI 1–2007). TRUSSES SHALL BE DESIGNED BY THE MANUFACTURER TO SUPPORT ALL SUPERIMPOSED LOADS INDICATED AND LOADS TRANSFERRED BY FRAMING MEMBERS INDICATED ON ROOF FRAMING PLAN(S) AND ANY ADDITIONAL LOADS REQUIRED.

2. ENGINEERED WOOD PRODUCTS (WOOD I–JOISTS & PARALLEL STRAND LUMBER) SHOWN ON THE DRAWINGS ARE THE PRODUCTS OF TRUSS JOIST AND ARE DESIGNATED BY THE MANUFACTURER'S STANDARD PRODUCT NUMBERS. THE INTENT OF THE DESIGN IS FOR THESE ITEMS TO BE ATTACHED TO EACH OTHER AND TO THE SURROUNDING STRUCTURE TO BEHAVE AS A SYSTEM. WHETHER SHOWN OR NOT, PROVIDE ACCESSORY ITEMS (BLOCKS, CLIPS, STIFFENERS, STRAPS, ETC..) DESIGNED BY THE MANUFACTURER, FOR A COMPLETE SYSTEM. FOLLOW ALL MANUFACTURER'S RECOMMENDATIONS FOR INSTALLATION AND USE.

3. FRAMING CONNECTORS, ANCHORS, AND HANGERS SHOWN ON THE DRAWINGS ARE PRODUCTS OF SIMPSON STRONG–TIE AND ARE DESIGNATED BY MANUFACTURER'S STANDARD PRODUCT NUMBERS, SEE EQUIVALENT HANGER SCHEDULE FOR EQUIVALENT ESP HANGER OPTIONS. FOLLOW ALL MANUFACTURER'S RECOMMENDATIONS FOR INSTALLATION AND USE. ALL EXTERIOR HANGERS TO HAVE 'ZMAX' COATING OR BE HOT DIPPED GALVANIZED (HDG).

4. ALL LAG BOLTS SHALL HAVE LEAD HOLES DRILLED THE SAME DIAMETER FOR THE SHANK AND 50% OF THE SHANK DIAMETER FOR THE THREADED PORTION. LUBRICATE THREADS BEFORE INSTALLATION.

5. PROVIDE HEADERS FOR ALL OPENINGS AS SCHEDULED. WHERE NOT INDICATED, SEE PLAN NOTES. INSULATE ALL BOX HEADERS.

6. DOUBLE TOP PLATES SHALL HAVE A MINIMUM LAP LENGTH OF 4 FEET FASTENED WITH 2 ROWS OF 16d NAILS @ 6" UNLESS INDICATED OTHERWISE.

7. INSTALL WOOD SHEATHING PANELS WITH FACE GRAIN PERPENDICULAR TO SUPPORTS. STAGGER ALL END JOINTS 32" MINIMUM. FASTEN PANELS TO SUPPORTING FRAMING AND BLOCKING AS INDICATED. (SEE SHEAR WALL SCHEDULE AND FRAMING PLAN(S) FOR CRITICAL NAILING.) NAIL HEADS SHALL NOT PENETRATE BEYOND A FLUSH CONDITION WITH FACE OF SHEATHING.

8. NAILING REQUIREMENTS NOT SPECIFIED ON THE DRAWINGS SHALL BE IN ACCORDANCE WITH THE FASTENING SCHEDULE, TABLE 2304.9.1 IN THE 2012 IBC.

9. SHEATHING: (AT HORIZONTAL DIAPHRAGM) LAY PLYWOOD PANELS WITH FACE GRAIN PERPENDICULAR TO SUPPORTS. STAGGER ALL END JOINTS AND PLACE AS INDICATED IN "CASE 1" OF 2012 IBC TABLE 2306.2.1.

LOCATION	MATERIAL	NAILING
FLOOR	¾" CDX, 48/24 MIN. SPAN RATING UN–BLOCKED AT PANEL JOINTS, U.N.O.	10d AT 6" O.C. AT PANEL EDGES 10d AT 12" O.C. AT INTERMEDIATE SUPPORTS
ROOF	⅝" CDX, 32/16 MIN.. SPAN RATING UN–BLOCKED AT PANEL JOINTS, U.N.O.	10d AT 6" O.C. AT PANEL EDGES 10d AT 12" O.C. AT INTERMEDIATE SUPPORTS

** SEE WALL FRAMING PLANS AND SHEAR WALL SCHEDULE FOR SPECIFIC NAILING, SHEATHING AND FRAMING REQUIREMENTS AT VERTICAL WALLS.

10. ALL STUDS AT BEARING WALLS AND SHEAR WALLS TO BE SPACED AT 16" O.C., U.N.O. STUDS AT BEARING WALLS AND SHEAR WALLS TO BE 2x6, PER SPECIES SPECIFIED IN SECTION C.23

G. PROPRIETARY PRODUCTS

1. JOIST TYPES AND SIZES SHALL BE AS INDICATED ON THESE DRAWINGS AS MANUFACTURED BY TRUS JOIST MACMILLAN CORP., BOISE CASCADE CORP. OR WRITTEN APPROVED EQUALS.

2. JOIST SHALL HAVE LOAD CARRYING CAPACITY IN ACCORDANCE WITH THE MANUFACTURERS PUBLISHED LOAD TABLES. INSTALLATION SHALL BE AS PER MANUFACTURERS RECOMMENDATIONS OR AS DETAILED.

3. SUBMIT SHOP DRAWINGS OF LAYOUT AND REQUIRED CONNECTION DETAILS FOR REVIEW BY THE ENGINEER PRIOR TO FABRICATION.

4. LAMINATED VENEER LUMBER (LVL) SHALL BE FB=2600 PSI, E = 1.9 X 10^6 MINIMUM. MULTIPLE PLIES MAY BE USED TO ACHIEVE TOTAL WIDTH INDICATED ON DRAWINGS. PLIES MUST BE JOINED TO FORM A SINGLE MEMBER USING THE JOINING PATTERN PROVIDED BY LUMBER MANUFACTURER. PARALLAM PARALLEL STRAND LUMBER MAY BE SUBSTITUTED FOR LVL PRODUCTS WITH EQUIVALENT SIZES AS LONG AS ABOVE MINIMUM PROPERTIES ARE MAINTAINED.

5. ALL LIGHT GAUGE METAL CONNECTORS SHALL BE 'SIMPSON STRONG–TIE' OR USP STRUCTURAL CONNECTORS, UNLESS NOTED OTHERWISE ON PLANS. SEE EQUIVALENT HANGER SCHEDULE.

H. MISCELLANEOUS

1. COORDINATE OPENINGS AND EMBEDDED ITEMS IN CONCRETE WORK WITH ALL TRADES.

2. NOTIFY ENGINEER OF ANY DISCREPANCIES DISCOVERED WITH OTHER TRADES.

3. CONSTRUCTION LOADS SHALL NOT BE GREATER THAN THE DESIGN LOADS INDICATED IN B.1 UNLESS REVIEWED AND APPROVED BY THE ENGINEER.

4. EQUIPMENT OPENINGS INDICATED ARE FOR REFERENCE ONLY. COORDINATE EXACT LOCATIONS, DIMENSIONS AND DETAILS WITH EQUIPMENT MANUFACTURERS.

5. TEMPORARILY BRACE THE STRUCTURE TO RESIST ALL LOADS OR COMBINATIONS OF LOADS UNTIL ALL PERMANENT ELEMENTS ARE IN PLACE AND ALL CONNECTIONS ARE COMPLETE AS SHOWN.

6. ALL COMPONENTS OF STAIRS INCLUDING THREADS, STRINGERS AND CONNECTIONS NOT DETAILED IN THE STRUCTURAL DOCUMENTS ARE THE RESPONSIBILITY OF OTHERS

2013-010

S2

GENERAL NOTES

GOVERNING CODE: The 2012 International Building Code shall govern design and construction.

CONTRACTOR RESPONSIBILITIES: The contractor is responsible for the means and methods of construction, job related safety standards, and the strength and stability of the structure during construction. He shall provide temporary shoring, bracing and other elements required to maintain stability until the structure is complete. The contractor shall be familiar with the work required in these documents and the requirements for executing it properly.

DISCREPANCIES: Discrepancies in these drawings shall be brought to the attention of Montgomery Building Design, or Engineer of record prior to beginning the work in question.

SITE VERIFICATION: The contractor shall verify all dimensions and conditions at the site.

ADJACENT UTILITIES. The contractor shall determine the location of all adjacent underground utilities prior to excavation and drilling.

SOILS and FOUNDATIONS

REFERENCE STANDARDS: Design and construction shall conform to IBC Chapter 18 "Soils and Foundations"

SOILS INSPECTION: The Building Official or a licenced Geotechnical Engineer shall inspect all prepared soil bearing surfaces prior to placement of concrete and reinforcing steel and shall verify the following DESIGN SOIL VALUES.

Allowable bearing pressure (assumes silty soil w/ gravel & rock, contractor to notify engineer if otherwise)	2000psf
Passive lateral pressure	350PCF e.f.p.
Active lateral pressure - unrestraind	40PCF e.f.p.
Active lateral pressure - restrained	60PCF e.f.p.
Coefficient of sliding friction	0.35

FOOTING DEPTH: Exterior footings shall bear at least (24") below finish grade.

FOOTING CONSTRUCTION: Except where noted otherwise in these plans, concrete footings shall be constructed as follows: Footing shall be reinforced with #4 bars spaced at 8" oc located between the bottom third and mid-depth of footings. Strip (continuous) footings require reinforcement in the long direction only. Spread footing shall be reinforced in both directions. Vertical reinforcement for stem walls shall be cast in place extending to within 3" of footing bottom.

CONCRETE STEM WALLS: Except where noted otherwise in the plans, concrete stem walls shall be 6" wide and shall be reinforced with #4 bars spaced at 12" oc in the vertical and horizontal direction. One bar shall be located 4" from the top of wall with the hook end of anchor bolts held below this bar. Vertical reinforcement shall be cast in place in the footing concrete extending to 3" from bottom of footing (except for 24" tall monalithic footing / stem walls which require only 1- #4 horizontal at 4" from top, footing same as above.)

CONCRETE SLABS-ON-GRADE: Except where noted otherwise in these plans, concrete floor slabs shall be no less than 4" thick and shall be reinforced with W1.4 x W1.4 6x6 welded wire fabric (or #3 bars spaced at 18" e.w.) supported to remain in place between mid-depth of the slab and the upper third. Slabs shall be cast over a prepared compacted sub-base of 4" thick clean graded sand, gravel, or crushed stone passing a 2" seive. A base course is not required over soils having a percolation rate greater than 4" per hour - Ref R506.2.2 exception and Table R405.1 Group I and footnote "a".)

WOOD

GRADING: All sawn lumber and engineered wood products shall be identified by a grade mark or a certificate of inspection by an approved agency complying with DOC PS20 or equivalent.

LUMBER and TIMBER: Except where noted otherwise the species and grade of lumber and timber shall be as follows:
Hem Fir No. 2 - Preservative-treated lumber and timber
Douglas Fir No. 2 - All other lumber and timber

STRUCTURAL GLUE-LAMINATED TIMBER:
Conform to AITC I90.1 & ASTM D3737
Glulam - simple span DF/DF 24F-V4
Glulam - cantilever or continuous DF/DF 24F-V4
Camber simple span beams to 2000' radius unless noted otherwise.

RECTANGULAR ENGINEERED WOOD: Conform to ASTM 5456

PSL - parallel strand lumber	2.0 E
LSL - laminated strand lumber	1.5 E
LVL - laminated veneer lumber	1.8 E

WOOD STRUCTURAL PANELS (Sheathing): Conforming to DOC PS1 or PS2 according to type and shall be identified by the trademarks of an approved testing & inspection agency. Unless noted otherwise horizontal panels shall be installed with the long dimension perpendicular to supporting framing with panels continuous over two or more spans with adjacent rows of sheathing having stagered joints.

Use	Roof	Floor	Walls
Thickness	5/8"	3/4	7/16"
Span rating	40 / 20	32 / 16	32 / 16
Panel grade	C-D	C-D	C-D
Exposure	1	1	1

CONNECTORS: Prefabricated connectors shall be by the Simpson Strong-Tie Company as specified in their catalog No. C-2013. Connectors shall be installed per the manufacturer's instructions. Where connector straps connect two members, place one-half of the nails or bolts in each member. Provide washers under the heads and nuts of all bolts and lag screws bearing on wood. Unless noted otherwise all nails shall be common. All exterior Simpson connectors to have HDG or ZMAX coating.

GALVANIZED FASTENERS: Conform to ASTM A653 designation G185.

NAILS: Conform to IBC 2304.9 "Connections and Fasteners". Unless noted otherwise all nails shall be common. Nails shall be driven flush and shall not fracture the surface of sheathing. Nail sizes specified on the drawings are based on the following specifications:

Size	Length	Diameter
6d	2"	.113"
8d	2 ½"	.131"
10d	3"	.148"
12d	3 ¼"	.148"
16d	3 ½"	.162"

LAG and MACHINE BOLTS: Conform to ASTM A307.

STUD WALL CONSTRUCTION: Conform to IBC 2304. Unless noted otherwise, studs shall be spaced at 16" oc, exterior studs shall be 2x6, and interior studs shall be 2x4, interior headers shall be 4x8, exterior headers shall be 6x8. Provide two studs minimum at the end of all walls and at each side of all openings. Attach the lower plates of all stud walls to concrete with 5/8" diameter A307 anchor bolts x 7" embedment spaced per plan and shearwall schedule. All anchor bolts to have 1/4"x 3" square galvanized washers. Spacing shall not exceed 48" O.C. Nail together individual members of built up posts with two rows of 16d @ 12" O.C. staggered. Refer to the plans and shearwall schedule for required sheathing and nailing. When not otherwise noted, provide 1/2" gypsum wallboard on interior surfaces.

PRESERVATIVE TREATMENT. Wood materials specified as "pressure treated" shall be "treated wood". "Decay and Termite Protection" shall conform to the appropriate standards of the American Wood-Preservers Association (AWPA) for sawn lumber, glued laminated timber, round poles, wood piles and marine piles. Follow American Lumber Standards Committee (ALSC) quality assurance procedures. Use hot dipped galvanized or stainless steel fasteners and connectors for preservative treated wood products.

ROOF COVERINGS

MINIMUM REQUIREMENTS: Install per manufacturer's written instructions. See also section R905 for additional requirements and flashing requirements.

SHINGLES: Asphalt shingles shall be fiberglass-reinforced class A shingles with self-sealing strips or interlocking design conforming with ASTM D 225 or D 3462 and installed on slopes between 2:12 and 20:12 fastened over underlayment or ice-protection as indicated below.

FASTENERS: Shingles shall be fastened over underlayment to solid wood deck with 12 gage galvanized steel roofing nails with 3/8" diameter heads meeting ASTM F 1667 and penetrating the roof sheathing surface at least 3/4". Quantity of fasteners shall be per shingle manufacturer but no less than four per strip or 2 per shingle.

UNDERLAYMENT: 15lb felt paper or equivalent underlayment shall comply with ASTM D 226 type I or ASTM 4869 type I. Install 36" wide strips perpendicular to roof slope overlapping 2" except provide double layer with 19" overlaps at slopes of 4:12 or less.

ICE PROTECTION: Install of self-adhering polymer modified bitumen sheet, in lieu of underlayment, beginning at roof eaves and extending at least 24" inside the exterior wall line of the building per manufacturer's written instructions.

FLASHING: Install a base, cap, valley, and sidewall flashing per manufacturer's written installation instructions.

METAL ROOF COVERINGS

MINIMUM REQUIREMENTS: Install per manufacturer's written instructions. See also section R905 for additional requirements and flashing requirements.

DECKING: Metal roofing material shall be applied over solid roof sheathing per plan

MINIMUM SLOPE:
25% for lapped, non-soldered seam without sealant
4% for lapped, non-soldered seams with sealant
2% for standing seam roof systems

MATERIALS: Materials shall be naturally corrosion-resistant or treated to be so per Table R905.10.3 (1)

ATTACHMENT: Attach to to supports per manufacturer's instruction with galvanized fasteners for steel roofing and 300-series stainless steel for copper and other metal roofing

FLASHING: Install base, cap, valley, and sidewall flashing per manufacturer's written instructions instructions.

CRICKETS AND SADDLES: Install on uphill side of chimneys and other similar protrusions.

METAL-PLATE-CONNECTED WOOD TRUSSES

Reference IBC Section 2303.4. Trusses shall be designed by a qualified specialty engineer licensed to practice in the governing municipality. The designs shall account for the loads indicated under DESIGN PARAMETERS and any other specialty loads such a drifts, mechanical equipment, and axial drag loads that may be shown on the plans and details. Designs shall account for unbalanced loading, drifting, and wind loads as applicable in combination per the 2012 IBC. At a minimum, the designs shall consider 15 psf uniform dead load. Attic trusses shall be designed with an additional 10 psf uniform dead load on bottom chord. Roof designs shall consider at 10 psf uniform net uplift. The designs shall include all permanent and temporary bracing, and truss-to-truss and truss-to-bearing connections.

Calculations and shop drawings stamped by the specialty engineer shall be submitted to the contractor for review. The contractor and specialty engineer are responsible for details and accuracy including specific conformance to these documents.

Contractor is responsible to request additional details not shown on these plans if desired. Specialty engineer is not responsible for connections not specifically detailed on this set of plans.

CONCRETE

REFERENCE STANDARDS:
· ACI 301-11 "Building Code Requirements for Concrete"
· IBC Chapter 19

MIX DESIGN:
2500 psi - footings protected from weather
3000 psi - vertical concrete exposed to weather
3500 psi - flat concrete exposed to weather including garage floors

· Strength: 28-day strength - Fc' design stregth (psi)
· Maximum Aggregate Size shall be 1"
· W/C: Water/Cement Ratio shall not exceed .48 based on the total weight of cementitious materials
· Air content of concrete exposed to weataher shall be 5% measured at point of placement.
· Pozzolans: may be used in accordance with ACI 301-11.
· Chloride content shall conform to ACI 301-11.

CONSTRUCTION JOINTS: See the plan for location and details.

SHRINKAGE: Concrete will shrink after initial placement. The contractor shall coordinate jointing and finishes to provide adequate tolerance for shrinkage.

TESTING FOR CONCRETE STRENGTH:
When required by the building official obtain samples and conduct tests in accordance with ACI 301-11. For each test mold and cure 3 cylinders. Test (1) at 7 days and (2) at 28 days. The strength is satisfactory if the averages of all sets of 3 consecutive tests equal or exceed the specified strength and no individual test falls below the specified strength by more than 500 psi.

REINFORCING STEEL:

Reinforcing Bars - deformed	ASTM A615, Grade 60
Smooth Welded Wire Fabric	ASTM A185
Deformed Welded Wire Fabric	ASTM A497
Bar Supports	CRSI MSP-1, Chapter 3
Tie Wire - black annealed	16.5 gage or heavier

CONCRETE COVER: Conform to 301-05

Concrete cast against earth	3"
Concrete exposed to earth or weather	1 1/2"
Bars in slabs and walls	3/4"

BAR SPLICES: Conform to ACI 301-11 for class "B" splices or 40 bar diameters, whichever is greater.

* (NO CLIP NECESSARY IF SHEATHING PANEL BEGINS AT BOTTOM OF PLATE BELOW AND NAILED ALONG PLATE PER SHEARWALL SCHEDULE)

SHEARWALL SCHEDULE NOTES:

[1] INSTALL PANELS EITHER HORIZONTALLY OR VERTICALLY.

[2] WHERE SHEATHING IS APPLIED ON BOTH SIDES OF WALL, PANEL EDGE JOINTS ON 2X FRAMING SHALL BE STAGGERED SO THAT JOINTS ON THE OPPOSITE SIDES ARE NOT LOCATED ON THE SAME STUD.

[3] BLOCKING IS REQUIRED AT ALL PANEL EDGES.

[4] PROVIDE SHEAR WALL SHEATHING AND NAILING FOR THE ENTIRE LENGTH OF THE WALLS INDICATED ON THE PLANS. ENDS OF FULL HEIGHT WALLS ARE DESIGNATED BY WINDOWS OR DOORWAYS OR AS DESIGNATED ON PLANS. FOR HOLDOWN REQUIREMENT REFERENCE PLANS. (ALTERNATE NOTE: WALLS DESIGNATED AS PERFORATED SHEARWALLS REQUIRE SHEATHING, SHEAR WALL NAILING ETC. ABOVE AND BELOW, ALL OPENINGS.)

[5] SHEATHING EDGE NAILING TO BE DOUBLED AT ALL HOLDOWN POSTS. EDGE NAILING MAY ALSO BE REQUIRED TO EACH STUD USED IN BUILT-UP HOLDOWN POSTS. FOR ADDITIONAL INFORMATION, REFERENCE THE HOLDOWN DETAILS.

[6] INTERMEDIATE FRAMING TO BE WITHIN 24" WINDOWN MEMBERS. ATTACH SHEATHING TO INTERMEDIATE FRAMING WITH 8D NAILS AT 12" OC WHERE STUDS ARE SPACED AT 16" OC AND 8D NAILS AT 6" OC WHERE STUDS ARE SPACED AT 24" OC.

[7] BASED ON 130 X 1 1/2" NAILS USED TO ATTACH FRAMING CLIPS DIRECTLY TO FRAMING. USE 8D NAILS WHERE INSTALLED OVER SHEATHING.

[8] FRAMING CLIPS: SIMPSON A35 OR LTP5 OR APPROVED EQUIVALENT

[9] WHERE BOTTOM PLATE ATTACHMENT SPECIFIES (2) ROWS OF NAILS, PROVIDE DOUBLE 2X10 RIM JOISTS OR EQUAL BELOW. STAGGER NAILS 3 INCHES 1 1/2" AWAY FROM EDGE.

[10] AN ESSENCE DESIGN CATEGORIES D, E AND F, ANCHOR BOLTS SHALL BE PROVIDED WITH STEEL PLATE WASHER 0.229 X 3" X 3" MINIMUM SIZE BETWEEN THE NUT AND THE CONCRETE.

[11] PRESSURE TREATED MATERIAL CAN CAUSE EXTENSIVE CORROSION IN THE FASTENERS. PROVIDE HOT DIPPED GALVANIZED (ELECTRO PLATING IS NOT ACCEPTABLE) NAILS AND CONNECTOR PLATES (PARAGON ANGLES ETC.) FOR ALL CONNECTIONS IN CONTACT WITH PRESSURE TREATED FRAMING MEMBERS.

[12] 7/16" APA RATED SHEATHING (OSB) MAY BE USED IN PLACE OF 1/2" SHEATHING PROVIDED THAT ALL STUDS ARE SPACED AT 16" O.C. MAXIMUM.

[13] WHERE WOOD SHEATHING (OSB) IS APPLIED OVER GYPSUM SHEATHING (GS) CONTACT THE ENGINEER OF RECORD FOR ALTERNATE NAILING REQUIREMENTS.

[14] AT ADJOINING PANEL EDGES, (2) 2X STUDS NAILED TOGETHER MAY BE USED IN PLACE OF A SINGLE 3X STUD. DOUBLE 2X STUDS MAY BE CONNECTED TOGETHER BY NAILING THE STUDS TOGETHER WITH 2" LONG NAILS OF THE SAME SPACING AND DIAMETER AS THE PLATE NAILING REFERENCE SECTION.

[15] CONTACT THE STRUCTURAL ENGINEER OF RECORD FOR ADHESIVE OR EXPANSION BOLT ALTERNATIVES TO POST INSTALLED ANCHOR RODS. SPECIAL INSPECTION MAY BE REQUIRED.

[16] x WHERE "W" INDICATES WOOD SHEATHING AND "X" INDICATES EDGE NAIL SPACING

COPYRIGHTED BY MONTGOMERY BUILDING DESIGN LLC. THIS DRAWING IS NOT TO BE USED TO CONSTRUCT MORE THAN ONE BUILDING AT THE SITE LISTED OR OTHERWISE WITHOUT WRITTEN PERMISSION FROM THE COPYRIGHT HOLDER.

GENERAL NOTES

GOVERNING CODE: The "2006 International Building Code" shall govern design and construction.

CONTRACTOR RESPONSIBILITIES: The contractor is responsible for the means and methods of construction, job related safety standards, and the strength and stability of the structure during construction. He shall provide temporary shoring, bracing and other elements required to maintain stability until the structure is complete. The contractor shall be familiar with the work required in these documents and the requirements for executing it properly.

DISCREPANCIES: Discrepancies in these drawings shall be brought to the attention of Montgomery Building Design, or Engineer of record prior to beginning the work in question.

SITE VERIFICATION: The contractor shall verify all dimensions and conditions at the site.

ADJACENT UTILITIES. The contractor shall determine the location of all adjacent underground utilities prior to excavation and drilling.

SOILS and FOUNDATIONS

REFERENCE STANDARDS: Design and construction shall conform to IBC Chapter 18 "Soils and Foundations"

SOILS INSPECTION: The Building Official or a licenced Geotechnical Engineer shall inspect all prepared soil bearing surfaces prior to placement of concrete and reinforcing steel and shall verify the following DESIGN SOIL VALUES.

Allowable bearing pressure	1500PSF
Passive lateral pressure	350PCF e.f.p.
Active lateral pressure - unrestraind	40PCF e.f.p.
Active lateral pressure - restrained	60PCF e.f.p.
Coefficient of sliding friction	0.35

FOOTING DEPTH: Exterior footings shall bear at least (24") below finish grade.

FOOTING CONSTRUCTION: Except where noted otherwise in these plans, concrete footings shall be constructed as follows: Footing shall be reinforced with #4 bars spaced at 8" oc located between the bottom third and mid-depth of footings. Strip (continuous) footings require reinforcement in the long direction only. Spread footing shall be reinforced in both directions. Vertical reinforcement for stem walls shall be cast in place extending to within 3" of footing bottom.

CONCRETE STEM WALLS: Except where noted otherwise in the plans, concrete stem walls shall be 8" wide and shall be reinforced with #4 bars spaced at 12" oc in the vertical and horizontal direction. One bar shall be located 4" from the top of wall with the hook end of anchor bolts held below this bar. Vertical reinforcement shall be cast in place in the footing concrete extending to 3" from bottom of footing (except for 24" tall monolithic footing / stem walls which require only 1- #4 horizontal at 4" from top, footing same as above.)

CONCRETE SLABS-ON-GRADE: Except where noted otherwise in these plans, concrete floor slabs shall be no less than 4" thick and shall be reinforced with W1.4 x W1.4 6x6 welded wire fabric (or #3 bars spaced at 18" oc) supported to remain in place between mid-depth of the slab and the upper third. Slabs shall be cast over a prepared compacted sub-base of 4" thick clean graded sand, gravel, or crushed stone passing a 2" seive. A base course is not required over soils having a percolation rate greater than 4" per hour - Ref R506.2.2 exception and Table R405.1 Group I and footnote "a".)

WOOD

GRADING: All sawn lumber and engineered wood products shall be identified by a grade mark or a certificate of inspection by an approved agency complying with DOC PS20 or equivalent.

LUMBER and TIMBER: Except where noted otherwise the species and grade of lumber and timber shall be as follows:
Hem Fir No. 2 - Preservative-treated lumber and timber
Douglas Fir No. 2 - All other lumber and timber

STRUCTURAL GLUE-LAMINATED TIMBER:
Conform to AITC I90.1 & ASTM D3737
Glulam - simple span 2400F-V4
Glulam - cantilever or continuous 2400F-V8
Camber simple span beams to 2000' radius unless noted otherwise.

RECTANGULAR ENGINEERED WOOD: Conform to ASTM 5456

PSL - parallel strand lumber	2.0 E
LSL - laminated strand lumber	1.5 E
LVL - laminated veneer lumber	1.8 E

WOOD STRUCTURAL PANELS (Sheathing): Conforming to DOC PS1 or PS2 according to type and shall be identified by the trademarks of an approved testing & inspection agency. Unless noted otherwise horizontal panels shall be installed with the long dimension perpendicular to supporting framing with panels continuous over two or more spans with adjacent rows of sheathing having stagered joints.

Use	Roof	Floor	Walls
Thickness	5/8"	3/4	1/2"
Span rating	40 / 20	32 / 16	32 / 16
Panel grade	C-D	C-D	C-D
Exposure	1	1	1

CONNECTORS: Prefabricated connectors shall be by the Simpson Strong-Tie Company as specified in their catalog No. C-2009. Connectors shall be installed per the manufacturer's instructions. Where connector straps connect two members, place one-half of the nails or bolts in each member. Provide washers under the heads and nuts of all bolts and lag screws bearing on wood. Unless noted otherwise all nails shall be common.

GALVANIZED FASTENERS: Conform to ASTM A653 designation G185.

NAILS: Conform to IBC 2304.9 "Connections and Fasteners". Unless noted otherwise all nails shall be common. Nails shall be driven flush and shall not fracture the surface of sheathing. Nail sizes specified on the drawings are based on the following specifications:

Size	Length	Diameter
6d	2"	.113"
8d	2 ½"	.131"
10d	3"	.148"
12d	3 ¼"	.148"
16d	3 ½"	.162"

LAG and MACHINE BOLTS: Conform to ASTM A307.

STUD WALL CONSTRUCTION: Conform to IBC 2304. Unless noted otherwise, studs shall be spaced at 16" oc, exterior studs shall be 2x6, and interior studs shall be 2x4, interior headers shall be 4x8, exterior headers shall be 6x10. Provide two studs minimum at the end of all walls and at each side of all openings. Attach the lower plates of all stud walls to concrete with 5/8" diameter A307 anchor bolts x 7" embedment spaced per plan and shearwall schedule. All anchor bolts to have 1/4"x 3" square galvanized washers. Spacing shall not exceed 48" O.C. Nail together individual members of built up posts with two rows of 16d @ 12" O.C. staggered. Refer to the plans and shearwall schedule for required sheathing and nailing. When not otherwise noted, provide 1/2" gypsum wallboard on interior surfaces.

PRESERVATIVE TREATMENT. Wood materials specified as "pressure treated" shall be "treated wood". "Decay and Termite Protection" shall conform to the appropriate standards of the American Wood-Preservers Association (AWPA) for sawn lumber, glued laminated timber, round poles, wood piles and marine piles. Follow American Lumber Standards Committee (ALSC) quality assurance procedures. Use hot dipped galvanized or stainless steel fasteners and connectors for preservative treated wood products.

ROOF COVERINGS

MINIMUM REQUIREMENTS: Install per manufacturer's written instructions. See also section R905 for additional requirements and flashing requirements.

SHINGLES: Asphalt shingles shall be fiberglass-reinforced class A shingles with self-sealing strips or interlocking design conforming with ASTM D 225 or D 3462 and installed on slopes between 2:12 and 20:12 fastened over underlayment or ice-protection as indicated below.

FASTERNERS: Shingles shall be fastened over underlayment to solid wood deck with 12 gage galvanized steel roofing nails with 3/8" diameter heads meeting ASTM F 1667 and penetrating the roof sheathing surface at least 3/4". Quantity of fasteners shall be per shingle manufacturer but no less than four per strip or 2 per shingle.

UNDERLAYMENT: 15lb felt paper or equivalent underlayment shall comply with ASTM D 226 type I or ASTM 4869 type I. Install 36" wide strips perpendicular to roof slope overlapping 2" except provide double layer with 19" overlaps at slopes less than 4:12

ICE PROTECTION: Install of self-adhering polymer modified bitumen sheet, in lieu of underlayment, beginning at roof eaves and extending at least 24" inside the exterior wall line of the building per manufacturer's written instructions.

FLASHING: Install a base, cap, valley, and sidewall flashing per manufacturer's written installation instructions.

METAL ROOF COVERINGS

MINIMUM REQUIREMENTS: Install per manufacturer's written instructions. See also section R905 for additional requirements and flashing requirements.

DECKING: Metal roofing material shall be applied over solid roof sheathing per plan

MINIMUM SLOPE:
25% for lapped, non-soldered seam without sealant
4% for lapped, non-soldered seams with sealant
2% for standing seam roof systems

MATERIALS: Materials shall be naturally corrosion-resistant or treated to be so per Table R905.10.3 (1)

ATTACHMENT: Attach to to supports per manufacturer's instruction with galvanized fasteners for steel roofing and 300-series stainless steel for copper and other metal roofing

FLASHING: Install base, cap, valley, and sidewall flashing per manufacturer's written instructions instructions.

CRICKETS AND SADDLES: Install on uphill side of chimneys and other similar protrusions.

METAL-PLATE-CONNECTED WOOD TRUSSES

Reference IBC Section 2303.4. Trusses shall be designed by a qualified specialty engineer licensed to practice in the governing municipality. The designs shall account for the loads indicated under DESIGN PARAMETERS and any other specialty loads such a drifts, mechanical equipment, and axial drag loads that may be shown on the plans and details. Designs shall account for unbalanced loading, drifting, and wind loads as applicable in combination per the 2006 IBC. At a minimum, the designs shall consider 15 psf uniform dead load and roof designs shall consider at 10 psf uniform net uplift. The designs shall include all permanent and temporary bracing, and truss-to-truss and truss-to-bearing connections.

Calculations and shop drawings stamped by the specialty engineer shall be submitted to the contractor for review. The contractor and specialty engineer are responsible for details and accuracy including specific conformance to these document.

CONCRETE

REFERENCE STANDARDS:
· ACI 301-05 "Building Code Requirements for Concrete"
· IBC Chapter 19

MIX DESIGN:
2500 psi - footings protected from weather
3000 psi - vertical concrete exposed to weather
3500 psi - flat concrete exposed to weather including garage floors

· Strength: 28-day strength - Fc' design stregth (psi)
· Maximum Aggregate Size shall be 1"
· W/C: Water/Cement Ratio shall not exceed .48 based on the total weight of cementitious materials
· Air content of concrete exposed to weataher shall be 5% measured at point of placement.
· Pozzolans: may be used in accordance with ACI 301-05.
· Chloride content shall conform to ACI 301-05.

CONSTRUCTION JOINTS: See the plan for location and details.

SHRINKAGE: Concrete will shrink after initial placement. The contractor shall coordinate jointing and finishes to provide adequate tolerance for shrinkage.

TESTING FOR CONCRETE STRENGTH:
When required by the building official obtain samples and conduct tests in accordance with ACI 301-05. For each test mold and cure 3 cylinders. Test (1) at 7 days and (2) at 28 days. The strength is satisfactory if the averages of all sets of 3 consecutive tests equal or exceed the specified strength and no individual test falls below the specified strength by more than 500 psi.

REINFORCING STEEL:

Reinforcing Bars - deformed	ASTM A615, Grade 40
Smooth Welded Wire Fabric	ASTM A185
Deformed Welded Wire Fabric	ASTM A497
Bar Supports	CRSI MSP-1, Chapter 3
Tie Wire - black annealed	16.5 gage or heavier

CONCRETE COVER: Conform to 301-05

Concrete cast against earth	3"
Concrete exposed to earth or weather	1 1/2"
Bars in slabs and walls	3/4"

BAR SPLICES: Conform to ACI 301-05 for class "B" splices or 40 bar diameters, whichever is greater.

* (NO CLIP NECESSARY IF SHEATHING PANEL BEGINS AT BOTTOM OF PLATE BELOW AND NAILED ALONG PLATE PER SHEARWALL SCHEDULE)

SHEARWALL SCHEDULE NOTES

[1] INSTALL PANELS EITHER HORIZONTALLY OR VERTICALLY.
[2] WHERE SHEATHING IS APPLIED ON BOTH SIDES OF WALL, PANEL EDGE JOINTS ON 2X FRAMING SHALL BE STAGGERED SO THAT JOINTS ON THE OPPOSITE SIDES ARE NOT LOCATED ON THE SAME STUDS.
[3] BLOCKING IS REQUIRED AT ALL PANEL EDGES.
[4] PROVIDE SHEAR WALL SHEATHING AND NAILING FOR THE ENTIRE LENGTH OF THE WALLS INDICATED ON THE PLANS, ENDS OF FULL HEIGHT WALLS ARE DESIGNATED BY WINDOWS, OR DOORWAYS OR AS DESIGNATED ON PLANS, FOR HOLDOWN REQUIREMENT, REFERENCE PLANS. (ALTERNATE NOTE: WALLS DESIGNATED AS PERFORATED SHEARWALLS REQUIRE SHEATHING, SHEAR WALL NAILING, ETC. ABOVE AND BELOW ALL OPENINGS).
[5] SHEATHING EDGE NAILING IS REQUIRED AT ALL HOLDOWN POSTS. EDGE NAILING MAY ALSO BE REQUIRED TO EACH STUD USED IN BUILT-UP HOLDOWN POSTS. FOR ADDITIONAL INFORMATION REFERENCE THE HOLDOWN DETAILS.
[6] INTERMEDIATE FRAMING TO BE WITH 2X MINIMUM MEMBERS. ATTACH SHEATHING TO INTERMEDIATE FRAMING WITH 8D NAILS AT 12" O.C. WHERE STUDS ARE SPACED AT 16" O.C. AND 8D NAILS AT 6" O.C. WHERE STUDS ARE SPACED AT 24" O.C.
[7] BASED ON 131" X 1 1/2" NAILS USED TO ATTACH FRAMING CLIPS DIRECTLY TO FRAMING. USE 8D NAILS WHERE INSTALLED OVER SHEATHING.
[8] FRAMING CLIPS: SIMPSON A35 OR LTP5 OR APPROVED EQUIVALENT.
[9] WHERE BOTTOM PLATE ATTACHMENT SPECIFIES (2) ROWS OF NAILS, PROVIDE DOUBLE JOIST. RIM JOIST OR EQUAL BELOW. STAGGER NAILS IN ROWS 1 1/2" APART MINIMUM.
[10] IN SEISMIC DESIGN CATEGORIES D,E AND F, ANCHOR RODS SHALL BE PROVIDED WITH STEEL PLATE WASHER 1/4"W 3"H 3" EMBED ANCHOR RODS 7" MINIMUM INTO THE CONCRETE.
[11] PRESSURE TREATED MATERIAL CAN CAUSE EXCESSIVE CORROSION IN THE FASTENERS. PROVIDE HOT DIPPED GALVANIZED (ELECTRO-PLATING IS NOT ACCEPTABLE) NAILS AND CONNECTOR PLATES (FRAMING ANGLES, ETC.) FOR ALL CONNECTORS IN CONTACT WITH PRESSURE TREATED FRAMING MEMBERS.
[12] 7/16" APA-RATED SHEATHING (OSB) MAY BE USED IN PLACE OF 1/2" SHEATHING PROVIDED THAT ALL STUDS ARE SPACED AT 16" O.C. MAXIMUM.
[13] WHERE WOOD SHEATHING (OSB) IS APPLIED OVER GYPSUM SHEATHING (6), CONTACT THE ENGINEER OF RECORD FOR ALTERNATE NAILING REQUIREMENTS.
[14] AT ADJOINING PANEL EDGES, (2) 2X STUDS NAILED TOGETHER MAY BE USED IN PLACE OF A SINGLE 3X STUD. DOUBLE 2X STUDS MAY BE CONNECTED TOGETHER BY NAILING THE STUDS TOGETHER WITH 3" LONG NAILS OF THE SAME SPACING AND DIAMETER AS THE PLATE NAILING REFERENCES SECTION.
[15] CONTACT THE STRUCTURAL ENGINEER OF RECORD FOR ADHESIVE OR EXPANSION BOLT ALTERNATIVES TO CAST IN PLACE ANCHOR RODS. SPECIAL INSPECTION MAY BE REQUIRED.
[16] ◁ WHERE "W" INDICATES WOOD SHEATHING AND "X" INDICATES EDGE NAIL SPACING

GENERAL NOTES

GOVERNING CODE: The 2012 International Building Code shall govern design and construction.

CONTRACTOR RESPONSIBILITIES: The contractor is responsible for the means and methods of construction, job related safety standards, and the strength and stability of the structure during construction. He shall provide temporary shoring, bracing and other elements required to maintain stability until the structure is complete. The contractor shall be familiar with the work required in these documents and the requirements for executing it properly.

DISCREPANCIES: Discrepancies in these drawings shall be brought to the attention of Montgomery Building Design, or Engineer of record prior to beginning the work in question.

SITE VERIFICATION: The contractor shall verify all dimensions and conditions at the site.

ADJACENT UTILITIES. The contractor shall determine the location of all adjacent underground utilities prior to excavation and drilling.

SOILS and FOUNDATIONS

REFERENCE STANDARDS: Design and construction shall conform to IBC Chapter 18 "Soils and Foundations"

SOILS INSPECTION: The Building Official or a licenced Geotechnical Engineer shall inspect all prepared soil bearing surfaces prior to placement of concrete and reinforcing steel and shall verify the following DESIGN SOIL VALUES.

Allowable bearing pressure	2000psf
(assumes silty soil w/ gravel & rock, contractor to notify engineer if otherwise)	
Passive lateral pressure	350PCF e.f.p.
Active lateral pressure - unrestraind	40PCF e.f.p.
Active lateral pressure - restrained	60PCF e.f.p.
Coefficient of sliding friction	0.35

FOOTING DEPTH: Exterior footings shall bear at least (24") below finish grade.

FOOTING CONSTRUCTION: Except where noted otherwise in these plans, concrete footings shall be constructed as follows: Footing shall be reinforced with #4 bars spaced at 8" oc located between the bottom third and mid-depth of footings. Strip (continuous) footings require reinforcement in the long direction only. Spread footing shall be reinforced in both directions. Vertical reinforcement for stem walls shall be cast in place extending to within 3" of footing bottom.

CONCRETE STEM WALLS: Except where noted otherwise in the plans, concrete stem walls shall be 6" wide and shall be reinforced with #4 bars spaced at 12" oc in the vertical and horizontal direction. One bar shall be located 4" from the top of wall with the hook end of anchor bolts held below this bar. Vertical reinforcement shall be cast in place in the footing concrete extending to 3" from bottom of footing (except for 24" tall monolithic footing / stem walls which require only 1- #4 horizontal at 4" from top, footing same as above.)

CONCRETE SLABS-ON-GRADE: Except where noted otherwise in these plans, concrete floor slabs shall be no less than 4" thick and shall be reinforced with W1.4 x W1.4 6x6 welded wire fabric (or #3 bars spaced at 18" e.w.) supported to remain in place between mid-depth of the slab and the upper third. Slabs shall be cast over a prepared compacted sub-base of 4" thick clean graded sand, gravel, or crushed stone passing a 2" seive. A base course is not required over soils having a percolation rate greater than 4" per hour - Ref R506.2.2 exception and Table R405.1 Group I and footnote "a".)

WOOD

GRADING: All sawn lumber and engineered wood products shall be identified by a grade mark or a certificate of inspection by an approved agency complying with DOC PS20 or equivalent.

LUMBER and TIMBER: Except where noted otherwise the species and grade of lumber and timber shall be as follows:
Hem Fir No. 2 - Preservative-treated lumber and timber
Douglas Fir No. 2 - All other lumber and timber

STRUCTURAL GLUE-LAMINATED TIMBER:
Conform to AITC I90.1 & ASTM D3737
Glulam - simple span DF/DF 24F-V4
Glulam - cantilever or continuous DF/DF 24F-V4
Camber simple span beams to 2000' radius unless noted otherwise.

RECTANGULAR ENGINEERED WOOD: Conform to ASTM 5456

PSL - parallel strand lumber	2.0 E
LSL - laminated strand lumber	1.5 E
LVL - laminated veneer lumber	1.8 E

WOOD STRUCTURAL PANELS (Sheathing): Conforming to DOC PS1 or PS2 according to type and shall be identified by the trademarks of an approved testing & inspection agency. Unless noted otherwise horizontal panels shall be installed with the long dimension perpendicular to supporting framing with panels continuous over two or more spans with adjacent rows of sheathing having stagered joints.

Use	Roof	Floor	Walls
Thickness	5/8"	3/4	7/16"
Span rating	40 / 20	32 / 16	32 / 16
Panel grade	C-D	C-D	C-D
Exposure	1	1	1

CONNECTORS: Prefabricated connectors shall be by the Simpson Strong-Tie Company as specified in their catalog No. C-2013. Connectors shall be installed per the manufacturer's instructions. Where connector straps connect two members, place one-half of the nails or bolts in each member. Provide washers under the heads and nuts of all bolts and lag screws bearing on wood. Unless noted otherwise all nails shall be common. All exterior Simpson connectors to have HDG or ZMAX coating.

GALVANIZED FASTENERS: Conform to ASTM A653 designation G185.

NAILS: Conform to IBC 2304.9 "Connections and Fasteners". Unless noted otherwise all nails shall be common. Nails shall be driven flush and shall not fracture the surface of sheathing. Nail sizes specified on the drawings are based on the following specifications:

Size	Length	Diameter
6d	2"	.113"
8d	2 ½"	.131"
10d	3"	.148"
12d	3 ¼"	.148"
16d	3 ½"	.162"

LAG and MACHINE BOLTS: Conform to ASTM A307.

STUD WALL CONSTRUCTION: Conform to IBC 2304. Unless noted otherwise, studs shall be spaced at 16" oc, exterior studs shall be 2x6, and interior studs shall be 2x4, interior headers shall be 4x8, exterior headers shall be 6x8. Provide two studs minimum at the end of all walls and at each side of all openings. Attach the lower plates of all stud walls to concrete with 5/8" diameter A307 anchor bolts x 7" embedment spaced per plan and shearwall schedule. All anchor bolts to have 1/4"x 3" square galvanized washers. Spacing shall not exceed 48" O.C. Nail together individual members of built up posts with two rows of 16d @ 12" O.C. staggered. Refer to the plans and shearwall schedule for required sheathing and nailing. When not otherwise noted, provide 1/2" gypsum wallboard on interior surfaces.

PRESERVATIVE TREATMENT. Wood materials specified as "pressure treated" shall be "treated wood". "Decay and Termite Protection" shall conform to the appropriate standards of the American Wood-Preservers Association (AWPA) for sawn lumber, glued laminated timber, round poles, wood piles and marine piles. Follow American Lumber Standards Committee (ALSC) quality assurance procedures. Use hot dipped galvanized or stainless steel fasteners and connectors for preservative treated wood products.

ROOF COVERINGS

MINIMUM REQUIREMENTS: Install per manufacturer's written instructions. See also section R905 for additional requirements and flashing requirements.

SHINGLES: Asphalt shingles shall be fiberglass-reinforced class A shingles with self-sealing strips or interlocking design conforming with ASTM D 225 or D 3462 and installed on slopes between 2:12 and 20:12 fastened over underlayment or ice-protection as indicated below.

FASTENERS: Shingles shall be fastened over underlayment to solid wood deck with 12 gage galvanized steel roofing nails with 3/8" diameter heads meeting ASTM F 1667 and penetrating the roof sheathing surface at least 3/4". Quantity of fasteners shall be per shingle manufacturer but no less than four per strip or 2 per shingle.

UNDERLAYMENT: 15lb felt paper or equivalent underlayment shall comply with ASTM D 226 type I or ASTM 4869 type I. Install 36" wide strips perpendicular to roof slope overlapping 2" except provide double layer with 19" overlaps at slopes of 4:12 or less.

ICE PROTECTION: Install of self-adhering polymer modified bitumen sheet, in lieu of underlayment, beginning at roof eaves and extending at least 24" inside the exterior wall line of the building per manufacturer's written instructions.

FLASHING: Install a base, cap, valley, and sidewall flashing per manufacturer's written installation instructions.

METAL ROOF COVERINGS

MINIMUM REQUIREMENTS: Install per manufacturer's written instructions. See also section R905 for additional requirements and flashing requirements.

DECKING: Metal roofing material shall be applied over solid roof sheathing per plan

MINIMUM SLOPE:
25% for lapped, non-soldered seam without sealant
4% for lapped, non-soldered seams with sealant
2% for standing seam roof systems

MATERIALS: Materials shall be naturally corrosion-resistant or treated to be so per Table R905.10.3 (1)

ATTACHMENT: Attach to to supports per manufacturer's instruction with galvanized fasteners for steel roofing and 300-series stainless steel for copper and other metal roofing

FLASHING: Install base, cap, valley, and sidewall flashing per manufacturer's written instructions instructions.

CRICKETS AND SADDLES: Install on uphill side of chimneys and other similar protrusions.

METAL-PLATE-CONNECTED WOOD TRUSSES

Reference IBC Section 2303.4. Trusses shall be designed by a qualified specialty engineer licensed to practice in the governing municipality. The designs shall account for the loads indicated under DESIGN PARAMETERS and any other specialty loads such a drifts, mechanical equipment, and axial drag loads that may be shown on the plans and details. Designs shall account for unbalanced loading, drifting, and wind loads as applicable in combination per the 2012 IBC. At a minimum, the designs shall consider 15 psf uniform dead load. Attic trusses shall be designed with an additional 10 psf uniform dead load on bottom chord. Roof designs shall consider at 10 psf uniform net uplift. The designs shall include all permanent and temporary bracing, and truss-to-truss and truss-to-bearing connections.

Calculations and shop drawings stamped by the specialty engineer shall be submitted to the contractor for review. The contractor and specialty engineer are responsible for details and accuracy including specific conformance to these documents.

Contractor is responsible to request additional details not shown on these plans if desired. Specialty engineer is not responsible for connections not specifically detailed on this set of plans.

CONCRETE

REFERENCE STANDARDS:
· ACI 318-11 "Building Code Requirements for Concrete"
· IBC Chapter 19

MIX DESIGN:
2500 psi - footings protected from weather
3000 psi - vertical concrete exposed to weather
3500 psi - flat concrete exposed to weather including garage floors

· Strength: 28-day strength - Fc' design stregth (psi)
· Maximum Aggregate Size shall be 1"
· W/C: Water/Cement Ratio shall not exceed .48 based on the total weight of cementitious materials
· Air content of concrete exposed to weataher shall be 5% measured at point of placement.
· Pozzolans: may be used in accordance with ACI 318-11.
· Chloride content shall conform to ACI 318-11.

CONSTRUCTION JOINTS: See the plan for location and details.

SHRINKAGE: Concrete will shrink after initial placement. The contractor shall coordinate jointing and finishes to provide adequate tolerance for shrinkage.

TESTING FOR CONCRETE STRENGTH:
When required by the building official obtain samples and conduct tests in accordance with ACI 318-11. For each test mold and cure 3 cylinders. Test (1) at 7 days and (2) at 28 days. The strength is satisfactory if the averages of all sets of 3 consecutive tests equal or exceed the specified strength and no individual test falls below the specified strength by more than 500 psi.

REINFORCING STEEL:

Reinforcing Bars - deformed	ASTM A615, Grade 60
Smooth Welded Wire Fabric	ASTM A185
Deformed Welded Wire Fabric	ASTM A497
Bar Supports	CRSI MSP-1, Chapter 3
Tie Wire - black annealed	16.5 gage or heavier

CONCRETE COVER: Conform to 318-11

Concrete cast against earth	3"
Concrete exposed to earth or weather	1 1/2"
Bars in slabs and walls	3/4"

BAR SPLICES: Conform to ACI 318-11 for class "B" splices or 40 bar diameters, whichever is greater.

DESIGN PARAMETERS

LIVE LOADS:

Snow - Pg	159 psf
Snow - Pf	psf - heated
Snow - Pf	psf - non heated
Exposure factor	1.2
Floor Live	40 psf

DEAD LOADS:

Floor Dead	12 psf
Roof Dead	15 psf

WIND DESIGN:

Basic wind speed	85 mph
Exposure	B

SEISMIC DESIGN:

Site classification	D[1]
Ss	0.74
S1	0.25
Importance factor	1.0
Response modification	6.5

DEFLECTION LIMITS:

Total load	L/240
Live Roof	L/360
Live Floor	L/480

* END CLIP NECESSARY IF SHEATHING PANEL BEGINS AT BOTTOM OF PLATE BELOW AND NAILED ALONG PLATE (SEE SHEARWALL SCHEDULE)

SHEARWALL SCHEDULE NOTES:

[1] INSTALL PANELS EITHER HORIZONTALLY OR VERTICALLY.
[2] WHERE SHEATHING IS APPLIED ON BOTH SIDES OF WALL, PANEL EDGE JOINTS ON 2X FRAMING SHALL BE STAGGERED SO THAT JOINTS ON THE OPPOSITE SIDES ARE NOT LOCATED ON THE SAME STUDS.
[3] BLOCKING IS REQUIRED AT ALL PANEL EDGES.
[4] PROVIDE SHEAR WALL SHEATHING AND NAILING FOR THE ENTIRE LENGTH OF THE WALLS INDICATED ON THE PLANS, ENDS OF FULL HEIGHT WALLS ARE DESIGNATED BY WINDOWS, OR DOORWAYS OR AS DESIGNATED ON PLANS. FOR HOLDOWN REQUIREMENT REFERENCE PLANS. ALTERNATE NOTE: WALLS DESIGNATED AS PERFORATED SHEARWALLS REQUIRE SHEATHING SHEAR WALL NAILING ETC ABOVE AND BELOW ALL OPENINGS)
[5] SHEATHING EDGE NAILING IS REQUIRED AT ALL HOLDOWN POSTS. EDGE NAILING MAY ALSO BE REQUIRED TO EACH STUD USED IN BUILT-UP HOLDOWN POSTS. FOR ADDITIONAL INFORMATION, REFERENCE THE HOLDOWN DETAILS.
[6] INTERMEDIATE FRAMING TO BE WITH 2X MINIMUM MEMBERS. ATTACH SHEATHING TO INTERMEDIATE FRAMING WITH 8D NAILS AT 12" O.C. WHERE STUDS ARE SPACED AT 16" O.C. AND 8D NAILS AT 6" O.C. WHERE STUDS ARE SPACED AT 24" O.C.
[7] BASED ON 130 MPH WALLS USED TO ATTACH FRAMING CLIPS DIRECTLY TO FRAMING. USE 8D NAILS WHERE INSTALLED OVER SHEATHING.
[8] FRAMING CLIPS: SIMPSON A35 OR LTP5 OR APPROVED EQUIVALENT
[9] WHERE BOTTOM PLATE ATTACHMENT SPECIFIES (2) ROWS OF NAILS, PROVIDE DOUBLE 2OXST RIM 2OXST OR EQUAL BELOW. STAGGER NAILS IN ROWS 3-1/2" APART MINIMUM.
[10] IN SEISMIC DESIGN CATEGORIES D, E AND F, ANCHOR RODS SHALL BE PROVIDED WITH STEEL PLATE WASHER (1/4"X 3"X 3" EMBEDDED ANCHOR RODS) 7" MINIMUM INTO THE CONCRETE.
[11] PRESSURE TREATED MATERIAL CAN CAUSE EXCESSIVE CORROSION ON THE FASTENERS. PROVIDE HOT DIPPED GALVANIZED (ELECTRO PLATING IS NOT ACCEPTABLE) NAILS, AND CONNECTOR PLATES (FRAMING ANGLES ETC.) FOR ALL CONNECTIONS IN CONTACT WITH PRESSURE TREATED PLATE OR MEMBERS.
[12] 7/16" APA RATED SHEATHING (OSB) MAY BE USED IN PLACE OF 1/2" SHEATHING PROVIDED THAT ALL STUDS ARE SPACED AT 16" O.C. MAXIMUM.
[13] WHERE WOOD SHEATHING IS APPLIED OVER GYPSUM SHEATHING (6), CONTACT THE ENGINEER OF RECORD FOR ALTERNATE NAILING REQUIREMENTS.
[14] AT ADJOINING PANEL EDGES: (2) 2X STUDS NAILED TOGETHER MAY BE USED IN PLACE OF A SINGLE 2X STUD. DOUBLE 2X STUDS MAY BE CONNECTED TOGETHER BY NAILING THE STUDS TOGETHER WITH (2) ROWS NAILS OF THE SAME SPACING AND DIAMETER AS THE PLATE NAILING. REFERENCE SECTION.
[15] CONTACT THE STRUCTURAL ENGINEER OF RECORD FOR ADHESIVE OR EXPANSION BOLT ALTERNATIVES TO CAST IN PLACE ANCHOR RODS. SPECIAL INSPECTION MAY BE REQUIRED.
[16] 'W' WHERE "W" INDICATES WOOD SHEATHING AND "X" INDICATES EDGE NAIL SPACING
'G' WHERE "G" INDICATES GYPSUM BOARD AND "X" INDICATES EDGE NAIL SPACING

RE: Evergreen Ridge Planned Unit Development Final Development Plan

Dear Mr. Bala;

Thank you for your August 7, 2015 letter outlining the intent and plans for completing the proposed Evergreen Ridge Planned Unit Development, file RZ-05-00033.

As presented within your letter, the strategy for creating the Final Planned Unit Development will meet the criteria outlined in KCC 17.36.040. Please note that the Final PUD must be submitted by December 31, 2017 as stipulated per KCC 17.36.090.6.

Again, thank you for the letter outlining your plans. It is filed and will be used for interpretation of actions taken in developing the project.

Sincerely,

Robert "Doc" Hansen
Interim Director
Kittitas County Community Development Services

RE: **Evergreen Ridge Planned Unit Development Final Development Plan**

Dear Mr. Hansen

I would like to thank you for taking the time to meet with Pat Deneen and myself on Wednesday July 23rd, 2014. We are very appreciative of you for providing clarification on the Evergreen Ridge Final Development response letter (June 6, 2014) from Kittitas County Community Development Services Department (KCCDS).

I wanted to provide, within this letter, the clarification and direction that was a result of our meeting regarding the staging plan and construction sequencing, phasing, lot layout/maps, preliminary engineering plans including site grading, road improvements drainage and public utilities, arrangement of building type and preliminary building plans, location & number of off-street parking areas, location and dimension of road and driveways including type and estimated cost of surfacing, location of total area of common open spaces, proposed location of fire protections facilities. With that said, the following will address each area individually.

Staging Plan & Construction Sequencing:
The staging plan and construction sequencing will be submitted addressing the overall build out time period. This plan will describe the general development schedule detailing out the timing of the development of lots. The construction sequencing will be lined out in similar fashion with the understanding that the cost of construction could change depending on the economic environment at the time of developing the lots.

Phasing:
Mr. Deneen has committed to clarify that the Evergreen Ridge Final Development Plan will be developed in Stages with each Stage containing multiple divisions per the density approved and will show the location of all lots and will be outlined out within the Staging Plan.

TERRA DESIGN GROUP

Lot Layout/Maps:
The lot layout will cover the complete subject properties within the Evergreen Ridge PUD. This lot layout/maps will consist of an architectural type of drawing (not a preliminary plat map) that will show all locations of lots, roads, etc. This type of drawing will be sufficient for the final development plan approval and will allow for the future review and approval of final plats (individual divisions within all phases) that are consistent with the Final Development Plan.

Preliminary Engineering plans including site grading, road improvements, drainage and public utilities:
The preliminary engineering road plans, site grading, and road improvements including drainage will be submitted at the final plat submittal stage. Water and Septic utilities exist and our privately owned serving this development. The Evergreen Valley Group A water system is operational and currently serves this project. It is also agreed that changes may occur regarding the domestic potable water as long as the appropriate processes with the WA State Dept. of Health and the Dept. of Ecology are followed. The water and sewer plans will be reviewed by the appropriate approving agencies (Washington State Department of Health and possibly by the Kittitas County Environmental Health Department. Puget Sound Energy will supply power. We understand that all these utilities either will be or have been reviewed and approved by the State Agencies having the jurisdictional authority.

Arrangement of building type and preliminary building plans:
The arrangement of building type on the lots will be shown by a symbol on each lot that refers to the type of building or use that will occur on each lot. In addition a generalized drawing of a lot(s) will be provided that shows a generalized lot that represents the parcels that will be created. The generalized drawings will contain a box that buildings will be constructed within and in addition the drawing will also show the location of the driveway that will not be significantly altered without the access location being approval by the Kittitas County Public Works. Preliminary building plans, that include preliminary elevations and floor plans, will be provided with the Final Development Plan for the various building types. These plans may and will change due to market conditions and customer needs over the life of the Project.

Location of off-street parking areas:
The location of off street parking will be described in the written documentation that accompanies the Final Development Plan, specifically pertaining to residential parcels, main entrance areas, community activity center, and consolidating parking locations etc.

Location and dimension of road and driveways including type and estimated cost of surfacing:
The location and dimension of road(s) will be shown on the preliminary lot layout and further described in the written documentation that accompanies the Final

509.607.0617
www.terradesigngroup.net

P.O. Box 686
Cle Elum, WA 98922

TERRA DESIGN GROUP

Development Plan. As stated above the generalized drawing will show the preliminary location of driveways. The estimated cost of surfacing will be provided and noted as the cost per square foot of asphalt, LBST, and gravel. Roadway maintenance information, if not already submitted in the documentation that accompanies the Final Development Plan, will be provided.

Location of total area of common open spaces:
The location of the common area/open space has been addressed. Currently the Roslyn Ridge Activity Center has already been built and operational since 2005 providing common area/open space, community meeting rooms, outdoor activities etc. all within the Evergreen Ridge PUD project.

Proposed location of fire protection facilities:
The proposed location of fire protection facilities etc. has already been reviewed and approved with existing divisions being platted along with the current water plan being approved by the Washington State Department of Health. As part of this water plan, fire flow and protections are required. For example the separation of fire hydrants and water storage that includes fire flow.

Storm Drainage Plan:
A storm water pollution prevention plan is already on file with the Washington State Department of Ecology. Within the submitted final development plan DOE permit #'s WAR-007403 & 125714 along with hydrologic analysis. This plan has and will continue to implement the Best Management Practices of the Eastern Washington Stormwater Manual addressing all stormwater needs pertaining to the Evergreen Ridge Final Development Plan and will be submitted at the time of final platting of each division.

In conclusion the topics above were what was discussed, clarified and agreed to at the July 23rd, 2014 meeting with KCCDS, Pat Deneen, and Myself regarding the approval of the Evergreen Ridge Final Development Plan. Please advise if I interpreted anything in correctly.

Best Regards,

Chad Bala, Authorized Agent

RE: Response to project expiration dates email

Dear Mr. Bala:

This letter is in response to an email request for clarification of expiration dates on numerous projects. Staff has reviewed the table of projects presented in the email (attached to this letter for additional information) and confirms that the density and preliminary approval dates are correct. Below is a list of projects and their expiration dates.

File Number	Project Name	Expiration Date	Explanation
RZ-06-00027 LP-06-00027	Ranch on Swuak Creek PUD	December 31, 2017	Per KCC 17.36.090.7
RZ-05-00033 RZ-01-00010	Evergreen Ridge PUD	December 31, 2017	Per KCC 17.36.090.7
RZ-07-00008 LL-08-00002	Dunford PUD & 4 lot large lot plat	November 16, 2017	Per KCC 17.36.090.2 and RCW 58.17.140
RZ-07-00017 SP-07-00168	Ronald PUD & 2 lot short plat	September 7, 2018	Per KCC 17.36.090.2 and RCW 58.17.140
LP-07-00038	Ranch Road Cluster Plat	April 19, 2018	Per RCW 58.17.140
LP-06-00006	Marion Cluster Plat	November 17, 2016	Per RCW 58.17.140
LP-07-00048	Teanaway Ridge Plat	October 6, 2016	Per RCW 58.17.140
LP-09-00008	Airport Heights Plat	December 21, 2017	Per RCW 58.17.140
LP-07-00031	Palomino Fields Plat	November 18, 2016	Per RCW 58.17.140 - extension granted on 6/15/15 - original expiration: November 18, 2015
LP-12-00001	Reecer Ranch Plat	EXPIRED – April 6, 2014	A letter was sent dated October 8, 2013 allowing for postponement of a TIA. It stated that the TIA or an approved extension must be issued by April 6, 2014 or the project would be void. KC CDS has no record of

			a TIA or extension request, therefore the project has expired.

If you have any questions regarding this information, please feel free to contact me at 509.962.7637 or by email at lindsey.ozbolt@co.kittitas.wa.us.

Hey Lindsey,
I have finally submitted a request to you asking clarification on the expiration time periods on our projects.
I have included it in word in case you wanted to work with the table that is included. I think that I am close with these, since I created this table when the legislature made changes to the timing for subdivisions. I just want to make sure I am consistent with the County and these County projects. FYI the preliminary approved date is the date the enabling documents were signed.

thanks for the assistance.

Chad

3-17-15
Kittitas County Community Development Services Department
Lindsey Ozbolt

I am requesting a review and confirmation or correction of the expiration dates for our projects. I have included a table of our projects with the expected expiration time period pertaining to the legislative amendments (subdivision expiration time periods).

I am looking for a response in writing/email clarifying the expiration time periods for the projects presented in the table.

Thank you very much.

Chad Bala

Subject: Plat Extension Approval – Palomino Fields Plat (LP-07-00031)

Dear Mr. Deneen,

Kittitas County Community Development Services (CDS) received your Plat Extension application request (PE-15-00002) on April 29, 2015 requesting a one-year extension for the Palomino Fields Plat (LP-07-00031). Per Kittitas County Code 16.12.250 Expiration "...Any applicant who files a written request with the administrator within 30 days before the expiration date, showing that the applicant has attempted in good faith to submit the final plat within the time period and that the associated fees are paid, shall be granted a one-year extension. Such an extension can be requested and granted five times."

This project was granted preliminary approval on November 18, 2008 through Ordinance 2008-160. Kittitas County grants your extension request based on your statement that you are working through the process of satisfying the requirement of providing water for the proposal and that the process is currently stalled with WA Department of Ecology due to the current drought declaration. The expiration date for the Palomino Fields Plat has been extended to **November 18, 2016**. Should you require another plat extension in the future, your application must be submitted prior to 30 days of expiration to Community Development Services for consideration.

Additionally, in your extension request letter to CDS, you requested that staff confirm the Cordner's are no longer associated with the ownership of this property or project. According to Kittitas County Assessor's website, parcels #471033, 11800, 11801, & 11802 are owned by Cle Elum Pines West, LLC and parcels #491033 & 481033 are owned by Cle Elum Pines East, LLC. This letter in conjunction with your plat extension request letter serves as notice to Kittitas County that ownership has changed for a portion of the project and that the Cordner's are no longer involved.

If you have any questions, please feel free to contact me.

Sincerely,

Lindsey Ozbolt
Planner II

RE: Request for the delay of the Transportation Impact Analysis (TIA) for the Reecer Ranch Plat (LP-12-00001)

Mr. Bala,

Kittitas County Community Development Services (CDS) has reviewed your letter dated August 1, 2013 requesting that the requirement for a Traffic Impact Analysis (TIA) not be a precursor to the Notice of Application for the above application. CDS was also made aware of your subsequent letter dated August 6, 2013 requesting a waiver from the Public Works department of the TIA for the application. CDS felt it was appropriate to await a response to that second request prior to deliberating the first. On September 30, 2013 Kittitas County Public Works Director Holmes denied your TIA waiver request and forwarded a copy to our office. With that issue clarified, CDS is prepared to issue a determination on your first request.

CDS concurs with your assessment outlined in that first letter and will not require that the TIA be submitted prior to the issuance of the Notice of Application for the Reecer Ranch long Plat (LP-12-00001). Staff has been directed to proceed with the processing of the application. A Notice of Application shall be issued and a 15 day comment period will be set. Please be aware that while the County will be soliciting comments on the application, at the close of the comment period the processing clock will stop; no form of determination will be made or hearing be scheduled prior to the receipt of the TIA in question. Under the provisions of KCC 15A.03.045, 180 days has been deemed a reasonable deadline for the submission of the requested information. Failure to submit (in the absence of an approved extension) prior to **April 6, 2014** shall be cause for the application to be void.

Staff is always available should you have any additional questions or comments.

Sincerely,

Robert "Doc" Hansen

Subject: Final Planned Unit Development Application for the Evergreen Ridge (File RZ-01-00010)

Dear Chad,

We have completed the review of your Final Development Plan (aka Final Planned Unit Development - FPUD) application for the Evergreen Ridge preliminarily approved by Ordinances 2001-17 and 2006-26). Our review of the FPUD submittal finds that the project meets most of the criteria for approval. As you note in attachment A of your application, many of the roads are graded, mitigation relative to many phases of the project have been completed. However, there is a threshold question regarding whether you are seeking final approval of the entire PUD, or if as it appears from the submittal at attachment C, you are providing information for approval of another Phase of the PUD with subsequent submittals to address yet additional phases. Staff needs to resolve this question and receive additional plan information before we can recommend approval to the Commissioners.

As you know, the project, applied for originally in 2001 and amended in 2006 is vested to the review criteria at Kittitas County Code (KCC) 17.36.040. Although projects are vested to the review criteria at the time of application, vesting does not extend to procedural rules adopted later. Under procedural rules adopted in 2007, the code timelines for phased versus non-phased PUDs at KCC 17.36.090 are stated as:

1. Filing of final development plan - Non-phased PUDs. The applicant shall have five (5) years from the date of Board action to submit the final PUD application pursuant to 17.36.040, unless an extension has been granted pursuant to subsections 3 or 4 below. If the PUD is associated with a plat with a longer submittal timeframe the longer timeframe shall apply, pursuant to RCW 58.17.140.

It appears that this application has fulfilled the requirement to file a final development plan (FPUD) within 5 years of approval of the preliminary PUD. However, based on the materials submitted it is not clear whether your application seeks overall final approval of all combined phases or phased approval under Section 2 of KCC 17.36.090 as follows:

2. Filing of final development plan - Phased PUDs. Applicants may develop a planned unit development in phases, provided a phasing plan is approved as part of the initial application. In such cases, a final development plan shall be submitted for phases in the time limit established in the approved phasing plan, unless an extension has been granted pursuant to subsections 3 or 4 below. If the PUD phase is associated with a plat with a longer submittal timeframe the longer timeframe shall apply, pursuant to RCW 58.17.140.

This is an important distinction for two reasons. Firstly, whether you are seeking a FPUD for all combined phases or only a FPUD for Phase 1, the timelines of KCC 17.36.090(7) apply. These timelines, as stated below, require that you apply for final approval prior to December 31, 2017, and that implementing permits shall be submitted within 2 years of the FPUD.

6. Timeframe for implementing permits. Implementing permits, including land divisions for lot sales or

building permits when there is no associated land division, shall be submitted within two (2) years of final development plan approval.

7. PUDs approved prior to 2007. Planned unit developments with preliminary development plans approved prior to adoption of the expiration standards contained in Ordinance 2007-22 shall have until December 31, 2017, to submit final development plans and shall be subject to the timeframes established in subsection 6 above for implementing permits. Undeveloped PUDs with final development plans approved prior to 2007 shall have until December 31, 2015, to complete land divisions for lot sales or building permits when there is no associated land division. Failure to obtain final plan or permit approvals or make substantial progress toward such approvals within the time frames in this subsection shall result in expiration without prejudice.

The second reason this distinction is critical in this case is that the application, as submitted, does not provide sufficient information on the FPUD plan and lot layout to recommend approval of all combined phases (Phases 1-3). Below are the applicable code requirements and which areas the application needs to be amended.

Staging Plans and Construction Sequencing

KCC 17.36.040(1) states that the FPUD must include a staging plan describing the timing and sequence of construction for all elements of the plan. Further, these criteria require that the FPUD include:

1. A staging plan describing the timing or sequence of construction for all the elements of the plan. Subdivision lot sales may precede other elements of the development upon final plat approval. *Emphasis added*

Your application reference table indicates the sequence plan is attached at A. Our review of Attachment A finds that it is a narrative description of potential future development but does not detail all elements of the plan and in fact leaves out significant detail as to timing, numbers of units, lot count, and location of commercial uses.

In order to meet this criteria, at a minimum, the staging plan and construction sequence information needs to cover all the entire PUD. If the proposal is only for those areas covered in the concept drawings at Attachment C and D, then the staging and construction sequencing narrative needs to cover all of those areas shown in attachments C and D.

Maps of the Site

Another area of the application that needs to be augmented is with regards to the criteria at KCC 17.36.040 (2). In response to the criteria, your application references certain attachments as fulfilling those criteria. In several cases it is not clear that the attachment does fulfill the application requirements. Provided below is the criteria from KCC 17.36.040 (2) and how the provided attachment may need to be augmented to fully meet the criteria for approval of the PUD.

2. A map or maps of the site drawn at a scale no smaller than one hundred (100) feet to one (1) inch showing the following:

There is not a comprehensive map showing all uses and units within the FPUD. A schematic map meeting the scale requirements needs to be provided so that it is clear what is being approved. Attachment C and D are referenced in your application but these address only portions of the Plat as a whole. Further, these schematic plans do not include final roadway layout and specifications needed for Staff to evaluate compliance with KCC standards.

a. Preliminary engineering plans including site grading, road improvements, drainage and public utilities extensions;

Attachment E addresses road grading but it does not appear to cover all currently built or future phases of the PUD nor does it appear on the main map required at A. At a minimum, all proposed roadways, utilities and preliminary grades need to be shown on the map, either in a discrete phased approval or in an overall FPUD map as described in the vesting discussion above.

b. Arrangement of all buildings which shall be identified by type;

Attachment B depicts the range of building types. It's not clear where these building types occur on the proposed FPUD plan. No information is given regarding future commercial or multifamily uses. If the FPUD as a whole is to be approved, information on all future building types needs to be provided.

c. Preliminary building plans including floor plans and exterior design and/or elevation views;

Again, typical housing style information is useful but no detail as to floor plans, size square footage, and uses for future commercial phases is provided. These details are crucial for approval of the FPUD.

d. Location and number of off-street parking areas including type and estimated cost of surfacing;
e. The location and dimensions of roads and driveways including type and estimated cost of surfacing and road maintenance plans.

Attachment J references parking numbers at the Activity Center but no information as to the total number of parking spaces in the FPUD, or if a phased proposal is being sought, the number of anticipated spaces and the cost of surfacing in the current phase. These paved areas needs to be shown on the overall PUD map exhibit, or if seeking phased approval, on the Phase 1 map exhibit.

f. Proposed location of fire protection facilities;

This does not appear to be reflected on any exhibits.

g. Proposed storm drainage plan;

Attachment G is the Stormwater Pollution Prevention Plan. It is not clear what infrastructure is already constructed or which infrastructure is proposed for future internal roadways and structures. This needs to be clarified on the map exhibit required under this above reference section.

Conclusion:

Please clarify whether your application is for a phased approval or an overall FPDU approval. While the submitted application covers many key areas of the final PUD approval, such as the mitigation requirements, stream work required under the preliminary PUD, the application is must be supplemented with narrative text and exhibits that are responsive to KCC 17.36.040 (2).

Let me know if you have any questions or would like to meet to discuss the necessary resubmittal and timing for Board review.

Sincerely,

Robert 'Doc' Hansen

RE: **Evergreen Ridge Planned Unit Development (PUD) Final Development Plan Request, File No. Z-01-10.**

Dear Mr. Hansen

Teanaway Ridge, LLC is requesting that Kittitas County Community Development Services Department accept this packet, as part of the record, requesting final review and approval of the final development plan for the Evergreen Ridge Planned Unit Development, Ordinances 2001-17 & 2006-26.

The contents for your review are as follows:

- Evergreen Ridge PUD Quick Reference Table.
- Final Development Plan Packet
  - Attachments A thru J.

The aforementioned contents, submitted for review, provides information in detail on how the Evergreen Ridge PUD has met the final development plan requirements pursuant to Kittitas County Code 17.36.040, of which this project was approved under in 2001 and 2006.

If you would like to schedule a time to go through this packet and discuss this project please do not hesitate to contact me at 509-607-0617.

Best Regards,

Chad Bala, Authorized Agent

17.36.040 1. Staging Plan	Attachment A	
17.36.040 2. Map or Maps of the site drawn at a scale no smaller than 100ft to 1 inch showing the following:	Attachment C & D	
a. Preliminary engineering plans including site grading, road improvements, drainage and public utilities extensions	Attachment F & D	**Main development roads currently exist and are approved.**
b. Arrangement of all buildings which shall be identified by type;	Attachment B	**Structures will either face south westerly for views or to the north with views of the Activity Center.**
c. Preliminary building plans including floor plans and exterior design and/or elevation views;	Attachment B	**use existing cabin designs**
d. Location and number of off-street parking areas including type and estimated cost of surfacing.	Attachment J	**26 parking spots @ Activty Center & 30-40 parking area across from Activity Center**
e. The location and dimensions of roads and driveways including type and estimated cost of surfacing and road maintenance.	Attachment F & H	
f. The location and total area of common open spaces;	Attachment J	**3-6 acres of common/open spaces**
g. Proposed location of fire protection facilities.	Attachment E	**All Fire infrastructure currently exists**
h. Proposed storm drainage plan;	Attachment G	
17.36.040 3. Certification from state and local health authorities that water and sewer systems are available to accommodate the development;	Attachment E	
17.36.040 4. Provisions to assure permanence and maintenance of common open spaces;	Attachment I	

17.36.040 5. State of intent including estimated cost for landscaping and restoration of natural areas despoiled by construction including tree planting.	Attachment H & I	

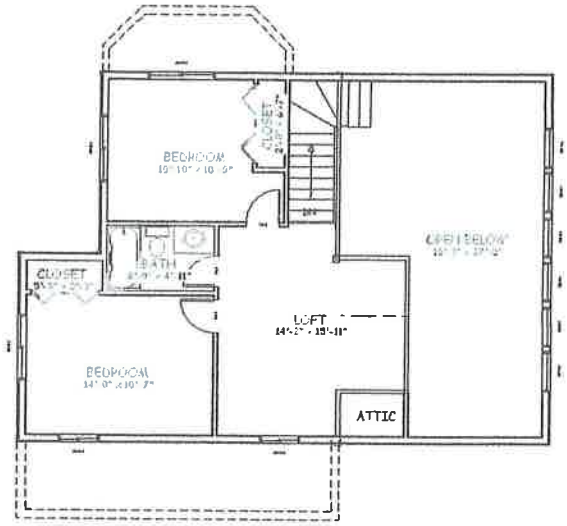
ATTACHMENT A

EVERGREEN RIDGE PLANNED UNIT DEVELOPMENT STAGING PLAN OUTLINE

1995	WA State Dept. of Ecology (DOE) approved a water right change for a Class A domestic use, industrial use, commercial use, rv use and irrigation use.
1996	Water System was designed and created.
2001	Evergreen Ridge Planned Unit Development and Preliminary Plat was approved by the Kittitas Board of County Commissioners (Ordinance 2001-17).
2003	WA. State Dept. of Ecology approved a change of use and place of use for continuous domestic supply.
	Intersection realignment (SR903, Morrel Road & Ridgecrest Road) approved by WSDOT/permitted/constructed and completed.
2004	Evergreen Ridge Planned Unit Development Phase 1, Division 1 plat was recorded, bonded and built.
	CC&Rs recorded.
2005	Evergreen Ridge Planned Unit Development Phase 1, Division 2 plat was recorded, bonded and built.
	Roslyn Ridge Activity Center was constructed.
2006	Evergreen Ridge Planned Unit Development was amended and approved.
	Evergreen Valley Water System Plan Approved by the WA State Dept. of Health (DOH).
	Class A Reclaimed Water Plan/Sewer Plan Approved
	Encroachment completed.
2007	Evergreen Ridge Planned Unit Development Condominium Division was recorded, bonded and built.
2008	Evergreen Ridge Planned Unit Development Phase 1, Division 3 plat was recorded, bonded and partially built.

	Class A Reclaimed Water Engineering Report approved by DOE and DOH.
2010	Encroachment completed
2011	Large On-Site Septic System (LOSS) approved by DOH (14,000 gallons per day)
2012	Evergreen Ridge Planned Unit Development Phase 1, Division 4 plat was recorded.
	LOSS construction, completion and operating.
2013	Evergreen Valley Water System is currently in its 6 year amendment process with the WA State Dept. of Health.

Future Staging Plan:



In the next 6-10 years the Evergreen Ridge Planned Unit Development plans to continue developing within its approved boundaries, as approved under Kittitas County Code 17.36 in 2001 & 2006 (Ord. 2001-17 & 2006-26). As you will see within Attachment C we are currently looking at developing five areas. These concept developments are as follows: Four lot plat on Ridge Crest Road, 30-32 lot plat on RidgeCrest Drive directly adjacent to the Roslyn Ridge Activity Center, Commercial activity between SR903 and Rock Rose Drive and directly across from the Activity Center, 3-4 lot per acre development in what is called the fish hook area, and finally 4-8 lots on what we call the spur road development. All of these future developments our located off existing private roads that have existing utilities (power water and sewer lines) to these development areas and will just require an internal lot & road design and utility extensions into the actual areas.

17.36.020 Uses Permitted	
Use 1:	All residential uses including multifamily structures;
Use 2A:	Hotels, motels;
Use 2B:	Condominiums;
Use 3:	Retail businesses;
Use 4:	Commercial – recreation businesses;
Use 5:	Restaurants, cafes, taverns, cocktail bars;
Permitted	use designated by applicant
Use 6:	Openspace, active and passive recreation.

Approximate Percentage of Uses Permitted	
Use 1:	Residential/Multifamily to be allowed on about 92% of the PUD.
Use 2A:	Hotel/Motel to be allowed on about 15% of the PUD.
Use 2B:	Condominiums to be allowed on 92% of the PUD.
Use 3:	Retail Businesses to be allowed on about 10% of the PUD.
Use 4:	Commercial Recreation to be allowed on about 25% of the PUD.
Use 5:	Restaurants etc. to be allowed on about 7% of the PUD.
Use 6:	Openspace to be allowed on about 12% of the PUD.

Notes

Note 1: Each residential unit will have 1 off street parking space
Note 2: Parking for on-site Activity Center 20 spaces

BEGINNING AT THE NORTHEAST CORNER OF THE NORTHWEST QUARTER OF SAID SECTION 12 (REFERENCE BEARING NORTH 89°11'40" WEST ALONG THE NORTH BOUNDARY LINE OF SAID NORTHWEST QUARTER); THENCE SOUTH 01°45'11" WEST, 1,271.01 FEET TO THE SOUTHEAST CORNER OF SAID LOT 2A, SAID CORNER BEING THE TRUE POINT OF BEGINNING OF SAID LINE AND THE BEGINNING OF A NON-TANGENT CURVE CONCAVE TO THE SOUTHWEST, THE CENTER OF SAID CURVE BEARS SOUTH 80°59'25" WEST, 30.00 FEET; THENCE NORTHWESTERLY ALONG SAID CURVE AN ARC LENGTH OF 42.81 FEET, THROUGH A CENTRAL ANGLE OF 81°22'33" TO THE BEGINNING OF A REVERSE CURVE CONCAVE TO THE NORTHEAST, THE CENTER OF SAID CURVE BEARS NORTH 00°23'08" WEST, 200.00 FEET; THENCE NORTHWESTERLY ALONG SAID CURVE AN ARC LENGTH OF 203.81 FEET, THROUGH A CENTRAL ANGLE OF 58°23'18"; THENCE NORTH 31°59'51" WEST, 75.28 FEET TO THE BEGINNING OF A CURVE TO THE LEFT WITH A RADIUS OF 120.00 FEET; THENCE ALONG SAID CURVE TO THE LEFT AN ARC LENGTH OF 49.70 FEET, THROUGH A CENTRAL ANGLE OF 23°43'52"; THENCE NORTH 55°43'43" WEST, 14.15 FEET TO THE BEGINNING OF A CURVE TO THE LEFT HAVING A RADIUS OF 30.00 FEET; THENCE ALONG SAID CURVE TO THE LEFT AN ARC LENGTH OF 47.12 FEET, THROUGH A CENTRAL ANGLE OF 90°00'00"; THENCE NORTH 34°16'17" EAST, 72.86 FEET TO THE BEGINNING OF A CURVE TO THE LEFT HAVING A RADIUS OF 308.00 FEET; THENCE ALONG SAID CURVE TO THE LEFT, AN ARC LENGTH OF 15.81 FEET, THROUGH A CENTRAL ANGLE OF 2°56'25" TO THE BEGINNING OF A NON-TANGENT CURVE CONCAVE TO THE SOUTHEAST, THE CENTER OF SAID CURVE BEARS SOUTH 58°40'08" EAST, 30.00 FEET; THENCE SOUTHEASTERLY ALONG SAID CURVE AN ARC LENGTH OF 45.58 FEET, THROUGH A CENTRAL ANGLE OF 87°03'35"; THENCE SOUTH 55°43'43" EAST, 14.59 FEET TO THE BEGINNING OF A CURVE TO THE RIGHT HAVING A RADIUS OF 150.00 FEET; THENCE ALONG SAID CURVE TO THE RIGHT AN ARC LENGTH OF 52.13 FEET, THROUGH A CENTRAL ANGLE OF 23°43'52"; THENCE SOUTH 31°59'51" EAST, 75.28 FEET TO THE BEGINNING OF A CURVE TO THE LEFT HAVING A RADIUS OF 170.00 FEET; THENCE ALONG SAID CURVE TO THE LEFT AN ARC LENGTH OF 156.51 FEET, THROUGH A CENTRAL ANGLE OF 52°44'54" TO THE BEGINNING OF A COMPOUND CURVE, CONCAVE TO THE NORTHWEST, THE CENTER OF SAID CURVE BEARS NORTH 05°15'15" EAST, 30.00 FEET; THENCE NORTHEASTERLY ALONG SAID CURVE AN ARC LENGTH OF 54.58 FEET, THROUGH A CENTRAL ANGLE OF 104°15'50"; THENCE SOUTH 09°00'35" EAST, 91.71 FEET TO THE TRUE POINT OF BEGINNING AND TERMINUS OF SAID LINE.

EASEMENT PROVISION:

AN EASEMENT IS HEREBY GRANTED TO AND RESERVED FOR PUGET SOUND ENERGY COMPANY, EVERGREEN VALLEY WATER SYSTEMS, INC., ROSLYN TELEPHONE COMPANY, AND THEIR RESPECTIVE SUCCESSORS AND ASSIGNS UNDER AND UPON THE EXTERIOR TEN FEET PARALLEL WITH AND ADJACENT TO THE ROAD FRONTAGE OF ALL LOTS IN WHICH TO INSTALL, LAY, CONSTRUCT, RENEW, OPERATE AND MAINTAIN UNDERGROUND CONDUITS, CABLES AND WIRES WITH NECESSARY FACILITIES AND OTHER EQUIPMENT FOR THE PURPOSE OF SERVING THIS SUBDIVISION AND OTHER PROPERTY WITH ELECTRIC, NATURAL GAS, TELEPHONE, AND WATER SERVICE. TOGETHER WITH THE RIGHT TO ENTER UPON THE LOTS AT ALL TIMES FOR THE PURPOSE HEREIN STATED. THESE EASEMENTS ENTERED UPON FOR THESE PURPOSES SHALL BE RESTORED AS NEAR AS POSSIBLE TO THEIR ORIGINAL CONDITION.

NOTE:

THE EXISTING UTILITIES AS SHOWN ARE ONLY APPROXIMATE AND ARE BASED ON THE BEST AVAILABLE INFORMATION. IT SHALL BE THE CONTRACTOR'S RESPONSIBILITY TO VERIFY THE SIZE, TYPE, LOCATION, AND DEPTH OF ALL EXISTING UTILITIES PRIOR TO STARTING CONSTRUCTION, AND INFORM THE DESIGN ENGINEER OF ANY DISCREPANCIES.

Call Before You Dig
1-800-553-4344

DAVID P. NELSON — REGISTERED PROFESSIONAL LAND SURVEYOR — STATE OF WASHINGTON — 18092 — 4/17/2012

NOTES:

1. THIS SURVEY WAS PERFORMED USING A TRIMBLE S6 TOTAL STATION. THE CONTROLLING MONUMENTS AND PROPERTY CORNERS SHOWN HEREON WERE LOCATED, STAKED AND CHECKED FROM A CLOSED FIELD TRAVERSE IN EXCESS OF 1:10,000 LINEAR CLOSURE AFTER AZIMUTH ADJUSTMENT.

2. A PUBLIC UTILITY EASEMENT 10 FEET IN WIDTH IS RESERVED ALONG ALL LOT LINES. THE 10 FOOT EASEMENT SHALL ABUT THE EXTERIOR PLAT BOUNDARY AND SHALL BE DIVIDED 5 FEET ON EACH SIDE OF INTERIOR LOT LINES. SAID EASEMENT SHALL ALSO BE USED FOR IRRIGATION.

3. PER RCW 17.10.140 LANDOWNERS ARE RESPONSIBLE FOR CONTROLLING AND PREVENTING THE SPREAD OF NOXIOUS WEEDS. ACCORDINGLY, THE KITTITAS COUNTY NOXIOUS WEED BOARD RECOMMENDS IMMEDIATE RESEEDING OF AREAS DISTURBED BY DEVELOPMENT TO PRECLUDE THE PROLIFERATION OF NOXIOUS WEEDS.

4. ANY FURTHER SUBDIVISION OR LOTS TO BE SERVED BY PROPOSED ACCESS MAY RESULT IN FURTHER ACCESS REQUIREMENTS. SEE THE KITTITAS COUNTY ROAD STANDARDS.

5. AN APPROVED ACCESS PERMIT WILL BE REQUIRED FROM THE DEPARTMENT OF PUBLIC WORKS PRIOR TO CREATING ANY NEW DRIVEWAY ACCESS OR PERFORMING WORK WITHIN THE COUNTY ROAD RIGHT-OF-WAY.

6. THIS SURVEY DOES NOT PURPORT TO SHOW ALL EASEMENTS OF RECORD OR OTHERWISE.

7. MAINTENANCE OF THE ACCESS IS THE RESPONSIBILITY OF THE PROPERTY OWNERS WHO BENEFIT FROM ITS USE.

8. ENTIRE PRIVATE ROAD SHALL ACHIEVE 95% COMPACTION AND SHALL BE INSPECTED AND CERTIFIED BY A LICENSED ENGINEER IN THE STATE OF WASHINGTON SPECIFYING THAT THE ROAD MEETS CURRENT KITTITAS COUNTY ROAD STANDARDS PRIOR TO THE ISSUANCE OF AN OCCUPANCY PERMIT FOR THIS PLAT.

9. KITTITAS COUNTY WILL NOT ACCEPT PRIVATE ROADS FOR MAINTENANCE AS PUBLIC STREETS OR ROADS UNTIL SUCH STREETS OR ROADS ARE BROUGHT INTO CONFORMANCE WITH CURRENT COUNTY ROAD STANDARDS. THIS REQUIREMENT WILL INCLUDE THE HARD SURFACE PAVING OF ANY STREET OR ROAD SURFACED ORIGINALLY WITH GRAVEL.

10. BASIS OF BEARINGS AND SECTION BREAKDOWN ARE PER THE FOLLOWING SURVEYS OF RECORD: BOOK 11 OF PLATS, PAGES 153 AND 154 UNDER AUDITOR'S FILE NUMBER 200808180013; BOOK 32 OF SURVEYS, PAGES 134 THRU 137 UNDER AUDITOR'S FILE NUMBER 200604170033; BOOK 34 OF SURVEYS, PAGE 22 UNDER AUDITOR'S FILE NUMBER 200704270063, KITTITAS COUNTY, STATE OF WASHINGTON AND THE SURVEYS REFERENCED THEREON.

11. THE ROADS WITHIN THIS PLAT WILL NOT BE "ON-SYSTEM" COUNTY ROADS UNTIL THEY ARE CONSTRUCTED AND APPROVED BY KITTITAS COUNTY PUBLIC WORKS, AND ACCEPTED ONTO THE COUNTY SYSTEM THROUGH RESOLUTION BY THE BOARD OF COUNTY COMMISSIONERS. THE DEVELOPER IS RESPONSIBLE FOR ALL MAINTENANCE AND OPERATION UNTIL SUCH TIME, AS DESCRIBED IN THE KITTITAS COUNTY ROAD STANDARDS.

12. THE PURPOSE OF THIS PLAT IS TO DEVELOP PHASE 1, DIVISION 4 OF THE EVERGREEN RIDGE P.U.D.

13. EVERGREEN RIDGE P.U.D.-PHASE 1, DIVISION 4 WILL BE SUPPLIED SEWER SERVICE ACCORDING TO FILE Z-05-33.

DEDICATION

KNOW ALL MEN BY THESE PRESENTS THAT TEANAWAY RIDGE, LLC, A WASHINGTON LIMITED LIABILITY COMPANY, THE UNDERSIGNED OWNER IN FEE SIMPLE OF THE HEREIN DESCRIBED REAL PROPERTY, DOES HEREBY DECLARE, SUBDIVIDE AND PLAT AS HEREIN DESCRIBED.

IN WITNESS WHEREOF, WE HAVE SET OUR HANDS THIS 5 DAY OF June A.D., 2008

NAME Thomas D. Pearce
TITLE Manager

NAME
TITLE

ACKNOWLEDGEMENT

STATE OF WASHINGTON)
COUNTY OF Kittitas) S.S.

On this 5 day of June, 2008 before me, the undersigned, a Notary Public in and for the State of Washington, duly commissioned and sworn, personally appeared Thomas D. Pearce and _____ to me known to be the _____ and _____ respectively, of Teanaway Ridge, LLC, the limited liability company that executed the foregoing instrument, and acknowledged the said instrument to be the free and voluntary act and deed of said limited liability company, for the uses and purposes therein mentioned, and on oath stated that he/she/they authorized to execute the said instrument.

Witness my hand and official seal hereto affixed the day and year first above written.

Notary Public in and for the State of Washington, residing at Cle Elum
My appointment expires June 2011

EXISTING LEGAL DESCRIPTION:

THAT PORTION OF PARCEL 2A OF THAT CERTAIN SURVEY AS RECORDED APRIL 17, 2006, IN BOOK 32 OF SURVEYS, PAGES 134 THROUGH 137, UNDER AUDITOR'S FILE NO. 200604170033, RECORDS OF KITTITAS COUNTY, WASHINGTON, LYING WITHIN THE NORTHEAST QUARTER OF THE NORTHWEST QUARTER OF SECTION 12, TOWNSHIP 20 NORTH, RANGE 14 EAST, W.M., IN THE COUNTY OF KITTITAS, STATE OF WASHINGTON.

EXCEPT

THAT PORTION OF THE NORTHWEST QUARTER OF SECTION 12, TOWNSHIP 20 NORTH, RANGE 14 EAST, W.M., SITUATE IN KITTITAS COUNTY, STATE OF WASHINGTON, MORE PARTICULARLY DESCRIBED AS FOLLOWS:

STARTING AT THE SOUTHWEST CORNER OF LOT 9 AS SHOWN ON THE CERTAIN SURVEY RECORDED AUGUST 18, 2003 AT 4:02 P.M. IN VOLUME 29 OF SURVEYS ON PAGE 48, RECORDS OF KITTITAS COUNTY, UNDER KITTITAS COUNTY AUDITOR'S NUMBER 200308180073; THENCE SOUTH 65°14'5" EAST 558.56 FEET TO A O'HARE ALUMINUM SURVEY CAP, THE TRUE POINT OF BEGINNING; THENCE SOUTH 0°46'1" WEST 294.86 FEET TO A O'HARE ALUMINUM SURVEY CAP; THENCE NORTH 43°52'59" WEST 209.77 FEET; THENCE NORTH 46°7'3" EAST 207.22 FEET TO THE TRUE POINT OF BEGINNING.

NOTES:

1. THIS SURVEY WAS PERFORMED USING A NIKON DTM-522 TOTAL STATION. THE CONTROLLING MONUMENTS AND PROPERTY CORNERS SHOWN HEREON WERE LOCATED, STAKED AND CHECKED FROM A CLOSED FIELD TRAVERSE IN EXCESS OF 1:10,000 LINEAR CLOSURE AFTER AZIMUTH ADJUSTMENT.

2. A PUBLIC UTILITY EASEMENT 10 FEET IN WIDTH IS RESERVED ALONG ALL LOT LINES. THE 10 FOOT EASEMENT SHALL ABUT THE EXTERIOR PLAT BOUNDARY AND SHALL BE DIVIDED 5 FEET ON EACH SIDE OF INTERIOR LOT LINES. SAID EASEMENT SHALL ALSO BE USED FOR IRRIGATION.

3. PER RCW 17.10.140 LANDOWNERS ARE RESPONSIBLE FOR CONTROLLING AND PREVENTING THE SPREAD OF NOXIOUS WEEDS. ACCORDINGLY, THE KITTITAS COUNTY NOXIOUS WEED BOARD RECOMMENDS IMMEDIATE RESEEDING OF AREAS DISTURBED BY DEVELOPMENT TO PRECLUDE THE PROLIFERATION OF NOXIOUS WEEDS.

4. ANY FURTHER SUBDIVISION OR LOTS TO BE SERVED BY PROPOSED ACCESS MAY RESULT IN FURTHER ACCESS REQUIREMENTS. SEE THE KITTITAS COUNTY ROAD STANDARDS.

5. AN APPROVED ACCESS PERMIT WILL BE REQUIRED FROM THE DEPARTMENT OF PUBLIC WORKS PRIOR TO CREATING ANY NEW DRIVEWAY ACCESS OR PERFORMING WORK WITHIN THE COUNTY ROAD RIGHT-OF-WAY.

6. THIS SURVEY DOES NOT PURPORT TO SHOW ALL EASEMENTS OF RECORD OR OTHERWISE.

7. MAINTENANCE OF THE ACCESS IS THE RESPONSIBILITY OF THE PROPERTY OWNERS WHO BENEFIT FROM ITS USE.

8. ENTIRE PRIVATE ROAD SHALL ACHIEVE 95% COMPACTION AND SHALL BE INSPECTED AND CERTIFIED BY A LICENSED ENGINEER IN THE STATE OF WASHINGTON SPECIFYING THAT THE ROAD MEETS CURRENT KITTITAS COUNTY ROAD STANDARDS PRIOR TO THE ISSUANCE OF A BUILDING PERMIT FOR THIS PLAT.

9. KITTITAS COUNTY WILL NOT ACCEPT PRIVATE ROADS FOR MAINTENANCE AS PUBLIC STREETS OR ROADS UNTIL SUCH STREETS OR ROADS ARE BROUGHT INTO CONFORMANCE WITH CURRENT COUNTY ROAD STANDARDS. THIS REQUIREMENT WILL INCLUDE THE HARD SURFACE PAVING OF ANY STREET OR ROAD SURFACED ORIGINALLY WITH GRAVEL.

10. BASIS OF BEARINGS AND SECTION BREAKDOWN ARE PER THE FOLLOWING SURVEYS OF RECORD: BOOK 32 OF SURVEYS, PAGES 134 THRU 137 UNDER AUDITOR'S FILE NUMBER 200604170033; BOOK 34 OF SURVEYS, PAGE 22 UNDER AUDITOR'S FILE NUMBER 200704270063, KITTITAS COUNTY, STATE OF WASHINGTON AND THE SURVEYS REFERENCED THEREON.

11. THE ROADS WITHIN THIS PLAT WILL NOT BE "ON-SYSTEM" COUNTY ROADS UNTIL THEY ARE CONSTRUCTED AND APPROVED BY KITTITAS COUNTY PUBLIC WORKS, AND ACCEPTED ONTO THE COUNTY SYSTEM THROUGH RESOLUTION BY THE BOARD OF COUNTY COMMISSIONERS. THE DEVELOPER IS RESPONSIBLE FOR ALL MAINTENANCE AND OPERATION UNTIL SUCH TIME, AS DESCRIBED IN THE KITTITAS COUNTY ROAD STANDARDS.

12. THE PURPOSE OF THIS PLAT IS TO DEVELOP PHASE 1, DIVISION 3 OF THE EVERGREEN RIDGE P.U.D.

13. EVERGREEN RIDGE P.U.D.-PHASE 1, DIVISION 3 WILL BE SUPPLIED SEWER SERVICE ACCORDING TO FILE Z-05-33.

DEDICATION

KNOW ALL MEN BY THESE PRESENTS THAT WE, THE UNDERSIGNED, OWNERS IN FEE SIMPLE OF THE DESCRIBED REAL PROPERTY, DO HEREBY DECLARE THIS PLAT AND AND IN LIEU OF DEDICATION OF ROADS HEREBY GRANT FOREVER UNTO ALL OWNERS OF LOTS IN THIS PLAT AND ALL FUTURE PLATS IN EVERGREEN RIDGE AN UNDIVIDED INTEREST IN ALL ROADS SHOWN AS PRIVATE ROADS.

THE COSTS OF CONSTRUCTION, MAINTENANCE AND SNOW REMOVAL OF ALL ROADS, STREETS AND ALLEYS WITHIN THIS PLAT AND ALL ACCESS ROADS TO THIS PLAT SHALL BE THE OBLIGATION OF A NONPROFIT CORPORATION COMPOSED OF ALL THE OWNERS OF THE LOTS OF THE PLAT AND OF ANY ADDITIONAL PLATS THAT MAY BE SERVED BY THESE ROADS, STREETS AND ALLEYS.

IN THE EVENT THAT THE OWNERS OF ANY OF THE LOTS OF THIS PLAT OR ANY ADDITIONAL PLATS SHALL PETITION THE COUNTY COMMISSIONERS TO INCLUDE THE ROADS IN THE COUNTY ROAD SYSTEM, IT IS UNDERSTOOD THAT THE ROADS SHALL FIRST BE BUILT UP TO MINIMUM COUNTY STANDARDS BY SAID NON-PROFIT CORPORATION.

IN WITNESS WHEREOF, WE HAVE HEREUNTO SET OUR HANDS AND SEAL THIS 22nd DAY OF August, A.D., 2005.

SURVEY NOTES

1. INSTRUMENTS: USING A SOKKIA SET 3B0 THREE SECOND TOTAL STATION AND A TOPCON HIPER LITE PLUS GPS RTK SYSTEM WITH RESULTING CLOSURES EXCEEDING THE MINIMUM ACCURACY STANDARDS AS SET FORTH BY WAC 332-130
2. THE FOLLOWING RECORD OF SURVEY FILED WITH KITTITAS COUNTY, STATE OF WASHINGTON, WAS USED TO CALCULATE OR ASCERTAIN THE BOUNDARY AS SHOWN HERE ON... BOOK 25 OF SURVEYS, PAGE 193, AFN 200012290029. THE BASIS OF BEARINGS IS THE WASHINGTON STATE PLANE COORDINATE SYSTEM SOUTH ZONE, NAD83.
3. THIS SURVEY MAY NOT SHOW ALL EASEMENTS, WHICH MAY PERTAIN TO THIS PROPERTY.
4. A PUBLIC UTILITY EASEMENT 10 FEET IN WIDTH IS RESERVED ALONG ALL LOT LINES. THE 10 FOOT EASEMENT SHALL ABUT THE EXTERIOR PLAT BOUNDARY AND SHALL BE DIVIDED 5 FEET ON EACH SIDE OF INTERIOR LOT LINES UNLESS OTHERWISE NOTED.
5. PER RCW 17.10.140 LANDOWNERS ARE RESPONSIBLE FOR CONTROLLING AND PREVENTING THE SPREAD OF NOXIOUS WEEDS ACCORDINGLY, THE KITTITAS COUNTY NOXIOUS WEED BOARD RECOMMENDS IMMEDIATE RESEEDING OF AREAS DISTURBED BY DEVELOPMENT TO PRECLUDE THE PROLIFERATION OF NOXIOUS WEEDS.
6. MAINTENANCE OF THE ACCESS IS THE RESPONSIBILITY OF THE PROPERTY OWNERS WHO BENEFIT FROM ITS USE.
7. AN APPROVED ACCESS PERMIT WILL BE REQUIRED FROM THE DEPARTMENT OF PUBLIC WORKS PRIOR TO CREATING ANY NEW DRIVEWAY ACCESS OR PERFORMING WORK WITHIN THE COUNTY ROAD RIGHT OF WAY.
8. ANY FURTHER SUBDIVISION OR LOTS TO BE SERVED BY PROPOSED ACCESS MAY RESULT IN FURTHER ACCESS REQUIREMENTS. SEE SECTION 12.05 OF THE KITTITAS COUNTY ROAD STANDARDS.
9. ACCORDING TO KCRS 12.11.010, MAILBOXES SHALL BE "BREAK-AWAY DESIGN AND BE APPROVED BY THE U.S. POSTAL SERVICE. SEE WSDOT STANDARD DRAWINGS H-12 SHEET 1-3.
10. IF THE SUBJECT PROPERTY IS WITHIN OR NEAR EXISTING AGRICULTURAL OR OTHER NATURAL RESOURCE AREAS ON WHICH A VARIETY OF ACTIVITIES MAY OCCUR THAT ARE NOT COMPATIBLE WITH RESIDENTIAL DEVELOPMENT FOR CERTAIN PERIODS OF VARYING DURATION, AGRICULTURAL OR OTHER NATURAL RESOURCE ACTIVITIES PERFORMED IN ACCORDANCE WITH COUNTY, STATE AND FEDERAL LAWS ARE NOT SUBJECT TO LEGAL ACTION AS PUBLIC NUISANCES. KITTITAS COUNTY HAS ADOPTED RIGHT TO FARM PROVISIONS CONTAINED IN THE SECTION 17.74 OF THE KITTITAS COUNTY ZONING CODE.
11. THE SUBJECT PROPERTY WILL BE SERVED BY THE EVERGREEN VALLEY CLASS "A" MUNICIPAL WATER SYSTEM ALONG WITH ALREADY APPROVED COMMUNITY SEPTIC SYSTEMS BY KITTITAS COUNTY ENVIRONMENTAL HEALTH.
12. AN EASEMENT IS HEREBY RESERVED FOR AND CONVEYED TO PUGET SOUND ENERGY, INC. (GAS AND ELECTRIC COMPANY), A TELEPHONE COMPANY AND CABLE TV COMPANY AND THEIR RESPECTED SUCESSORS AND ASSIGNS UNDER AND UPON THE PRIVATE STREET(S), IF ANY, AND THE EXTERIOR TEN (10) FEET OF ALL LOTS, TRACTS AND SPACES WITHIN THE PLAT LYING PARALLEL WITH AND ADJOINING ALL STREETS; IN WHICH TO CONSTRUCT, OPERATE, MAINTAIN, REPAIR, REPLACE AND ENLARGE UNDERGROUND PIPES, CONDUITS, CABLES, AND WIRES WITH ALL NECESSARY OR CONVENIENT UNDERGROUND OR GROUND-MOUNTED APPURTENANCES THERETO FOR THE PURPOSE OF SERVING THIS SUBDIVISION AND OTHER PROPERTY WITH ELECTRIC, GAS, TELEPHONE, TELEVISION AND OTHER UTILITY SERVICES TOGETHER WITH A RIGHT TO ENTER UPON THE STREETS, LOTS, TRACKS AND SPACES AT ALL TIMES FOR THE PURPOSES HEREIN STATED.
13. ALL PRIVATE ROADS SHALL ACHIEVE 95% COMPACTION AND SHALL BE INSPECTED AND CERTIFIED BY A ENGINEER LICENCED IN THE STATE OF WASHINGTON SPECIFYING THAT THE ROAD MEETS CURRENT KITTITAS COUNTY ROAD STANDARDS PRIOR TO THE ISSUANCE OF OCCUPANCY PERMIT FOR THIS P.U.D. PLAT.
14. KITTITAS COUNTY WILL NOT ACCEPT PRIVATE ROADS FOR MAINTENANCE AS PUBLIC STREETS OR ROADS UNTIL SUCH STREETS OR ROADS ARE BROUGHT INTO CONFORMANCE WITH CURRENT COUNTY ROAD STANDARDS. THIS REQUIREMENT WILL INCLUDE THE HARD SURFACE PAVING OF ANY STREET OR ROAD ORIGINALLY SURFACED WITH GRAVEL.

RE: Evergreen Valley Water System Plan

Dear Mr. Perry,

This letter is to inform you that Kittitas County Community Development Services did receive a copy of the Evergreen Valley Water System Plan on March 19, 2013. We have reviewed the submitted water system plan and have determined that it is consistent with the County's Comprehensive Plan and Development Regulations. Please find attached to this letter the signed Local Government Consistency Review Checklist.

If you have any questions regarding our determination, please feel free to contact our office at (509) 962-7506.

Sincerely,

Lindsey M Ozbolt

Local Government Consistency Review Checklist

Water System Name: Evergreen Valley PWS ID: 02150J

Planning/Engineering Document Title: Water System Plan Plan Date: March/2013

Local Government with Jurisdiction: Kittitas County Community Development Services

WAC 246-290-108 Consistency with local plans and regulations:
Consistency with local plans and regulations applies to planning and engineering documents under WAC 246-290-106, 246-290-107, and 246-290-110(4)(b (ii).

1) Municipal water suppliers must include a consistency review and supporting documentation in its planning or engineering document describing how it has addressed consistency with **local plans and regulations**. This review must include specific elements of local plans and regulations, as they reasonably relate to water service as determined by Department of Health (DOH). Complete the table below and see instructions on back.

Local Government Consistency Statement	Page(s) in Planning Document	Yes – No – Not Applicable
a) The water system service area is consistent with the adopted land use and zoning within the applicable service area.	Ch. 1	Yes
b) The six-year growth projection used to forecast water demand is consistent with the adopted city/county's population growth projections. If a different growth projection is used, provide an explanation of the alternative growth projection and methodology.	Ch. 2&3	Yes
c) Applies to cities and towns that provide water service: All water service area policies of the city or town are consistent with the utility service extension ordinances of the city or town.		N/A
d) Service area policies for new service connections are consistent with the adopted local plans and adopted development regulations of all jurisdictions with authority over the service area [City(ies), County(ies)].	Ch. 4&6	Yes
e) Other relevant elements related to water supply are addressed in the water system plan, if applicable; Coordinated Water System plans, Regional Wastewater plans, Reclaimed Water plans, Groundwater Area Management plans, and Capital Facilities Element of Comprehensive plans.		N/A

I certify that the above statements are true to the best of my knowledge and that these specific elements are consistent with adopted local plans and development regulations.

Consistency Review Guidance

For Use by Local Governments and Municipal Water Suppliers

RECEIVED
MAR 1 6 2013
KITTITAS COUNTY
CDS

This checklist may be used to meet the requirements of WAC 246-290-108. When using an alternative format, it must describe all of the elements; 1a), b), c), d), and e), when they apply.

For **water system plans (WSP)**, a consistency review is required for the retail service area and any additional areas where a municipal water supplier wants to expand its water right's place of use.

For **small water system management programs** , a consistency review is only required for areas where a municipal water supplier wants to expand its water right's place of use. If no water right place of use expansion is requested, a consistency review is not required.

For **engineering documents**, a consistency review is required for areas where a municipal water supplier wants to expand its water right's place of use (water system plan amendment is required). For non-community water systems, a consistency review is required when requesting a place of use expansion. All engineering documents must be submitted with a service area map per WAC 246-290-110(4)(b)(ii).

A) Documenting Consistency: Municipal water suppliers must document all of the elements in a consistency review per WAC 246-290-108.

1 a) Provide a copy of the adopted **land use/zoning** map corresponding to the service area. The uses provided in the WSP should be consistent with the adopted land use/zoning map. Include any other portions of comprehensive plans or development regulations that are related to water supply planning.

1 b) Include a copy of the **six-year growth projections** that corresponds to the service area. If the local population growth rate projections are not used, provide a detailed explanation on why the chosen projections more accurately describe the expected growth rate. Explain how it is consistent with the adopted land use.

1c) Include water service area policies and show that they are consistent with the **utility service extension ordinances** within the city or town boundaries. This applies to cities and towns only.

1 d) Include all **service area policies** for how new water service will be provided to new customers.

1 e) **Other relevant elements** related to water supply planning as determined by the department (DOH). See Local Government Consistency – Other Relevant Elements, Policy B.07, September 2009.

B) Documenting an Inconsistency: Please document the inconsistency, include the citation from the comprehensive plan or development regulation, and provide direction on how this inconsistency can be resolved.

C) Documenting Lack of Consistency Review by Local Government: Where the local government with jurisdiction did not provide a consistency review, document efforts made and the amount of time provided to the local government for their review. Please include: name of contact, date, and efforts made (letters, phone calls, and e-mails). In order to self-certify, please contact the DOH Planner.

The Department of Health is an equal opportunity agency. For persons with disabilities, this document is available on request in other formats. To submit a request, please call 1-800-525-0127 (TTY 1-800-833-6388).

Subject: Evergreen Valley Water System; PWS ID #02150J; Kittitas County;
WSP Service Area Amendment; DOH Project #07-1109; **APPROVAL**

Dear Mr. Nelson:

The amendment to the Evergreen Valley Water System Plan (WSP), received in this office on November 7, 2007, has been reviewed and in accordance with the provisions of WAC-246-295-050 and 060, is hereby **APROVED** for the change in service area.

Pursuant to WAC 246-295-090, the Water System will need to update the WSP within six years of the original approval date of May 9, 2006. This amendment approval does not affect your original WSP approval date. The Water System Plan update is due prior to May 9, 2012.

Approval of this plan is valid as it relates to current standards outlined in Chapter 246-290 WAC, revised January 2007, Chapter 246-293 WAC, revised September 1997, Chapter 70.116 RCW, and is subject to the qualifications herein. Future revisions in the rules and statutes may be more stringent and require facility modification or corrective action.

The WSP includes capacity information demonstrating the physical and legal ability of the water system to provide water during the six-year period, for which the approval of this WSP is valid.

This approval does not provide any guarantee and should not be considered to provide any guarantee concerning legal use of water or subsequent water rights decisions by the Department of Ecology (Ecology).

Per DOH policy, there is a fee of $102.00 per hour is assessed for the review of Water System Plans. Payment for our review is due at this time and an invoice in the amount of $306.00 has been enclosed.

Thank you for submitting the WSP Amendment. If you have any questions or wish to check our records, please feel free to contact me at (509) 456-2457.

Sincerely,

Chris Collins

RE: Evergreen Valley Utilities, Kittitas County; Comprehensive Sewer Plan

Dear Mr. Perry:

In accordance with RCW 90.48.110 and Chapter 173-240 and on behalf of the Department of Ecology, the Comprehensive Sewer Plan for Evergreen Valley and Evergreen Ridge with a revision date of September 9, 2006 is hereby **APPROVED.**

Nothing in this approval shall be construed as satisfying other applicable federal, state or local statutes, ordinances or regulations.

Chapter 43.21B RCW provides that any person who feels aggrieved by such an approval may appeal to the Pollution Control Hearings Board of Washington, with a copy to the Director of the Department of Ecology, within thirty (30) days of receipt of this approval. Procedures for requesting a hearing may be obtained from this department.

Please feel free to call Richard A. Koch, P.E. at (509)329-3519 or Rick Frye at (509)575-2821 regarding this approval or for other questions on this review.

Sincerely,

Denise E. Mills, LHG

Dear Mr. Perry:

Re: Evergreen Valley Utilities, Kittitas County; Revised General Sewer Plan; DOH Project # R06-008; Conditional Approval

The Evergreen Valley Utilities Revised General Sewer Plan received in our office on October 5, 2006 has been reviewed in accordance with the provisions of WAC 246-271 for conformance with the Water Reclamation and Reuse Standards, and is hereby **APPROVED.**

Provided that:

1. Detailed criteria for the design, startup and long-term maintenance of a constructed treatment wetland must be provided for in the facility plan or engineering report.
2. A formal reliability assessment must be provided in the facility plan or engineering report.

Further, it is recommended that a reserve account equal to 10%-15% of the installed value of the plant asset be included for equipment replacement as a portion of the project budget.

Please note that this approval addresses issues of concern of this department and is not intended to either supersede or replace requirements of or approvals required from the Washington Department of Ecology.

Regulations establishing a schedule of fees for review and approval of planning, engineering and construction documents were adopted July 1, 1987 and revised in November 4, 1995. An itemized bill for 990.00 is enclosed.

If you have any questions, please feel free to contact me at (509) 456-2466 or though email at craig.riley@doh.wa.gov.

RE: Approval of Evergreen Valley Utilities Engineering Report
Tracking Number 0705-3A

Dear Mr. Perry:

The Department of Ecology has received and reviewed the additional updates to the Evergreen Valley Utilities Engineering Report on June 25, 2008. In accordance with RCW 90.48.110 and Chapter 173-240 WAC, the Evergreen Valley Utilities Engineering Report is hereby **APPROVED** as an Engineering Report.

This document is approved only as an engineering report because the Department of Ecology's legal requirements for funding wastewater projects have not been fully complied with. Before the project can be considered eligible for funding by the Department of Ecology or other federal funding sources, the State Environmental Review Process (SERP) or NEPA must be completed. Additionally, both state and federal law require that only the cost-effective alternative be funded. The analysis of Alternative 1 and its comparison with Alternative 2 is currently insufficient to make the cost-effective determination.

Should you choose to seek funding through Ecology, the above comments must be addressed.

Nothing in this approval shall be construed as satisfying other applicable federal, state or local statues, ordinances or regulations.

You have the right to appeal this approval of your Engineering Report to the Pollution Control Hearings Board. Pursuant to Chapter 43.21B RCW, your appeal must be filed with the Pollution

Control Hearings Board, and served on the Department of Ecology, within 30 days of the date of your receipt of this document.

To appeal this action or decision, your notice of appeal must contain a copy of the Ecology order, action, or decision you are appealing.

Your appeal must be filed with:

The Pollution Control Hearings Board
4224 – 6th Avenue SE, Rowe Six, Bldg. 2
PO Box 40903
Lacey, Washington 98504-0903

Your appeal must also be served on:

The Department of Ecology
Appeals Coordinator
PO Box 57608
Olympia, Washington 98504-7608

In addition, please send a copy of your appeal to:

Richard J. Frye
Acting Section Manager
Water Quality Program
Department of Ecology
Central Regional Office

Should you have any questions or need any additional information, please contact Wallace Arnold, Project Engineer, at 509/457-7108.

Sincerely,

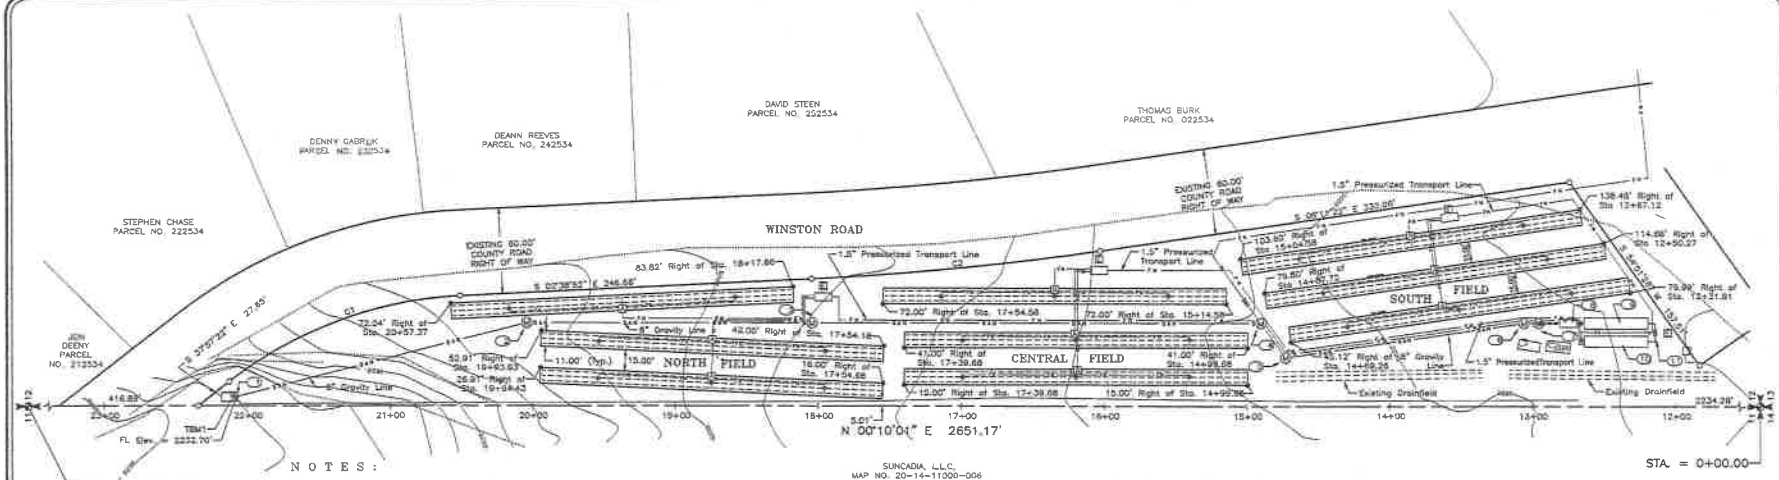
Approval of Roslyn (Ronald) Ridge Large On-Site Sewage System – Kittitas County
Approved Peak Design Capacity 14,000 GPD

The revised submittals for the above project received in this office on April 19, 2011, have been reviewed and, in accordance with the provisions of Chapter 246-272B WAC, are hereby **APPROVED** with the following provisions:

1. Comply with all applicable local zoning, platting and building requirements as they relate to sewer utilities.
2. If the owner wishes to expand or make major changes to this system, new plans and specifications must be submitted to this office for review and approval prior to construction.
3. The Owner is required for the life of this system to maintain a DOH approved management entity.
4. All sewage tanks must be on the List of Registered Sewage Tanks installed and tested for water-tightness.
5. The construction of this LOSS should be observed by the Engineer to assure that construction is in accordance with the approved design.
6. The Owner shall provide a copy of final recorded CC&Rs bearing county auditor's stamp.
7. The Owner shall provide documentation of the reserve fund bank account information.
8. The Engineer shall notify a representative of this office to complete a final inspection.
9. The Owner shall submit a final operation and maintenance manual (with as-built drawings) prepared and stamped by a licensed engineer to the Department of Health for approval within 60 days following construction completion.
10. The Engineer shall complete the attached certification (Construction Report) within sixty days following the completion of and prior to the use of the above project, or portions thereof. WAC 246-272B-08001 states that if the Certification of Completion has not been submitted within two years of the date of this letter, this approval will become null and void unless you request an extension in writing at that time.

Regulations establishing the current schedule of fees for inspections and review of planning, engineering and construction documents were adopted August 2, 2006. An itemized bill is enclosed.



Sincerely,

Mamdouh El-Aarag.

Project No. 10445
Date: July 2010
Scale:
Hor. 1" = 10'
Vert. 1" = N/A
Sec 12, T 20 N, R 14 E

SHEET NO.
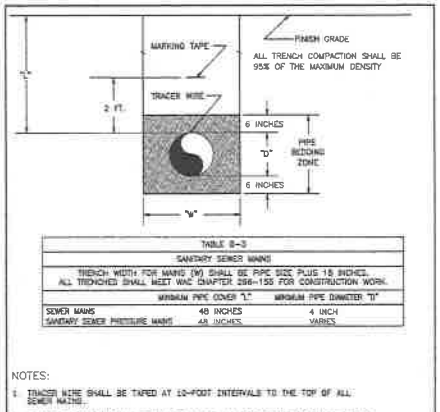
C1.4

142012

NOTES:

1. Steps to be centered over the main inflow line.
2. "Sewer" shall be cast in all lids.
3. Place flexible gasket between barrel sections, cone, and adjustment rings.
4. All open joints and pick holes shall be filled with non-shrink grout and finished to a smooth surface. Annular spaces shall be filled with foam sealer.
5. Entry couplings or sand collars required where sewer mains enter and exit the manhole.
6. Manhole base shall be on undisturbed or compacted earth.

SEWER MANHOLE VAULT — S-1



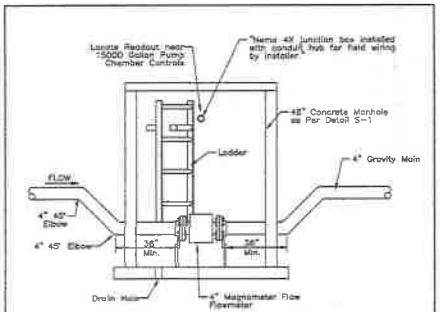


TABLE 8-3		
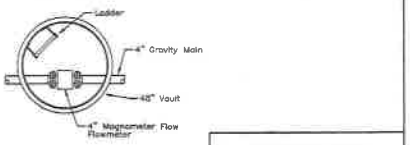
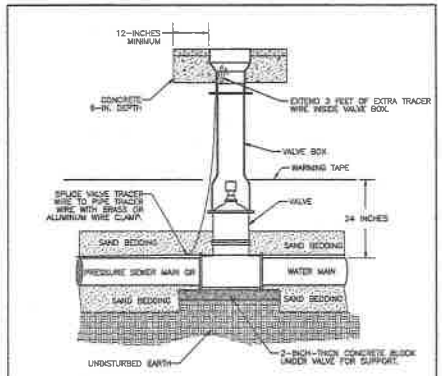
SANITARY SEWER MAINS		
TRENCH WIDTH FOR MAINS (W) SHALL BE PIPE SIZE PLUS 18 INCHES. ALL TRENCHES SHALL MEET WAC CHAPTER 296-155 FOR CONSTRUCTION WORK.		
	MINIMUM PIPE COVER "L"	MINIMUM PIPE DIAMETER "D"
SEWER MAINS	48 INCHES	4 INCH
SANITARY SEWER PRESSURE MAINS	48 INCHES	VARIES

NOTES:



1. TRACER WIRE SHALL BE TAPED AT 10-FOOT INTERVALS TO THE TOP OF ALL SEWER MAINS.
2. BEDDING MATERIAL SHALL BE PLACED UNDER ALL PIPE PRIOR TO PLACING PIPE.
3. TRENCHES MAY BE BACKFILLED WITH CONTROLLED DENSITY FILL.
4. ALL UTILITIES (PHONE, GAS, CABLE TV, TELECOMMUNICATIONS, ELECTRIC, WATER, SEWER, STORM, ETC.) SHALL MEET THE REQUIREMENTS OF THIS DETAIL.
5. PIPE COVER (L) AND PIPE DIAMETER (D) MAY BY LONGER THAN REQUIRE BY TABLE 8-3.
6. BEDDING SHALL MEET WSDOT REQUIREMENTS

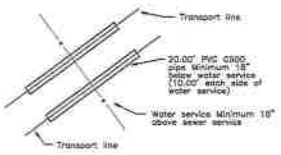
TRENCHING AND BEDDING — S-5



NOTE:

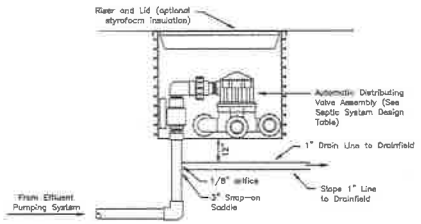
Entire pipeline shall maintain a min. slope of 0.01 ft/ft across structure

MAGMETER VAULT — S-2



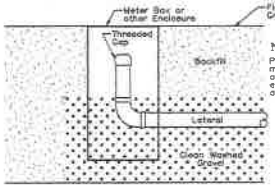
NOTES:

1. TRACER WIRE SHALL BE TAPED AT 10-FOOT INTERVALS TO THE TOP OF THE SEWER.
2. VALVE BOX AND LID SHALL BE SET 1/4 INCH BELOW FINISH GRADE IN ASPHALT AREAS. IN UNPAVED AREAS SET VALVE BOX TO GRADE AND CENTER IN A CONCRETE PAD, SLOPED IN DIRECTION OF TRAVEL, WITH A DEPTH OF 6 INCHES AND A WIDTH OF 1 FOOT BEYOND VALVE BOX.
3. VALVE OPERATING NUT MORE THAN 4 FEET BELOW GRADE SHALL HAVE AN APPROVED EXTENSION INSTALLED TO BRING TOP OF OPERATING NUT TO 24 INCHES TO 30 INCHES BELOW FINISH GRADE.
4. BRASS WIRE CLAMP SHALL BE SPLIT-BOLT CONNECTOR OR OTHER WIRE CONNECTION AS AUTHORIZED BY THE ENGINEER.



SEWER VALVE — S-3

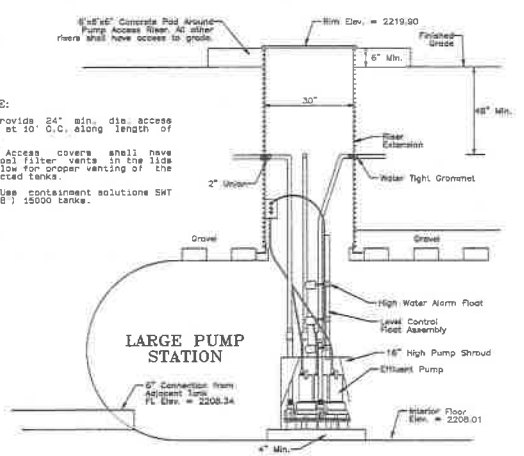
WATER LINE CROSSING DETAIL



CALL 811 BEFORE YOU DIG

DISTRIBUTION VALVE DETAIL

CLEANOUT / MONITORING PORT DETAIL



NOTE:

Place a cleanout monitoring port at the end of every lateral and at any angle point.

DESIGN STANDARD

This septic system design is based on criteria set forth by Washington State Department of Health guidelines. This system is designed to properly and dispose of 14,000 gallons of residential effluent. The design assumes that the waste water has been "treated" at each individual home site in a properly designed septic tank.

The drainfield beds were designed to have a sewage loading rate of 1.0 gallon per day per square foot per day for type 1 soils.

NOTE:

1. Provide 24" min. dia. access cover at 10' O.C. along length of tank.
2. Access covers shall have charcoal filter vents in the lids to allow for proper venting of the connected tanks.
3. Use containment solutions SWT 6-6 (8') 15000 tanks.

GENERAL PROJECT SPECIFICATIONS

Standard Specifications:

The Washington State Department of Transportation "Standard Specifications for Road, Bridge and Municipal Construction," 2010 Edition, and referred to as the "Standard Specifications", are hereby part of the contract plans. Any inconsistency in the parts of the contract including these contract plans shall be brought to the attention of Western Pacific Engineering & Survey, Inc. prior to construction. During the performance of the work, if the contractor discovers any conflict, error, ambiguity or discrepancy within the contract plans, contractor shall report it immediately, in writing, to Western Pacific Engineering & Survey, Inc., and to the responsible agency's designated engineer. The Standard Specifications can be obtained at the following web sites:

http://www.wsdot.wa.gov/publications/manuals/

Responsible Agencies:

Washington State Department of Health:
Overview and permitting of system

Evergreen Valley Utilities:
Owner and operator.

Prior to the start of construction, a pre-construction conference shall be scheduled with the contractor, the developer's design engineer, and any affected utilities and agencies.

Special Provisions:

The following special provisions and responsible agency standards amend the Standard Specifications. The contractor shall do all work in accordance with the contract plans, these special provisions, responsible agency standards, and the Standard Specifications.

1-05.4 Conformity with and Deviations from Plans:

Construction staking shall be performed under the direct supervision of a Land Surveyor.

The Contractor shall keep the surveyor informed of their staking requirements far enough in advance of the time when the stakes will be required to provide a reasonable amount of time to set the stakes. Requests for stakes shall be made at least two working days prior to the need to commence staking operations. The request shall include the offset distance and direction.

As-Constructed Drawings shall be prepared and submitted to the Design Engineer upon completion of the construction.

The as-built drawings shall show any field changes made during construction. The contractor shall also supply Western Pacific Engineering and Survey with a complete set of the manufactures specifications, submittals, operating manuals and installation instruction for all parts and equipment installed by the contractor.

1-06.1 Approval of Materials:

Delete the first paragraph and replace with the following: The Contractor shall submit a written list of all materials to the design engineer prior to construction. Submittals for all non-standard materials used in the project shall be reviewed and approved by the governing agency prior to construction. Contractor shall provide materials submitted for all non-standard materials to the respective agencies. All materials shall be approved by the design engineer and the agency prior to the start of construction.

1-06.2(1) Samples and Tests for Acceptance:

Modify the section as follows: The word Engineer or Project engineer shall refer to the owner and their designated inspector.

Special inspection shall be as follows, unless modified by the design engineer due to field conditions.

The contractor is responsible for contacting Western Pacific Engineering and Survey regarding all construction inspection. WPES will make the following inspections before the contractor is allowed to backfill:

1. WPES shall test the sand used for the base of the drainfield every two (2) days of production for quality assurance. The sand used for the drainfield base shall have the following gradation:

Sieve Size	Passing
3/8"	100%
#4	95-100%
#8	80-100%
#16	50-85%
#30	25-60%
#50	05-30%
#100	2-10%
#200	<3%

Send finer than ASTM C-33 or with more than 3% passing the #200 screen will be rejected.

2. WPES will verify that all laterals are level to within 0.5" before placement of the geotextile and the drain rock.

3. WPES will verify that all laterals (pipe) are level to within 0.5" before the squirt test. Additionally WPES will assure that the required thickness of drain rock is present under the pipe.

4. WPES will verify that all tanks are water tight. Testing for water tightness will be as follows:

Every tank shall be water tested in the ground before backfilling. (tanks may be partially backfilled prior to testing if required to maintain stability.) Each tank shall be filled with clean water up to two inches within the access riser, so that the inlet, outlet, and riser connections are all proven water tight. Any joints in the risers must also be tested. WPES will verify that the tanks hold water for at least 30 min.

5. WPES will verify the water tightness of all underground lines. Testing for water tightness shall be as follows:

All gravity sewer lines shall be air tested at 5 psi for 5 minutes. All mains and laterals shall be free and clean of debris. All pressurized sewer mains shall be pressure tested at 50 psi for 15 minutes. All other gravity lines shall be visually inspected for leaks before back filling.

6. WPES will verify that the squirt height is uniform and is within the required specification.

7. WPES will verify that all pumps cycle properly. Pump cycles will be verified using the floats in the tanks.

8. WPES will verify that all automatic distribution valves drain freely and cycle properly.

9. WPES will verify that all valves work properly and have adequate access.

1-06.2(1) Samples and Tests for Acceptance (CONT.):

The Washington State Department of Health requires construction inspection and operational testing prior to drainfield being backfilled. The operational test shall consist of observation of the system with the orifices in the twelve o'clock position to make sure that the residual head is at two feet (2') plus or minus 3".

The contractor shall provide WPES with sufficient time to schedule all tests. Many inspections can be done within 48 hours of request, however some inspections are required to be witness by others, who may have different scheduling conflicts.

1-07.1 Laws to be Observed:

This Section is supplemented by adding the following:

Contractor shall take all necessary precautions for the safety of, and shall provide the necessary protection to prevent damage, injury, or loss to:

1. All persons on the site or who may be affected by the work;

2. All the work and materials and equipment to be incorporated therein, whether in storage on or off the site; and

3. Other property at site or adjacent thereto.

Contractor shall comply with all applicable laws and regulations related to the safety of persons or property including WISHA and OSHA regulations.

It is the responsibility of the Contractor to obtain all necessary permits and pay all associated fees to perform the work required by these plans.

Installation shall be completed only by a certified installer licensed by the Kittitas County Health District.

The waste in the large pump chamber and in the drainfield pump chambers is residential strength effluent. However, the electrical components in these two tanks are required to be intrinsically safe because of the number of connections. In all cases, the system shall meet Washington State Department of Labor and Industries requirements.

1-07.16 Protection and Restoration of Property:

This Section is supplemented by adding the following: If any unknown subsurface structures are encountered during construction, they shall immediately be brought to the attention of the owner and prior to proceeding further with the work, protective measures shall be taken by the contractor to protect adjacent properties, public and private, at all times during construction). The contractor shall take all necessary precautions to control dust to meet the requirements of the responsible agency. Hydrant meter, irrigation equipment and any fees are the responsibility of the contractor.

The required horizontal set backs from public and private property are as follows:

Drainfield setbacks shall be as follows:
a. 100 feet from any well.
b. 10 feet from building.
c. 10 feet from any unshielded water line.
d. 5 feet from property lines or lines of easement.

Septic Tank and Pump Chamber setbacks shall be as follows:
a. 100 feet from any well.
b. 10 feet from any unshielded water line.
c. 5 feet from buildings.
d. 5 feet from any drainfield.
e. 5 feet from property lines or lines of easement.

1-07.17 Utilities and Similar Facilities:

This Section is supplemented by adding the following: The contractor shall be responsible for verifying the location, dimension and depth of all existing utilities prior to construction, whether shown on the contract plans or not. Locations of said utilities as shown on the contract plans are based upon the best-known records available and are subject to a degree of unknown variation. If conflict should occur, the contractor shall immediately advise the design engineer to prepare a design revision. Approval of the design revision from the engineer and design engineer shall be obtained prior to proceeding with construction. It is the contractor's responsibility to notify the appropriate utilities involved prior to the start of any excavation. Call 811 for utility located two working days prior to excavation. The contractor shall make all necessary arrangements, for construction of utilities shown on the contract plans and/or included in the contract document, with the serving utility. The contractor shall perform all work and shall furnish and install all materials as required by the utility. In cases where the serving utility furnishes materials and/or installs some components, the contractor shall furnish and/or install all other items of work not provided by the utility that are necessary for a complete and functioning utility system.

1-08.0 Prosecution and Progress: Preliminary Matters:

This Section is supplemented with the following: The contractor shall have and maintain on the job site during the performance of the work complete sets or copies of the following documents:

1. Contract plans which have been signature approved by the engineer;
2. Responsible agency standards applicable to the construction operations; and
3. One set of record drawings

All work shall be constructed according to the approved contract plans and standard specifications. Any deviation from the approved contract plans will require written approval from the engineer. The contractor shall keep and maintain on the site one set of record drawings. The contractor shall mark on the record drawings all project conditions, locations, configurations, and any other changes or deviations which may vary from the details represented on the original contract plans. When construction is complete, the record drawings shall be submitted to the design engineer for use in preparing permanent record drawings.

The contractor shall obtain and have available, copies of the applicable responsible agency standards at the job site during the related construction operations.

1-10 Temporary Traffic Control:

Insert the following language immediately above the first paragraph of Section 1-10: Work shall not commence in the right-of-way until approval of a traffic control plan by Kittitas County Public Works. The contractor shall submit a traffic control plan to Kittitas County a minimum of 5 days in advance of their intended use for work within the public road right-of-way. The traffic control plan shall conform to the MUTCD and shall be reviewed by the design engineer prior to submittal to the engineer.

2-01.3(2) Disposal Method No. 2 - Waste Site:

Supplement the following to Section 2-01.2(2): The contracting agency provides no waste site to the contractor.

2-03 Excavation and Embankment:

This Section is revised and supplemented by the following: As required topsoils may be stripped from the site. The disturbance of soils shall be minimized to the highest possible extent. Compaction of soils within the drainfield areas shall be minimized. In areas of outside of the drainfields, compaction shall be at least 90% of ASTM 698.

2-03.3(7) Disposal of Surplus Material:

Supplement the following: Excess strippings and material shall be removed from the project site.

7-08.3(1)A and 7-08.3(5) General Pipe Installation Requirements:

Supplement the Section with the following: vertical separation (18" minimum) and horizontal separation (10' minimum) between water and sanitary sewer pipelines shall meet the requirements of section C1-9 of the "Criteria for Sewage Works Design" published December 1998 by the Washington State Department of Ecology.

All underground pipe shall be installed according to Detail S-5.

7-17.2 Sanitary Sewer Materials:

Supplement with the following: Gravity sewer pipe shall be solid wall PVC sanitary sewer pipe SDR 3034, S-05.12(1): Sanitary Sewer (force main) shall be schedule 40 PVC pipe.

8-01 Erosion Control and Water Pollution Control:

Add the following to Section 8-01.3(1): the contractor shall provide temporary ditching, sediment ponds, silt fencing, rock construction entrance and/or other measures to ensure that siltation control is provided and maintained during construction. The contractor shall take all necessary precautions to assure that silt-laden water does not leave the construction site.

Sewage Meter Stations:

The contractor shall install an 4" McCrometer Ultra Mag Electromagnetic Flowmeter in a vault as shown on the construction drawings. The digital readout shall be extended to and be placed alongside the pump control panels for the 15000 gallon pump chamber. The contractor shall contact the owner for procurement of this device.

Effluent Filters:

An effluent filoter shall be installed before the dosing pumps in the drainfield pump chambers. Use a Polylock PL-525 effluent filter or equal. The filter shall be rated for a minimum daily flow rate greater than 8000 gallons per day.

Control Panels:

The pumps at each drainfield complex shall be controlled by a new duplex alternating control panel programmed for demand dosing. The duplex control panel shall have a cycle counter and hour meter. The control panel shall be installed according to the manufactures specifications. The control panel shall be an Orenco WVP-DAX-2- control panel with programmable timer, redundant off, float control, a test switch, a pump run light and alarm.

The pumps at the pump station shall be controlled by a new simplex control panel programmed for timed dosing. each of the three pumps shall have it's own control panel. all of the panels shall be set for individual run times based on pump performance. The simplex control panels shall have a cycle counter and hour meter. The control panels shall be installed according to the manufactures specifications. The control panel shall be an Orenco WVP-S control panel with programmable timer, redundant off, float control, a test switch, a pump run light and alarm.

An alarm switch shall be installed in all pump chambers. The audible alarm shall be mounted near the control panels where any alarm sound can be heard by residents. Emergency contact numbers shall be permanently posted near the alarm.

This system shall be installed with a single AGM Cellular Terminal alarm panel. This device shall be installed such that it will notify Evergreen Valley Utilities that a problem exists. The panel shall be capable of sending a message if the alarm on any one of the pump control panels is triggered.

The contractor shall furnish a control panel support composed of pressure treated 6"x6" vertical support posts placed at 48" O.C. The control panels shall be supported on 2"x4" members with 2"x4" members to provide structural support to the plywood. The contractor shall also provide a small 24" wide roof over the back of the control panels to provide shade and protection from snow.

Tanks:

All new tanks shall be:
a. Preapproved by the Washington State Department of Health. Plans for non-approved tanks showing tank, cross section, layout, and interior configuration shall be submitted to the Department of Health prior to installation.
b. Leak tested following installation - no leakage shall be detected.
c. Equipped with locking lids.
d. Have 24" min. dia access cover at 10' O.C. along length of tank.
e. Access covers shall have charcoal filter vents in the lids to allow for proper venting of the connected tanks.

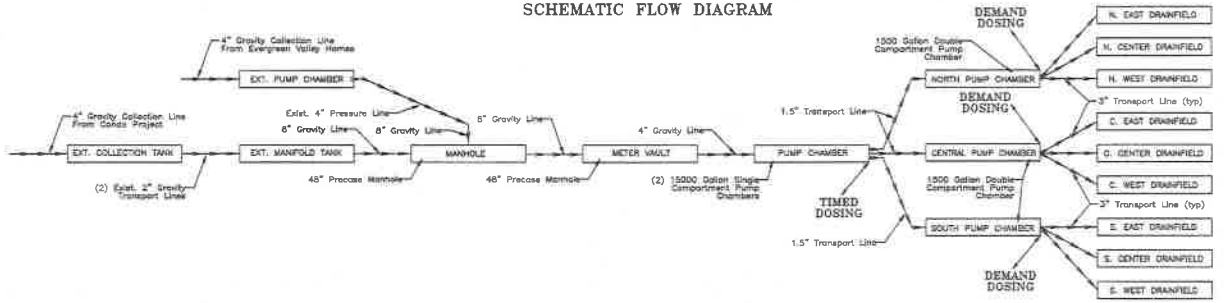
The large pump chambers shall be a Containment Solutions SNT 8-6 (8') 14,500 gallon pump chamber.

The small pump chambers shall be a M-1 Tanks 1500 gallon two compartment concrete septic tank or approve equal. (3) are required for this project.

All tanks shall be installed as per the manufacturers recommendations. The soil on which new tanks are to be placed shall be compacted to a minimum of 95% maximum density (per ASTM D 1557 test method) for the top twelve inches. In addition the tanks shall be bedded with a minimum of 6" of compacted 5/8" minus crushed rock or clean well graded sand.

Pumps:

Several pumps are needed for the operation of this system. Pumps shall be as stated for there particular application as tabulated on sheet C2.2. The pumps used for this system shall be either one of two different models in order to minimize the required number of shelf spares. Use Goulds single phase 230V pumps.



All pumps shall be set so that 132 gallons of effluent is pumped each dose. The contractor shall verify the pump rate via field tests, and set all pumps accordingly.

Three pumps shall be set in the large pump chamber. These pumps shall be timed dosed utilizing the following pump run times:

a. North Drainfield Complex: 8.2 minutes every 20 min. for 66 gallons.
b. Central Drainfield Complex: 4.7 minutes every 20 min. for 66 gallons.
c. South Drainfield Complex: 3 minutes every 20 min. for 66 gallons.

The pumps at the drainfield, (2) per drainfield complex, shall be set to run on demand. Set the float switch for 132 gallons of effluent, which is approximately 11.28" in the dose chamber.

Plat Name(s)

Evergreen Ridge P.U.D. Kittitas County Plat # 01-01

Overview

Kittitas County Project Number	P-01-10
Developer Name	PQD Construction, Inc.
Average Lot Acreage	0.2 acres
Lots to be served	See Evergreen Ridge P.U.D. (Attached)
Terrain	Mountainous
Column on Table 12.1	Low Density (See Appendix A)
New or Existing Road(s)	New
Road Name(s)	Tiger Lily Lane – (East Extension)
Road Maintenance Agreement	Yes
Contractor	PQD Construction, Inc.

Easement Width

60-feet minimum

Road Width – See enclosed map

22 feet minimum of gravel (22-foot travel way and 1 foot gravel shoulders - See Appendix A)

Road Surface

2" CSTC – Needs to be completed
4" CSBC – Needs to be completed
Subgrade is graded and compacted.
8-12" of total gravel

Road Compaction

Contractor worked closely with Encompass Engineering & Surveying during the construction of new road. Road inspection was done during the Spring of 2013. The subgrade meets compaction requirements.

Drainage

Drainage ditches are constructed.

Turnaround(s)

Road loops

Maximum Road Grade

Maximum road grades do not exceed 3%.

Time of Construction

Construction of roadway subgrade was completed during the summer of 2012. Finish surfacing to be completed during Summer of 2013.

Road Barrier(s)

None necessary at this time.

Sight Distance

Meet the minimum requirements of AASHTO.

Horizontal Curvature

Meet the minimum requirements of AASHTO.

Vertical Curvature

Meet the minimum requirements of AASHTO.

Access

Tiger Lily Lane is accessed off of Paintbrush Lane. No work was done within County right-of-way.

Speed Limit

Speed limit is not posted.

Channelization

A stop sign shall be installed along with a speed limit sign at intersection of Tiger Lily Lane and Paintbrush Lane. The stop sign is for traffic on Tiger Lily Lane.

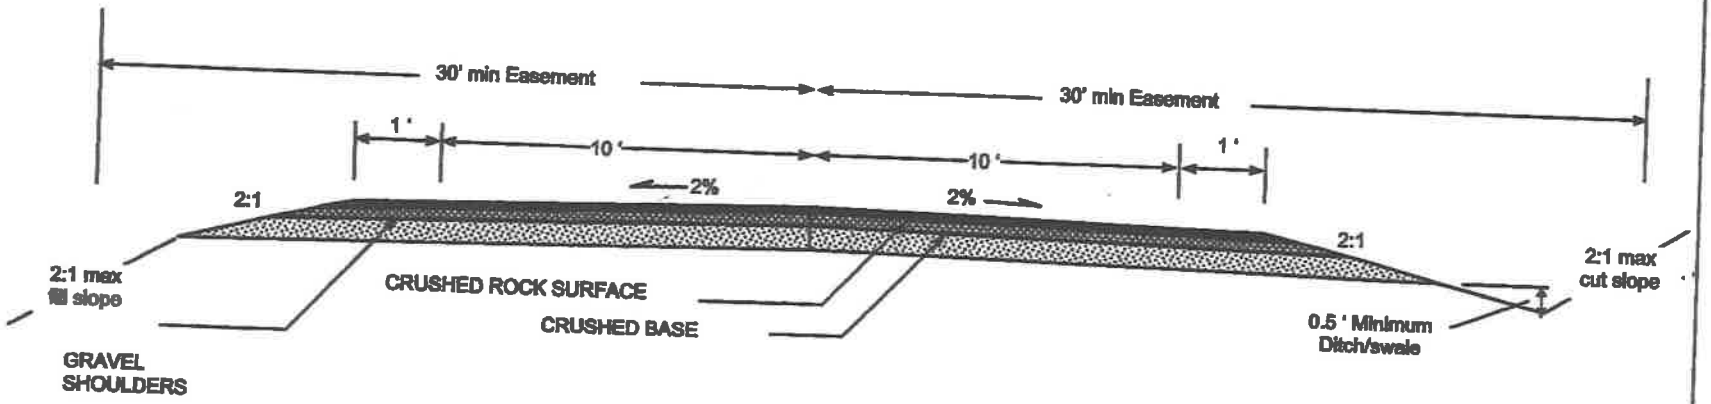
Temporary Erosion & Sediment Control

None

Cut/Fill Slopes

Cut/Fill slopes were compacted and inspected during and after construction.

Miscellaneous



A Road Maintenance has been addressed in the Declaration of Covenants, Conditions and Restrictions for "Evergreen Ridge P.U.D.".

Certification of Private Roads

Plat Name(s)

Evergreen Ridge P.U.D. Kittitas County Plat # 01-01

Overview

Kittitas County Project Number	P-01-10
Developer Name	Teanaway Ridge LLC
Average Lot Acreage	0.52 acres (11.41 acres / 22 lots)
Lots to be served	See Evergreen Ridge P.U.D. (Attached)
Terrain	Mountainous
Column on Table 12.1	High Density/15-40 Lots (See Appendix A)
New or Existing Road(s)	New
Road Name(s)	Paintbrush Lane
Road Maintenance Agreement	Yes
Contractor	Teanaway Ridge, LLC

Easement Width

60-feet minimum See Appendix A

Road Width – See enclosed map

24 feet minimum of gravel (22-foot hard surfaced travel way and 1 foot gravel shoulders - See Appendix A)

Road Surface

Asphalt Paving – 50% complete
2" CSTC
4" CSBC
Subgrade is graded and compacted.
8-12" of total gravel

Road Compaction

Contractor worked closely with Encompass Engineering & Surveying during the construction of new and existing roads. Road inspection was done during the summer 2009, 2010, & 2012. The subgrade below the top course material meets compaction requirements.

Drainage

A thickened edge will be used to direct stormwater into existing catch basins and closed conveyance system.

Turnaround(s)

A cul-de-sac turn around has been constructed. At this time the radius is 90 feet and will need to be widened to meet county standards.

Maximum Road Grade

Maximum road grades do not exceed 12%.

Time of Construction

Construction of roadway subgrade was completed during the summer of 2009. BST is to be completed during summer of 2010.

Road Barrier(s)

None necessary at this time.

Sight Distance

Meet the minimum requirements of AASHTO.

Horizontal Curvature

Meet the minimum requirements of AASHTO.

Vertical Curvature

Meet the minimum requirements of AASHTO.

Access

Paintbrush Lane is accessed from Rock Rose Drive. No work was done within County right-of-way.

Speed Limit

Speed limit is not posted.

Channelization

A stop sign shall be installed along with a speed limit sign at intersection of Tiger Lily Lane and Paintbrush Lane. The stop sign is for traffic on Tiger Lily Lane.

Temporary Erosion & Sediment Control

Dispersion trenches and swales/ditches and rock lined ditches were constructed as necessary.

Cut/Fill Slopes

Cut/Fill slopes were compacted and inspected during and after construction.

Miscellaneous

Continued development within this area will allow for additional inspection and road certifications. A Road Maintenance has been addressed in the Declaration of Covenants, Conditions and Restrictions for "Evergreen Ridge P.U.D.".

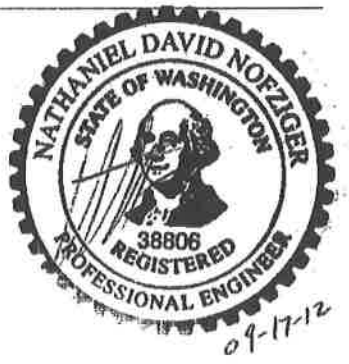
PROJECT NO: 11607
REPORT NO: 06

LCU, Inc.
Attn: Mark Nelson
P.O. Box 394
Cle Elum, WA 98922

PROJECT: 2012 BST Pavement Project in Evergreen Valley
INSPECTION: Compaction of existing roadbed, Red Cedar and Tamarack Lane.

Summarized below are the results of Field Density tests performed by Nathan Nofziger of Western Pacific Engineering and Survey, on the above referenced project, on the dates and locations shown below. Unless otherwise noted, our personnel utilized the nuclear densometer method of testing in accordance with ASTM D2922. The project specifications require a minimum in-place density of 95 percent of the maximum density in accordance with ASTM D1557.



Test No.	Test Date	Field Dry Density Pcf	Field Moisture Content Percent	Max. Lab Dry Density Pcf	Percent of Maximum Density Obtained	Probe Depth
Subgrade at Top of Existing Rock						
1	09/17/12	N/A	N/A	141.9	N/A	1"
Location: Several attempts to take a test about 200' from the end of pavement on Red Cedar Lane were performed. Attempts to drive the steel pin into the soil subgrade allowed a penetration of up to 1". The soils in this area should be considered to be sufficiently compact.						
2	09/17/12	N/A	N/A	141.9	N/A	1"
Location: Several attempts to take a test at the mid point of the curve between Tamarack Lane and Red Cedar were performed. Attempts to drive the steel pin into the soil subgrade allowed a penetration of up to 1". The soils in this area should be considered to be sufficiently compact.						

Test No.	Test Date	Field Dry Density Pcf	Field Moisture Content Percent	Max. Lab Dry Density Pcf	Percent of Maximum Density Obtained	Probe Depth
Subgrade at Top of Existing Rock						
3	09/17/12	N/A	N/A	141.9	N/A	1"

Location: Several attempts to take a test 100' from the end of pavement on Tamarack Lane were performed. Attempts to drive the steel pin into the soil subgrade allowed a penetration of up to 1". The soils in this area should be considered to be sufficiently compact.

Based on my experience with road base materials, the soils found along this roadway are compacted to a degree greater than would be normally encountered utilizing conventional soil testing methods. Relative compaction of the roadway, in the areas described, should be considered greater 95% of ASTM 1557.

RE: Evergreen Ridge PUD Phase 1, Divisions 1 & 2 Road Certifications

In reviewing the Road Certification and subsequent information for Evergreen Ridge PUD Phase 1, Divisions 1 & 2, our department will accept this Road Certification, based on the information provided. This acceptance applies to the following roads within Evergreen Ridge PUD Phase 1, Divisions 1 & 2:

Rock Rose Drive
Paintbrush Lane
Wintergreen Lane
Tiger Lily Lane

Please feel free to contact our department if you have any questions or require additional information.

Copies of this report to:
Kittitas County
Port Quendall Development/ Terra Designs
Central Cascade Engineering, Inc.

CERTIFICATION OF PRIVATE ROAD
EVERGREEN RIDGE PLANNED UNIT DEVELOPMENT
PHASE 1, DIVISIONS 1 & 2

Overview

Developer Name	Port Quendall Development
Average Lot Area	0.43 Acres
Lots to be served	38
Terrain	Sloping West, 10-25%
Column on Table 12.1	High Density
New or Existing Roads	New Roads
Road Names	Rock Rose Drive, Paintbrush Lane, Wintergreen Lane, Lupine Lane.

Easement Width

Roadway Easement Width is 60 feet.

Road Width

Roadway width for Rock Rose Drive and Paintbrush Drive always exceeds Kittitas County's standard for private roads with 15-40 lots. The standard calls for 22 feet of paving, while these roads have paved widths just over 26 feet. These roads also exceed the standard for private roads with more than 40 lots or more than 400 ADT published in the AASHTO manual.

Roadway width for Wintergreen Lane and Lupine Lane also always exceeds the standard for private roads with 15-40 lots. The average paved width is 22.3 feet for these two private roads, with the standard for roads serving 15 to 40 lots being 22 feet.

Road Surface

Surface-	2 inches of asphalt cement pavement
Top Course Aggegate	2" to 4" of 5/8" minus mix
Base Course Aggregate	8" of 1-1/4" minus mix

Compaction

All roadway, base, top course, and asphalt cement compaction was personally observed by me, and was in a firm and unyielding condition prior to the next application. In addition, PLSA Engineering & Surveying was contracted to perform compaction tests on the top course before asphalt was laid. All tests passed the 95% compaction density threshold. PLSA also performed Rice Density tests on the ACP, which also passed (copies attached).

Drainage

Roadside ditches and drainage culverts were constructed as per original plans. There are no sags, ponds, or erosion problems from the installations. All drainage features are functioning properly.

Cul-de-Sacs

Cul-de-Sacs were constructed as per approved plans, and provide a comfortable turning radius conforming to Kittitas County Road Standards.

Road Grade

Road grade does not exceed 10% at any time, as per approved plans.

Time of Construction

Construction was begun in the summer and fall of 2004, with final grading, compaction, and ACP completed in July 2005.

Road Barriers

Does not apply.

Sight Distance, Horizontal and Vertical Curvature

All grades meet the minimum AASHTO requirements for horizontal and vertical curves.

Access

The roads are accessed tributary to State Highway 903 at approx. milepost 9.

Speed Limit

The speed limit is not posted. The roads meet the 25 mph standard.

Channelization

N./A

Erosion & Sediment Control

Several check dams were installed in ditches to minimize sediment transport for two years while ditch vegetation is established to minimize ditch erosion.

Cut and Fill Slopes

Cut and fill slopes were constructed to the approved 2:1 design standard.

3.3.2 Stormwater Quality Control

As required by Ecology's 2004 *SWMMEW*, Core Element #5 – Runoff Treatment is required to reduce pollutant loads and concentrations in stormwater runoff using physical, biological, and chemical removal mechanisms to protect water quality so that beneficial uses of receiving waters are maintained and where applicable, restored (*SWMMEW*, Section 2.2.7). The most effective basic treatment BMPs remove about 80 percent of total suspended solids contained in the runoff treated, and a much smaller percentage of the dissolved pollutants. It may be necessary to provide additional treatment to remove oil, metals, and/or phosphorus from stormwater runoff.

Water quality treatment facilities are selected based on the types of treatment required, terrain configuration, and site layout. Based on these elements for the Ridgecrest Road Basin, it has been determined that the Biofiltration Treatment & Sediment Trap Facilities would be the most efficient method of treatment.
Pre-treatment facilities may be required, and will be designed based on a water quality design flow rate utilizing the SCS Type IA 24-hour storm with a 25-year return frequency as a conveyance system located "on-line". It is possible that some areas with high permeability rates may be utilized for surface infiltration facilities, but this will be determined in the design phase of the project.

SBUH calculations in Table 1 identify the water quality volumes that will require treatment prior to quantity control based on regional storm with a 6-month, 24-hour return frequency. These volumes represent the entire basin area runoff in the developed condition that would require treatment measures for each land use alternative. The single facility sizes offer a convenient method for comparing differences between other alternatives; however in practice, multiple smaller facilities would be implemented across the on-site drainage basins.

Table 1 Estimated required volume for water quality treatment.

BASIN	Total Area (acres)	Estimated Required Volume for water quality treatment (ft^3)[1]
		Single Pond Alternative
A	150	35,250

[1] Volume for water quality treatment based on regional storm with a 6-month, 24-hour return frequency approach.

Pre-treatment facilities sizing based on the water quality design flow rate will be determined in the design phase of the project.

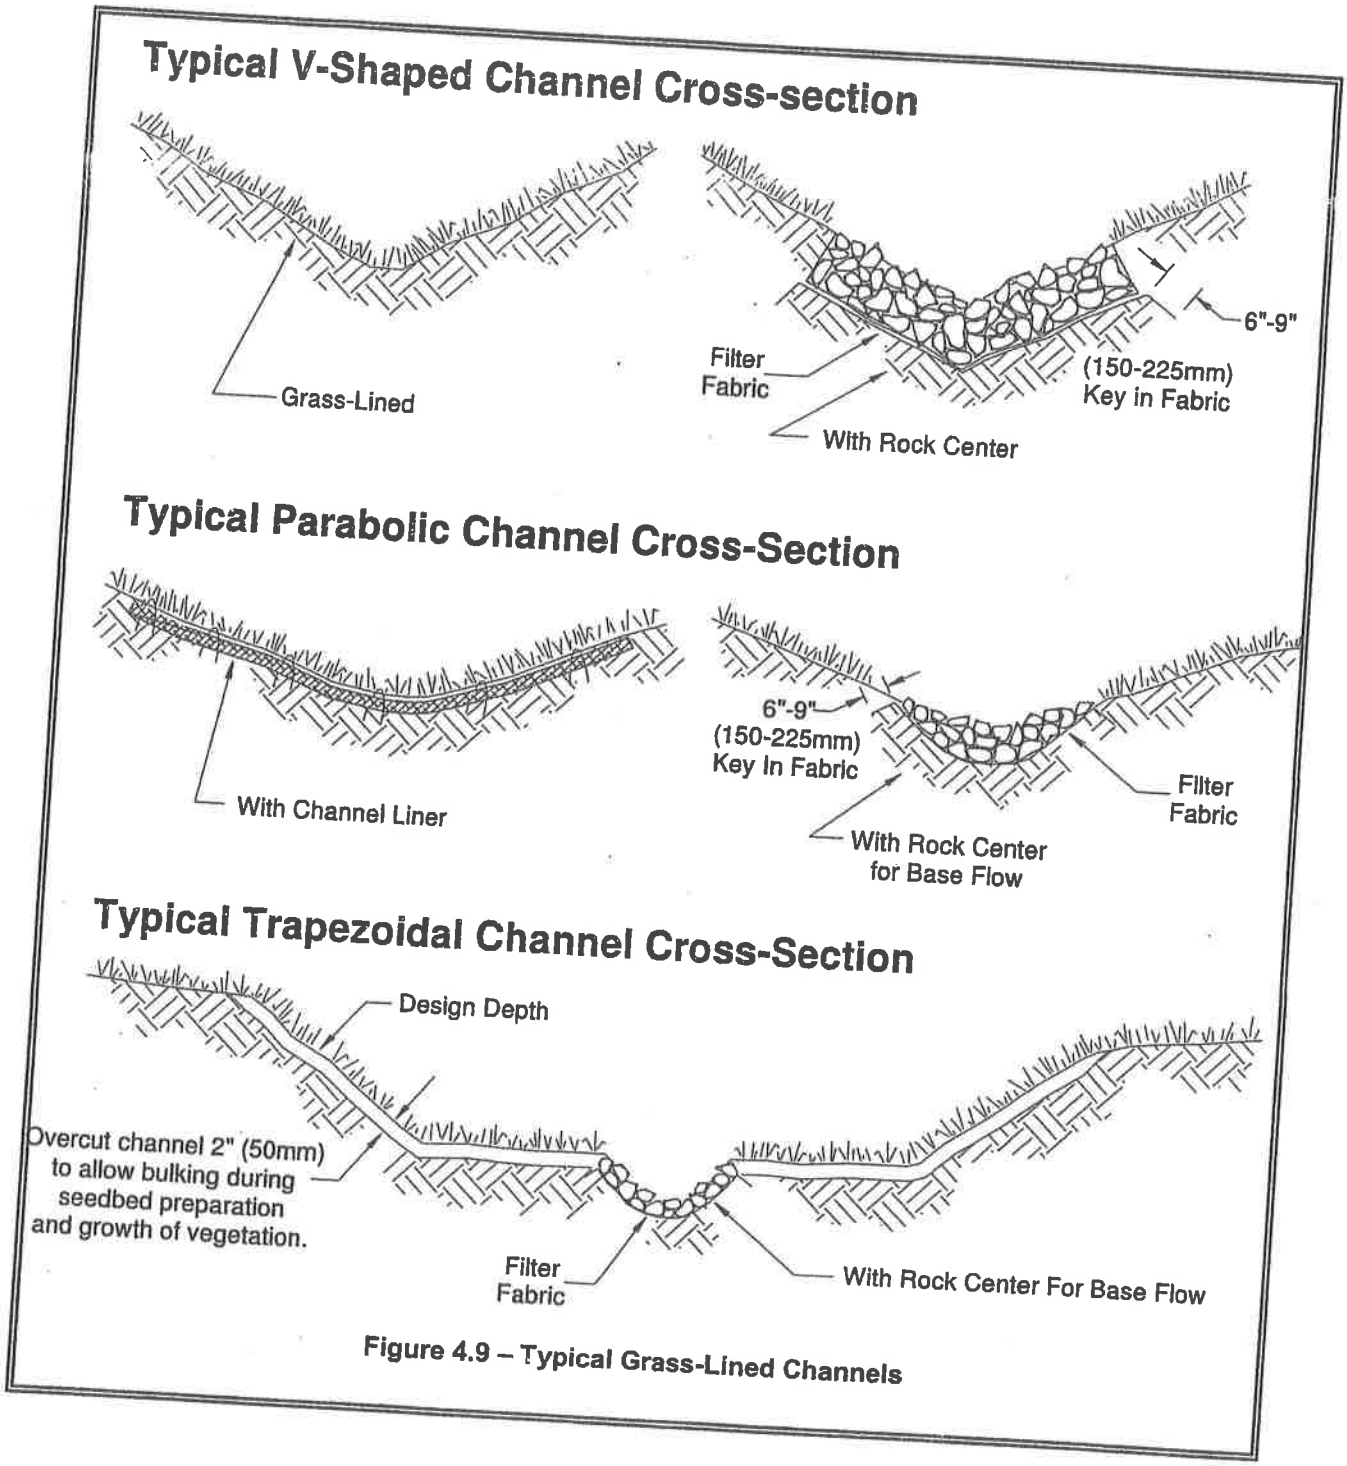

Figure 4.9 – Typical Grass-Lined Channels

BMP C203: Water Bars

Purpose

A small ditch or ridge of material is constructed diagonally across a road or right-of-way to divert stormwater runoff from the road surface, wheel tracks, or a shallow road ditch.

Conditions of use

- Clearing right-of-way and construction of access for power lines, pipelines, and other similar installations often require long narrow right-of-ways over sloping terrain. Disturbance and compaction promotes gully formation in these cleared strips by increasing the volume and velocity of runoff. Gully formation may be especially severe in tire tracks and ruts. To prevent gullying, runoff can often be diverted across the width of the right-of-way to undisturbed areas by using small predesigned diversions.
- Give special consideration to each individual outlet area, as well as to the cumulative effect of added diversions. Use gravel to stabilize the diversion where significant vehicular traffic is anticipated.

Design and Installation Specifications

- Height: 8-inch minimum measured from the channel bottom to the ridge top.
- Side slope of channel: 2:1 maximum; 3:1 or flatter when vehicles will cross.
- Base width of ridge: 6-inch minimum.
- Locate them to use natural drainage systems and to discharge into well vegetated stable areas.
- Guideline for Spacing:

Slope %	Spacing (ft)
< 5	125
5 - 10	100
10 - 20	75
20 - 35	50
> 35	Use rock lined ditch

- Grade of water bar and angle: Select angle that results in ditch slope less than 2 percent.
- Install as soon as the clearing and grading is complete. Reconstruct when construction is complete on a section when utilities are being installed.
- Compact the ridge when installed.
- Stabilize, seed and mulch the portions that are not subject to traffic. Gravel the areas crossed by vehicles.

RE: Coverage under the Construction Stormwater General Permit

Permit number:	**WAR-125714**
Site Name:	**Ronald Ridge**
Location:	**Intersection of SR 903 & Ridgecrest Dr Ronald County: Kittitas**
Disturbed Acres:	**10**

Dear Mr. Deneen:

The Washington State Department of Ecology (Ecology) received your Notice of Intent for coverage under Ecology's Construction Stormwater General Permit (permit). This is your permit coverage letter. Your permit coverage is effective on April 12, 2012. **Please retain this permit coverage letter with your permit (enclosed), stormwater pollution prevention plan (SWPPP), and site log book. These materials are the official record of permit coverage for your site.**

Please take time to read the entire permit and contact Ecology if you have any questions.

Appeal Process
You have a right to appeal coverage under the general permit to the Pollution Control Hearing Board (PCHB) within 30 days of the date of receipt of this letter. This appeal is limited to the general permit's applicability or non-applicability to a specific discharger. The appeal process is governed by chapter 43.21B RCW and chapter 371-08 WAC. "Date of receipt" is defined in RCW 43.21B.001(2).

To appeal, you must do the following within 30 days of the date of receipt of this letter:

- File your appeal and a copy of the permit cover page with the PCHB (see addresses below). Filing means actual receipt by the PCHB during regular business hours.
- Serve a copy of your appeal and the permit cover page on Ecology in paper form - by mail or in person (see addresses below). E-mail is not accepted.

You must also comply with other applicable requirements in chapter 43.21B RCW and chapter 371-08 WAC.

Address and Location Information:

Street Addresses:	**Mailing Addresses:**
Department of Ecology Attn: Appeals Processing Desk 300 Desmond Drive SE Lacey, WA 98503	Department of Ecology Attn: Appeals Processing Desk PO Box 47608 Olympia, WA 98504-7608
Pollution Control Hearings Board (PCHB) 1111 Israel Road SW, Suite 301 Tumwater, WA 98501	Pollution Control Hearings Board PO Box 40903 Olympia, WA 98504-0903

Electronic Discharge Monitoring Reports (WAWebDMR)
This permit requires that Permittees submit monthly discharge monitoring reports (DMRs) electronically using Ecology's secure online system, WAWebDMR. To sign up for WAWebDMR go to: www.ecy.wa.gov/programs/wq/permits/paris/webdmr.html. If you have questions, contact Tonya Wolfe at (360) 407-7097 (locally), or (800) 633-6193/option 3, or email WAWebDMR@ecy.wa.gov.

Ecology Field Inspector Assistance
If you have questions regarding stormwater management at your construction site, please contact Bryan Neet of Ecology's Central Regional Office in Yakima at (509) 575-2808, or bryan.neet@ecy.wa.gov.

Questions or Additional Information
Ecology is committed to providing assistance. Please review our web page at: www.ecy.wa.gov/programs/wq/stormwater/construction/. If you have questions about the construction stormwater general permit, please contact Joyce Smith at (360) 407-6858, or joyce.smith@ecy.wa.gov.

Sincerely,

Bill Moore, P.E.
Program Development Services, Section Manager
Water Quality Program

May 25, 2006

Mr. Mike Baker
Central Cascade Construction
P.O. Box 808
Cle Elum, WA 98922

Dear Mr. Baker:

RE: Construction Stormwater General Permit
Permit Number: **WAR-007403**

Site Name: Roslyn Ridge
Location: 9291 SR 903
Ronald, WA 98940 Kittitas County
Disturbed Acres: 5.52
Receiving Water: Roadside ditches & adjacent property for infiltration

The Washington Department of Ecology (Ecology) has reviewed your application for coverage under the construction stormwater general permit, and has decided to issue permit coverage effective May 25, 2006. **Please retain this permit coverage letter with your permit (enclosed), stormwater pollution prevention plan (SWPPP), and site log book. It is the official record of permit coverage for your site.**

This letter explains some of the new requirements in the new construction stormwater general permit. Please take time to read the new permit, and contact Ecology if you have any questions.

Inspections

- You must conduct weekly visual inspections of your site to ensure your best management practices (BMPs) are functioning properly.
- Beginning October 1, 2006, you must use a Certified Erosion and Sediment Control Lead (CESCL) to do inspections of your site. Ecology maintains a list of training classes to obtain CESCL certification. Ecology has a list of CESCL training courses on its website.
- Refer to Condition S4 (pages 10-12) for more information.

Sampling and Analysis

- Beginning October 1, 2006, sites five acres and greater must sample stormwater discharges for turbidity using a turbidity meter.
- Beginning October 1, 2006, sites one acre and greater must sample stormwater discharges for pH, if the project involves engineered soils (cement kiln dust, etc.) or over 1000 yds^3 of poured or recycled concrete.
- Beginning October 1, 2008, sites less than five acres must sample their stormwater discharges for turbidity using a turbidity meter or transparency tube.

- The permit sets benchmark (target) levels for turbidity, transparency, and pH. When discharge samples exceed a benchmark, then you must follow additional permit requirements.
- Additional information regarding sampling and reporting will be sent to you prior to October 2006.
- Refer to Condition S4 (pages 10-15) for more information.

Discharges to Impaired Waterbodies

- If your site discharges into an impaired water body that is on the 303(d) list for turbidity, fine sediment, high pH, or phosphorus, additional sampling may be required.
- See Condition S8 (pages 18-21) for more information.
- EPA recently approved the 2004 303(d) list, which includes water bodies not previously on the 303(d) list. Ecology will be reviewing the newly approved list and will notify you if any additional sampling requirements apply to you.

Stormwater Pollution Prevention Plan

- Each site must have a Stormwater Pollution Prevention Plan (SWPPP) which describes the erosion and sediment control measures used on the site to protect water quality. The SWPPP requirements are contained in Condition S9 (pages 21-29).
- Remember to keep your SWPPP updated. The permit contains specific timelines for SWPPP updates based on inspection results by the site inspector or Ecology.

Permit Transfer

- When you sell or transfer operational control of all, or a portion, of your site to one or more new operator(s), permit coverage must also be transferred.
- To transfer permit coverage, submit a Transfer of Coverage form to Ecology.

Notice of Termination

- Permit coverage may be terminated (cancelled) when the site has undergone final stabilization with permanent vegetation or equivalent measures which prevents erosion.
- To terminate permit coverage, submit a Notice of Termination (NOT) to Ecology. If you do not submit a NOT, you will remain responsible for permit compliance and permit fees.
- Refer to Condition S10 on page 29 for more information.

Appeal of Permit Coverage

The terms and conditions of a general permit, as they apply to an individual discharger, can be appealed within 30 days of the effective date of coverage of that discharger (see Chapter 43.21B RCW). This appeal is limited to the general permit's applicability or non-applicability to a specific discharger.

The procedures and requirements for the appeal process are contained in RCW 43.21.B310. ("RCW" is the Revised Code of Washington). Appeals should be directed to:

Pollution Control Hearings Board
PO Box 40903
Olympia, Washington 98504-0903

Department of Ecology
Appeals Coordinator
P.O. Box 47608
Olympia, Washington 98504-7608

Questions
Ecology is committed to providing assistance to you. Please review our web page at http://www.ecy.wa.gov/programs/wq/stormwater/construction/ .

For questions about transfers, terminations, and other administrative issues, please contact Linda Matlock at 360-407-6437 or lmat461@ecy.wa.gov.

Ecology Regional Assistance
If you have questions regarding stormwater management issues at your construction site, please contact Ray Latham (509-575-2807) of Ecology's Central Regional Office in Yakima.

If you have questions regarding this letter, please call Linda Matlock at 360-407-6437.

Sincerely,

Nancy L. Winters

LEGAL DESCRIPTION
See EXHIBIT "A" of the Secondary Declaration of Covenants, Conditions and Restrictions for Evergreen Ridge as recorded under Kittitas County Auditors File Number 200806260017.

As provided for in the above referenced Secondary Declaration of Covenants, Conditions and Restrictions for Evergreen Ridge, the following sections are amended to read as follows:

Section 3.5. The Architectural and Landscaping Review Committee has the authority to grant variances as they are reasonably warranted on behalf of The Board.

Section 4.6. The property shall be kept in a predominantly natural wooded state. Small lawns, flowers and gardens may be planted, provided the landscaped area removed from the natural wooded state shall not exceed 3,000 square feet. Vegetation should be of the natural occurring variety. All landscaping designs should rely on water conservation technologies. There shall be no removal of healthy live deciduous or coniferous trees unless said removal is part of a landscaping plan or tree-thinning plan submitted to and approved by the Declarant or,

after Transition Date, the Board. Removal of trees is allowable for building sites. Prior to removal of any trees, a landscaping plan or tree-thinning plan shall be submitted to the Declarant for design approval. Said plan must show how the natural environment will be maintained. This section specifically recognizes that tree-thinning may be needed. Trees shall be thinned in such a manner to enhance the natural environment. The tree-thinning plan shall make allowance for reforestation. As trees are thinned and other removed for building sites, young small tress shall be planted and maintained to continue to enhance the natural environment. The species of the trees shall be consistent with the natural species on the Property. The intent of this section is to maintain the Property as a natural growing forest with different levels of forest canopies with a mix of the natural species. Approval of said plan shall only be granted if said plan is consistent with the intent of this section, i.e. to maintain the area in a forested natural state. This section shall in no way limit a property owner's right to remove a tree, which may be diseased, or constitute a hazard or be threat to life of property. Submissions of such plans shall be made as described in Section 3.

Section 5.8. The minimum front setback for a dwelling shall be 40 feet from the centerline of the road. The minimum side setback shall be 5 feet from the side property lines and the minimum rear setback shall be 5 feet from the rear property line. A variance to Section 5.8 may be requested and will be granted on a case-by-case basis depending on the Lots characteristics.

Section 5.10. All single family residences must have a minimum footprint of 1100 square feet or minimum living space of 1000 square feet (not including garages, porches, decks and/or patios). Residences shall not exceed 35 feet in height, as measured from the highest point of the existing grade at the foundation footprint, or applicable county height limits, whichever is less. A variance to Section 5.10 may be requested and will be granted on a case-by-case basis depending on the Lots characteristics.

Section 5.11. A single, separate living space or "guest house" is not permitted.

Section 5.12.4. Each garage and/or outbuilding shall have a footprint of no less than 400 square feet. Each garage and/or outbuilding shall have a footprint of no more than 1300 square feet; provided, however one garden-type shed which is less than 400 square feet may be constructed after approval by the Board. One gazebo that is less than 400 square feet shall be allowed per lot. Garages shall not exceed 30 feet in height, as measured from the highest point of the existing grade at the foundation footprint, or applicable county height limits, whichever is less.

Section 5.12.5. The minimum front setback for garage shall be 35 feet from the centerline of the road. The minimum side setback shall be 5 feet from the side property lines and the rear setback shall be 5 feet from the rear property line.

Section 5.14. Exterior finish shall be rock (either natural or cultured), log, masonry, natural wood and/or natural wood siding, or as deemed appropriate by the Architectural and Landscaping Committee may be used. Color shall be approved by Board.

Section 5.15. Roofs shall be of conventional gable or hip design and have a minimum roof slope of six to twelve and the minimum overhang of eaves from the outside wall surface shall be 18 inches as measured along an extension of the slope of the roof. Porch roofs attached to the main structure may be approved with a flatter pitch not to be less than three to twelve. Tile roofs shall be allowed. Roofing materials must be of architectural grade. Non-Reflective metal roofs may be allowed but only with the approval of the Board or its designee.

Metal roofs that are reflective shall not be allowed under any circumstances, unless approval is granted by the Board or it's designee.

DATED: 4-27-10

Teanaway Ridge, LLC

DOCUMENT TITLE:	SECONDARY DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR EVERGREEN RIDGE
DECLARANT:	TEANAWAY RIDGE, LLC, a Washington Limited Liability Company
LEGAL DESCRIPTION:	See EXHIBIT "A"

ASSESSOR'S TAX PARCEL NO.: 20-14-12022-0008

SECONDARY DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR EVERGREEN RIDGE

This **SECONDARY** Declaration of Covenants, Conditions and Restrictions for the properties described in EXHIBIT "A" (the "Declaration") is given as of the 17th day of June, 2008, by TEANAWAY RIDGE, LLC, a Washington Limited Liability Company (the "Declarant")

WHEREAS, the Declarant is the owner of certain real property located in Kittitas County, Washington, legally described on Exhibit A attached hereto and incorporated herein by reference; and

WHEREAS, It is the intent of the Declarant that certain qualities and assets of the Property be preserved, and it is desirable to protect the present and future property values and the enjoyment thereof; and, to that end, the Declarant desires a means to preserve and protect the intended character of the Property; and

WHEREAS, the Declarant filed and recorded on 26th day of June, 2008 a Declaration Encumbering property with Covenants, conditions and Restrictions for the property legally described on described in EXHIBIT "A" Which is recorded under Kittitas County Auditors file number 200806260016, the effect of which is to add the property legally described on Exhibit A to a Declaration of Primary Covenants, Conditions and Restrictions which were recorded under Kittitas County Auditors File No. 200409280063 (hereinafter referred to as the "Primary Declaration") This Secondary declaration is intended to apply to the specific property identified herein which property is also subject to that Primary declaration.

NOW, THEREFORE,

Declarant declares that all of the Property shall be held, sold and conveyed subject to the following restrictions, covenants, conditions, reservations, easements, assessments and lien rights, all of which are for the purpose of enhancing and protecting the value, desirability, and attractiveness of the Property. These restrictions, covenants, conditions, reservations, easements, assessments and lien rights shall run with the Property and shall be binding upon all persons or entities now having or hereafter acquiring any right, title, or interest in and to the Property, or any part thereof, and these restrictions, covenants, conditions, reservations, easements, assessments and lien rights shall be binding upon their respective heirs, successors, and assigns, and shall inure to the benefit of each individual and/or entity having or hereafter acquiring any right, title, or interest in and to the Property, or any part thereof, and their heirs, successors, and assigns.

1. **DEFINITIONS.** For the purpose of this Declaration and any Amendments hereto, the following terms shall have the following meanings and all definitions shall be applicable to the singular and plural forms of such terms. The singular form of words shall include the plural and the plural shall include the singular. Masculine, feminine, and neuter pronouns shall be used interchangeably.

   1.1. "Additional Property" means any land, whether or not owned by Declarant, which may be made subject to this Declaration as provided in Section 2 and which shall thereafter be a part of the Property.

   1.2. "Address of Record" shall mean the official address of the Lot Owner(s), as maintained in the records of the Declarant and, after the Transition Date, the Association, to serve as the location for notices of pending meetings, elections and official proceedings pursuant to this Declaration. It shall be the lot owner's

responsibility to provide the Declarant and, after the Transition Date, the Association with the Lot Owner's mailing address.

1.3. "Affiliate" means any entity, which controls, is under the common control with or is controlled by Declarant.

1.4. "Architectural and Landscaping Review Committee" shall mean the subcommittee of the Association established by the Declarant and after the Transition Date, the Board. The Board shall have the responsibility for reviewing and approving improvements to the Lots by Owners to ensure compliance with this Declaration.

1.5. "Articles" means the Articles of Incorporation of the Association.1.06. "Assessments" means all assessments and other charges, fines and fees imposed by the Association in accordance with this Declaration, including, without limitation, General Assessments, Special Assessments, and Specific Assessments.

1.6. "Association" shall mean the Roslyn Ridge Resort Communities Owners' Association, a Washington Non-Profit Corporation, comprised of the Lot Owners.

1.7. "Auditor" means the Auditor of Kittitas County, Washington, or such successor agency charged with maintaining the real estate records for property within Kittitas County.

1.8. "Board of Directors" and "Board" shall mean the individuals selected by the Declarant or elected by the Association to manage and administer the Roslyn Ridge Resort Communities Owners' Association in accordance with the Bylaws of the Association and this Declaration.

1.9. "Bylaws" shall mean the Bylaws of the Association as initially promulgated by the Declarant, and as amended from time to time, which, with this Declaration, provide for the organization of the Association and for the administration of the Association.

1.10. "Community Improvements" means all real and personal property, including easements and leasehold interests, designated as such in this Declaration, in any Supplemental Declaration subjecting additional property within the Roslyn Ridge Resort Communities to this Declaration or in any conveyance to the Association, and for which the Association has maintenance, insurance, operating, or other responsibility under this Declaration or other agreements entered into by the Association. The Community Improvements shall also include all real and personal property which the Association owns, leases, or otherwise holds possessory or use rights in for the common use and enjoyment of all Owners and occupants of the property subject to this declaration and such additional property which may be added in the future.

1.11. "Construction" and "Constructed" shall mean any construction, reconstruction, erection or alterations of a Structure, except that which may take place entirely within and affects only the interior of an existing Structure.

1.12. "Declarant" shall mean the party developing the Property and signing this Declaration, or the heirs, successors or assigns thereof.

1.13. "Declaration" means this Declaration of Covenants and Easements for the Property as defined in Section 1.31 of this document as the same may be amended or supplemented from time to time in accordance with the provisions hereof.

1.14. "Development Period" shall mean the period of time between the date of this declaration and the Transition Date.

1.15. "Governmental Authority" means the County of Kittitas, the State of Washington, the United States of America or other governmental entity or agency that has or acquires jurisdiction over the Property or any portion thereof, or sales of the Property, from time to time.

1.16. "Immediate Family" shall mean husbands, wives, children (including step children), parents and grandparents of a Lot Owner. This definition may be expanded by the Declarant or the Board after the Date of Transition.

1.17. "Lot" shall mean any parcel of land within the Property created pursuant to and in compliance with the rules, regulations, ordinances and/or laws applicable thereto, regardless of ownership or date created.

1.18. "Lot Owner" shall mean any person or entity that holds fee title or a vendee's interest under a real estate contract of any Lot. The word Lot Owner shall also be construed to include any person or entity that has, or claims to have, a legal or equitable interest in a Lot, including but not limited to, lien claimants, easement holders, tenants or other persons in possession. Regardless of the number of persons or entities which may qualify as a Lot Owner as defined herein, each Lot shall be entitled to only one vote in any situation in which this Declaration requires the vote of or approval by Lot Owners.

1.19. "Mortgage" shall mean a recorded mortgage or deed of trust that creates a lien against a Lot and shall also mean a real estate contract for the sale of a Lot.

1.20. "Mortgagee" shall mean the secured party under a mortgage, deed of trust, or other real property security interest, including a sellers' interest in a real estate contract, covering a Lot or other portion or all of the Property.

1.21. "Roslyn Ridge Resort Communities" shall refer to the Property, including any Additional Properties added pursuant to Section 2.

1.22. "Office of Record" shall mean the office of the Declarant and/or the Association

1.23. "Owner" means the Person or Persons, including Declarant, owning any Lot in the Property, but does not include a tenant or holder of a leasehold interest or a Mortgagee or other Person holding only a security interest in a Lot. If a Lot is sold under a recorded real estate installment sale contract, the purchaser (rather than the seller) will be considered the Owner unless the contract specifically provides to the contrary. The rights, obligations and other status of being an Owner commence upon the acquiring of the ownership of a Lot and terminate upon disposition of such ownership, but termination of ownership shall not discharge an Owner from its obligations incurred prior to termination.

1.24. "Person" means a human being, a corporation, partnership, limited liability company, trustee or other legal entity.

1.25. "Pets" shall mean dogs, cats, rabbits, caged birds and fowl not including roosters or any other crowing fowl, fish and other small household pets kept for personal enjoyment.

1.26. "Primary Declaration" means that certain Declaration the Declarant filed and recorded on 28th day of September, 2004, a Declaration Of Covenants, Conditions And Restrictions For Roslyn Ridge Resort Communities which is recorded under Kittitas County Auditors file #2004-9280063 .

1.27. "Primary Purpose" The primary purposes of this Declaration is to assure within the Property: (i) standards that will safeguard the privacy and quiet enjoyment of all Lot Owners; and (ii) a uniformity of use and quality of workmanship, materials, design, maintenance and location of Structures with respect to topography, finish grade elevation and adjacent Lots and improvements thereon; and (iii) those purposes and objectives set forth in the Recitals.

1.28. "Property" shall mean the property described herein and shall also specifically include any Additional Properties added pursuant to Primary Covenants Section 2 and/or Section 2 of this document, and including all improvements and structures now or hereafter placed thereon.

1.29. "Secondary Declaration" means this Declaration of Covenants and Easements as the same may be amended or supplemented from time to time in accordance with the provisions hereof.

1.30. "Structure" shall mean any building, fence, wall, driveway, walkway, patio, deck, swimming pool, outbuilding, shed or the like located on a Lot.

1.31. "Transition Date" shall mean the date upon which the rights of the Declarant are transferred to the Board as provided for in the Primary Declaration.

1.32. "Water Company" shall mean LCU Inc.

2. PROPERTY SUJBECT TO DECLARATION.

2.1. Initial Development. Declarant hereby declares that all of the real property described on Exhibit "A" attached hereto is owned and shall be owned, conveyed, hypothecated, encumbered, leased, used, occupied and improved subject to this Declaration.

2.2. Annexation of Additional Property. Declarant may from time to time and in its sole discretion annex Additional Property so long as such Additional Property is subject to this Declaration and as it may be amended in the future and is now owned or hereafter acquired by Declarant or any of its Affiliates; provided, however, that Declarant may also from time to time and in its sole discretion permit other owners of real property to annex such real property. The annexation of such real property shall be accomplished by (i) the annexation of such Additional Property to this Declaration and as it may be amended in the future in accordance with the provisions thereof or (ii) a Supplemental Declaration subjecting the Additional Property to this Declaration and as it may be amended in the future, which Supplemental Declaration shall be executed by Declarant and, if Declarant does not own such Additional Property, by its owner and shall be recorded with the Auditor.

2.3. Withdrawal of Property. Privately Owned Amenities and any other Property annexed pursuant to Section 2.2 may be withdrawn by Declarant and the Owner of such Property by an Amendment to this Declaration executed by Declarant and such Owner if the property to be withdrawn was originally included in error or if the withdrawal is for the purpose of making minor adjustments to boundary lines. In addition, Declarant may withdraw any property then owned by Declarant or the Association if such withdrawal is a result of any changes in Declarant's plans for the Property, provided that such withdrawal is not unequivocally contrary to the overall, uniform scheme of development for the Property and is approved by the Association.

2.4. Dedications. Declarant reserves the right to dedicate any portions of the Property then owned by Declarant and/or the Association to any Governmental Authority, quasi-governmental entity or entity qualifying under Section 501(c)(3) of the Internal Revenue Code or similar provisions or other legal entity, from time to time for such purposes as Declarant may deem to be appropriate, including without limitation, for utility stations, equipment, fixtures and lines; streets and roads; sidewalks, trails, open space for habitat, wildlife, waterfowl, fish, vegetation, wetlands or other preservation purposes; recreational facilities; schools; cemeteries; fire, police, security, medical

and similar services; and such other purposes as Declarant and such Governmental authority or quasi-governmental entity shall determine to be appropriate from time to time. Any consideration received by Declarant as a result of such dedication, by reason of any condemnation or any conveyance in lieu of condemnation, shall belong solely to Declarant.

3. ARCHITECTURAL AND LANDSCAPING REVIEW.

3.1. Lot Owners desiring to do any of the following: 1) construct, 2) alter, 3) repair, or 4) replace any Structure on the Lots, including, but not limited to, a residence, garage, outbuildings or other building and/or fences, landscaping, and/or to remove any trees on the Lot, or grade or alter the earth on any lot (collectively "the work") shall, prior to construction, submit in writing to the Architectural and Landscaping Review Committee of the Association a request for review and approval, together with a set of plans and specifications and/or a Tree Thinning and Re-Forestation Plan, if applicable (hereinafter the "Application"). Any such Application must be prominently labeled with the Lot Owner's name, mailing address, telephone number, lot number and lot address (if one has been assigned) and, if the Board so designates be in form approved by the Board, and delivered to the Board at the Office of Record. In the event the Lot Owner is relying on an agent, contractor, adviser, consultant or other third party to do the work, the Lot Owner shall execute a Power of Attorney in a form approved by the Association, giving the third party doing the work the written authority to perform the work. In the event a Lot Owner gives a third party a Power of Attorney to do the work, in no event shall that relieve the Lot Owner from compliance with the Declaration. The plans and specifications submitted as part of the Application shall show the site layout, structural design, exterior materials, and colors, landscaping, grading or altering the earth, fencing, drainage, exterior lighting, irrigation, and other features of proposed construction, as applicable (hereinafter the "Plans"). In addition to the Plans, the Lot Owner shall mark on the Lot the corner points of the proposed Structure(s) for review and approval by the Board. The Board may require the submission of such additional information as may be reasonably necessary to consider any Application.

3.2. Declarant shall have a reasonable time to review the Application and any additional information, as may be requested relative thereto which time is at least ninety (90) days. The Application shall be evaluated as to compliance with the provisions contained herein and with any other Declarations of Covenants, Conditions, and Restrictions which affect the property and approval of the Application shall not be unreasonably withheld. In the event the Board has not requested additional information or given approval or disapproval of the Application within 90 days from the date the Application, or additional information if applicable was delivered to it, the Application shall be deemed approved; provided, however, failure by Board to act on the Application for approval within the specified time period shall not relieve the Lot Owner from the requirements set forth under this document including the

construction, appearance and type of structures permitted on the Lot. In the event an Application is denied approval, the Declarant shall provide, in writing, reasons for said denial.

3.3. The Board reserves the right to establish a review fee.

3.4. The Board may hire an outside entity to review said plans per the requirements of this document. Lot Owners shall pay the actual costs of said review

4. PROPERTY RESTRICTIONS.

4.1. Each Lot Owner shall use their respective Lot exclusively for residential purposes except as otherwise provided herein and in such a manner as to not interfere with the reasonable use and enjoyment of a Lot by the other respective Lot Owners or otherwise constitute a nuisance to the other Lot Owners.

4.2. No dwelling shall be erected, altered, placed, or permitted to remain on the Lots other than one (1) single-family residence except as otherwise provided herein. No Lot shall be used for any purpose other than a single-family residence, except as allowed herein or in the Primary Declaration.

4.3. No business or commercial activity is allowed on any Lot, including but not limited to, storage of materials, parking of commercially used vehicles with over two axels or machines or placement of commercial signs. The commercial breeding of animals is prohibited on any Lot. Home office activities are allowable provided (i) all such business is conducted totally within the residence on the Lot; (ii) no more than two employees, not including the residents of the Lot, are based on the Lot; (iii) no commercial signs or advertising are visible; and (iv) the residential nature of the development is not disrupted by this activity or by frequent traffic or parking.

4.4. Commercial farming, ranching, logging manufacturing and/or agriculture, or the like, is not allowed on any Lot.

4.5. No Lot Owner shall carry on any activity of any nature whatsoever on any Lot that is in violation of laws and statutes of the United States of America, the State of Washington, Kittitas County or any other applicable governing body now existing or hereafter created.

4.6. The property shall be kept in a predominantly natural wooded state. Small lawns, flowers and gardens may be planted, provided the landscaped area removed from the natural wooded state shall not exceed 5000 square feet for lots over 1 acre and 3,000 square feet for lots 1 acre or less. Vegetation should be of the natural occurring variety. All landscaping designs should rely on water conservation technologies. There shall be no removal of healthy live deciduous or coniferous trees unless said

removal is part of a landscaping plan or tree-thinning plan submitted to and approved by the Declarant or, after Transition Date, the Board. Removal of trees is allowable for building sites. Prior to removal of any trees, a landscaping plan or tree-thinning plan shall be submitted to the Declarant for design approval. Said plan must show how the natural environment will be maintained. This section specifically recognizes that tree thinning may be needed. Trees shall be thinned in such a manner to enhance the natural environment. The tree-thinning plan shall make allowance for reforestation. As trees are thinned and others removed for building sites, young small trees shall be planted and maintained to continue to enhance the natural environment. The species of the trees shall be consistent with the natural species on the Property. The intent of this section is to maintain the Property as a natural growing forest with different levels of forest canopies with a mix of the natural species. Approval of said plan shall only be granted if said plan is consistent with the intent of this section, i.e. to maintain the area in a forested natural state. This section shall in no way limit a property owner's right to remove a tree, which may be diseased, or constitute a hazard or be a threat to life or property. Submissions of such plans shall be made as described in Section 3.

4.7. There shall be no storage of any environmentally dangerous materials on any Lot.

4.8. Only those pets listed in Section 1.27 shall be allowed. All pets shall be properly restrained, fenced, maintained and otherwise kept so as to not interfere with any other Lot and/or so as to cause any threat or harm to any person or animal, nor the Lot Owner's use of their property. Activities such as raising pets for 4-H type activities is permitted as well as the breeding and selling of no more than two (2) litters total pets per year. Pets, as listed above, are permitted within the trail easements only when accompanied by their owners or owner's agent(s), and are under leash. Proper animal husbandry practices shall be employed to maintain animals in a healthy environment and condition at all times. There shall be no more then 3 pets, as listed above, maintained outside of the primary residence.

4.9. No open fires shall be permitted except (i) when approved by the local fire department, or county, the controlling state agency and the Declarant, and (ii) when contained within a barbecue pit or a rock or concrete lined fire ring not more then 4 feet in diameter.

4.10. No inoperable, and/or uninsured, and/or unlicensed motor vehicles, machinery, equipment, camper, boat, boat trailer, recreational vehicle, or similar item shall be stored on any portion of any Lot except within an enclosed garage or outbuilding as allowed under this Declaration.

4.11. No motor vehicle, machinery and/or equipment repair work shall be performed for more than a twenty-four (24) hour period unless contained in a fully enclosed garage or outbuilding. Repair work may only be done on a Lot Owners equipment and said

work on any equipment shall not exceed 2 days in any month or be completed inside of a building in such a manner so that the work is shielded from view.

4.12. Except on an occasional and temporary basis not to exceed ten (10) days, no more than three vehicles may be parked outside of a garage or building on any Lot. Said vehicles must be in running condition, licensed and insured. It is the intent of these covenants to allow residents and/or Lot Owners to park their personal operating vehicles on their Lot. It is further the intent of these covenants not to allow storage or display of unused or inoperable vehicles, outside of a garage or building on any Lot.

4.13. One recreational vehicle or travel trailer per Lot that is licensed and insured and in good running condition may be parked outside of a garage provided said vehicle is parked in an area on either the rear or side of the residence and that said vehicle or trailer is screened from view of the street by an approved fence or vegetation. There shall be no inhabitation of any recreational vehicles, trailers, or other items that are parked on the property before or after construction except on a temporary basis not to exceed 14 days continuously or 30 days in any given year. Prior to construction, a recreational vehicle may be parked on the property for a period not to exceed four (4) weeks per year. With the written approval of the Declarant or, after the transition date, the Board a recreational vehicle or travel trailer may be parked on the Lot during home construction for a period not exceeding six (6) months.

4.14. Except on an occasional and temporary basis not to exceed ten (10) days, no more than four boats, snowmobiles, trailers, or other recreational items, or any combination thereof, may be parked outside of a garage or building on any Lot; provided, however, such items must be licensed, insured, and in operating condition and must be parked in an area on either the rear or side of the structure and screened from view of the street by an approved fence or vegetation.

4.15. Each Lot shall be maintained in good order, condition and repair and shall be kept in a clean, sanitary condition at all times. The Lot shall be kept free of all junk, trash, litter, rubbish, garbage, weeds, debris, containers, equipment, and building materials (temporary storage during construction phases excluded), and any repairs, painting, landscaping, and/or maintenance shall be prosecuted diligently and continuously from commencement until completion in order to maintain the appearance and condition of the Structures and the Lot. The use of blue tarps is not permitted. Earth toned colored tarps will be permitted. All landscaping shall be maintained as provided in the owners landscaping plan and meet the landscaping maintenance criteria that are established by the Declarant. Said criteria may be modified by the Declarant.

4.16. Garbage receptacles and trash cans shall be sanitary and in complete conformity with municipal sanitary rules and regulations. All garbage and trash containers must be stored in such a manner so that they are not visible from another Lot or from any county or private road and protected from animals. No trash, garbage, ashes, yard

rakings, or other organic materials resulting from landscaping activities or other refuse shall be thrown, dumped, piled, stacked, or allowed to accumulate in any way on any Lot, street or driveway; provided, however, each Lot Owner shall be allowed to store organic material in a compost container which shall not be located closer than 50 feet of a Lot line. There shall be no burning of garbage or trash.

4.17. Any damage to streets, property improvements, entry structures, fences, landscaping, mailboxes, lights and lighting standards by Lot Owners, their children, contractors, tenants, agents, visitors, friends, relatives or service personnel shall be repaired by such Lot Owner within ten (10) days from the occurrence of such damage. If the damage is not repaired within the time specified the Declarant may repair said item and charge the Lot Owner for said repair, including any administrative charges.

4.18. No noxious or offensive activity, including but not limited to the creation of excess levels of noise, dust, noxious odors, or storage of materials or equipment, which may be visually offensive, shall be conducted on any Lot, nor shall anything be done thereon which may be or become an annoyance or nuisance to other Lot Owners or tenants. The validity of any claims or complaints under this section shall rest with the Declarant and Lot Owners agree to abide by any decisions of the Declarant and/or Board regarding ceasing activities found to not be in compliance with this section.

4.19. Weapons shall be permitted on the Property but may not discharged except for reasons of self-defense. No discharge shall be allowed such that it violates any law, endangers life, limb or property, or interferes with the use and enjoyment of the Property by any Lot Owners. Items considered to be weapons shall include but not be limited to bows and arrows, cross bows, any pistol or rifle, shotgun, slingshot, BB gun, or pellet gun, paint ball gun, including any device that propels any object through the air at dangerous speeds. No hunting, trapping, or killing of wildlife shall be allowed on the Property except when reasonably necessary to avoid eminent threat of harm or death.

4.20. No oil, gas or other mineral drilling (not including water), development operations, refining, coring, or other mining operations of any kind shall be permitted upon, in or under any Lot, nor shall wells, tanks, tunnels, or mineral excavations be permitted upon or under any Lot. No structure designed for use in boring for oil or natural gases shall be erected, maintained, or permitted upon any Lot. Propane tanks and heating oil tanks for residential use are allowed.

4.21. There shall be no parking of vehicles on or within any road right of way or within any road easement.

4.22. Except as provided in this Section, no vehicles having in excess of two axels may be parked or stored on any Lot in excess of eight (8) hours. This is not intended to prevent the storage of a motor home as provided within this document.

4.23. All vehicles operated within the Property must be licensed, insured and street legal and must be operated by a licensed driver and only operated on the roads within the property. No recreational use by vehicles of any sort shall be permitted on lots or roads within the Community. Vehicles may be used for transportation from place to place.

5. BUILDING AND CONSTRUCTION REQUIREMENTS:

5.1. No dwelling or other structure shall be maintained, constructed, located, modified or repaired on any Lot in violation of the requirements of any applicable governmental agency.

5.2. No structure shall be maintained, constructed, located, modified, or repaired on any Lot without the Lot Owner or the Lot Owner's contractor obtaining a building permit and any other permits required by any and all governmental agencies and written approval from the Declarant.

5.3. No Structure shall be constructed, located, modified, or repaired on any Lot without the Lot Owner submitting the plans to Board for review and approval pursuant to Section 3 herein. The Lot Owner shall receive written approval from the Board, to be included in County Building Permit Application, before beginning any construction activity of any kind on any Lot including but not limited to earth grading, tree cutting, landscaping, or construction.

5.4. All building designs shall meet the guidelines set forth by the Kittitas County Fire Marshal. All site development, driveways and access routes shall be constructed in such a manner that will allow fire and rescue vehicles access to all Structures on a Lot.

5.5. All residences shall be built to the Building Code. which is adopted by the governmental authority having jurisdiction over the construction of structures within the lot.

5.6. No pre-manufactured home, mobile home, modular home, trailer home, factory built home, or prefabricated home, shall be allowed to be placed on or erected on any Lot, whether temporary or permanent.

5.7. No structures of a temporary character or nature (other than temporary construction-related structures), trailers, shack, garage, barn, mobile homes, or other outbuildings shall be installed, stored, placed or used on any Lot either temporarily or permanently, except as allowed herein or in the Primary Declaration

5.8. No part of any building shall be located on any Lot of over two acres in size nearer than 25 feet from the front lot line and 25 feet from side and back lot lines, even in

the event the adjacent Lot is under the same ownership. No part of any building shall be located on any Lot of two acres or less in size nearer than 20 feet from the front lot line and 15 feet from side and back lot lines, even in the event the adjacent Lot is under the same ownership. A variance may be requested and will be granted on a case-by-case basis depending on the Lots characteristics.

5.9. Total Lot coverage by the residence and any additional buildings shall not exceed Twenty-Five Percent (25%) of the total Lot area.

5.10. All single family residences on Lots over two (2) acres in size must have a minimum footprint of 1800 square feet or minimum living space of 2200 square feet. Lots 2 acres or less in size must have a minimum footprint of 1100 square feet or minimum living space of 1100 square feet (not including garages, porches, decks and/or patios). Residences shall not exceed 35 feet in height, as measured from the highest point of the existing grade at the foundation footprint, or applicable county height limits, whichever is less.

5.11. A single, separate living space or "guest house" with a foot print not exceeding 1,000 square feet shall be a permitted outbuilding on Lots that are 2 acres or greater in size unless otherwise not allowed by Governmental Authority. The Guest House shall not be constructed prior to the construction of the single-family residence on the Lot.

5.12. Garages and outbuildings shall be permitted, provided that:

5.12.1. No garage or outbuilding shall be constructed prior to the construction of the single family residence;

5.12.2. All garages and other outbuildings shall be consistent with the single-family residence constructed on a Lot as to the exterior finish, style, and color scheme used.

5.12.3. Garages and outbuildings shall conform to the exterior color and roofing material requirements of the provisions provided herein.

5.12.4. Each such garage and/or outbuilding shall have a footprint of no less than 400 square feet. Each such garage and/or outbuilding shall have a footprint of no more then 2400 square feet on Lots over 2 acres and 1000 square feet on Lots 2 acres and under; provided, however one garden-type shed which is less then 400 square feet may be constructed after approval by the Board. One gazebo that is less then 400 square feet shall be allowed per lot. Garages shall not exceed 30 feet in height, as measured from the highest point of the existing grade at the foundation footprint, or applicable county height limits, whichever is less.

5.13. Architectural design of all buildings or Structures shall be consistent with conventional wood frame, metal frame, brick, masonry, or log construction and of a style based primarily on one or more rectangular shapes.

5.14. Exterior finish shall be rock (either natural or cultured), log, masonry, natural wood and/or natural wood siding. No plywood, T1-11, or the like, nor board and batten siding may be used. Color shall be approved by Board.

5.15. Roofs shall be of conventional gable or hip design and have a minimum roof slope of six to twelve and the minimum overhang of eaves from the outside wall surface shall be 18 inches as measured along an extension of the slope of the roof. Porch roofs attached to the main structure may be approved with a flatter pitch not to be less then three to twelve. Tile roofs shall be allowed. Roofing materials must be of architectural grade. Non-Reflective metal roofs may be allowed but only with the approval of the Board. Metal roofs that are reflective shall not be allowed under any circumstances. Metal roofs shall not be allowed on building or Structures located on Lots less then 2 acres in size.

5.16. All residences shall be designed and built taking advantage of low water consumption technology and plumbing fixtures in all areas of the home and landscaping. Wasteful use of water is not permitted.

5.17. All residences shall have at least one readily accessible frost free outside hose bib that may be used for initial fire protection purposes.

5.18. Outdoor mercury vapor, halogen, sodium, or similar yard lights shall be permitted; provided, however, use thereof is limited to between the hours of 6:00 a.m. to 11 p.m. This provision shall allow accent lighting, porch lights, motion sensitive to similar low intensity lighting not to exceed 350 watts in total.

5.19. All Structures erected on any Lot shall be completed within twelve (12) months from the commencement of work. The commencement of work occurs when excavation for the foundation for a Structure is begun; provided; however with good cause shown, the Board may extend this term. Any reconstruction or repair work of any Structures shall be prosecuted diligently and continuously from commencement until completion.

5.20. All Lots shall be maintained in a neat and orderly condition during Construction.

5.21. All driveways shall be hard surfaced. There shall be only one driveway access to any lot.

5.22. All utility wires shall be installed and maintained underground.

5.23. All yards, driveways and landscaping must be completed within twelve (12) months from the date of completion of the residence; provided, however with good cause shown, the Board may extend this term.

5.24. All fences constructed shall, in their design, take into account the terrain where the fence is located and the appearance and effect that it has on the surrounding lots. It is the intent of this section that fences must minimize any disruptive visual impact and be constructed of materials and colors consistent with the housing structures in the development. A fencing plan must be submitted to the Board for design approval. All fences shall be constructed of wood and preserved with a natural stain the color of which shall be approved by the Board. Fences shall not be allowed in trail or road right of ways or easements. Lot owners should note that fences are allowed within utility easements but it is the lot owner's responsibility to insure they do not place a fence on top of or within 10 feet of any existing utility. Please check with the utility companies prior to constructing a fence. Dog kennels shall be allowed and shall not exceed 300 square feet in size or 8 feet in height and may be constructed of wire fencing. Dog kennels shall not be visible from the road nor adjacent structures and shall meet minimum set back for structures and may be fenced with wire as long as they are screened with landscape. Sport courts and swimming pools may be fenced with wire as long as they are screened with landscape so that said sport court fence cannot be seen from the road or adjacent structures

5.25. Exterior colors, including roofing materials and trim, shall be earth tones or shades, approved by the Board but shall be as follows: All large areas of color, such as walls and roofs shall be restricted to tones or shades in earth colors with a range of value between value 7 and value 4 on the 1 - 10 value scale. Any difference in color or change in color between walls, roofs and trim of the structure must have a contrasting hue which keeps different color tones and shades at relative equal values (by example, and only by example, if the base color is a brown (a tone or shade of red) at a mid-value 5, then the trim must be another hue of equal value 5). [1]

6. TERM OF COVENANT.

The conditions, covenants and restrictions set forth in this Declaration shall run with and bind the Property for thirty (30) years from the date this Declaration is recorded, after which said covenants shall be automatically extended in perpetuity until terminated by any instrument terminating these covenants which has been signed by 75% of the Lot Owners of record at the time of the termination. This Declaration may be amended at any time by the Declarant as set forth herein and, after the Transition Date, only so long as the Amendment has been signed by at least 75% of the Lot Owners of record at the time of

[1] The terms hue and value are defined in Munsell, Albert H. Color Notation. The terms tint, shade and tone are defined in Birren, Faber. History of Color in Painting. (1965).

the Amendment. Amendments must be made in a manner as set for the in this document and the Primary Declaration.

7. AMENDMENT.

7.1. Amendments to the Declaration shall be made in an instrument in writing entitled "Amendment to Declaration" followed by the name of the community being effected by said Amendment which sets forth the entire Amendment. Notice of any proposed Amendment must be given to all Lot Owners.

7.2. During the Development Period, Declarant reserves the right to amend the Declaration as may be necessary to comply with Federal Home Loan Mortgage Corporation (FHLMC) or Federal National Mortgage Association (FNMN) or Federal Housing Administration (FHA) regulations or requirements as necessary to enable the holders of first mortgages of deeds of trust to sell first mortgages of deeds of trust to FHLMC or FNMA or if such Amendment is necessary to secure funds or financing provided by, through or in conjunction with FHLMC or FNMA or FHA. If Declarant, after the Declaration has been recorded, determines that it is necessary to amend the Declaration, then the Declarant is hereby authorized to execute and to have recorded said required Amendment or Amendments. All Lot Owners hereby grant to Declarant a full and complete power of attorney to take any and all actions necessary to effectuate and record said Amendment or Amendments and agree that said Amendment or Amendments shall be binding upon their representatives, successors and assigns to the same extend as if they had personally executed said Amendment or Amendments. All Lot Owners hereby acknowledge and agree that the power of attorney granted herein shall be deemed coupled with an interest and shall be irrevocable.

7.3. Declarant reserves the right to amend this Declaration, without approval by Lot Owners, provided, however Declarant shall provide Lot Owners with a copy of any such Amendment within 10 days of execution thereof. Said Amendment shall not affect existing structures.

7.4. The Board or any Lot Owner may propose Amendments to this Declaration. Amendments must comply with the same approval procedure as rules and bylaws, as outlined below. Once an Amendment has been adopted by the Lot Owners, the Amendment will become effective when recorded in the Auditor's Records of Kittitas County, Washington.

7.4.1. Any proposed Amendment must be approved prior to its adoption by a majority of the Board of Directors of the Association, it being understood that, during the Development Period, this right of approval lies solely with the Declarant as the sole Board Member.

7.4.2. Any proposed Amendment so approved by the Board, shall then be approved by a two-thirds (2/3) majority of the Lot Owners. Said approval may be evidenced by signature on the Amendment document or by certificate contained in the Amendment to the effect that the Board is in possession of the written consent to the Amendment by at least a two-thirds (2/3) majority of the Lot Owners. In all events, the Amendment shall bear the signature of the president of the Board of the Association and shall be attested by the secretary, who shall state whether the Amendment was properly adopted and shall be acknowledged by them as officers of the Association.

7.5. It is specifically covenanted and understood by any parties accepting ownership interest in Lots subject to this Declaration that any Amendment to this Declaration properly adopted will be completely effective to amend any or all of the covenants, conditions, and reservations contained herein which may be affected and any or all clauses of this Declaration

8. GENERAL PROVISIONS.

8.1. All notices given under the provisions of this Declaration shall be in writing and may be delivered either personally or by mail. If delivery is made by mail, the notice shall be deemed to have been delivered on the third day of regular mail, postage prepaid, addressed to the Person entitled to such notice.

8.1.1. Owner's Address of Record. Notices to Lot Owners shall be mailed to the Owner's Address of Record. Each Owner must maintain an address of record with the Declarant and, after Transition Date, the Association. Transfer of property must be accompanied by a notice of change of address given by U.S. Mail to the Declarant and, after Transition Date, the Association. Failure to maintain a current address waives Owner's right to object to lack of notice of pending meetings, elections and official proceedings pursuant to this Declaration. Absent a valid address of record, the Declarant and, after Transition Date, the Board may (but is not required to) designate the taxpayer's address shown on the Kittitas County tax rolls as the Address of Record.

8.1.2. Office of Record. Notices to the Declarant and/or the Association shall be mailed to the Office of Record. The Office of Record's address may be changed from time to time by the execution and recording of an instrument in the Auditors Office of Kittitas County Washington which (i) refers to this Declaration and this Article and (ii) sets forth the Office of Record new address.

8.1.3. Notice of meetings, elections and pending action shall be timely if given by U. S. Mail thirty (30) days in advance of the proposed activity.

8.2. Limitation of Liability. So as long as the Declarant, Association, or Board Member acting on behalf of the Owners to enforce the terms and provisions of this Declaration is acting in good faith, without willful or intentional misconduct, then Declarant, Association, or Board Member shall not be personally liable to any Owner or other person or entity for any damage, loss or prejudice suffered or claimed on account of any act, omission, error or negligence of Declarant, Board or Owner.

8.3. Indemnification. Declarant shall be indemnified by the Association against all expenses and liabilities, including attorneys' fees, reasonably incurred by or imposed in connection with any proceeding to which he may be a party, or in which he may become involved, by reason of holding or having held such a position as representing the Lot Owners or their Board under this Declaration, or any settlement thereof, whether or not Declarant holds such position at the time such expenses or liabilities are incurred, except to the extent such expenses and liabilities are covered by insurance and except in such cases wherein Declarant is adjudged guilty of willful misfeasance in the performance of his or her duties.

8.4. Insurance. At such time as the Declarant, and after the Transition Date, the Board deems appropriate, the Declarant may cause the Owners Association to purchase and maintain as a common expense a policy or policies which the Declarant deems necessary or desirable to provide casualty insurance; comprehensive liability insurance, with such deductible provisions as the Declarant deems advisable; insurance. when available, for the protection of the Declarant, and/or its representatives, from personal liability in the management of the Declarant's duties with respect to the Plat and/or Survey; and such other insurance as the Declarant deems advisable.

9. ENFORCEMENT

9.1. During the Development Period, the Declarant shall have the right, but not the obligation, to enforce the provisions of this declaration, and the rules and regulations for the benefit of the Lot Owners. Upon the Transition Date, and without further action by any Person or Persons, (i) the term of the Declarant's management of the Property shall end and all duties shall become the responsibility of the Association and its Board of Directors; and (ii) the Declarant shall be released from any and all liability whatsoever for claims arising out of or in connection with this Declaration.

9.2. If there is a violation of any of the conditions of these covenants, conditions or restrictions as herein set forth or as hereinafter amended, any Lot Owner, joining with other Lot Owners or individually, and/or the Association, shall have the right to proceed at law or in equity to collect damages or to compel compliance with the terms and conditions of these covenants, conditions, restrictions and easements or to prevent the violation or anticipated violation or breach of any covenant, conditions, or restriction contained herein.

9.3. The failure of any Owner to comply with provisions of this Declaration, or the rules and regulations may give rise to a cause of action by the Declarant and/or any aggrieved Lot Owner(s), the Declarant and/or the Board for recovery of damages, or injunctive relief, or both. If a legal action is brought to interpret or enforce compliance with the provisions of this Declaration, or the rules or regulations adopted by the Declarant or Association, the prevailing party shall be entitled to judgment against the other party for its reasonable expenses, court costs, and attorneys' fees in the amount awarded by the Court. Venue for such proceedings shall be in Kittitas County, Washington.

9.4. In the event any suit brought by any party to enforce the terms and conditions of these covenants, conditions, restrictions and easements results in a monetary judgment against a Lot Owner, said judgment shall become a lien against that person or entity's Lot in addition to becoming the personal obligation of that Lot Owner. Said lien shall be foreclosed in the manner as provided by Washington State law. In addition to having the lien, the holder of a judgment against any Lot Owner for any monetary damages awarded as a result of a violation of these restrictive covenants, conditions and restrictions shall have the option of proceeding personally against the owner of a Lot or the option of foreclosing the lien in the Lot Owner's property. In the action foreclosing the lien, the same shall include a reasonable sum for attorney fees and all costs and expenses reasonably incurred in preparation for and in prosecution of such action in addition to taxable costs, all as permitted by law.

9.5. Failure by the Declarant, the Association and/or any Lot Owner in any instance to insist upon the strict compliance with this Declaration or rules and regulations adopted pursuant hereto, or to exercise any right contained in such documents, or to serve any notice or to institute any action, shall not be construed as a waiver or a relinquishment for the future of that or any other term, covenant, condition, or restriction. The receipt of payment of any assessment from an Owner, with knowledge of any breach by the Owner, shall not be a waiver of the breach. No waiver by the Declarant and, after Transition Date, the Board, of any requirement shall be effective unless expressed in writing and signed by the same.

9.6. If any term, covenant or condition of this Declaration or the application thereof to any person or circumstance is, to any extent, invalid or unenforceable, the remainder of this Declaration or the application of such term, covenant or condition to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby and each term, covenant or condition of these Covenants shall be valid and be enforced to the fullest extend permitted by law.

9.7. In the event any charge or fine is levied against a Lot or Lot Owner and or their guests, invitees and assigns by the Association and said fine or charge is not paid said fine or charge shall become a lien against that person or entity's Lot in addition to becoming the personal obligation of that Lot Owner. Said lien shall be foreclosed in

the manner as provided by Washington State law. In addition to having the lien, the holder of a judgment against any Lot Owner for any monetary damages awarded as a result of a violation of these restrictive covenants, conditions and restrictions shall have the option of proceeding personally against the Lot Owner or the option of foreclosing the lien on the Lot. In the action foreclosing the lien, the same shall include a reasonable sum for attorney fees and all costs and expenses reasonably incurred in preparation for and in prosecution of such action in addition to taxable costs, all as permitted by law.

10. FUTHER SUBDIVISION OF LOTS:

Except for property owned by the Declarant there shall be no further subdivision of any Lots after the Effective Date of this declaration.

11. EFFECTIVE DATE.

This Declaration shall be effective upon recording.

IN WITNESS WHEREOF, the undersigned being the Declarant herein has hereunto set their hand and seal as of the 25th Day of June 2008.

DOCUMENT TITLE:	SECONDARY DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR EVERGREEN RIDGE - AMENDED
DECLARANT:	TEANAWAY RIDGE, LLC, a Washington Limited Liability Company
LEGAL DESCRIPTION:	See EXHIBIT "A"

ASSESSOR'S TAX PARCEL NO.: 20-14-12020-0014

SECONDARY DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR EVERGREEN RIDGE
AMENDED

This **SECONDARY** Declaration of Covenants, Conditions and Restrictions for the properties described in EXHIBIT "A" (the "Declaration") is given as of the 28th day of September, 2004, by TEANAWAY RIDGE, LLC, a Washington Limited Liability Company (the "Declarant")

WHEREAS, the Declarant is the owner of certain real property located in Kittitas County, Washington, legally described on Exhibit A attached hereto and incorporated herein by reference.

WHEREAS, It is the intent of the Declarant that certain qualities and assets of the Property be preserved, and it is desirable to protect the present and future property values and the enjoyment thereof; and, to that end, the Declarant desires a means to preserve and protect the intended character of the Property.

WHEREAS, the Declarant filed and recorded on 28th day of September, 2004 a Declaration Of Covenants, Conditions And Restrictions for the properties described in EXHIBIT "A" which is recorded under Kittitas County Auditors file #2004-09-28-0064 and amended November 19, 2004 under Kittitas County Auditor's file #200411190054. This

Secondary declaration is intended to apply to the specific property identified herein which property is also subject to that Primary declaration.

NOW, THEREFORE,

Declarant declares that all of the Property shall be held, sold and conveyed subject to the following restrictions, covenants, conditions, reservations, easements, assessments and lien rights, all of which are for the purpose of enhancing and protecting the value, desirability, and attractiveness of the Property. These restrictions, covenants, conditions, reservations, easements, assessments and lien rights shall run with the Property and shall be binding upon all persons or entities now having or hereafter acquiring any right, title, or interest in and to the Property, or any part thereof, and these restrictions, covenants, conditions, reservations, easements, assessments and lien rights shall be binding upon their respective heirs, successors, and assigns, and shall inure to the benefit of each individual and/or entity having or hereafter acquiring any right, title, or interest in and to the Property, or any part thereof, and their heirs, successors, and assigns.

1. DEFINITIONS. For the purpose of this Declaration and any Amendments hereto, the following terms shall have the following meanings and all definitions shall be applicable to the singular and plural forms of such terms. The singular form of words shall include the plural and the plural shall include the singular. Masculine, feminine, and neuter pronouns shall be used interchangeably.

1.01. "Additional Property" means any land, whether or not owned by Declarant, which may be made subject to this Declaration as provided in Section 2 and which shall thereafter be a part of the Property.

1.02. "Address of Record" shall mean the official address of the Lot Owner(s), as maintained in the records of the Declarant and, after the Transition Date, the Association, to serve as the location for notices of pending meetings, elections and official proceedings pursuant to this Declaration. It shall be the lot owner's responsibility to provide the Declarant and, after the Transition Date, the Association with the Lot Owner's mailing address.

1.03. "Affiliate" means any entity which controls, is under the common control with or is controlled by Declarant.

1.04. "Architectural and Landscaping Review Committee" shall mean the subcommittee of the Association established by the Declarant and after the Transition Date, the Board. The Board shall have the responsibility for reviewing and approving improvements to the Lots by Owners to ensure compliance with this Declaration.

1.05. "Articles" means the Articles of Incorporation of the Association.1.06. "Assessments" means all assessments and other charges, fines and fees imposed by the Association in accordance with this Declaration, including, without limitation, General Assessments, Special Assessments, and Specific Assessments.

1.07. "Association" shall mean the Mountain Ridge Resort Communities Owners' Association, a Washington Non-Profit Corporation, comprised of the Lot Owners.

1.08. "Auditor" means the Auditor of Kittitas County, Washington, or such successor agency charged with maintaining the real estate records for property within Kittitas County.

1.09. "Board of Directors" and "Board" shall mean the individuals selected by the Declarant or elected by the Association to manage and administer the Mountain Ridge Resort Communities Owners' Association in accordance with the Bylaws of the Association and this Declaration.

1.10. "Bylaws" shall mean the Bylaws of the Association as initially promulgated by the Declarant, and as amended from time to time, which, with this Declaration, provide for the organization of the Association and for the administration of the Association.

1.11. "Community Improvements" means all real and personal property, ~~including easements and leasehold interests, designated as such in this Declaration, in any~~ Supplemental Declaration subjecting additional property within the Mountain Ridge Resort Communities to this Declaration or in any conveyance to the Association, and for which the Association has maintenance, insurance, operating, or other responsibility under this Declaration or other agreements entered into by the Association. The Community Improvements shall also include all real and personal property which the Association owns, leases, or otherwise holds possessory or use rights in for the common use and enjoyment of all Owners and occupants of the property subject to this declaration and such additional property which may be added in the future.

1.12. "Construction" and "Constructed" shall mean any construction, reconstruction, erection or alterations of a Structure, except that which may take place entirely within and affects only the interior of an existing Structure.

1.13. "Declarant" shall mean the party developing the Property and signing this Declaration, or the heirs, successors or assigns thereof.

1.14. "Declaration" means this Declaration of Covenants and Easements for the Property as defined in Section 1.31 of this document as the same may be amended or supplemented from time to time in accordance with the provisions hereof.

1.15. "Development Period" shall mean the period of time between the date of this declaration and the Transition Date.

1.16. "Governmental Authority" means the County of Kittitas, the State of Washington, the United States of America or other governmental entity or agency that has or acquires jurisdiction over the Property or any portion thereof, or sales of the Property, from time to time.

1.17. "Immediate Family" shall mean husbands, wives, children (including step children), parents and grandparents of a Lot Owner. This definition may be expanded by the Declarant or the Board after the Date of Transition.

1.19. "Lot" shall mean any parcel of land within the Property created pursuant to and in compliance with the rules, regulations, ordinances and/or laws applicable thereto, regardless of ownership or date created.

1.20. "Lot Owner" shall mean any person or entity that holds fee title or a vendee's interest under a real estate contract of any Lot. The word Lot Owner shall also be construed to include any person or entity that has, or claims to have, a legal or equitable interest in a Lot, including but not limited to, lien claimants, easement holders, tenants or other persons in possession. Regardless of the number of persons or entities which may qualify as a Lot Owner as defined herein, each Lot shall be entitled to only one vote in any situation in which this Declaration requires the vote of or approval by Lot Owners.

1.21. "Mortgage" shall mean a recorded mortgage or deed of trust that creates a lien against a Lot and shall also mean a real estate contract for the sale of a Lot.

1.22. "Mortgagee" shall mean the secured party under a mortgage, deed of trust, or other real property security interest, including a sellers' interest in a real estate contract, covering a Lot or other portion or all of the Property.

1.23. "Mountain Ridge Resort Communities" shall refer to the Property, including any Additional Properties added pursuant to Section 2.

1.24. "Office of Record" shall mean the office of the Declarant and/or the Association

1.25. "Owner" means the Person or Persons, including Declarant, owning any Lot in the Property, but does not include a tenant or holder of a leasehold interest or a Mortgagee or other Person holding only a security interest in a Lot. If a Lot is sold under a recorded real estate installment sale contract, the purchaser (rather than the seller) will be considered the Owner unless the contract specifically provides to the contrary. The rights, obligations and other status of being an Owner commence upon the acquiring of the

ownership of a Lot and terminate upon disposition of such ownership, but termination of ownership shall not discharge an Owner from its obligations incurred prior to termination.

1.26. "Person" means a human being, a corporation, partnership, limited liability company, trustee or other legal entity.

1.27. "Pets" shall mean dogs, cats, rabbits, caged birds and fowl not including roosters or any other crowing fowl, fish and other small household pets kept for personal enjoyment.

1.28. "Primary Declaration" means that certain Declaration the Declarant filed and recorded on 28th day of September, 2004, a Declaration Of Covenants, Conditions And Restrictions For Mountain Ridge Resort Communities which is recorded under Kittitas County Auditors file #2004-9280063 .

1.29. "Primary Purpose" The primary purposes of this Declaration is to assure within the Property: (i) standards that will safeguard the privacy and quiet enjoyment of all Lot Owners; and (ii) a uniformity of use and quality of workmanship, materials, design, maintenance and location of Structures with respect to topography, finish grade elevation and adjacent Lots and improvements thereon; and (iii) those purposes and objectives set forth in the Recitals.

1.30. "Property" shall mean the property described herein and shall also ~~specifically include any Additional Properties added pursuant to Primary Covenants Section~~ 2 and/or Section 2 of this document , and including all improvements and structures now or hereafter placed thereon.

1.31. "Secondary Declaration" means this Declaration of Covenants and Easements as the same may be amended or supplemented from time to time in accordance with the provisions hereof.

1.32. "Structure" shall mean any building, fence, wall, driveway, walkway, patio, deck, swimming pool, outbuilding, shed or the like located on a Lot.

1.34. "Transition Date" shall mean the date upon which the rights of the Declarant are transferred to the Board as provided for in the Primary Declaration.

1.35. "Water Company" shall mean LCU Inc.

2. PROPERTY SUJBECT TO DECLARATION.

2.1. Initial Development. Declarant hereby declares that all of the real property described on Exhibit "A" attached hereto is owned and shall be owned, conveyed, hypothecated, encumbered, leased, used, occupied and improved subject to this Declaration.

2.2. Annexation of Additional Property. Declarant may from time to time and in its sole discretion annex Additional Property so long as such Additional Property is subject to this Declaration and as it may be amended in the future and is now owned or hereafter acquired by Declarant or any of its Affiliates; provided, however, that Declarant may also from time to time and in its sole discretion permit other owners of real property to annex such real property. The annexation of such real property shall be accomplished by (i) the annexation of such Additional Property to this Declaration and as it may be amended in the future in accordance with the provisions thereof or (ii) a Supplemental Declaration subjecting the Additional Property to this Declaration and as it may be amended in the future, which Supplemental Declaration shall be executed by Declarant and, if Declarant does not own such Additional Property, by its owner and shall be recorded with the Auditor.

2.3. Withdrawal of Property. Privately Owned Amenities and any other Property annexed pursuant to Section 2.2 may be withdrawn by Declarant and the Owner of such Property by an Amendment to this Declaration executed by Declarant and such Owner if the property to be withdrawn was originally included in error or if the withdrawal is for the purpose of making minor adjustments to boundary lines. In addition, Declarant may withdraw any property then owned by Declarant or the Association if such withdrawal is a result of any changes in Declarant's plans for the Property, provided that such withdrawal is not unequivocally contrary to the overall, uniform scheme of development for the Property and is approved by the Association.

2.4. Dedications. Declarant reserves the right to dedicate any portions of the Property then owned by Declarant and/or the Association to any Governmental Authority, quasi-governmental entity or entity qualifying under Section 501(c)(3) of the Internal Revenue Code or similar provisions or other legal entity, from time to time for such purposes as Declarant may deem to be appropriate, including without limitation, for utility stations, equipment, fixtures and lines; streets and roads; sidewalks, trails, open space for habitat, wildlife, waterfowl, fish, vegetation, wetlands or other preservation purposes; recreational facilities; schools; cemeteries; fire, police, security, medical and similar services; and such other purposes as Declarant and such Governmental authority or quasi-governmental entity shall determine to be appropriate from time to time. Any consideration received by Declarant as a result of such dedication, by reason of any condemnation or any conveyance in lieu of condemnation, shall belong solely to Declarant.

3. ARCHITECTURAL AND LANDSCAPING REVIEW.

3.1 Lot Owners desiring to do any of the following: 1) construct, 2) alter, 3) repair, or 4) replace any Structure on the Lots, including, but not limited to, a residence, garage, outbuildings or other building and/or fences, landscaping, and/or to remove any trees on the Lot, or grade or alter the earth on any lot (collectively "the work") shall, prior to construction, submit in writing to the Architectural and Landscaping Review Committee of the Association a request for review and approval, together with a set of plans and specifications and/or a Tree Thinning and Re-Forestation Plan, if applicable (hereinafter the

"Application"). Any such Application must be prominently labeled with the Lot Owner's name, mailing address, telephone number, lot number and lot address (if one has been assigned) and, if the Board so designates be in form approved by the Board, and delivered to the Board at the Office of Record. In the event the Lot Owner is relying on an agent, contractor, adviser, consultant or other third party to do the work, the Lot Owner shall execute a Power of Attorney in a form approved by the Association, giving the third party doing the work the written authority to perform the work. In the event a Lot Owner gives a third party a Power of Attorney to do the work, in no event shall that relieve the Lot Owner from compliance with the Declaration. The plans and specifications submitted as part of the Application shall show the site layout, structural design, exterior materials, and colors, landscaping, grading or altering the earth, fencing, drainage, exterior lighting, irrigation, and other features of proposed construction, as applicable (hereinafter the "Plans"). In addition to the Plans, the Lot Owner shall mark on the Lot the corner points of the proposed Structure(s) for review and approval by the Board. The Board may require the submission of such additional information as may be reasonably necessary to consider any Application.

3.2. Declarant shall have a reasonable time to review the Application and any additional information as may be requested relative thereto which time is at least ninety- (90) days. The Application shall be evaluated as to compliance with the provisions contained herein and with any other Declarations of Covenants, Conditions, and Restrictions which affect the property and approval of the Application shall not be unreasonably withheld. In the event the Board has not requested additional information or given approval or disapproval of the Application within 90 days from the date the Application, or additional information if applicable was delivered to it, the Application shall be deemed approved; provided, however, failure by Board to act on the Application for approval within the specified time period shall not relieve the Lot Owner from the requirements set forth under this document including the construction, appearance and type of structures permitted on the Lot. In the event an Application is denied approval, the Declarant shall provide, in writing, reasons for said denial.

3.3. The Board reserves the right to establish a review fee.

3.4. The Board may hire an outside entity to review said plans per the requirements of this document. Lot Owners shall pay the actual costs of said review

4. PROPERTY RESTRICTIONS.

4.01 Each Lot Owner shall use their respective Lot exclusively for residential purposes except as otherwise provided herein and in such a manner as to not interfere with the reasonable use and enjoyment of a Lot by the other respective Lot Owners or otherwise constitute a nuisance to the other Lot Owners.

4.02 No dwelling shall be erected, altered, placed, or permitted to remain on the Lots other than one (1) single-family residence except as otherwise provided herein. No

Lot shall be used for any purpose other than a single-family residence, except as allowed herein or in the Primary Declaration.

4.03 No business or commercial activity is allowed on any Lot, including but not limited to, storage of materials, parking of commercially used vehicles with over two axels or machines or placement of commercial signs. The commercial breeding of animals is prohibited on any Lot. Home office activities are allowable provided (i) all such business is conducted totally within the residence on the Lot; (ii) no more than two employees, not including the residents of the Lot, are based on the Lot; (iii) no commercial signs or advertising are visible; and (iv) the residential nature of the development is not disrupted by this activity or by frequent traffic or parking.

4.04 Commercial farming, ranching, logging manufacturing and/or agriculture, or the like, is not allowed on any Lot.

4.05 No Lot Owner shall carry on any activity of any nature whatsoever on any Lot that is in violation of laws and statutes of the United States of America, the State of Washington, Kittitas County or any other applicable governing body now existing or hereafter created.

4.06 The property shall be kept in a predominantly natural wooded state. Small lawns, flowers and gardens may be planted, provided the landscaped area removed ~~from the natural wooded state shall not exceed 5000 square feet for lots over 1 acre and 3,000~~ square feet for lots 1 acre or less. Vegetation should be of the natural occurring variety. All landscaping designs should rely on water conservation technologies. There shall be no removal of healthy live deciduous or coniferous trees unless said removal is part of a landscaping plan or tree thinning plan submitted to and approved by the Declarant or, after Transition Date, the Board. Removal of trees is allowable for building sites. Prior to removal of any trees, a landscaping plan or tree thinning plan shall be submitted to the Declarant for design approval. Said plan must show how the natural environment will be maintained. This section specifically recognizes that tree thinning may be needed. Trees shall be thinned in such a manner to enhance the natural environment. The tree thinning plan shall make allowance for reforestation. As trees are thinned and others removed for building sites, young small trees shall be planted and maintained to continue to enhance the natural environment. The species of the trees shall be consistent with the natural species on the Property. The intent of this section is to maintain the Property as a natural growing forest with different levels of forest canopies with a mix of the natural species. Approval of said plan shall only be granted if said plan is consistent with the intent of this section, i.e. to maintain the area in a forested natural state. This section shall in no way limit a property owner's right to remove a tree which may be diseased, or constitute a hazard or be a threat to life or property. Submissions of such plans shall be made as described in Section 3.

4.07 There shall be no storage of any environmentally dangerous materials on any Lot.

4.08 Only those pets listed in Section 1.27 shall be allowed. All pets shall be properly restrained, fenced, maintained and otherwise kept so as to not interfere with any other Lot and/or so as to cause any threat or harm to any person or animal, nor the Lot Owner's use of their property. Activities such as raising pets for 4-H type activities is permitted as well as the breeding and selling of no more than two (2) litters total pets per year. Pets, as listed above, are permitted within the trail easements only when accompanied by their owners or owner's agent(s), and are under leash. Proper animal husbandry practices shall be employed to maintain animals in a healthy environment and condition at all times. There shall be no more then 3 pets, as listed above, maintained outside of the primary residence.

4.09 No open fires shall be permitted except (i) when approved by the local fire department, or county, the controlling state agency and the Declarant, and (ii) when contained within a barbecue pit or a rock or concrete lined fire ring not more then 4 feet in diameter.

4.10 No inoperable, and/or uninsured, and/or unlicensed motor vehicles, machinery, equipment, camper, boat, boat trailer, recreational vehicle, or similar item shall be stored on any portion of any Lot except within an enclosed garage or outbuilding as allowed under this Declaration.

4.11 No motor vehicle, machinery and/or equipment repair work shall be performed for more than a twenty-four (24) hour period unless contained in a fully enclosed garage or outbuilding. Repair work may only be done on a Lot Owners equipment and said work on any equipment shall not exceed 2 days in any month or be completed inside of a building in such a manner so that the work is shielded from view .

4.12 Except on an occasional and temporary basis not to exceed ten (10) days, no more than three vehicles may be parked outside of a garage or building on any Lot. Said vehicles must be in running condition, licensed and insured. It is the intent of these covenants to allow residents and/or Lot Owners to park their personal operating vehicles on their Lot. It is further the intent of these covenants not to allow storage or display of unused or inoperable vehicles, outside of a garage or building on any Lot.

4.13 One recreational vehicle or travel trailer per Lot that is licensed and insured and in good running condition may be parked outside of a garage provided said vehicle is parked in an area on either the rear or side of the residence and that said vehicle or trailer is screened from view of the street by an approved fence or vegetation. There shall be no inhabitation of any recreational vehicles, trailers, or other items that are parked on the property before or after construction except on a temporary basis not to exceed 14 days continuously or 30 days in any given year. Prior to construction, a recreational vehicle may be parked on the property for a period not to exceed four(4)weeks per year. With the written

approval of the Declarant or, after the transition date, the Board a recreational vehicle or travel trailer may be parked on the Lot during home construction for a period not exceeding six (6) months.

4.14 Except on an occasional and temporary basis not to exceed ten (10) days, no more than four boats, snowmobiles, trailers, or other recreational items, or any combination thereof, may be parked outside of a garage or building on any Lot; provided, however, such items must be licensed, insured, and in operating condition and must be parked in an area on either the rear or side of the structure and screened from view of the street by an approved fence or vegetation.

4.15 Each Lot shall be maintained in good order, condition and repair and shall be kept in a clean, sanitary condition at all times. The Lot shall be kept free of all junk, trash, litter, rubbish, garbage, weeds, debris, containers, equipment, and building materials (temporary storage during construction phases excluded), and any repairs, painting, landscaping, and/or maintenance shall be prosecuted diligently and continuously from commencement until completion in order to maintain the appearance and condition of the Structures and the Lot. The use of blue tarps is not permitted. Earth toned colored tarps will be permitted. All landscaping shall be maintained as provided in the owners landscaping plan and meet the landscaping maintenance criteria that is established by the Declarant. Said criteria may be modified by the Declarant.

4.16 Garbage receptacles and trash cans shall be sanitary and in complete conformity with municipal sanitary rules and regulations. All garbage and trash containers must be stored in such a manner so that they are not visible from another Lot or from any county or private road and protected from animals. No trash, garbage, ashes, yard rakings, or other organic materials resulting from landscaping activities or other refuse shall be thrown, dumped, piled, stacked, or allowed to accumulate in any way on any Lot, street or driveway; provided, however, each Lot Owner shall be allowed to store organic material in a compost container which shall not be located closer than 50 feet of a Lot line. There shall be no burning of garbage or trash.

4.17 Any damage to streets, property improvements, entry structures, fences, landscaping, mailboxes, lights and lighting standards by Lot Owners, their children, contractors, tenants, agents, visitors, friends, relatives or service personnel shall be repaired by such Lot Owner within ten (10) days from the occurrence of such damage. If the damage is not repaired within the time specified the Declarant may repair said item and charge the Lot Owner for said repair, including any administrative charges.

4.18 No noxious or offensive activity, including but not limited to the creation of excess levels of noise, dust, noxious odors, or storage of materials or equipment which may be visually offensive, shall be conducted on any Lot, nor shall anything be done thereon which may be or become an annoyance or nuisance to other Lot Owners or tenants. The validity of any claims or complaints under this section shall rest with the Declarant and

Lot Owners agree to abide by any decisions of the Declarant and/or Board regarding ceasing activities found to not be in compliance with this section.

4.19 Weapons shall be permitted on the Property but may not discharged except for reasons of self-defense. No discharge shall be allowed such that it violates any law, endangers life, limb or property, or interferes with the use and enjoyment of the Property by any Lot Owners. Items considered to be weapons shall include but not be limited to bows and arrows, cross bows, any pistol or rifle, shotgun, slingshot, BB gun, or pellet gun, paint ball gun, including any device that propels any object through the air at dangerous speeds. No hunting, trapping, or killing of wildlife shall be allowed on the Property except when reasonably necessary to avoid eminent threat of harm or death.

4.20 No oil, gas or other mineral drilling (not including water), development operations, refining, coring, or other mining operations of any kind shall be permitted upon, in or under any Lot, nor shall wells, tanks, tunnels, or mineral excavations be permitted upon or under any Lot. No structure designed for use in boring for oil or natural gases shall be erected, maintained, or permitted upon any Lot. Propane tanks and heating oil tanks for residential use are allowed.

4.21 There shall be no parking of vehicles on or within any road right of way or within any road easement.

4.22 Except as provided in this Section, no vehicles having in excess of two axels may be parked or stored on any Lot in excess of eight (8) hours. This is not intended to prevent the storage of a motor home as provided within this document.

4.23 All vehicles operated within the Property must be licensed, insured and street legal and must be operated by a licensed driver and only operated on the roads within the property. No recreational use by vehicles of any sort shall be permitted on lots or roads within the Community. Vehicles may be used for transportation from place to place.

5. BUILDING AND CONSTRUCTION REQUIREMENTS:

5.01. No dwelling or other structure shall be maintained, constructed, located, modified or repaired on any Lot in violation of the requirements of any applicable governmental agency.

5.02 No structure shall be maintained, constructed, located, modified, or repaired on any Lot without the Lot Owner or the Lot Owner's contractor obtaining a building permit and any other permits required by any and all governmental agencies and written approval from the Declarant.

5.03 No Structure shall be constructed, located, modified, or repaired on any Lot without the Lot Owner submitting the plans to Board for review and approval pursuant to

Section 3 herein. The Lot Owner shall receive written approval from the Board, to be included in County Building Permit Application, before beginning any construction activity of any kind on any Lot including but not limited to earth grading, tree cutting, landscaping, or construction.

5.04 All building designs shall meet the guidelines set forth by the Kittitas County Fire Marshal. All site development, driveways and access routes shall be constructed in such a manner that will allow fire and rescue vehicles access to all Structures on a Lot.

5.05 All residences shall be built to the Building Code which is adopted by the governmental authority having jurisdiction over the construction of structures within the lot.

5.06 No pre-manufactured home, mobile home, modular home, trailer home, factory built home, or prefabricated home, shall be allowed to be placed on or erected on any Lot, whether temporary or permanent.

5.07 No structures of a temporary character or nature (other than temporary construction-related structures), trailers, shack, garage, barn, mobile homes, or other outbuildings shall be installed, stored, placed or used on any Lot either temporarily or permanently, except as allowed herein or in the Primary Declaration

5.08 No part of any building shall be located on any Lot of over two acres in ~~size nearer than 25 feet from the front lot line and 25 feet from side and back lot lines, even in~~ the event the adjacent Lot is under the same ownership. No part of any building shall be located on any Lot of two acres or less in size nearer than 20 feet from the front lot line and 15 feet from side and back lot lines, even in the event the adjacent Lot is under the same ownership. A variance may be requested and will be granted on a case by case basis depending on the Lots characteristics.

5.09 Total Lot coverage by the residence and any additional buildings shall not exceed Twenty-Five Percent (25%) of the total Lot area.

5.10 All single family residences on Lots over two (2) acres in size must have a minimum footprint of 1800 square feet or minimum living space of 2200 square feet. Lots 2 acres or less in size must have a minimum footprint of 1100 square feet or minimum living space of 1100 square feet (not including garages, porches, decks and/or patios). Residences shall not exceed 30 feet in height, as measured from the highest point of the existing grade at the foundation footprint, or applicable county height limits, whichever is less.

5.11 A single, separate living space or "guest house" with a foot print not exceeding 1,000 square feet shall be a permitted outbuilding on Lots that are 2 acres or greater

in size unless otherwise not allowed by Governmental Authority. The Guest House shall not be constructed prior to the construction of the single family residence on the Lot.

5.12 Garages and outbuildings shall be permitted, provided that:

5.12.1 No garage or outbuilding shall be constructed prior to the construction of the single family residence;

5.12.3 All garages and other outbuildings shall be consistent with the single family residence constructed on a Lot as to the exterior finish, style, and color scheme used.

5.12.4 Garages and outbuildings shall conform with the exterior color and roofing material requirements of the provisions provided herein.

5.12.5 Each such garage and/or outbuilding shall have a footprint of no less than 400 square feet. Each such garage and/or outbuilding shall have a footprint of no more then 2400 square feet on Lots over 2 acres and 1000 square feet on Lots 2 acres and under; provided, however one garden-type shed which is less then 400 square feet may be constructed after approval by the Board. One gazebo that is less then 400 square feet shall be allowed per lot. Garages shall not exceed 30 feet in height, as measured from the highest point of the existing grade at the foundation footprint, or applicable county height limits, whichever is less

5.12 Architectural design of all buildings or Structures shall be consistent with conventional wood frame, metal frame, brick, masonry, or log construction and of a style based primarily on one or more rectangular shapes.

5.13 Exterior finish shall be rock (either natural or cultured), log, masonry, natural wood and/or natural wood siding. No plywood, T1-11, or the like, nor board and batten siding may be used. Color shall be approved by Board.

5.14 Roofs shall be of conventional gable or hip design and have a minimum roof slope of six to twelve and the minimum overhang of eaves from the outside wall surface shall be 18 inches as measured along an extension of the slope of the roof. Porch roofs attached to the main structure may be approved with a flatter pitch not to be less then three to twelve. Tile roofs shall be allowed. Roofing materials must be of architectural grade. Non Reflective metal roofs may be allowed but only with the approval of the Board. Metal roofs that are reflective shall not be allowed under any circumstances. Metal roofs shall not be allowed on building or Structures located on Lots less then 2 acres in size.

5.15 All residences shall be designed and built taking advantage of low water consumption technology and plumbing fixtures in all areas of the home and landscaping. Wasteful use of water is not permitted.

5.16 All residences shall have at least one readily accessible frost free outside hose bib that may be used for initial fire protection purposes.

5.17 Outdoor mercury vapor, halogen, sodium, or similar yard lights shall be permitted; provided, however, use thereof is limited to between the hours of 6:00 a.m. to 11 p.m. This provision shall allow accent lighting, porch lights, motion sensitive to similar low intensity lighting not to exceed 350 watts in total.

5.18 All Structures erected on any Lot shall be completed within twelve (12) months from the commencement of work. The commencement of work occurs when excavation for the foundation for a Structure is begun; provided, however with good cause shown, the Board may extend this term. Any reconstruction or repair work of any Structures shall be prosecuted diligently and continuously from commencement until completion.

5.19 All Lots shall be maintained in a neat and orderly condition during Construction.

5.20 All driveways shall be hard surfaced. There shall be only one driveway access to any lot.

5.21 All utility wires shall be installed and maintained underground.

5.22 All yards, driveways and landscaping must be completed within twelve ~~(12) months from the date of completion of the residence; provided, however with good cause~~ shown, the Board may extend this term.

5.23 All fences constructed shall, in their design, take into account the terrain where the fence is located and the appearance and effect that it has on the surrounding lots. It is the intent of this section that fences must minimize any disruptive visual impact and be constructed of materials and colors consistent with the housing structures in the development. A fencing plan must be submitted to the Board for design approval. All fences shall be constructed of wood and preserved with a natural stain the color of which shall be approved by the Board. Fences shall not be allowed in trail or road right of ways or easements. Lot owners should note that fences are allowed within utility easements but it is the lot owner's responsibility to insure they do not place a fence on top of or within 10 feet of any existing utility. Please check with the utility companies prior to constructing a fence. Dog kennels shall be allowed and shall not exceed 300 square feet in size nor 8 feet in height and may be constructed of wire fencing. Dog kennels shall not be visible from the road nor adjacent structures and shall meet minimum set back for structures and may be fenced with wire as long as they are screened with landscape . Sport courts and swimming pools may be fenced with wire as long as they are screened with landscape so that said sport court fence can not be seen from the road or adjacent structures

5.24 Exterior colors, including roofing materials and trim, shall be earth tones or shades, approved by the Board but shall be as follows: All large areas of color, such as walls and roofs shall be restricted to tones or shades in earth colors with a range of value between value 7 and value 4 on the 1 - 10 value scale. Any difference in color or change in color between walls, roofs and trim of the structure must have a contrasting hue which keeps different color tones and shades at relative equal values (by example, and only by example, if the base color is a brown (a tone or shade of red) at a mid-value 5, then the trim must be another hue of equal value 5). [1]

6. TERM OF COVENANT. The conditions, covenants and restrictions set forth in this Declaration shall run with and bind the Property for thirty (30) years from the date this Declaration is recorded, after which said covenants shall be automatically extended in perpetuity until terminated by any instrument terminating these covenants which has been signed by 75% of the Lot Owners of record at the time of the termination. This Declaration may be amended at any time by the Declarant as set forth herein and, after the Transition Date, only so long as the Amendment has been signed by at least 75% of the Lot Owners of record at the time of the Amendment. Amendments must be made in a manner as set for the in this document and the Primary Declaration.

7. AMENDMENT.

7.1 Amendments to the Declaration shall be made in an instrument in writing entitled "Amendment to Declaration" followed by the name of the community being effected by said Amendment which sets forth the entire Amendment. Notice of any proposed Amendment must be given to all Lot Owners.

7.2 During the Development Period, Declarant reserves the right to amend the Declaration as may be necessary to comply with Federal Home Loan Mortgage Corporation (FHLMC) or Federal National Mortgage Association (FNMN) or Federal Housing Administration (FHA) regulations or requirements as necessary to enable the holders of first mortgages of deeds of trust to sell first mortgages of deeds of trust to FHLMC or FNMA or if such Amendment is necessary to secure funds or financing provided by, through or in conjunction with FHLMC or FNMA or FHA. If Declarant, after the Declaration has been recorded, determines that it is necessary to amend the Declaration, then the Declarant is hereby authorized to execute and to have recorded said required Amendment or Amendments. All Lot Owners hereby grant to Declarant a full and complete power of attorney to take any and all actions necessary to effectuate and record said Amendment or Amendments and agree that said Amendment or Amendments shall be binding upon their representatives, successors and assigns to the same extend as if they had personally executed said Amendment or Amendments. All Lot Owners hereby acknowledge and agree that the power of attorney granted herein shall be deemed coupled with an interest and shall be irrevocable.

[1] The terms hue and value are defined in Munsell, Albert H. Color Notation. The terms tint, shade and tone are defined in Birren, Faber. History of Color in Painting. (1965).

7.3 Declarant reserves the right to amend this Declaration, without approval by Lot Owners, provided, however Declarant shall provide Lot Owners with a copy of any such Amendment within 10 days of execution thereof. Said Amendment shall not affect existing structures.

7.4 The Board or any Lot Owner may propose Amendments to this Declaration. Amendments must comply with the same approval procedure as rules and bylaws, as outlined below. Once an Amendment has been adopted by the Lot Owners, the Amendment will become effective when recorded in the Auditor's Records of Kittitas County, Washington.

7.4.1 Any proposed Amendment must be approved prior to its adoption by a majority of the Board of Directors of the Association, it being understood that, during the Development Period, this right of approval lies solely with the Declarant as the sole Board Member.

7.4.2 Any proposed Amendment so approved by the Board, shall then be approved by a two-thirds (2/3) majority of the Lot Owners. Said approval may be evidenced by signature on the Amendment document or by certificate contained in the Amendment to the effect that the Board is in possession of the written consent to the Amendment by at least a two-thirds (2/3) majority of the Lot Owners. In all events, the Amendment shall bear the signature of the president of the Board of the Association and shall be attested by the secretary, who shall state whether the Amendment was properly adopted and shall be acknowledged by them as officers of the Association.

7.5 It is specifically covenanted and understood by any parties accepting ownership interest in Lots subject to this Declaration that any Amendment to this Declaration properly adopted will be completely effective to amend any or all of the covenants, conditions, and reservations contained herein which may be affected and any or all clauses of this Declaration

8. GENERAL PROVISIONS.

8.1 All notices given under the provisions of this Declaration shall be in writing and may be delivered either personally or by mail. If delivery is made by mail, the notice shall be deemed to have been delivered on the third day of regular mail, postage prepaid, addressed to the Person entitled to such notice.

8.1.1 Owner's Address of Record. Notices to Lot Owners shall be mailed to the Owner's Address of Record. Each Owner must maintain an address of record with the Declarant and, after Transition Date, the Association. Transfer of property must be accompanied by a notice of change of address given by U.S. Mail to the Declarant and, after Transition Date, the Association. Failure to maintain a current address waives Owner's right to object to lack of notice of pending meetings, elections and official proceedings pursuant to

this Declaration. Absent a valid address of record, the Declarant and, after Transition Date, the Board may (but is not required to) designate the taxpayer's address shown on the Kittitas County tax rolls as the Address of Record.

8.1.2 Office of Record. Notices to the Declarant and/or the Association shall be mailed to the Office of Record. The Office of Record's address may be changed from time to time by the execution and recording of an instrument in the Auditors Office of Kittitas County Washington which (i) refers to this Declaration and this Article and (ii) sets forth the Office of Record new address.

8.1.3 Notice of meetings, elections and pending action shall be timely if given by U. S. Mail thirty (30) days in advance of the proposed activity.

8.2 Limitation of Liability. So as long as the Declarant, Association, or Board Member acting on behalf of the Owners to enforce the terms and provisions of this Declaration is acting in good faith, without willful or intentional misconduct, then Declarant, Association, or Board Member shall not be personally liable to any Owner or other person or entity for any damage, loss or prejudice suffered or claimed on account of any act, omission, error or negligence of Declarant, Board or Owner.

8.3 Indemnification. Declarant shall be indemnified by the Association against all expenses and liabilities, including attorneys' fees, reasonably incurred by or imposed in connection with any proceeding to which he may be a party, or in which he may become involved, by reason of holding or having held such a position as representing the Lot Owners or their Board under this Declaration, or any settlement thereof, whether or not Declarant holds such position at the time such expenses or liabilities are incurred, except to the extent such expenses and liabilities are covered by insurance and except in such cases wherein Declarant is adjudged guilty of willful misfeasance in the performance of his or her duties.

8.4 Insurance. At such time as the Declarant, and after the Transition Date, the Board deems appropriate, the Declarant may cause the Owners Association to purchase and maintain as a common expense a policy or policies which the Declarant deems necessary or desirable to provide casualty insurance; comprehensive liability insurance, with such deductible provisions as the Declarant deems advisable; insurance, when available, for the protection of the Declarant, and/or its representatives, from personal liability in the management of the Declarant's duties with respect to the Plat and/or Survey; and such other insurance as the Declarant deems advisable.

9. ENFORCEMENT

9.1 During the Development Period, the Declarant shall have the right, but not the obligation, to enforce the provisions of this declaration, and the rules and regulations for the benefit of the Lot Owners. Upon the Transition Date, and without further action by any

Person or Persons, (i) the term of the Declarant's management of the Property shall end and all duties shall become the responsibility of the Association and its Board of Directors; and (ii) the Declarant shall be released from any and all liability whatsoever for claims arising out of or in connection with this Declaration.

9.2 If there is a violation of any of the conditions of these covenants, conditions or restrictions as herein set forth or as hereinafter amended, any Lot Owner, joining with other Lot Owners or individually, and/or the Association, shall have the right to proceed at law or in equity to collect damages or to compel compliance with the terms and conditions of these covenants, conditions, restrictions and easements or to prevent the violation or anticipated violation or breach of any covenant, conditions, or restriction contained herein.

9.3 The failure of any Owner to comply with provisions of this Declaration, or the rules and regulations may give rise to a cause of action by the Declarant and/or any aggrieved Lot Owner(s), the Declarant and/or the Board for recovery of damages, or injunctive relief, or both. If a legal action is brought to interpret or enforce compliance with the provisions of this Declaration, or the rules or regulations adopted by the Declarant or Association, the prevailing party shall be entitled to judgment against the other party for its reasonable expenses, court costs, and attorneys' fees in the amount awarded by the Court. Venue for such proceedings shall be in Kittitas County, Washington.

9.4 In the event any suit brought by any party to enforce the terms and conditions of these covenants, conditions, restrictions and easements results in a monetary judgment against a Lot Owner, said judgment shall become a lien against that person or entity's Lot in addition to becoming the personal obligation of that Lot Owner. Said lien shall be foreclosed in the manner as provided by Washington State law. In addition to having the lien, the holder of a judgment against any Lot Owner for any monetary damages awarded as a result of a violation of these restrictive covenants, conditions and restrictions shall have the option of proceeding personally against the owner of a Lot or the option of foreclosing the lien in the Lot Owner's property. In the action foreclosing the lien, the same shall include a reasonable sum for attorney fees and all costs and expenses reasonably incurred in preparation for and in prosecution of such action in addition to taxable costs, all as permitted by law.

9.5 Failure by the Declarant, the Association and/or any Lot Owner in any instance to insist upon the strict compliance with this Declaration or rules and regulations adopted pursuant hereto, or to exercise any right contained in such documents, or to serve any notice or to institute any action, shall not be construed as a waiver or a relinquishment for the future of that or any other term, covenant, condition, or restriction. The receipt of payment of any assessment from an Owner, with knowledge of any breach by the Owner, shall not be a waiver of the breach. No waiver by the Declarant and, after Transition Date, the Board, of any requirement shall be effective unless expressed in writing and signed by the same.

9.6 If any term, covenant or condition of this Declaration or the application thereof to any person or circumstance is, to any extent, invalid or unenforceable, the remainder of this Declaration or the application of such term, covenant or condition to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby and each term, covenant or condition of these Covenants shall be valid and be enforced to the fullest extend permitted by law.

9.7 In the event any charge or fine is levied against a Lot or Lot Owner and or their guests, invitees and assigns by the Association and said fine or charge is not paid said fine or charge shall become a lien against that person or entity's Lot in addition to becoming the personal obligation of that Lot Owner. Said lien shall be foreclosed in the manner as provided by Washington State law. In addition to having the lien, the holder of a judgment against any Lot Owner for any monetary damages awarded as a result of a violation of these restrictive covenants, conditions and restrictions shall have the option of proceeding personally against the Lot Owner or the option of foreclosing the lien on the Lot. In the action foreclosing the lien, the same shall include a reasonable sum for attorney fees and all costs and expenses reasonably incurred in preparation for and in prosecution of such action in addition to taxable costs, all as permitted by law.

10. FUTHER SUBDIVISION OF LOTS: Except for property owned by the Declarant there shall be no further subdivision of any Lots after the Effective Date of this declaration.

11. EFFECTIVE DATE. This Declaration shall be effective upon recording.

IN WITNESS WHEREOF, the undersigned being the Declarant herein has hereunto set their hand and seal as of the 29th day of December, 2004.

Declarant
Teanaway Ridge, LLC

DOCUMENT TITLE: PRIMARY DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR EVERGREEN RIDGE - AMENDED

DECLARANT: TEANAWAY RIDGE, LLC, a Washington Limited Liability Company

LEGAL DESCRIPTION: See EXHIBIT "A".

ASSESSOR'S TAX PARCEL NO.: 20-14-12020-0014

PRIMARY DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR EVERGREEN RIDGE

AMENDED

This **Primary** Declaration of Covenants, Conditions and Restrictions for the property described in EXHIBIT "A" (the "Declaration") is given as of the 28th day of September, 2004, and amended December 20, 2004 by TEANAWAY RIDGE, LLC, a Washington Limited Liability Company (the "Declarant")

WHEREAS, the Declarant is the owner of certain real property located in Kittitas County, Washington, legally described on Exhibit A attached hereto and incorporated herein by reference.

WHEREAS, It is the intent of the Declarant that certain qualities and assets of the Property be preserved, and it is desirable to protect the present and future property values and the enjoyment thereof; and, to that end, the Declarant desires a means to preserve and protect the intended character of the Property.

NOW, THEREFORE,

Declarant declares that all of the Property shall be held, sold and conveyed subject to the following restrictions, covenants, conditions, reservations, easements, assessments and lien rights, all of which are for the purpose of enhancing and protecting the value, desirability, and attractiveness of the Property. These restrictions, covenants, conditions, reservations, easements, assessments and lien rights shall run with the Property and shall be binding upon all persons or entities now having or hereafter acquiring any right, title, or interest in and to the Property, or any part thereof, and these restrictions, covenants, conditions, reservations, easements, assessments and lien rights shall be binding upon their respective heirs, successors, and assigns, and shall inure to the benefit of each individual and/or entity having or hereafter acquiring any right, title, or interest in and to the Property, or any part thereof, and their heirs, successors, and assigns.

DEFINITIONS. For the purpose of this Declaration and any Amendments hereto, the following terms shall have the following meanings and all definitions shall be applicable to the singular and plural forms of such terms. The singular form of words shall include the plural and the plural shall include the singular. Masculine, feminine, and neuter pronouns shall be used interchangeably.

1.01 "Additional Property" means any land, whether or not owned by Declarant, which may be made subject to this Declaration as provided in Section 2 and which shall thereafter be a part of the Property.

1.02 "Address of Record" shall mean the official address of the Lot Owner(s), as maintained in the records of the Declarant and, after the Transition Date, the Association, to serve as the location for notices of pending meetings, elections and official proceedings pursuant to this Declaration. It shall be the Lot Owner's responsibility to provide the Declarant and, after the Transition Date, the Association with the Lot Owner's mailing address.

1.03 "Affiliate" means any entity which controls, is under the common control with or is controlled by Declarant.

1.04 "Architectural and Landscaping Review Committee" shall mean the subcommittee of the Association established by the Declarant and after the Transition Date, the Board. The Board shall have the responsibility for reviewing and approving improvements to the Lots by Owners to ensure compliance with this Declaration.

1.05 "Articles" means the Articles of Incorporation of the Association.

1.06 "Assessments" means all assessments and other charges, fines and fees imposed by the Association in accordance with this Declaration, including, without limitation, General Assessments, Special Assessments, and Specific Assessments.

1.07 "Association" shall mean the Mountain Ridge Resort Communities Owners' Association, a Washington Non-Profit Corporation, comprised of the Lot Owners.

1.08 "Auditor" means the Auditor of Kittitas County, Washington, or such successor agency charged with maintaining the real estate records for property within Kittitas County.

1.09 "Board of Directors" and "Board" shall mean the individuals selected by the Declarant or elected by the Association to manage and administer the Mountain Ridge Resort Communities Owners' Association in accordance with the Bylaws of the Association and this Declaration.

1.10 "Bylaws" shall mean the Bylaws of the Association as initially promulgated by the Declarant, and as amended from time to time, which, with this Declaration, provide for the organization of the Association and for the administration of the Association.

1.11 "Community Improvements" means all real and personal property, including easements and leasehold interests, designated as such in this Declaration, in any Supplemental Declaration subjecting additional property within the Mountain Ridge Resort Communities to this Declaration or in any conveyance to the Association, and for which the Association has maintenance, insurance, operating, or other responsibility under this Declaration or other agreements entered into by the Association. The Community Improvements shall also include all real and personal property which the Association owns, leases, or otherwise holds possessory or use rights in for the common use and enjoyment of all Owners and occupants of the property subject to this declaration and such additional property which may be added in the future.

1.12 "Construction" and "Constructed" shall mean any construction, reconstruction, erection or alterations of a Structure, except that which may take place entirely within and affects only the interior of an existing Structure.

1.13 "Declarant" shall mean the party developing the Property and signing this Declaration, or the heirs, successors or assigns thereof.

1.14 "Declaration" means this Declaration of Covenants and Easements for the properties described in EXHIBIT "A" as the same may be amended or supplemented from time to time in accordance with the provisions hereof.

1.15 "Development Period" shall mean the period of time between the date of this declaration and the Transition Date.

1.16 "Governmental Authority" means the County of Kittitas, the State of Washington, the United States of America or other governmental entity or agency that has or acquires jurisdiction over the Property or any portion thereof, or sales of the Property, from time to time.

1.17 "Immediate Family" shall mean husbands, wives, children (including step children), parents and grandparents of a Lot Owner. This definition may be expanded by the Declarant or the Board after the Date of Transition.

1.18 "Lot" shall mean any parcel of land within the Property created pursuant to and in compliance with the rules, regulations, ordinances and/or laws applicable thereto, regardless of ownership or date created.

1.19 "Lot Owner" shall mean any person or entity that holds fee title or a vendee's interest under a real estate contract of any Lot. The word "Lot Owner" shall also be construed to include any person or entity that has, or claims to have, a legal or equitable interest in a Lot, including but not limited to, lien claimants, easement holders, tenants or other persons in possession. Regardless of the number of persons or entities which may qualify as a Lot Owner as defined herein, each Lot shall be entitled to only one vote in any situation in which this Declaration requires the vote of or approval by Lot Owners.

1.20 "Mortgage" shall mean a recorded mortgage or deed of trust that creates a lien against a Lot and shall also mean a real estate contract for the sale of a Lot.

1.21 "Mortgagee" shall mean the secured party under a mortgage, deed of trust, or other real property security interest, including a sellers' interest in a real estate contract, covering a Lot or other portion or all of the Property.

~~1.22 "Mountain Ridge Resort Communities" shall refer to the Property,~~ including any Additional Properties added as provided herein.

1.23 "Office of Record" shall mean the office of the Declarant and/or the Association.

1.24 "Owner" means the Person or Persons, including Declarant, owning any Unit in the Property, but does not include a tenant or holder of a leasehold interest or a Mortgagee or other Person holding only a security interest in a Unit. If a Unit is sold under a recorded real estate installment sale contract, the purchaser (rather than the seller) will be considered the Owner unless the contract specifically provides to the contrary. The rights, obligations and other status of being an Owner commence upon the acquiring of the ownership of a Unit and terminate upon disposition of such ownership, but termination of ownership shall not discharge an Owner from its obligations incurred prior to termination.

1.25 "Person" means a human being, a corporation, partnership, limited liability company, trustee or other legal entity.

1.26 "Pets" shall mean dogs, cats, rabbits, caged birds and fowl not including roosters or any other crowing fowl, fish and other small household pets kept for personal enjoyment.

1.27 "Primary Purpose" The primary purposes of this Declaration is to assure within the Property: (i) standards that will safeguard the privacy and quiet enjoyment of all Lot Owners; and (ii) a uniformity of use and quality of workmanship, materials, design, maintenance and location of Structures with respect to topography, finish grade elevation and adjacent Lots and improvements thereon; and (iii) those purposes and objectives set forth in the Recitals.

1.28 "Property" shall mean the property described herein and shall also specifically include any Additional Properties added as provided herein, and including all improvements and structures now or hereafter placed thereon.

1.29 "Structure" shall mean any building, fence, wall, driveway, walkway, patio, deck, swimming pool, outbuilding, shed or the like located on a Lot.

1.30 "Transition Date" shall mean the date upon which the rights of the Declarant are transferred to the Board as provided herein.

1.31 "Water Company" shall mean LCU Inc.

2. PROPERTY SUJBECT TO DECLARATION.

2.1 Initial Development. Declarant hereby declares that all of the real property described on EXHIBIT "A" attached hereto is owned and shall be owned, conveyed, hypothecated, encumbered, leased, used, occupied and improved subject to this Declaration.

2.2 Annexation of Additional Property. Declarant may from time to time and in its sole discretion annex Additional Property so long as such Additional Property is subject to this Declaration and is now owned or hereafter acquired by Declarant or any of its Affiliates; provided, however, that Declarant may also from time to time and in its sole discretion permit other owners of real property to annex such real property. The annexation of such real property shall be accomplished by (i) the annexation of such Additional Property to this Declaration in accordance with the provisions thereof or (ii) a Supplemental Declaration subjecting the Additional Property to this Declaration, which Supplemental Declaration shall be executed by Declarant and, if Declarant does not own such Additional Property, by its owner and shall be recorded with the Auditor.

2.3 Withdrawal of Property. Privately Owned Amenities and any other Property annexed pursuant to Section 2.2 may be withdrawn by Declarant and the Owner of such Property by an Amendment to this Declaration executed by Declarant and such Owner if the property to be withdrawn was originally included in error or if the withdrawal is for the purpose of making minor adjustments to boundary lines. In addition, Declarant may withdraw any property then owned by Declarant or the Association if such withdrawal is a result of any changes in Declarant's plans for the Property, provided that such withdrawal is not unequivocally contrary to the overall, uniform scheme of development for the Property and is approved by the Association.

2.4 Dedications. Declarant reserves the right to dedicate any portions of the Property then owned by Declarant and/or the Association to any Governmental Authority, quasi-governmental entity or any entity, including but not limited to an entity qualifying under Section 501(c)(3) of the Internal Revenue Code or similar provisions from time to time for such purposes as Declarant may deem to be appropriate, including without limitation, for utility stations, equipment, fixtures and lines; streets and roads; sidewalks, trails, open space for habitat, wildlife, waterfowl, fish, vegetation, wetlands or other preservation purposes; recreational facilities; schools; cemeteries; fire, police, security, medical and similar services; and such other purposes as Declarant and such Governmental authority or quasi-governmental entity shall determine to be appropriate from time to time. Any consideration received by Declarant as a result of such dedication, by reason of any condemnation or any conveyance in lieu of condemnation, shall belong solely to Declarant.

3. ARCHITECTURAL AND LANDSCAPING REVIEW.

3.1 Lot Owners desiring to do any of the following: 1) construct, 2) alter, 3) repair, or 4) replace any Structure on the Lots, including, but not limited to, a residence, garage, outbuildings or other building and/or fences, landscaping, and/or to remove any trees on the Lot, or grade or alter the earth on any lot (collectively "the work") shall, prior to construction, submit in writing to the Architectural and Landscaping Review Committee of the Association a request for review and approval, together with a set of plans and specifications and/or a Tree Thinning and Re-Forestation Plan, if applicable (hereinafter the "Application"). Any such Application must be prominently labeled with the Lot Owner's name, mailing address, telephone number, lot number and lot address (if one has been assigned) and, if the Board so designates be in the form approved by the Board, and delivered to the Board at the Office of Record. In the event the Lot Owner is relying on an agent, contractor, adviser, consultant or other third party to do the work, the Lot Owner shall execute a Power of Attorney in a form approved by the Association, giving the third party doing the work the written authority to perform the work. In the event a Lot Owner gives a third party a Power of Attorney to do the work, in no event shall that relieve the Lot Owner from compliance with the Declaration. The plans and specifications submitted as part of the Application shall show the site layout, structural design, exterior materials, and colors, landscaping, grading or altering the earth, fencing, drainage, exterior lighting, irrigation, and other features of proposed construction, as applicable (hereinafter the "Plans"). In addition to the Plans, the Lot Owner shall mark on the Lot the corner points of the proposed Structure(s) for review and approval by the Board. The Board may require the submission of such additional information as may be reasonably necessary to consider any Application.

3.2. Declarant shall have a reasonable time to review the Application and any additional information as may be requested relative thereto which time is at least ninety- (90) days. The Application shall be evaluated as to compliance with the provisions contained herein and with any other Declarations of Covenants, Conditions, and Restrictions which affect the property and approval of the Application shall not be unreasonably withheld. In the event the Board has not requested additional information or given approval or disapproval of

the Application within 90 days from the date the Application, or additional information if applicable was delivered to it, the Application shall be deemed approved; provided, however, failure by Board to act on the Application for approval within the specified time period shall not relieve the Lot Owner from the requirements set forth under this document including the construction, appearance and type of structures permitted on the Lot. In the event an Application is denied approval, the Declarant shall provide, in writing, reasons for said denial.

3.3. The Board reserves the right to establish a review fee.

3.4. The Board may hire an outside entity to review said plans per the requirements of this document. Lot Owners shall pay the actual costs of said review

4. UTILITIES

4.1 Water, telephone, cable and electricity is available to each Lot at or near the Lot boundary.

4.2 All electrical, telephone, cable, or other utility services and lines shall be underground.

4.3 Antennas and Satellite Dishes shall not be visible from any street or road and shall be attached to a residence or outbuilding and not extend beyond the top of the residence or outbuilding.

5. WATER.

5.1 The Property may be served by a private water company, LCU, Inc. a Washington Corporation (hereinafter the "Water Company"). Each Lot is served as required by the regulating authorities. Water rates and usage rules are established by the Water Company which may be amended from time to time. For rate and usage rules contact the Water Company at P.O. Box 254, Cle Elum, WA 98922.

5.2 If a Lot is within the LCU Inc. water service area, as now existing or hereafter amended, the Lot Owner must connect to the LCU Inc. water system and receive all of its water from LCU Inc. Lot Owners shall abide by the LCU Inc. water system plan as approved by the Washington State Department of Health and any rules adopted by LCU Inc. to implement the plan. Lot Owners, if water is provided by LCU, Inc., shall submit a request for a water hookup to LCU Inc. Water meters shall be leased to Lot Owner by LCU Inc. under such terms and conditions as are set by LCU Inc. and said rate shall be combined with the monthly water billings. All repairs for damaged water meters shall be paid by the Lot Owner. If a meter is damaged beyond use it shall be the responsibility of the Lot Owner to pay for a replacement water meter, including the costs of installation.

5.3 There shall be a connection fee payable by the Lot Owner to connect to the water system owned by the Water Company. Said fee is established by the Water Company's Water Plan and may be amended from time to time.

5.4 The Water Company reserves the right to limit the nature, quantity and use of the water service provided to each Lot to a single residential use located on the lot. Irrigation systems shall take advantage of conservation technology to limit water consumption. Outside irrigation is limited by the Water Company as provided for in the Water Company Water Plan. Certain sections of the Development may be served by a separate irrigation system. To any portion of the Development that is served by this separate irrigation system the Owner of the property is required to use the separate irrigation system and in no way use the domestic water for any outside irrigation.

5.5 It is the goal of the Declarant and the Water Company that the water resource be used conservatively; therefore it shall be the goal of this development to average not more then 7,500 gallons water usage per month per connection. The rates structure established by the Water Company shall reflect this goal.

5.6 If the property is served by the Water Company, no additional wells may be drilled within the boundaries of any Lot, except by the Water Company. .

5.7 No cross connections between the Water Company's water system and any other water system are permitted. Owners shall not interconnect any outside water system or source with that of the Water Company's system. If cross connections are found, Lot Owners may lose their ability to continue to be served by the Water Company and fees may be applied.

5.8 Other restrictions, regulations and fees may apply to the use of the water provided by the Water Company as shown in the Water Company's Water Plan. Lots purchased from Declarant either occupied or unoccupied shall pay the water utility bill monthly to the Water Company, except the initial Lot Owner shall begin paying monthly water bills upon application to Kittitas County for a building permit or six (6) months after the Lot is purchased from the Declarant with the closing date of the transaction starting the six month period, which ever occurs first. Subsequent Lot Owners shall begin paying water fees at time of sale closing.

6. SEWER.

6.1 The Property may be served by either private septic systems or a private utility company (hereinafter the "Utility Company"). Each Lot may be sold with either an approved septic system or a collection pipe and valve which leads to a community drain field or sewer system. If a Lot is served by a septic system or community drain field and at some time in the future the Utility Company or other entity approved by the Utility Company provides a sewer or community drain field connection to the Lot line, at the option

of the Utility Company, said Lot shall connect to said connection and pay any and all connection fees and monthly fees that may apply.

6.2 Lots that are provided a connection to a community drain field or sewer system shall provide and install a check valve, septic tank, effluent pump chamber, pump, bio-filter and all related materials including but not limited to piping, controls and electrical hookups as directed or required by the Utility Company. All electrical installations shall be in conformity with the Uniform Electrical Code and Kittitas County Code. It shall be the Lot Owner's responsibility to provide for periodic cleaning and maintenance of the lot's septic components, including but not limited to bio-filter, effluent pump, check valve, septic tank, and pump chamber as required by the Utility Company. It shall be the Lot Owner's responsibility to, in a timely manner, repair or replace any non-functioning component, including but not limited to bio-filter, effluent pump, tank or tanks, or check valve with replacement parts approved by the Utility Company. Failure of the Lot Owner to maintain the system as required; or repair or replace any non-functioning portion of the system in a timely manner as required shall be just cause for the Utility Company to deny service to the lot until such maintenance, repair or replacement is performed. Lot Owners of occupied or unoccupied lots that are served by either sewer or community septic systems shall pay the sewer or community septic system utility bill monthly, except the initial Lot Owner shall begin paying monthly utility bills upon application to Kittitas County for a building permit or six (6) months after the Lot is purchased from the Declarant with the closing date of the transaction starting the six month period, which ever occurs first. Non-occupied Lots owned by the Declarant are specifically exempt from this section.

6.3 The Utility Company shall provide for disposal of the effluent generated by the septic tank and pump chamber on any Lot which is connected to a community drain field or sewer system, and shall maintain the effluent transport lines and community drain fields serving the Lot from the drainfield side of the check valve through the community drainfield. If subsequent major improvements or repairs to the community drain field system are required the Lot Owners utilizing said system shall be responsible for their proportionate share of the costs. Lot Owners will be responsible for any damage they or their contractors cause to Utility Company system.

6.4 Lots which are provided a connection to a community drain field or sewer system before occupancy of any Lot, must apply to the Utility Company and receive a septic or sewer hookup approval from the Utility Company to connect to the community drainfield or sewer system, for said Lot. No portion of a lot's sewer or septic system may be placed in service and septic tanks and pump chambers must remain dry and unused until septic hookup to the community septic system is inspected and approved by the Utility Company and completed. If any portion of the system is placed in service before inspection and approval, in violation of this section, the Utility Company may deny service to the property and require pumping and sanitizing of the system prior to performing the required inspection. All costs of pumping and sanitizing will be paid by the Lot Owner.

6.5 Lots which are provided a connection to a community drain field or sewer system are subject to the rates, fees, and rules as established by the Utility Company.

6.6 The Utility Company reserves the right to limit the nature, quantity and use of the service provided to each Lot to residential uses located on the Lot.

6.7 In the event that a regional sewer system is approved, designed, funded, and built, which serves the Property it shall be required that the individual Lots in any portion of the Mountain Ridge Resort Communities will connect to said regional sewer system in a timely manner as determined by and coordinated through the Utility Company. Any and all charges or fees imposed by said regional sewer system for said connection shall be borne by the individual Lot Owners.

7. EASEMENTS.

7.1 Access Easements. Declarant hereby grants, declares, reserves all rights to, and establishes the following access easements:

7.1.1 As used herein, the word "access" shall mean ingress and egress by vehicle and/or pedestrian traffic, and the word "utilities" shall, subject to Sections 4, 5 and 6 herein, mean and include the right of locating, constructing, maintaining, repairing, and operating underground lines, pipes and facilities under and across such easement area in order to provide utility services to the subject Lot(s), including, but not limited to, electricity, waste water, sewer, gas, water, telephone, communication and cable television services. The Access & Utility Easements exist for the benefit of the indicated Lots. No Lot shall use the Easements in any manner such as would restrict or prevent the other Lots' usage of the Easements for their intended purposes.

7.2 Declarant does hereby establish, create and reserve for the benefit of itself and all Lot Owners, and their respective heirs and assigns, the easements shown on the face of the various community plats, and/or Surveys and attached to this document as the Exhibit "B-1". Exhibit "B-2" may be amended at any time by the Declarant. Not withstanding the foregoing there shall be a 15 foot easement created and established on each side of all lot lines. This easement shall be expanded to a 20 foot easement that is established on the outside of lots boarding the perimeter of the community which may be used for walking and biking trails as well as utility corridors and fire breaks. These easements shall be for the sole use for supplying Utilities within the property. Declarant shall have the sole right to grant the use of these easements to any other entity or utility and this right shall survive the Transition Date.

7.3 Utility Easements. Easements shown on the face of the Community Plat and/or surveys for utility service are hereby established, created and reserved for the benefit of the utility providers, for the purposes of ingress, egress, installation, reading, replacing, repairing and maintaining systems, lines, drainage paths, creeks and meters. These easements shall be for the sole use for supplying Utilities within the property. Declarant shall have the sole right to grant the use of these easements to any other entity or utility and this right shall survive the Transition Date.

7.4 Natural Drainage Easements. Natural Drainage Easements shall be easements for drainage purposes only and shall not be blocked or moved by property owners. Said drainages shall be managed as provided for herein.

7.5 Trail Easements. The Declarant reserves the right to establish certain trail easements which will be for the use of the property owners. Said trail easements may also be used as Utility easements. These easements shall be for the sole use for supplying Utilities within the property. Declarant shall have the sole right to grant the use of these easements to any other entity or utility and this right shall survive the Transition Date.

7.6 There shall be no additional easements granted on any Lots without the approval of the Declarant. The authority to grant or approve any additional easements is specifically held by the Declarant and cannot be modified by the Board or by vote of the Owners.

7.7 There shall be no signs on the lot or easement, including but not limited to, signs advertising portion of the property for sale, no trespassing signs, political signs, or commercial signs for the purpose of advertising a business. A name sign may be displayed not to exceed five (5) square feet.

7.8 No Lot Owner shall have a right to grant any other Lot Owner or the owner of any property not subject to this declaration an easement for any purpose without the written approval of the Declarant and, after the Transition Date, the Association.

8. MAINTENANCE AND IMPROVEMENT.

This section refers to the maintenance of roads, trail easements, drainages and rights of way. The access easements within the Property which provide access from the County and/or State Roads or Highways to the Lots are private roads and shall be maintained by the Association, with the cost of all approved road improvements and/or maintenance and snow removal shared equally by the Lot Owners served by such roads, based upon the number of Lots within the Mountain Ridge Resort Communities regardless of ownership. No Owner shall perform easement maintenance and/or snow removal which is not authorized by the Association. Maintenance shall include the cost of snow removal and the cost of removing and/or controlling any and all noxious weeds growing on or located on the easement. Road maintenance expenses, or portions thereof, shall be assessed against all of the Lots equally.

8.1 Annual Maintenance, not including snow plowing. The Declarant shall, on or before the 15th day of May of each year, present via U.S. mail, to the property owners a report (the "Road Report") that provides information on the condition of the roads and includes recommendations for their improvements and/or maintenance in the form of a motion(s) accompanied with a minimum of two bids for each motion. If the Declarant finds that no annual maintenance of the roads is required the Declarant shall not provide a report.

8.1.1 Any Lot Owner, after the Transition Date, may provide a supplemental report for road improvements and/or maintenance to the Board by the 1st day of June of the same year. Said supplemental report must include recommendations in the form

of motions and include two bids for said improvements and/or maintenance. The Board shall incorporate these supplemental motions into a revised Road Report which shall be mailed to the Lot Owners, together with a "Road Maintenance Ballot" on or before the 15th day of June of the same year.

8.1.2 Each Lot Owner shall vote on the proposed motions and return their completed Road Maintenance Ballot to the Declarant on or before the 1st day of July of the same year.

8.1.3 In the event a Lot Owner does not return its completed Road Maintenance Ballot to the Declarant on or before the 1st day of July the same year, Declarant shall be deemed to have the right to cast the unreturned vote(s) as it deems appropriate, in its sole discretion; provided, however, all such unreturned votes shall be cast the same.

8.1.4 It shall require approval by the majority of affected Lot Owners to pass any motion.

8.1.5 Lot Owner qualifications for voting on these issues are as described in Section 1.19 of this document.

8.2 Snow Removal. The Declarant shall contract for snow removal each year and shall notify the Lot Owners of any change to the terms of said contract. Such contract shall provide that roads shall be plowed: (i) at least 16 feet wide; (ii) upon 12 inches of snowfall; (iii) a maximum of once a day. It is the intent of these standards to maintain the roads to a degree passable by four-wheel drive vehicles. It shall be the responsibility of the Lot Owners to plow their own driveways and entry points onto the road system. It should be understood that during high snowfall periods roads may accumulate additional snow prior to and after plowing. Lot Owners shall not push or pile show anywhere within the road easements or right of ways.

8.3 General Maintenance. It shall be the Declarant's, and after the Transition Date, the Board's responsibly to maintain the roads and road easements, with the exception of Snow Removal which is addressed above, to a standard that is equal to the manner that Kittitas County maintains their roads and road easements. The cost of this maintenance, as determined by the Declarant, and after the Transition Date, the Board, shall be shared equally by all Lot Owners.

9. MOUNTAIN RIDGE ACTIVITY CENTER AND COMMON AREAS.

Declarant intends to, but is not obligated to, develop an activity center located within the property (the "Activity Center"), together with a system of common areas and/or trails over and across the Property and/or other lands, which shall be for the use and benefit of the Lot

Owners. The Activity Center, common areas and trails (collectively, the "Common Elements") shall be owned and managed by Mountain Ridge Activity Center, Inc., a Washington corporation to be formed; provided, however, in the event the Mountain Ridge Activity Center, Inc. elects to transfer ownership and/or management of the Common Elements, or any of them, to the Association, the Association shall assume all rights, responsibilities and liabilities thereto.

9.1 Each Lot shall have use of the Common Areas as set forth in the OPERATING RULES AND REGULATIONS OF THE MOUNTAIN RIDGE ACTIVITY CENTER as may be adopted and amended by the Board of Directors of the Mountain Ridge Activity Center, Inc., and/or the association in the event it owns and/or manages all or a portion of the common elements and shall be liable for an equal pro-rata share in and to the annual costs and expenses relative thereto. Such rights and the obligation for dues will commence upon the opening of the Mountain Ridge Activity Center or any trails of common areas. Such rights and liabilities in and to the Common Areas are private to and shall not be severed from the ownership of a Lot.

9.2 Annually, the Board of Directors of Mountain Ridge Activity Center, Inc. shall estimate the net charges to be paid during each year and shall include a reasonable reserve fund for maintenance, repairs and replacement of the Common Areas and for acquisition and operating reserves (the "Activity Center Budget"). The Activity Center Budget shall be presented to the Association on or before the 1st day of March of each year, and the "Activity Center Assessment" shall be payable equally by all Lot Owners on an annual basis. If said estimated sum proves inadequate for any reason, Mountain Ridge Activity Center, Inc. may at any time levy a further assessment.

9.3 The Association shall collect from each Lot Owner an equal pro-rated share of the Activity Center Assessment based upon the total number of Lots in existence as of the date of such assessment, with each one Lot having one equal share of the total obligation, regardless of ownership.

9.4 Use By Others. The Activity Center may sell memberships to its facilities outside of the Mountain Ridge Resort. These memberships will carry all of the same benefits and responsibilities of the memberships of the Lot Owners. The memberships sold to non Lot Owners will only entitle the member to use the primary activity center and shall be under such terms and conditions as the Activity Center shall establish.

10. DESIGNATION OF COMMUNITY IMPROVEMENTS.

10.1 Initial Community Improvements. The initial Community Improvements are more particularly described on the attached Exhibit "B".

10.2 Additional Community Improvements. Additional Community Improvements may be designed as such (i) in a Supplemental Declaration, (ii) in a

conveyance from Declarant to the Association, or (iii) by the Association if otherwise acquired by the Association.

10.3 Conveyance of Community Improvements to Association. Except for portions dedicated to the public or to any Governmental Authority, Declarant may convey or assign, and the Association shall accept, all or selected portions of the Community Improvements free and clear of monetary liens (except for non-delinquent taxes and assessments) not later than the end of the Development Period.

10.4 Dedication of Community Improvements. Subject to the approval of and acceptance by such entity, Declarant or the Association may dedicate, or during the Development Period, Declarant may require the Association to dedicate, portions of the Community Improvements to any Governmental Authority.

11. USE OF COMMUNITY IMPROVEMENTS.

11.1 Use by Owners. Subject to the provisions of this Declaration and the Policies and Procedures adopted hereunder, each Owner shall have a right and easement in and to the Community Improvements for the uses for which they are established, which easement shall be appurtenant to and pass with the title to such Owner's property. Any Owner may extend the Owner's right of use and enjoyment of the Community Improvements to the members of the Owner's family, social or business invitees, and lessees, as applicable, subject to reasonable regulation by the Association. An Owner or a member of the Owners Immediate Family must be present with any individual that the Owner has extended the Owners right of use. Other restrictions may be placed on the Owner's extending their right to use the Community Improvements. An Owner who leases the Owner's property shall be deemed to have assigned all such rights to the lessee of such property for the period of the lease.

11.2 Use by Public. To the extent mandated by any Governmental Authority or when so determined by Declarant, members of the public may have the right to use portions of the Community Improvements at such time and subject to such Policies and Procedures as the Association may establish. In addition, Declarant, during the Development Period, or the Association may designate certain portions of the Community Improvements as semi-public, recreational or service areas which may be used by members of the public on a free or fee-paying basis. In such event, Owners shall be permitted to use such facilities or services either on a free basis or for fees that are no higher than those charged to members of the public for an equivalent use or service.

11.3 Restrictions on Use. The following restrictions shall apply to the Community Improvements or the whole of Mountain Ridge Resort as provided below:

11.3.1 Private Use. The Community Improvements may not be partitioned or otherwise divided into parcels for private use, and no private structure of any type (except utilities or similar facilities permitted by Declarant) shall be constructed on the Community Improvements. The Community Improvements shall be reserved for the use and

enjoyment of all Owners, and no private use may be made of the Community Improvements, except for temporary uses as authorized by the Declarant. Nothing in this Declaration shall prevent the placing of a sign or signs on the Community Improvements identifying portions of the Mountain Ridge Resort or identifying trails or items of interest, including traffic and directional signs, provided such signs are placed by Declarant or are approved by the Association.

11.3.2 Prohibited Vehicles. Except to the extent specifically authorized in the Policies and Procedures, golf carts and other motorized off-road vehicles may not be operated within the Community Improvements. Snowmobiles will be allowed to operate within the Property within the guidelines laid out in the Snowmobile Operation Policies and Procedures. Note: Lot Owners may lose their rights to operate Snowmobiles within the Property if they do not strictly follow all of the Snowmobile Operations Policies and Procedures. Snowmobiles will be required to clearly show an identification number at all times they are operated within the resort. Identification numbers will be issued by the Association after the appropriate application is submitted and processing fee is paid to the Association. All vehicles operated within the Property must be licensed, insured and street legal and must be operated by a licensed driver and only operated on the roads within the property. No recreational use by vehicles of any sort shall be permitted on lots or roads within the Community. Vehicles may be used for transportation from place to place.

11.3.3 Offensive or Unlawful Activities. No noxious or offensive activities shall be carried on within the Property, nor shall anything be done or placed on the Community Improvements which interferes with or jeopardizes the enjoyment of the Community Improvements, or which is a source of annoyance to Owners or occupants. No unlawful use shall be made of the Community Improvements nor any part thereof, and all laws and regulations of all Governmental Authorities shall be observed.

11.3.4 Restrictions in Conveyances. Any restrictions contained in any deed or conveyance conveying the Community Improvements to the Association shall be observed.

11.3.5 Policies and Procedures. In addition to the restrictions in this Declaration, the Declarant from time to time may adopt, modify or revoke such Policies and Procedures governing the conduct of Persons and the operation and use of the Community Improvements as it may deem necessary or appropriate in order to assure the peaceful and orderly use and enjoyment of the Community Improvements. A copy of the Policies and Procedures, upon adoption, and a copy of each amendment, modification or revocation thereof, shall be furnished by the Association to each Owner and shall be binding upon all Owners and occupants of Property.

11.3.6 Governing Documents. Use of the Community Improvements shall be subject to any additional restrictions contained in any of the applicable Governing Documents.

11.4 Declarant Control. Declarant hereby retains and reserves to itself certain rights as set forth in this Declaration during the Development Period. Such reserved rights are for the purpose of allowing the Declarant to complete the development of the Property in the Declarant's discretion and to optimize Declarant's ability to enhance and protect the value, desirability and attractiveness of the Property.

11.4.1 Transition Date. The Transition Date will be the earlier of either: (i) the date designated by Declarant in a written notice to the Lot Owners, which date may be, at Declarant's election, any date after this Declaration has been recorded; or (ii) ten (10) years after the final sale of the Lots in Mountain Ridge Resort Communities, including any Additional Properties that may be added as provided herein.

11.4.2 Declarant reserves the right to assign all or any of its rights, duties, and obligations created under this Declaration.

12. ADDITIONAL PROPERTIES.

During the Development Period, the Declarant shall have the right to include additional properties which have been or will be developed in a manner similar to that outlined herein (the "Additional Properties") within the Mountain Ridge Resort Communities and to grant participation, voting rights and obligations on identical terms to the Lot Owners of such Additional Properties. At such time as Declarant elects to extend the rights contained herein to any Additional Properties, Declarant shall execute and record an amendment to this declaration subjecting the Additional Properties to all or portions of this Declaration pursuant to as provided herein.

12.1 In the event any such Additional Properties are not owned by Declarant, the owner or owners of such Additional Properties (the "Additional Developers") shall join with Declarant in the execution of said amendment at which time the Additional Developers shall automatically be included in the definition of Declarant herein, and the Additional Properties shall be included in the definition of Property herein.

12.2 Provided that the Primary Purpose of this Declaration is maintained, Declarant shall have the right to subject the Additional Properties, or portions thereof, to a modified set of Building and Construction Requirements, Sewer provisions and/or Easement provisions as appropriate for the development of such Additional Properties or portions thereof.

13. SECONDARY DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS.

Individual areas and plat and/or surveys within the Property will be developed at different times, in phases, and at different standards. Declarant reserves the right to place additional covenants, conditions and restrictions on all or any portion of the property by causing to be recorded a Secondary Declaration which may be applicable to all or any portion of the Property during the development period.

14. MOUNTAIN RIDGE RESORT COMMUNITIES OWNERS' ASSOCIATION.

14.1 Organization. An owners' association shall be organized no later than the date the fifty first Lot in the Property is conveyed by Declarant to a third party. The membership of the Association at all times shall consist exclusively of all the Lot Owners. Each Lot Owner by virtue of these covenants, conditions and restrictions is and must be a member in the Mountain Ridge Resort Community Owner's Association. Attached as Exhibit "C" is the initial Bylaws of the association which Bylaws shall automatically become effective upon the filing with the Washington State Secretary of State's Office of the Articles of Incorporation. Prior to the establishment of the Association all dues and fees shall be paid to the Declarant. Prior to the Transition Date the Association shall act as an advisory board to the Declarant.

14.2 Board of Directors.

14.2.1 During the Development Period, the Declarant shall be the sole member of the Board of the Mountain Ridge Resort Communities Owners' Association.

14.2.1.1 An interim Board composed of at least three (3) members will be appointed by the Declarant as of the Transition Date and the first order of business of the interim Board shall be to give notice of a date for and establishing procedures for the staggered election of a five-person Board to conduct future business and direct the organization.

14.2.1.2 The elected members of the Board shall take office upon election. The board members shall thereafter each hold office for three (3) years unless he or she shall sooner resign, be removed, or otherwise become disqualified to serve. The Board shall act in all instances on behalf of the Association. In the performance of their duties, the officers and members of the Board are required to exercise (a) if appointed by the Declarant, the care required of fiduciaries of the Lot Owners; or (b) if elected by the Lot Owners, ordinary and reasonable care.

14.2.1.3 The Lot Owners may remove any member of the Board with or without cause, other than a member appointed by the Declarant. The Declarant may not remove any member of the Board elected by the Lot Owners.

14.2.2 Officers of the Association. The Board shall elect the officers. Such officers shall take office upon election. The officers shall be elected annually and each shall hold office for one (1) year unless he or she shall sooner resign, be removed, or otherwise become disqualified to serve.

14.3 Voting. The total voting power of all owners shall be equal to the number of Lots in existence as of the date of such vote, with each one Lot having one vote, regardless of ownership.

14.3.1 Lots owned by multiple individuals must declare to the Board, prior to any vote, who the voting member of the ownership is for any vote taken. If only one of multiple owners of a Lot is present at a meeting of the Association, that owner is entitled to cast the vote allocated to that Lot. The vote for a Lot must be cast as a single vote, and fractional votes shall not be allowed. If joint owners are unable to agree among themselves how their vote shall be cast, they shall lose their right to vote on the matter in question.

14.3.2 Votes allocated to a Lot may be cast pursuant to a proxy duly executed by a Lot Owner. A Lot Owner may not revoke a proxy given pursuant to this section except by actual notice of revocation to the person presiding over a meeting of the Association. To be valid, a proxy must be in writing, dated, signed by the Owner granting the proxy, clearly state the authority of the proxy holder and be registered with the meeting chairperson at the commencement of the meeting. Unless stated otherwise in the proxy, a proxy terminates eleven months after its date of issuance.

14.3.3 Unless specifically provided otherwise herein, all matters requiring a vote of the Lot Owners must be approved by two thirds of the Lot Owners in attendance at a meeting duly called for that purpose at which a voting quorum must be present. Alternatively, proposals may be submitted to the Lot Owners for the written consent of two-thirds of all owners entitled to vote. A voting quorum is based on physical presence and/or valid proxies representing 50% of the qualified voters.

14.3.4 Voting qualifications established by this article may not be expanded, limited, amended or modified. They are fundamental to the operation of this Association and the Declaration.

14.4 Association Responsibilities.

14.4.1 As of the Transition Date, except as may be specifically reserved herein, the rights, duties and responsibilities of Declarant shall be deemed to be automatically transferred to the Association acting by and through their Board.

14.4.2 The Association shall maintain the drainage ditches, creek paths, water bars and other drainage facilities throughout the property; provided, however, Lot Owners adjacent to any drainage facility shall also have the right of maintenance thereto provided that drainage paths may not be moved from original surveyed or platted locations, or changed in size, grade, shape, or in any other manner.

14.4.3 The Association shall maintain the Entry Statements, Community Areas, and Trails.

14.4.4 The Association shall maintain the roads as provided in Section 8 herein.

14.4.5 The Association shall adopt, amend, and/or revoke detailed rules and regulations necessary or convenient from time to time to insure compliance with the general guidelines of this Declaration and to promote the comfortable use and enjoyment of the Property. The rules and regulations shall be binding upon all Lot Owners and occupants and all other persons claiming any interest in the Property. During the Development Period, adoption, amendment, and/or revocation of such rules and regulations does not require approval by the Lot Owners. After the Transition Date such rules and regulations shall be approved by the Lot Owners.

14.4.6 The Association shall collect and disburse those assessments and fees provided for herein and shall maintain separate records for each individual assessment purpose. By way of example, assessments owing due for Road Maintenance and Improvement for a particular road system shall be maintained separately from any other road system assessments and from any Activity Center Assessments.

14.4.7 The Association shall keep detailed financial records. The financial records shall be audited at least annually by a certified public accountant, and audited financial statements shall be available within 120 days of the Association's fiscal year-end; provided, however, such audit may be waived annually by Lot Owners other than the Declarant of Lots to which sixty percent (60%) of the votes are allocated, excluding the votes allocated to Lots owned by Declarant. All financial and other records shall be made reasonably available for examination by any Lot Owner and the owner's authorized agents.

14.4.8 The Association shall do such other matters as may be determined reasonable or necessary by the Board and/or by a majority vote by the Lot Owners.

14.5 Association Powers. The Association shall have those powers reasonably necessary to carry out the responsibilities set forth herein, including, but not limited to:

14.5.01 Adopt and amend Bylaws, rules and regulations;

14.5.02 Enforce the provisions hereof;

14.5.03 Adopt and amend budgets for revenues, expenditures, and reserves, and impose and collect assessments for common expenses from Lot Owners;

14.5.04 Adopt, amend and enforce rules and regulations adopted by the Declarant and/or Association, in the Declarant and/or the Association's discretion, relating to the use and management of Association property and /or necessary for the proper

and efficient administration of these Covenants, Conditions and Restrictions and any Secondary Covenants, Conditions and Restrictions;

14.5.05 Hire and discharge or contract with managing agents and other employees, agents, and independent contractors;

14.5.06 Make contracts and incur liabilities;

14.5.07 Impose and collect any payments, fees, or charges for the use, rental, or operation of the common elements and for services provided to Lot Owners, including enforcing liens against Lots to collect Assessments;

14.5.08 Impose and collect charges for late payment of Assessments and, after notice and an opportunity to be heard by the Board or by such representative designated by the Board and in accordance with such procedures as provided in the Bylaws or rules and regulations adopted by the Board, levy reasonable fines in accordance with a previously established schedule thereof adopted by the Board and furnished to owners for violations of the Declaration, Bylaws, rules and regulations of the Association. Any charges levied pursuant to this section shall be treated as a lien against the Lot Owner and the Lot and may be collected as provided for herein.

14.5.09 Impose and collect reasonable charges for the preparation and recording of amendments to the Declaration, resale certificates and statements of unpaid assessments;

14.5.10 Provide for the indemnification of its officers and Board and maintain directors' and officers' liability insurance;

14.5.11 Assign its right to future income, including the right to receive common expense assessments;

14.5.12 Acquire, hold, encumber, and convey in its own name any right, title or interest to real or personal property;

14.5.13 Institute, defend, or intervene in litigation or administrative proceedings in its own name on behalf of itself or two or more Lot Owners on matters affecting the Property;

14.5.14 Any check written by the Association for an Association expense which exceeds $2,500.00 shall be signed by two members of the Association Board of Directors;

14.5.15 Impose and collect fines for violation of rules, after notice and an opportunity to be heard by the Board or by such representative designated by the Board and in accordance with such procedures as provided in the Bylaws or rules and regulations

adopted by the Board, levy reasonable fines in accordance with a previously established schedule thereof adopted by the Board and furnished to owners for violations of the Declaration, Bylaws, rules and regulations of the Association. Any fines levied pursuant to this section shall be treated as a lien against the Lot Owner and the lot and may be collected as provided for in Section 18;

14.5.16 Adopt and enforce rules of the road and related rules for the ownership, operation, use and maintenance of the roads and easements set forth herein. Any fines levied pursuant to this section shall be treated as a lien against the Lot Owner and the lot and may be collected as provided for in Section 18.

14.6 Liens and Collection of Assessments.

14.6.01 The Board shall acquire and pay for as common expenses any goods or services reasonably necessary or convenient for the efficient and orderly maintenance of the Property.

14.6.02 All unpaid sums assessed by the Association to any Lot shall constitute a lien on the Lot and all its appurtenances from the date the Assessment becomes due and until fully paid. The lien for such unpaid Assessments shall be subordinate to tax liens on the Lot in favor of any assessing unit and/or special district, and to all sums unpaid on all First Mortgages and/or Contracts of record, but, to the extent permitted by applicable law, shall have priority over all other liens against the Lot. Unpaid Activity Center Assessments, as defined in this document, are assessments and shall be treated as other unpaid sums shall constitute a lien on the Lot and all its appurtenances from the date the assessment becomes due and until fully paid.

14.6.03 A First Mortgage and/or Vendor possession through a Mortgage foreclosure, deed of trust sale, declaration of forfeiture of contract, or by taking a deed in lieu of foreclosure or sale, or a purchaser at a foreclosure or sale, or a purchaser at a foreclosure sale, shall take the Lot burdened with all claims for the share of assessments chargeable to the Lot which became due before such possession. The successor Lot Owner will be liable for the common expenses and assessments that accrue after the taking of possession. Any past-due share of assessments that are not collected shall become new expenses chargeable to all of the Lot Owners, including the Mortgagee or foreclosure sale purchaser and their successors and assigns, in proportion to the number of Lots owned by each of them.

14.6.04 The Board shall publish and maintain a list of common expenses, liens outstanding, and to the extent available, projected expenses for coming periods.

14.6.05 Upon written request of a the holder of a first mortgage or deed of trust, or the vendor on a real estate contract, the Association will furnish a statement of

lien balances and the information available to a Lot Owner. A fee equal to the costs of producing said statement will be charged to the individual or entity requesting said statement.

14.6.06 The lien of delinquent assessments may be foreclosed as a mortgage of real property under the laws of the State of Washington. The Declarant or Board, acting on behalf of the Owners Association, shall have the power to bid in the Lot at the foreclosure sale, and acquire and hold, lease, Mortgage, and convey the same.

14.6.07 In addition to constituting a lien on the Lot, all sums assessed by the Board chargeable to any Lot, together with interest, late charges, costs and attorneys' fees in the event of delinquency, shall be the joint and several personal obligations of the owner and any contract purchaser of the Lot when the assessment is made, and their grantees. Suit to recover personal judgment for any delinquent assessments shall be maintainable without foreclosing or waiving the liens securing them.

14.6.08 The Board may from time to time establish late charges and a rate of interest to be charged on assessments delinquent for a period of more than ten (10) days after the date when due. In the absence of another established, non-usurious rate, delinquent assessments shall bear interest at the rate of 12% per annum. If an installment against a Lot is not paid when due, the Board may elect to declare the entire assessments against the Lot for the remainder of the fiscal year to be immediately due and payable.

14.6.09 In any action to collect delinquent assessments, the prevailing party shall be entitled to recover as a part of its judgment a reasonable sum for attorneys' fees, and all costs and expenses reasonably incurred in connection with the action, in addition to taxable costs permitted by law. The venue of any action upon this agreement shall lie in Kittitas County.

14.6.10 The remedies provided herein are cumulative and the Board may pursue them, and any other remedies which may be available under law although not expressed herein, either concurrently or in any order.

14.6.11 No Lot Owner may avoid or escape liability for assessments provided for herein by abandoning, selling or transferring ownership in his or her Lot.

14.7 The funds of the Association shall not be commingled with the funds of any other association, nor with the funds of any manager of the Association or any other person responsible for the custody of such funds. Any reserve funds of the Association shall be kept in a segregated account and any transaction affecting such funds, including the issuance of checks, shall require the signature of at least two persons who are officers or directors of the Association.

14.8 The Board may exercise any other powers conferred by the Declaration or Bylaws; exercise all other powers that may be exercised in this state by the same type of corporation as the Association; and exercise any other powers necessary and proper for the

amendment will become effective when recorded in the Auditor's Records of Kittitas County, Washington.

16.4.1 Any proposed amendment must be approved prior to its adoption by a majority of the Board of Directors of the Association, it being understood that, during the Development Period, this right of approval lies solely with the Declarant as the sole Board Member.

16.4.2 Any proposed amendment so approved by the Board, shall then be approved by a two-thirds (2/3) majority of the Lot Owners. Said approval may be evidenced by signature on the amendment document or by certificate contained in the amendment to the effect that the Board is in possession of the written consent to the amendment by at least a two-thirds (2/3) majority of the Lot Owners. In all events, the amendment shall bear the signature of the president of the Board of the Association and shall be attested by the secretary, who shall state whether the amendment was properly adopted and shall be acknowledged by them as officers of the Association.

16.5 It is specifically covenanted and understood by any parties accepting ownership interest in Lots subject to this Declaration that any amendment to this Declaration properly adopted will be completely effective to amend any or all of the covenants, conditions, and reservations contained herein which may be affected and any or all clauses of this Declaration

17. GENERAL PROVISIONS.

17.1 All notices given under the provisions of this Declaration shall be in writing and may be delivered either personally or by mail. If delivery is made by mail, the notice shall be deemed to have been delivered on the third day of regular mail, postage prepaid, addressed to the Person entitled to such notice.

17.1.1 Owner's Address of Record. Notices to Lot Owners shall be mailed to the Owner's Address of Record. Each Owner must maintain an address of record with the Declarant and, after Transition Date, the Association. Transfer of property must be accompanied by a notice of change of address given by U.S. Mail to the Declarant and, after Transition Date, the Association. Failure to maintain a current address waives Owner's right to object to lack of notice of pending meetings, elections and official proceedings pursuant to this Declaration. Absent a valid address of record, the Declarant and, after Transition Date, the Board may (but is not required to) designate the taxpayer's address shown on the Kittitas County tax rolls as the address of record.

17.1.2 Office of Record. Notices to the Declarant and/or the Association shall be mailed to the Office of Record. The Office of Record's address may be changed from time to time by the execution and recording of an instrument in the Auditors Office of Kittitas County Washington which (i) refers to this Declaration and this Article and (ii) sets forth the Office of Record new address.

17.1.3 Notice of meetings, elections and pending action shall be timely if given by U. S. Mail thirty (30) days in advance of the proposed activity.

17.2 Limitation of Liability. So as long as the Declarant, Association, or Board Member acting on behalf of the Owners to enforce the terms and provisions of this Declaration is acting in good faith, without willful or intentional misconduct, then Declarant, Association, or Board Member shall not be personally liable to any Owner or other person or entity for any damage, loss or prejudice suffered or claimed on account of any act, omission, error or negligence of Declarant, Board or Owner.

17.3 Indemnification. Declarant shall be indemnified by the Association against all expenses and liabilities, including attorneys' fees, reasonably incurred by or imposed in connection with any proceeding to which he may be a party, or in which he may become involved, by reason of holding or having held such a position as representing the Lot Owners or their Board under this Declaration, or any settlement thereof, whether or not Declarant holds such position at the time such expenses or liabilities are incurred, except to the extent such expenses and liabilities are covered by insurance and except in such cases wherein Declarant is adjudged guilty of willful misfeasance in the performance of his or her duties.

17.4 Insurance. At such time as the Declarant, and after the Transition Date, the Board deems appropriate, the Declarant may cause the Owners Association to purchase and maintain as a common expense a policy or policies which the Declarant deems necessary or desirable to provide casualty insurance; comprehensive liability insurance, with such deductible provisions as the Declarant deems advisable; insurance, when available, for the protection of the Declarant, and/or its representatives, from personal liability in the management of the Declarant's duties with respect to the Plat and/or survey; and such other insurance as the Declarant deems advisable.

18. ENFORCEMENT

18.1 During the Development Period, the Declarant shall have the right, but not the obligation, to enforce the provisions of this declaration, and the rules and regulations for the benefit of the Lot Owners. Upon the Transition Date, and without further action by any Person or Persons, (i) the term of the Declarant's management of the Property shall end and all duties shall become the responsibility of the Association and its Board of Directors; and (ii) the Declarant shall be released from any and all liability whatsoever for claims arising out of or in connection with this Declaration.

18.2 If there is a violation of any of the conditions of these covenants, conditions or restrictions as herein set forth or as hereinafter amended, any Lot Owner, joining with other Lot Owners or individually, and/or the Association, shall have the right to proceed at law or in equity to collect damages or to compel compliance with the terms and conditions of these covenants, conditions, restrictions and easements or to prevent the

violation or anticipated violation or breach of any covenant, conditions, or restriction contained herein.

18.3 The failure of any Owner to comply with provisions of this Declaration, or the rules and regulations may give rise to a cause of action by the Declarant and/or any aggrieved Lot Owner, the Declarant and/or the Board for recovery of damages, or injunctive relief, or both. If a legal action is brought to interpret or enforce compliance with the provisions of this Declaration, or the rules or regulations adopted by the Declarant or Association, the prevailing party shall be entitled to judgment against the other party for its reasonable expenses, court costs, and attorneys' fees in the amount awarded by the Court. Venue for such proceedings shall be in Kittitas County, Washington.

18.4 In the event any suit brought by any party to enforce the terms and conditions of these covenants, conditions, restrictions and easements results in a monetary judgment against a Lot Owner, said judgment shall become a lien against that person or entity's Lot in addition to becoming the personal obligation of that Lot Owner. Said lien shall be foreclosed in the manner as provided by Washington State law. In addition to having the lien, the holder of a judgment against any Lot Owner for any monetary damages awarded as a result of a violation of these restrictive covenants, conditions and restrictions shall have the option of proceeding personally against the owner of a Lot or the option of foreclosing the lien in the Lot Owner's property. In the action foreclosing the lien, the same shall include a reasonable sum for attorney fees and all costs and expenses reasonably incurred in preparation for and in prosecution of such action in addition to taxable costs, all as permitted by law.

18.5 Failure by the Declarant, the Association and/or any Lot Owner in any instance to insist upon the strict compliance with this Declaration or rules and regulations adopted pursuant hereto, or to exercise any right contained in such documents, or to serve any notice or to institute any action, shall not be construed as a waiver or a relinquishment for the future of that or any other term, covenant, condition, or restriction. The receipt of payment of any assessment from an Owner, with knowledge of any breach by the Owner, shall not be a waiver of the breach. No waiver by the Declarant and, after Transition Date, the Board, of any requirement shall be effective unless expressed in writing and signed by the same.

18.6 If any term, covenant or condition of this Declaration or the application thereof to any person or circumstance is, to any extent, invalid or unenforceable, the remainder of this Declaration or the application of such term, covenant or condition to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby and each term, covenant or condition of these Covenants shall be valid and be enforced to the fullest extend permitted by law.

18.7 In the event any charge or fine is levied against a lot or Lot Owner and or their guests, invitees and assigns by the association and said fine or charge is not paid said fine or charge shall become a lien against that person or entity's Lot in addition to becoming the personal obligation of that Lot Owner. Said lien shall be foreclosed in the manner as provided by Washington State law. In addition to having the lien, the holder of a judgment

against any Lot Owner for any monetary damages awarded as a result of a violation of these restrictive covenants, conditions and restrictions shall have the option of proceeding personally against the owner of a Lot or the option of foreclosing the lien in the Lot Owner's property. In the action foreclosing the lien, the same shall include a reasonable sum for attorney fees and all costs and expenses reasonably incurred in preparation for and in prosecution of such action in addition to taxable costs, all as permitted by law.

19. FURTHER SUBDIVISION OF LOTS Except for property owned by the Declarant there shall be no further subdivision of any Lots after the Effective Date of this declaration.

20. EFFECTIVE DATE This Declaration shall be effective upon recording.

IN WITNESS WHEREOF, the undersigned being the Declarant herein has hereunto set their hand and seal as of the ~~28th~~ 29 day of ~~September~~ December, 2004.

DOCUMENT TITLE: DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR MOUNTAIN RIDGE RESORT COMMUNITIES

DECLARANT: TEANAWAY RIDGE LLC, A WASHINGTON LIMITED LIABILITY CORPORATION

LEGAL DESCRIPTION:

ASSESSOR'S TAX PARCEL NO.: 20-14-12020-0001

DECLARATION OF COVENANTS, CONDITIONS AND RESTRICTIONS FOR MOUNTAIN RIDGE RESORT COMMUNITIES

This Declaration of Covenants, Conditions and Restrictions for Mountain Ridge Resort Communities (the "Declaration") is given as of the 1st day of September, 2004, by Teanaway Ridge LLC, a Washington limited liability corporation (the "Declarant").

WHEREAS, the Declarant is the owner of certain real property located in Kittitas County, Washington, legally described on Exhibit A attached hereto and incorporated herein by reference.

WHEREAS, It is the intent of the Declarant that certain qualities and assets of the Property be preserved, and it is desirable to protect the present and future property values and the enjoyment thereof; and, to that end, the Declarant desires a means to preserve and protect the intended character of the Property.

NOW, THEREFORE,

Declarant declares that all of the Property shall be held, sold and conveyed subject to the following restrictions, covenants, conditions, reservations, easements, assessments and lien rights, all of which are for the purpose of enhancing and protecting the value, desirability,

lien rights, all of which are for the purpose of enhancing and protecting the value, desirability, and attractiveness of the Property. These restrictions, covenants, conditions, reservations, easements, assessments and lien rights shall run with the Property and shall be binding upon all persons or entities now having or hereafter acquiring any right, title, or interest in and to the Property, or any part thereof, and these restrictions, covenants, conditions, reservations, easements, assessments and lien rights shall be binding upon their respective heirs, successors, and assigns, and shall inure to the benefit of each individual and/or entity having or hereafter acquiring any right, title, or interest in and to the Property, or any part thereof, and their heirs, successors, and assigns.

1. **DEFINITIONS.** For the purpose of this Declaration and any amendments hereto, the following terms shall have the following meanings and all definitions shall be applicable to the singular and plural forms of such terms:

1.1. "Additional Property" means any land, whether or not owned by Declarant, which may be made subject to this Declaration as provided in Section 2 and which shall thereafter be a part of the Property.

1.2. "Address of Record" shall mean the official address of the Lot Owner(s), as maintained in the records of the Declarant and, after the transition date, the Association, to serve as the location for notices of pending meetings, elections and official proceedings pursuant to this Declaration.

1.3. "Affiliate" means any entity which controls, is under the common control with or is controlled by Declarant.

1.4. "Architectural and Landscaping Review Committee" shall mean the subcommittee of the Association established by the Board, consisting of three Association Board members. The Architectural and Landscaping Review Committee shall have the responsibility for reviewing and approving improvements to the lots by Owners to ensure compliance with this Declaration.

1.5. "Articles" means the Articles of Incorporation of the Association.

1.6. "Assessments" means all assessments and other charges, fines and fees imposed by the Association in accordance with this Declaration, including, without limitation, General Assessments, Special Assessments, and Specific Assessments.

1.7. "Association" shall mean the Mountain Ridge Resort Communities Owners' Association, a Washington Non-Profit Corporation, comprised of the Lot Owners.

1.8. "Auditor" means the Auditor of Kittitas County, Washington, or such successor agency charged with maintaining the real estate records for property within Kittitas County.

1.9. "Board of Directors" and "Board" shall mean the individuals selected by the Declarant or elected by the Association to manage and administer the Mountain Ridge Resort Communities Owners' Association in accordance with the Bylaws of the Association and this Declaration.

1.10. "Bylaws" shall mean the Bylaws of the Association as initially promulgated by the Declarant, and as amended from time to time, which, with this Declaration, provide for the organization of the Association and for the administration of the Association.

1.11. Community Improvements" means all real and personal property, including easements and leasehold interests, designated as such in this Declaration, in any Supplemental Declaration subjecting additional property within the Mountain Ridge Resort Communities to this Declaration or in any conveyance to the Association, and for which the Association has maintenance, insurance, operating, or other responsibility under this Declaration or other agreements entered into by the Association. The Community Improvements shall also include all real and personal property which the Association owns, leases, or otherwise holds possessory or use rights in for the common use and enjoyment of all Owners and occupants of the property subject to this declaration and such additional property which may be added in the future.

1.12. "Construction" and "Constructed" shall mean any construction, reconstruction, erection or alterations of a Structure, except that which may take place entirely within and affects only the interior of an existing Structure.

1.13. "Declarant" shall mean the party developing the Property and signing this Declaration, or the heirs, successors or assigns thereof.

1.14. "Declaration" means this Declaration of Covenants and Easements for Teanaway Ridge LLC as the same may be amended or supplemented from time to time in accordance with the provisions hereof.

1.15. "Development Period" shall mean the period of time between the date of this declaration and the Transition Date.

1.16. "Governmental Authority" means the County of Kittitas, the State of Washington, the United States of America or other governmental entity or agency that has or acquires jurisdiction over the Property or any portion thereof, or sales of the Property, from time to time.

1.17. "Lot" shall mean any parcel of land within the Property created pursuant to and in compliance with the rules, regulations, ordinances and/or laws applicable thereto, regardless of ownership or date created.

1.18. "Lot Owner" shall mean any person or entity that holds fee title or a vendee's interest under a real estate contract of any Lot. The word Lot Owner shall also be

construed to include any person or entity that has, or claims to have, a legal or equitable interest in a Lot, including but not limited to, lien claimants, easement holders, tenants or other persons in possession. Regardless of the number of persons or entities which may qualify as a Lot Owner as defined herein, each Lot shall be entitled to only one vote in any situation in which this Declaration requires the vote of or approval by Lot Owners.

1.19. "Mortgage" shall mean a recorded mortgage or deed of trust that creates a lien against a Lot and shall also mean a real estate contract for the sale of a Lot.

1.20. "Mortgagee" shall mean the secured party under a mortgage, deed of trust, or other real property security interest, including a sellers' interest in a real estate contract, covering a Lot or other portion or all of the Property.

1.21. "Mountain Ridge Resort Communities" shall refer to the Property, including any Additional Properties added pursuant to Section 2.

1.22. "Owner" means the Person or Persons, including Declarant, owning any Unit in the Property, but does not include a tenant or holder of a leasehold interest or a Mortgagee or other Person holding only a security interest in a Unit. If a Unit is sold under a recorded real estate installment sale contract, the purchaser (rather than the seller) will be considered the Owner unless the contract specifically provides to the contrary. The rights, obligations and other status of being an Owner commence upon the acquiring of the ownership of a Unit and terminate upon disposition of such ownership, but termination of ownership shall not discharge an Owner from its obligations incurred prior to termination.

1.23. "Person" means a human being, a corporation, partnership, limited liability company, trustee or other legal entity.

1.24. "Primary Purpose" The primary purposes of this Declaration is to assure within the Property: (i) standards that will safeguard the privacy and quiet enjoyment of all Lot Owners; and (ii) a uniformity of use and quality of workmanship, materials, design, maintenance and location of Structures with respect to topography, finish grade elevation and adjacent Lots and improvements thereon; and (iii) those purposes and objectives set forth in the Recitals.

1.25. "Property" shall mean the property described herein and shall also specifically include any Additional Properties added pursuant to Section 12, and including all improvements and structures now or hereafter placed thereon.

1.26. "Structure" shall mean any building, fence, wall, driveway, walkway, patio, deck, swimming pool, barn, outbuilding, shed or the like located on a Lot.

1.27. "Transition Date" shall mean the date upon which the rights of the Declarant are transferred to the Board pursuant to Section 12.

1.28. "Office of Record" shall mean the office of the Declarant and the Association.

1.29. "Pets" shall mean dogs, cats, rabbits, caged birds and fowl, fish in tanks and other small household pets kept for personal enjoyment.

1.30. The singular form of words shall include the plural and the plural shall include the singular. Masculine, feminine, and neuter pronouns shall be used interchangeably.

2. PROPERTY SUJBECT TO DECLARATION.

2.1 Initial Development. Declarant hereby declares that all of the real property described on Exhibit "A" attached hereto is owned and shall be owned, conveyed, hypothecated, encumbered, leased, used, occupied and improved subject to this Declaration.

2.2 Annexation of Additional Property. Declarant may from time to time and in its sole discretion annex Additional Property so long as such Additional Property is subject to this Declaration and is now owned or hereafter acquired by Declarant or any of its Affiliates; provided, however, that Declarant may also from time to time and in its sole discretion permit other owners of real property to annex such real property. The annexation of such real property shall be accomplished by (i) the annexation of such Additional Property to this Declaration in accordance with the provisions thereof or (ii) a Supplemental Declaration subjecting the Additional Property to this Declaration, which Supplemental Declaration shall be executed by Declarant and, if Declarant does not own such Additional Property, by its owner and shall be recorded with the Auditor.

2.3 Withdrawal of Property. Privately Owned Amenities and any other Property annexed pursuant to Section 2.2 may be withdrawn by Declarant and the Owner of such Property by an Amendment to this Declaration executed by Declarant and such Owner if the property to be withdrawn was originally included in error or if the withdrawal is for the purpose of making minor adjustments to boundary lines. In addition, Declarant may withdraw any property then owned by Declarant or the Association if such withdrawal is a result of any changes in Declarant's plans for the Property, provided that such withdrawal is not unequivocally contrary to the overall, uniform scheme of development for the Property and is approved by the Association.

2.4 Dedications. Declarant reserves the right to dedicate any portions of the Property then owned by Declarant and/or the Association to any Governmental Authority, quasi-governmental entity or entity qualifying under Section 501(c)(3) of the Internal Revenue Code or similar provisions from time to time for such purposes as Declarant may deem to be appropriate, including without limitation, for utility stations, equipment, fixtures and lines; streets and roads; sidewalks, trails, open space for habitat, wildlife, waterfowl, fish, vegetation, wetlands or other preservation purposes; recreational facilities; schools; cemeteries; fire, police, security, medical and similar services; and such other purposes as Declarant and such Governmental authority or quasi-governmental entity shall determine to be appropriate from time to time. Any consideration received by Declarant as a result of such

dedication, by reason of any condemnation or any conveyance in lieu of condemnation, shall belong solely to Declarant.

3. ARCHITECTURAL AND LANDSCAPING REVIEW.

3.1 Lot Owners desiring to do any of the following: 1) construct, 2) alter, 3) repair, or 4) replace any Structure on the Lots, including, but not limited to, a residence, garage, outbuildings or other building and/or fences, landscaping and/or to remove any trees on the Lot, or grade or alter the earth on any lot (collectively "the work") shall, prior to construction, submit in writing to the Architectural and Landscaping Review Committee of the Association a request for review and approval, together with a set of plans and specifications and/or a Forestation and Tree Thinning plan if applicable (hereinafter the "Application"). Any such Application must be prominently labeled with the Lot Owner's name, mailing address, telephone number, lot number and lot address (if one has been assigned) and, if the board so designates be in form approved by the board, and delivered to the Declarant at the Office of Record. If the application is delivered after the Transition Date it shall be delivered to the principal office of the Association. In the event the Lot Owner is relying on an agent, contractor, adviser, consultant or other third party to do the work, the Lot Owner shall execute a power of attorney in a form approved by the Association, giving the third party doing the work the written authority to perform the work. In the event a Lot Owner gives a third party a power of attorney to do the work, in no event shall that relieve the Lot Owner from compliance with the Declaration. The plans and specifications submitted as part of the Application shall show the site layout, structural design, exterior materials, and colors, landscaping, grading or altering the earth, fencing, drainage, exterior lighting, irrigation, and other features of proposed construction, as applicable (hereinafter the "Plans"). In addition to the Plans, the Lot Owner shall mark on the Lot the corner points of the Structures to be build for review and approval by the Declarant. The Declarant may require the submission of such additional information as may be reasonably necessary to consider any Application.

3.2 Declarant shall have a reasonable time to review the Application and any additional information as may be requested relative thereto which time is at least sixty-(60) days. The Application shall be evaluated as to compliance with the provisions contained herein and with any other Declarations of Covenants, Conditions, and Restrictions which affect the property and which were established pursuant to Section 14 and approval of the Application shall not be unreasonably withheld. In the event the Declarant has not requested additional information or given approval or disapproval of the Application within 60 days from the date the Application, or additional information if applicable was delivered to it, the Application shall be deemed approved; provided, however, failure by Declarant to act on the Application for approval within the specified time period shall not relieve the Lot Owner from the requirements set forth under this document including the construction, appearance and type of structures permitted on the Lot. Declarant may extend the review time an additional 60 days, without cause, by notifying the Lot Owner in writing. In the event an Application is denied approval, the Declarant shall provide, in writing, reasons for said denial. Declarant

may hire an outside entity to review said plans. Lot Owners shall pay actual costs of said review.

4. UTILITIES

4.1. Power is available to each Lot at or near the Lot boundary.

4.2. All electrical, telephone, cable, or other utility services and lines shall be underground.

4.3 Antennas and Satellite Dishes shall not be visible from any street or road.

5. WATER. The Property is served by a private water company, LCU, Inc. a Washington Corporation (hereinafter the "Water Company"). Each Lot is served as required by the regulating authorities. Water rates and usage rules are established by the Water Company which may be amended from time to time. For rate and usage rules contact the Water Company at P.O. Box 254, Cle Elum, WA 98922.

5.1. Lot Owners shall submit a request for a water hookup from the Water Company. Water meters must be leased to Lot Owner by the Water Company under such terms and conditions as are set by the Water Company. All repairs for damaged water meters shall be paid by the Lot Owner. If a meter is damaged beyond use it shall be the responsibility of the Lot Owner to pay for a replacement water meter, including the costs of installation.

5.2. There shall be a connection fee payable by the Lot Owner to connect to the water system owned by the Water Company. Said fee shall be established by the Water Company's Water Plan and may be amended from time to time.

5.3. The Water Company reserves the right to limit the nature, quantity and use of the water service provided to each Lot to a single residential use located on the lot. Irrigation systems shall take advantage of conservation technology to limit water consumption. Outside irrigation is limited by the Water Company as provided for in the Water Company Water Plan. Certain sections of the Development may be served by a separate irrigation system. To any portion of the Development that is served by this separate irrigation system the Owner of the property is required to use the separate irrigation system and in no way use the domestic water for any outside irrigation.

5.4. It is the goal of the Declarant and the Water Company that the water resource be used conserved, therefore it shall be the goal of this development to average not more then 7,500 gallons water usage per month per connection. The rates structure established by the Water Company shall reflect this goal.

5.5. No additional wells shall be drilled within the boundaries of any Lot, except by the Water Company. No additional wells shall be drilled on any portion of the Property except by the Water Company.

5.6. No cross connections between the Water Company's water system and any other water system shall be permitted. Owners shall not interconnect any outside water system or source with that of the Water Company's system. If cross connections are found, Lot Owners may lose their ability to continue to be served by the Water Company.

5.7. Other restrictions, regulations and fees may apply to the use of the water provided by the Water Company as shown in the Water Companies Water Plan.

6. **SEWER.**

6.1. The Property is served by either private septic systems or a private utility company (hereinafter the "Utility Company"). Each Lot is sold with either an approved septic system or a collection pipe and valve which leads to a community drain field or sewer system. If a Lot is served by a septic system or community drain field and at some time in the future the Utility Company or other entity approved by the Utility Company provides a sewer or community drain field connection to the Lot line, at the option of the Utility Company, said Lot shall connect to said connection and pay any and all connection fees that may apply.

6.2. Lots that are provided a connection to a community drain field or sewer system shall provide and install a check valve, septic tank, effluent pump chamber, pump, bio-filter and all related materials including but not limited to piping, controls and electrical hookups as approved by the Utility Company. All electrical installations shall in concurrence with the Uniform Electrical Code. It shall be the Lot Owner's responsibility to provide for periodic cleaning and maintenance of the bio-filter, effluent pump, check valve, septic tank, and pump chamber as required by the Utility Company. It shall be the Lot Owner's responsibility to, in a timely manner, repair or replace any non-functioning bio-filter, effluent pump, tank or tanks, or check valve approved by the Utility Company. Non-occupied Lots owned by the Declarant are specifically exempt from this section.

6.3. The Utility Company shall provide for disposal of the effluent generated by the septic tank and pump chamber on any Lot which is connected to a community drain field or sewer system, and shall maintain the effluent transport lines and community drain fields serving the Lot from the drainfield side of the check valve through the community drainfield. If major improvements or repairs to the community drain field system are required the Lot Owners utilizing said system shall be responsible for their proportionate share of the costs.

6.4. Lots which are provided a connection to a community drain field or sewer system before occupancy of any Lot, must apply to the Utility Company and receive a septic hookup approval from the Utility Company to connect to the community drainfield system, for said Lot. Septic tanks and pump chambers must remain dry and unused until

septic hookup to the community septic system is approved by the Utility Company and completed.

6.5. Lots which are provided a connection to a community drain field or sewer system are subject to the rates, fees, and usage rules as established by the Utility Company.

6.6. The Utility Company reserves the right to limit the nature, quantity and use of the septic service provided to each Lot to a single residential use located on the Lot.

6.7. In the event that a regional sewer system is approved, designed, funded, and built, which serves the Property it shall be required that the individual Lots in any portion of the Mountain Ridge Resort Communities will connect to said regional sewer system in a timely manner as determined by and coordinated through the Utility Company. Any and all charges or fees imposed by said regional sewer system for said connection shall be borne by the individual Lot Owners.

7. EASEMENTS.

7.1. Access Easements. Declarant hereby grants, declares, reserves, and establishes the following access easements:

7.1.1. As used herein, the word "access" shall mean ingress and egress by vehicle and/or pedestrian traffic, and the word "utilities" shall, subject to Paragraphs 4, 5 and 6 herein, mean and include the right of locating, constructing, maintaining, repairing, and operating underground lines, pipes and facilities under and across such easement area in order to provide utility services to the subject Lot(s), including, but not limited to, electricity, waste water, sewer, gas, water, telephone, communication and cable television services. The Access & Utility Easements exist for the benefit of the indicated Lots. No Lot shall use the Easements in any manner such as would restrict or prevent the other Lots' usage of the Easements for their intended purposes.

7.2. Declarant does hereby establish, create and reserve for the benefit of itself and all Lot Owners, and their respective heirs and assigns, the easements shown on the face of the various community plats, and attached to this document as the Exhibit "B-1". Exhibit "B-2" may be amended at any time with unanimous agreement of the then listed Declarants. Not withstanding the foregoing there shall be a 15 foot access easement created and established on each side of all lot lines.

7.3. Utility Easements. Easements shown on the face of the Community Plat for utility service are hereby established, created and reserved for the benefit of the utility providers, for the purposes of ingress, egress, installation, reading, replacing, repairing and maintaining systems, lines, drainage paths, creeks and meters.

7.4. Natural Drainage Easements. Natural Drainage Easements shall be easements for drainage purposes only and shall not be blocked or moved by property owners. Said drainages shall be managed as provided for herein.

7.5. Trail Easements. The Declarant reserves the right to establish certain trail easements which will be for the use of the property owners.

7.6. There shall be no additional easements granted on any Lots without the approval of the Declarant. The authority to grant or approved any additional easements is specifically held by the Declarant and can not be modified by the Board or by vote of the Owners.

7.7. There shall be no signs, including but not limited to, signs advertising portion of the property for sale, no trespassing signs or commercial signs for the purpose of advertising a business located within the easement area.

8. ROAD MAINTENANCE AND IMPROVEMENT. The access easements within the Property which provide access from the County Road to the Lots are private roads and shall be maintained by the Association, with the cost of all approved road improvements and/or maintenance and snow removal shared equally by the Lot Owners served by such roads, based upon the number of Lots within the Mountain Ridge Resort Communities regardless of ownership. No Owner shall perform easement maintenance and/or snow removal which is not authorized by the Association. Maintenance shall include the cost of snow removal and the cost of removing and/or controlling any and all noxious weeds growing on or located on the easement. Road maintenance expenses, or portions thereof, shall be assessed against all of the Lots equally.

8.1. Annual Maintenance, not including snow plowing. The Declarant shall, on or before the 1st day of May of each year, present via U.S. mail, to the property owners a report (the "Road Report") that provides information on the condition of the roads and includes recommendations for their improvements and/or maintenance in the form of a motion(s) accompanied with a minimum of two bids for each motion. If the Declarant finds that no annual maintenance of the roads is required the Declarant shall not provide a report.

Any Lot Owner, after the Transition Date, may provide a supplemental report for road improvements and/or maintenance to the Board by the 15th day of May of the same year. Provided that said supplemental report includes recommendations in the form of motions and includes two bids for said improvements and/or maintenance, the Board shall incorporate these supplemental motions into a revised Road Report which shall be mailed to the Lot Owners, together with a "Road Maintenance Ballot" on or before the 30th day of May of the same year

Each Lot Owner shall vote on the proposed motions and return their completed Road Maintenance Ballot to the Declarant on or before the 15th day June of the same year.

In the event a Lot Owner does not return its completed Road Maintenance Ballot to the Declarant on or before the 15th day of the same year, Declarant shall be deemed to have the right to cast the unreturned vote(s) as it deems appropriate, in its sole discretion; provided, however, all such unreturned votes shall be cast the same.

It shall require approval by the majority of affected Lot Owners to pass any motion.

Lot Owners qualify for voting on these issues is as described in Section 12 of this document.

8.2. Snow Removal. The Declarant shall contract for snow removal each year and shall notify the Lot Owners of any change to the terms of said contract. Such contract shall provide that roads shall be plowed: (i) at least 16 feet wide; (ii) upon 12 inches of snowfall; (iii) a maximum of once a day. It is the intent of these standards to maintain the roads to a degree passable by four-wheel drive vehicles. It shall be the responsibility of the Lot Owners to plow their own driveways and there entry points on to the road system. Lot Owners shall not push or pile show anywhere within the road easements or right of ways.

8.3. General Maintenance. It shall be the Declarant's, and after the Transition Date, the Board's responsibly to maintain the roads and road easements, with the exception of Snow Removal which is addressed above, to a standard that is equal to the manner that Kittitas County maintains their roads and road easements. The cost of this maintenance, as is determined by the Declarant, and after the Transition Date, the Board's, shall be shared equally by all lot owners.

9. MOUNTAIN RIDGE ACTIVITY CENTER AND COMMON AREAS. Declarant intends to, but is not obligated to, develop an activity center located within the property (the "Activity Center"), together with a system of common areas and/or trails over and across the Property and/or other lands, which shall be for the use and benefit of the Lot Owners. The Activity Center, common areas and trails (collectively, the "Common Elements") shall be owned and managed by Mountain Ridge Activity Center, Inc., a Washington corporation to be formed; provided, however, in the event the Mountain Ridge Activity Center, Inc. elects to transfer ownership and/or management of the Common Elements, or any of them, to the Association, the Association shall assume all rights, responsibilities and liabilities thereto.

9.1. Each Lot shall have use of the Common Areas as set forth in the OPERATING RULES AND REGULATIONS OF THE MOUNTAIN RIDGE ACTIVITY CENTER as may be adopted and amended by the Board of Directors of the Mountain Ridge Activity Center, Inc., and/or the association in the event it owns and/or manages all or a portion of the common elements and shall be liable for an equal pro-rata share in and to the annual costs and expenses relative thereto. Such rights and the obligation for dues will commence upon the opening of the Mountain Ridge Activity Center or any trails of common areas. Such rights and liabilities in and to the Common Areas are private to and shall not be severed from the ownership of a Lot.

9.2. Annually, the Board of Directors of Mountain Ridge Activity Center, Inc. shall estimate the net charges to be paid during each year and shall include a reasonable reserve fund for maintenance, repairs and replacement of the Common Areas and for acquisition and operating reserves (the "Activity Center Budget"). The Activity Center Budget shall be presented to the Association on or before the 1st day of March of each year, and the "Activity Center Assessment" shall be payable equally by all lot owners on an annual basis.. If said estimated sum proves inadequate for any reason, Mountain Ridge Activity Center, Inc. may at any time levy a further assessment.

9.3. The Association shall collect from each Lot Owner an equal pro-rated share of the Activity Center Assessment based upon the total number of Lots in existence as of the date of such assessment, with each one Lot having one equal share of the total obligation, regardless of ownership.

10. DESIGNATION OF COMMUNITY IMPROVEMENTS.

10.1 Initial Community Improvements. The initial Community Improvements are more particularly described on the attached Exhibit "B".

10.2 Additional Community Improvements. Additional Community Improvements may be designed as such (i) in a Supplemental Declaration, (ii) in a conveyance from Declarant to the Association, or (iii) by the Association if otherwise acquired by the Association.

10.3 Conveyance of Community Improvements to Association. Except for portions dedicated to the public or to any Governmental Authority, Declarant may convey or assign, and the Association shall accept, all or selected portions of the Community Improvements free and clear of monetary liens (except for non-delinquent taxes and assessments) not later than the end of the Development Period.

10.4 Dedication of Community Improvements. Subject to the approval of and acceptance by such entity, Declarant or the Association may dedicate, or during the Development Period, Declarant may require the Association to dedicate, portions of the Community Improvements to any Governmental Authority. 1

11. USE OF COMMUNITY IMPROVEMENTS.

11.1 Use by Owners. Subject to the provisions of this Declaration and the Policies and Procedures adopted hereunder, each Owner shall have a right and easement in and to the Community Improvements for the uses for which they are established, which easement shall be appurtenant to and pass with the title to such Owner's property. Any Owner may extend the Owner's right of use and enjoyment of the Community Improvements to the members of the Owner's family, social or business invitees, and lessees, as applicable, subject to reasonable regulation by the Association. An Owner or a member of the Owners family must be present with any individual that the Owner has extended the Owners right of use. Other restrictions may be placed on the Owner's extending their right to use the Community Improvements. An Owner

who leases the Owner's property shall be deemed to have assigned all such rights to the lessee of such property for the period of the lease.

11.2 Use by Public. To the extent mandated by any Governmental Authority or when so determined by Declarant, members of the public may have the right to use portions of the Community Improvements at such time and subject to such Policies and Procedures as the Association may establish. In addition, Declarant, during the Development Period, or the Association may designate certain portions of the Community Improvements as semi-public, recreational or service areas which may be used by members of the public on a free or fee-paying basis. In such event, Owners shall be permitted to use such facilities or services either on a free basis or for fees that are no higher than those charged to members of the public for an equivalent use or service.

11.3 Restrictions on Use. The following restrictions shall apply to the Community Improvements or the whole of Mountain Ridge Resort as provided below:

11.3.1 **Private Use.** The Community Improvements may not be partitioned or otherwise divided into parcels for private use, and no private structure of any type (except utilities or similar facilities permitted by Declarant) shall be constructed on the Community Improvements. The Community Improvements shall be reserved for the use and enjoyment of all Owners, and no private use may be made of the Community Improvements, except for temporary uses as authorized by the Declarant. Nothing in this Declaration shall prevent the placing of a sign or signs on the Community Improvements identifying portions of the Mountain Ridge Resort or identifying trails or items of interest, including traffic and directional signs, provided such signs are placed by Declarant or are approved by the Association.

11.3.2 **Prohibited Vehicles.** Except to the extent specifically authorized in the Policies and Procedures, golf carts and other motorized off-road vehicles may not be operated within the Community Improvements. Snowmobiles will be allowed to operate within the Mountain Ridge Resort within the guidelines laid out in the Snowmobile Operation Policies and Procedures. Note: Lot Owners may lose their rights to operate Snowmobiles within the Mountain Ridge Resort if they do not strictly follow all of the Snowmobile Operations Policies and Procedures. Snowmobiles will be required to clearly show an identification number at all times they are operated within the resort. Identification numbers will be issued by the Association after the appropriate application is submitted and processing fee is paid to the Association.

11.3.3 **Offensive or Unlawful Activities.** No noxious or offensive activities shall be carried on within Mountain Ridge Resort, nor shall anything be done or placed on the Community Improvements which interferes with or jeopardizes the enjoyment of the Community Improvements, or which is a source of annoyance to Owners or occupants. No unlawful use shall be made of the Community Improvements nor any part thereof, and all laws and regulations of all Governmental Authorities shall be observed.

11.3.4 **Restrictions in Conveyances.** Any restrictions contained in any deed or conveyance conveying the Community Improvements to the Association shall be observed.

11.3.5 **Policies and Procedures.** In addition to the restrictions in this Declaration, the Declarant from time to time may adopt, modify or revoke such Policies and Procedures governing the conduct of Persons and the operation and use of the Community Improvements as it may deem necessary or appropriate in order to assure the peaceful and orderly use and enjoyment of the Community Improvements. A copy of the Policies and Procedures, upon adoption, and a copy of each amendment, modification or revocation thereof, shall be furnished by the Association to each Owner and shall be binding upon all Owners and occupants of property within Mountain Ridge Resort.

11.3.6 **Governing Documents.** Use of the Community Improvements shall be subject to any additional restrictions contained in any of the applicable Governing Documents.

11.4 Use By Others. The Activity Center will sell memberships to its facilities outside of the Mountain Ridge Resort Property. These memberships will carry all of the same benefits and responsibilities of the memberships of the Lot Owners. The memberships sold to non lot owners will only entitle the member to use the primary activity center and shall be under such terms and conditions as the Activity Center shall establish.

12. **DECLARANT CONTROL.** Declarant hereby retains and reserves to itself certain rights as set forth in this Declaration during the Development Period. Such reserved rights are for the purpose of allowing the Declarant to complete the development of the Property in the declarants discretion and to optimize Declarant's ability to enhance and protect the value, desirability and attractiveness of the Property.

12.1.1. The Transition Date will be the earlier of either: (i) the date designated by Declarant in a written notice to the Lot Owners, which date may be, at Declarant's election, any date after this Declaration has been recorded; or (ii) ten (10) years after the final sale of the Lots in Mountain Ridge Resort Communities, including any Additional Properties that may be added pursuant to Section 12 herein.

12.1.2. Declarant reserves the right to assign all or any of its rights, duties, and obligations created under this Declaration.

13. **ADDITIONAL PROPERTIES.** During the Development Period, the Declarant shall have the right to include additional properties which have been or will be developed in a manner similar to that outlined herein (the "Additional Properties") within the Mountain Ridge Resort Communities and to grant participation, voting rights and obligations on identical terms to the Lot Owners of such Additional Properties. At such time as Declarant elects to extend the rights contained herein to any Additional Properties, Declarant shall

execute and record an amendment to this declaration subjecting the Additional Properties to all or portions of this Declaration pursuant to paragraph 2 herein.

13.1. In the event any such Additional Properties are not owned by Declarant, the owner or owners of such Additional Properties (the "Additional Developers") shall join with Declarant in the execution of said amendment at which time the Additional Developers shall automatically be included in the definition of Declarant herein, and the Additional Properties shall be included in the definition of Property herein.

13.2. Provided that the Primary Purpose of this Declaration is maintained, Declarant shall have the right to subject the Additional Properties, or portions thereof, to a modified set of Building and Construction Requirements, Sewer provisions and/or Easement provisions as appropriate for the development of such Additions Properties or portions thereof.

14. SECONDARY COVENANTS. Individual areas and plats within the Property will be developed at different times, in phases, and at different standards. Declarant reserves the right to place additional covenants, conditions and restrictions on all or any portion of the property by causing to be recorded a Secondary Declaration which may be applicable to all or any portion of the Property during the development period.

15. MOUNTAIN RIDGE RESORT COMMUNITIES OWNERS' ASSOCIATION.

15.1. Organization. An owners' association shall be organized no later than the date the fifty first Lot in the Property is conveyed by Declarant to a third party. The membership of the Association at all times shall consist exclusively of all the Lot Owners. Each Lot Owner by virtue of these covenants, conditions and restrictions is and must be a member in the Mountain Ridge Resort Community Owner's Association. Attached as Exhibit "C" is the initial bylaws of the association which by laws shall automatically become effective upon the filing with the Washington State Secretary of State's Office of the Articles of Incorporation. Prior to the establishment of the Association all dues and fees shall be paid to the Declarant. Prior to the Transition Date the Association shall act as an advisory board to the Declarant.

15.1.1. Board of Directors.

15.1.1.1. During the Development Period, the Declarant shall be the sole member of the Board of the Mountain Ridge Resort Communities Owners' Association.

15.1.1.2. An interim Board composed of at least three (3) members will be appointed by the Declarant as of the Transition Date and the first order of business of the interim Board shall be to give notice of a date for and establishing procedures for the election of a five-person Board to conduct future business and direct the organization.

15.1.1.3. The elected members of the Board shall take office upon election. The board members shall thereafter each hold office for three (3) years unless he or she shall sooner resign, be removed, or otherwise become disqualified to serve. The Board shall act in all

instances on behalf of the Association. In the performance of their duties, the officers and members of the Board are required to exercise (a) if appointed by the Declarant, the care required of fiduciaries of the Lot Owners; or (b) if elected by the Lot Owners, ordinary and reasonable care.

15.1.1.4. The Lot Owners may remove any member of the Board with or without cause, other than a member appointed by the Declarant. The Declarant may not remove any member of the Board elected by the Lot Owners.

15.1.2. Officers of the Association. The Board shall elect the officers. Such officers shall take office upon election. The officers shall be elected annually and each shall hold office for one (1) year unless he or she shall sooner resign, be removed, or otherwise become disqualified to serve.

15.2. Voting. The total voting power of all owners shall be equal to the number of Lots in existence as of the date of such vote, with each one Lot having one vote, regardless of ownership.

15.2.1. If only one of multiple owners of a Lot is present at a meeting of the Association, that owner is entitled to cast the vote allocated to that Lot. The vote for a Lot must be cast as a single vote, and fractional votes shall not be allowed. If joint owners are unable to agree among themselves how their vote shall be cast, they shall lose their right to vote on the matter in question.

15.2.2. Votes allocated to a Lot may be cast pursuant to a proxy duly executed by a Lot Owner. A Lot Owner may not revoke a proxy given pursuant to this section except by actual notice of revocation to the person presiding over a meeting of the Association. To be valid, a proxy must be in writing, dated, signed by the Owner granting the proxy, clearly state the authority of the proxy holder and be registered with the meeting chairperson at the commencement of the meeting. Unless stated otherwise in the proxy, a proxy terminates eleven months after its date of issuance.

15.2.3. Unless specifically provided otherwise herein, all matters requiring a vote of the Lot Owners must be approved by two thirds of the Lot Owners in attendance at a meeting duly called for that purpose at which a voting quorum must be present. Alternatively, proposals may be submitted to the Lot Owners for the written consent of two-thirds of all owners entitled to vote. A voting quorum is based on physical presence and/or valid proxies representing 50% of the qualified voters.

15.2.4. Voting qualifications established by this article may not be expanded, limited, amended or modified. They are fundamental to the operation of this Association and the Declaration.

15.3. Association Responsibilities.

15.3.1. As of the Transition Date, except as may be specifically reserved herein, the rights, duties and responsibilities of Declarant shall be deemed to be automatically transferred to the Association acting by and through their Board.

15.3.2. The Association shall maintain the drainage ditches, creek paths, water bars and other drainage facilities throughout the property; provided, however, Lot Owners

adjacent to any drainage facility shall also have the right of maintenance thereto provided that drainage paths may not be moved from original surveyed or platted locations.

15.3.3. The Association shall maintain the Entry Statements, Community Areas, and Trails.

15.3.4. The Association shall maintain the roads as provided in section 9 herein.

15.3.5. The Association shall adopt, amend, and/or revoke detailed rules and regulations necessary or convenient from time to time to insure compliance with the general guidelines of this Declaration and to promote the comfortable use and enjoyment of the Property. The rules and regulations shall be binding upon all Lot Owners and occupants and all other persons claiming any interest in the Property. During the Development Period, adoption, amendment, and/or revocation of such rules and regulations does not require approval by the Lot Owners. After the Transition Date such rules and regulations shall be approved by the Lot Owners.

15.3.6. The Association shall collect and disburse those assessments and fees provided for herein and shall maintain separate records for each individual assessment purpose. By way of example, assessments owing due for Road Maintenance and Improvement for a particular road system shall be maintained separately from any other road system assessments and from any Activity Center Assessments.

15.3.7. The Association shall keep detailed financial records. The financial records shall be audited at least annually by a certified public accountant, and audited financial statements shall be available within 120 days of the Association's fiscal year-end; provided, however, such audit may be waived annually by Lot Owners other than the Declarant of Lots to which sixty percent (60%) of the votes are allocated, excluding the votes allocated to Lots owned by Declarant. All financial and other records shall be made reasonably available for examination by any Lot Owner and the owner's authorized agents.

15.3.8. The Association shall do such other matters as may be determined reasonable or necessary by the Board and/or by a majority vote by the Lot Owners.

15.4. Association Powers. The Association shall have those powers reasonably necessary to carry out the responsibilities set forth herein, including, but not limited to

15.4.1. Adopt and amend Bylaws, rules and regulations.

15.4.2. Enforce the provisions hereof

15.4.3. Adopt and amend budgets for revenues, expenditures, and reserves, and impose and collect assessments for common expenses from Lot Owners;

15.4.4. Adopt ,amend and enforce rules and regulations adopted by the declarant and/or association, in the declarant and/or the association's discretion, relating to the use and management of association property and /or necessary for the proper and efficient administration of these Covenants, Conditions and Restrictions and any Secondary Covenants, Conditions and Restrictions

15.4.5. Hire and discharge or contract with managing agents and other employees, agents, and independent contractors.

15.4.6. Make contract and incur liabilities;

15.4.7. Impose and collect any payments, fees, or charges for the use, rental, or operation of the common elements and for services provided to Lot Owners, including enforcing liens against Lots to collect assessments;

Impose and collect charges for late payment of assessments and, after notice and an opportunity to be heard by the Board or by such representative designated by the Board and in accordance with such procedures as provided in the Bylaws or rules and regulations adopted by the Board, levy reasonable fines in accordance with a previously established schedule thereof adopted by the Board and furnished to owners for violations of the Declaration, Bylaws, rules and regulations of the Association. Any charges levied pursuant to this section shall be treated as a lien against the lot owner and the lot and may be collected as provided for in Section 19.

15.4.8. Impose and collect reasonable charges for the preparation and recording of amendments to the Declaration, resale certificates and statements of unpaid assessments;

15.4.9. Provide for the indemnification of its officers and Board and maintain directors' and officers' liability insurance;

15.4.10.Assign its right to future income, including the right to receive common expense assessments;

15.4.11.Acquire, hold, encumber, and convey in its own name any right, title or interest to real or personal property;

15.4.12.Institute, defend, or intervene in litigation or administrative proceedings in its own name on behalf of itself or two or more Lot Owners on matters affecting the Property.

15.4.13. Any check written by the association for an association expense which exceeds $2,500.00 shall be signed by two members of the association board of directors.

15.4.14.Impose and collect fines for violation of rules, after notice and an opportunity to be heard by the Board or by such representative designated by the Board and in accordance with such procedures as provided in the Bylaws or rules and regulations adopted by the Board. Levy reasonable fines in accordance with a previously established schedule thereof adopted by the Board and furnished to owners for violations of the Declaration, Bylaws, rules and regulations of the Association. Any fines levied pursuant to this section shall be treated as a lien against the lot owner and the lot and may be collected as provided for in Section 19.

15.4.15.Adopt and enforce rules of the road and related rules for the ownership, operation, use and maintenance of the roads and easements set forth herein. Any fines levied pursuant to this section shall be treated as a lien against the lot owner and the lot and may be collected as provided for in Section 19.

15.5. Liens and Collection of Assessments.

15.5.1. The Board shall acquire and pay for as common expenses any goods or services reasonably necessary or convenient for the efficient and orderly maintenance of the Property.

15.5.2. All unpaid sums assessed by the Association to any Lot shall constitute a lien on the Lot and all its appurtenances from the date the assessment becomes due and until fully paid. The lien for such unpaid assessments shall be subordinate to tax liens on the Lot in favor of any assessing unit and/or special district, and to all sums unpaid on all First Mortgages and/or Contracts of record, but, to the extent permitted by applicable law, shall have priority over all other liens against the Lot. Unpaid Activity Center Assessments, as defined in Section 10 of this document, are assessments and shall be treated as other unpaid sums shall constitute a lien on the Lot and all its appurtenances from the date the assessment becomes due and until fully paid.

15.5.3. A First Mortgage and/or Vendor possession through a Mortgage foreclosure, deed of trust sale, declaration of forfeiture of contract, or by taking a deed in lieu of foreclosure or sale, or a purchaser at a foreclosure or sale, or a purchaser at a foreclosure sale, shall take the Lot burdened with all claims for the share of assessments chargeable to the Lot which became due before such possession. The successor Lot Owner will be liable for the common expenses and assessments that accrue after the taking of possession. Any s past-due share of assessments that are not collected shall become new expenses chargeable to all of the Lot Owners, including the Mortgagee or foreclosure sale purchaser and their successors and assigns, in proportion to the number of Lots owned by each of them.

15.5.4. The Board shall publish and maintain a list of common expenses, liens outstanding, and to the extent available, projected expenses for coming periods.

15.5.5. Upon written request of a the holder of a first mortgage or deed of trust, or the vendor on a real estate contract, the Association will furnish a statement of lien balances and the information available to a Lot Owner. A fee equal to the costs of producing said statement will be charged to the individual or entity requesting said statement.

15.5.6. The lien of delinquent assessments may be foreclosed as a mortgage of real property under the laws of the State of Washington. The Declarant or Board, acting on behalf of the Owners Association, shall have the power to bid in the Lot at the foreclosure sale, and acquire and hold, lease, Mortgage, and convey the same.

15.5.7. In addition to constituting a lien on the Lot, all sums assessed by the Board chargeable to any Lot, together with interest, late charges, costs and attorneys' fees in the event of delinquency, shall be the joint and several personal obligations of the owner and any contract purchaser of the Lot when the assessment is made, and their grantees.

Suit to recover personal judgment for any delinquent assessments shall be maintainable without foreclosing or waiving the liens securing them.

15.5.8. The Board may from time to time establish late charges and a rate of interest to be charged on assessments delinquent for a period of more than ten (10) days after the date when due. In the absence of another established, non-usurious rate, delinquent assessments shall bear interest at the rate of 12% per annum. If an installment against a Lot is not paid when due, the Board may elect to declare the entire assessments against the Lot for the remainder of the fiscal year to be immediately due and payable.

15.5.9. In any action to collect delinquent assessments, the prevailing party shall be entitled to recover as a part of its judgment a reasonable sum for attorneys' fees; and all costs and expenses reasonably incurred in connection with the action, in addition to taxable costs permitted by law. The venue of any action upon this agreement shall lie in Kittitas County.

15.5.10. The remedies provided herein are cumulative and the Board may pursue them, and any other remedies which may be available under law although not expressed herein, either concurrently or in any order.

15.5.11. No Lot Owner may avoid or escape liability for assessments provided for herein by abandoning, selling or transferring ownership in his or her Lot.

15.6. The funds of the Association shall not be commingled with the funds of any other association, nor with the funds of any manager of the Association or any other person responsible for the custody of such funds. Any reserve funds of the Association shall be kept in a segregated account and any transaction affecting such funds, including the issuance of checks, shall require the signature of at least two persons who are officers or directors of the Association.

15.7. The Board may exercise any other powers conferred by the Declaration or Bylaws; exercise all other powers that may be exercised in this state by the same type of corporation as the Association; and exercise any other powers necessary and proper for the governance and operation of the Association. The Board may secure a loan to purchase property or provide improvements it deems appropriate.

16. TERM OF COVENANT

The conditions, covenants and restrictions set forth in this Declaration shall run with and bind the Property for thirty (30) years from the date this Declaration is recorded, after which said covenants shall be automatically extended in perpetuity until terminated by any instrument terminating these covenants which has been signed by 75% of the Lot Owners of record at the time of the termination. This Declaration may be amended at any time by the declarant as set forth herein and, after the transition date, only so long as the amendment has

been signed by at least 75% of the Lot Owners of record at the time of the amendment. Amendments must be made in a manner as set for the in paragraph 17.

17. AMENDMENT.

17.1. Amendments to the Declaration shall be made in an instrument in writing entitled "Amendment to Declaration of Mountain Ridge Resort Communities" which sets forth the entire amendment. Notice of any proposed amendment must be given to all Lot Owners.

17.2. During the Development Period, Declarant reserves the right to amend the Declaration as may be necessary to comply with Federal Home Loan Mortgage Corporation (FHLMC) or Federal National Mortgage Association (FNMN) or Federal Housing Administration (FHA) regulations or requirements as necessary to enable the holders of first mortgages of deeds of trust to sell first mortgages of deeds of trust to FHLMC or FNMA or if such amendment is necessary to secure funds or financing provided by, through or in conjunction with FHLMC or FNMA or FHA. If Declarant, after the Declaration has been recorded, determines that it is necessary to amend the Declaration, then the Declarant is hereby authorized to execute and to have recorded said required amendment or amendments. All Lot Owners hereby grant to Declarant a full and complete power of attorney to take any and all actions necessary to effectuate and record said amendment or amendments and agree that said amendment or amendments shall be binding upon their representatives, successors and assigns to the same extend as if they had personally executed said amendment or amendments. All Lot Owners hereby acknowledge and agree that the power of attorney granted herein shall be deemed coupled with an interest and shall be irrevocable.

17.3. Declarant reserves the right to amend this Declaration, without approval by Lot Owners, as specifically provided in Section 12 herein; provided, however Declarant shall provide Lot Owners with a copy of any such amendment within 10 days of execution thereof.

17.4. Declarant or any Lot Owner may propose amendments to this Declaration. Amendments must comply with the same approval procedure as rules and bylaws, as outlined below. Once an amendment has been adopted by the Lot Owners, the amendment will become effective when recorded in the Auditor's Records of Kittitas County, Washington.

17.4.1. Any proposed amendment must be approved prior to its adoption by a majority of the Board of Directors of the Association, it being understood that, during the Development Period, this right of approval lies solely with the Declarant as the sole Board Member.

17.4.2. Any proposed amendment so approved by the Board, shall then be approved by a two-thirds (2/3) majority of the Lot Owners. Said approval may be evidenced by signature on the amendment document or by certificate contained in the amendment to the effect that the Board is in possession of the written consent to the

amendment by at least a two-thirds (2/3) majority of the Lot Owners. In all events, the amendment shall bear the signature of the president of the Board of the Association and shall be attested by the secretary, who shall state whether the amendment was properly adopted and shall be acknowledged by them as officers of the Association.

17.5. It is specifically covenanted and understood by any parties accepting ownership interest in Lots subject to this Declaration that any amendment to this Declaration properly adopted will be completely effective to amend any or all of the covenants, conditions, and reservations contained herein which may be affected and any or all clauses of this Declaration

18. GENERAL PROVISIONS.

18.1. All notices given under the provisions of this Declaration shall be in writing and may be delivered either personally or by mail. If delivery is made by mail, the notice shall be deemed to have been delivered on the third day of regular mail, postage prepaid, addressed to the Person entitled to such notice.

18.1.1. Owner's Address of Record. Notices to Lot Owners shall be mailed to the Owner's Address of Record. Each Owner must maintain an address of record with the Declarant and, after transition date, the Association. Transfer of property must be accompanied by a notice of change of address given by U.S. Mail to the Declarant and, after transition date, the Association. Failure to maintain a current address waives Owner's right to object to lack of notice of pending meetings, elections and official proceedings pursuant to this Declaration. Absent a valid address of record, the Declarant and, after transition date, the Board may (but is not required to) designate the taxpayer's address shown on the Kittitas County tax rolls as the address of record.

18.1.2. Office of Record. Notices to the Declarant and/or the Association shall be mailed to the Office of Record. The Office of Record's address may be changed from time to time by the execution and recording of an instrument in the Auditors Office of Kittitas County Washington which (i) refers to this Declaration and this Article and (ii) sets forth the Office of Record new address.

18.1.3. Notice of meetings, elections and pending action shall be timely if given by U. S. Mail thirty days in advance of the proposed activity.

18.2. Limitation of Liability. So as long as the Declarant, Association, or Board Member acting on behalf of the Owners to enforce the terms and provisions of this Declaration is acting in good faith, without willful or intentional misconduct, then Declarant, Association, or Board Member shall not be personally liable to any Owner or other person or entity for any damage, loss or prejudice suffered or claimed on account of any act, omission, error or negligence of Declarant, Board or Owner.

18.3. Indemnification. Declarant shall be indemnified by the Association against all expenses and liabilities, including attorneys' fees, reasonably incurred by or

imposed in connection with any proceeding to which he may be a party, or in which he may become involved, by reason of holding or having held such a position as representing the Lot Owners or their Board under this Declaration, or any settlement thereof, whether or not Declarant holds such position at the time such expenses or liabilities are incurred, except to the extent such expenses and liabilities are covered by insurance and except in such cases wherein Declarant is adjudged guilty of willful misfeasance in the performance of his or her duties.

18.4. Insurance. At such time as the Declarant, and after the transition date, the Board deems appropriate, the Declarant may cause the Owners Association to purchase and maintain as a common expense a policy or policies which the Declarant deems necessary or desirable to provide casualty insurance; comprehensive liability insurance, with such deductible provisions as the Declarant deems advisable; insurance, when available, for the protection of the Declarant, and/or its representatives, from personal liability in the management of the Declarant's duties with respect to the Plat; and such other insurance as the Declarant deems advisable.

19. ENFORCEMENT

19.1. During the Development Period, the Declarant shall have the right, but not the obligation, to enforce the provisions of this declaration, and the rules and regulations for the benefit of the Lot Owners. Upon the Transition Date, and without further action by any Person or Persons, (i) the term of the Declarant's management of the Property shall end and all duties shall become the responsibility of the Association and its Board of Directors; and (ii) the Declarant shall be released from any and all liability whatsoever for claims arising out of or in connection with this Declaration.

19.2. If there is a violation of any of the conditions of these covenants, conditions or restrictions as herein set forth or as hereinafter amended, any Lot Owner, joining with other Lot Owners or individually, and/or the Association, shall have the right to proceed at law or in equity to collect damages or to compel compliance with the terms and conditions of these covenants, conditions, restrictions and easements or to prevent the violation or anticipated violation or breach of any covenant, conditions, or restriction contained herein.

19.3. The failure of any Owner to comply with provisions of this Declaration, or the rules and regulations may give rise to a cause of action by the Declarant and/or any aggrieved Lot Owner, the Declarant and/or the Board for recovery of damages, or injunctive relief, or both. If a legal action is brought to interpret or enforce compliance with the provisions of this Declaration, or the rules or regulations adopted by the Declarant or Association, the prevailing party shall be entitled to judgment against the other party for its reasonable expenses, court costs, and attorneys' fees in the amount awarded by the Court. Venue for such proceedings shall be in Kittitas County, Washington.

19.4. In the event any suit brought by any party to enforce the terms and conditions of these covenants, conditions, restrictions and easements results in a monetary

judgment against a Lot Owner, said judgment shall become a lien against that person or entity's Lot in addition to becoming the personal obligation of that Lot Owner. Said lien shall be foreclosed in the manner as provided by Washington State law. In addition to having the lien, the holder of a judgment against any Lot Owner for any monetary damages awarded as a result of a violation of these restrictive covenants, conditions and restrictions shall have the option of proceeding personally against the owner of a Lot or the option of foreclosing the lien in the Lot Owner's property. In the action foreclosing the lien, the same shall include a reasonable sum for attorney fees and all costs and expenses reasonably incurred in preparation for and in prosecution of such action in addition to taxable costs, all as permitted by law.

19.5. Failure by the Declarant, the Association and/or any Lot Owner in any instance to insist upon the strict compliance with this Declaration or rules and regulations adopted pursuant hereto, or to exercise any right contained in such documents, or to serve any notice or to institute any action, shall not be construed as a waiver or a relinquishment for the future of that or any other term, covenant, condition, or restriction. The receipt of payment of any assessment from an Owner, with knowledge of any breach by the Owner, shall not be a waiver of the breach. No waiver by the Declarant and, after transition date, the Board, of any requirement shall be effective unless expressed in writing and signed by the same.

19.6. If any term, covenant or condition of this Declaration or the application thereof to any person or circumstance is, to any extent, invalid or unenforceable, the remainder of this Declaration or the application of such term, covenant or condition to persons or circumstances other than those as to which it is held invalid or unenforceable, shall not be affected thereby and each term, covenant or condition of these Covenants shall be valid and be enforced to the fullest extend permitted by law.

19.7. In the event any charge or fine is levied against a lot or lot owner and or their guests, invitees and assigns by the association and said fine or charge is not paid said fine or charge shall become a lien against that person or entity's Lot in addition to becoming the personal obligation of that Lot Owner. Said lien shall be foreclosed in the manner as provided by Washington State law. In addition to having the lien, the holder of a judgment against any Lot Owner for any monetary damages awarded as a result of a violation of these restrictive covenants, conditions and restrictions shall have the option of proceeding personally against the owner of a Lot or the option of foreclosing the lien in the Lot Owner's property. In the action foreclosing the lien, the same shall include a reasonable sum for attorney fees and all costs and expenses reasonably incurred in preparation for and in prosecution of such action in addition to taxable costs, all as permitted by law.

20. Further Subdivision Of Lots: Except for property owned by the Declarant there shall be no further subdivision of any Lots after the effective date of this declaration.

21. **EFFECTIVE DATE.** This Declaration shall be effective upon recording.

RE: Access Connection Permit 3623
SR 903, MP 8.110 Right

Dear Mr. Ragland,

We are in receipt of the certificate of deposit and the signed copies of the permit. Enclosed, please find your copy of the fully executed Access Connection Permit for a single Category 2 commercial approach not to exceed 30 feet in width. As noted in the permit, the approach is to be constructed per the attached exhibits. Per the Special Provisions, you are required to contact Mr. Terry Kukes, our Area 1 Maintenance superintendent, prior to beginning work. He can be reached at 509-577-1907.

If you have any questions or require further information, feel free to contact Rick Holmstrom at (509) 577-1633.

Sincerely,

Troy A. Suing, P.E
Regional Planning Engineer

DEDICATION

KNOW ALL MEN BY THESE PRESENTS THAT WE, THE UNDERSIGNED, OWNERS IN FEE SIMPLE OF THE DESCRIBED REAL PROPERTY, DO HEREBY DECLARE THIS PLAT AND AND IN LIEU OF DEDICATION OF ROADS HEREBY GRANT FOREVER UNTO ALL OWNERS OF LOTS IN THIS PLAT AND ALL FUTURE PLATS IN EVERGREEN RIDGE AN UNDIVIDED INTEREST IN ALL ROADS SHOWN AS PRIVATE ROADS.

THE COSTS OF CONSTRUCTION, MAINTENANCE AND SNOW REMOVAL OF ALL ROADS, STREETS AND ALLEYS WITHIN THIS PLAT AND ALL ACCESS ROADS TO THIS PLAT SHALL BE THE OBLIGATION OF A NONPROFIT CORPORATION COMPOSED OF ALL THE OWNERS OF THE LOTS OF THE PLAT AND OF ANY ADDITIONAL PLATS THAT MAY BE SERVED BY THESE ROADS, STREETS AND ALLEYS.

IN THE EVENT THAT THE OWNERS OF ANY OF THE LOTS OF THIS PLAT OR ANY ADDITIONAL PLATS SHALL PETITION THE COUNTY COMMISSIONERS TO INCLUDE THE ROADS IN THE COUNTY ROAD SYSTEM, IT IS UNDERSTOOD THAT THE ROADS SHALL FIRST BE BUILT UP TO MINIMUM COUNTY STANDARDS BY SAID NON-PROFIT CORPORATION.

IN WITNESS WHEREOF, WE HAVE HEREUNTO SET OUR HANDS AND SEAL THIS 22nd DAY OF August A.D., 2005.

SURVEY NOTES

1. INSTRUMENTS: USING A SOKKIA SET 3BII THREE SECOND TOTAL STATION AND A TOPCON HIPER LITE PLUS GPS RTK SYSTEM WITH RESULTING CLOSURES EXCEEDING THE MINIMUM ACCURACY STANDARDS AS SET FORTH BY WAC 332-130.
2. THE FOLLOWING RECORD OF SURVEY FILED WITH KITTITAS COUNTY, STATE OF WASHINGTON, WAS USED TO CALCULATE OR ASCERTAIN THE BOUNDARY AS SHOWN HERE ON....BOOK 25 OF SURVEYS, PAGE 193, AFN 200012290029. THE BASIS OF BEARINGS IS THE WASHINGTON STATE PLANE COORDINATE SYSTEM SOUTH ZONE NAD83.
3. THIS SURVEY MAY NOT SHOW ALL EASEMENTS, WHICH MAY PERTAIN TO THIS PROPERTY.
4. A PUBLIC UTILITY EASEMENT 10 FEET IN WIDTH IS RESERVED ALONG ALL LOT LINES. THE 10 FOOT EASEMENT SHALL ABUT THE EXTERIOR PLAT BOUNDARY AND SHALL BE DIVIDED 5 FEET ON EACH SIDE OF INTERIOR LOT LINES UNLESS OTHERWISE NOTED.
5. PER RCW 17.10.140 LANDOWNERS ARE RESPONSIBLE FOR CONTROLLING AND PREVENTING THE SPREAD OF NOXIOUS WEEDS ACCORDINGLY. THE KITTITAS COUNTY NOXIOUS WEED BOARD RECOMMENDS IMMEDIATE RESEEDING OF AREAS DISTURBED BY DEVELOPMENT TO PRECLUDE THE PROLIFERATION OF NOXIOUS WEEDS.
6. MAINTENANCE OF THE ACCESS IS THE RESPONSIBILITY OF THE PROPERTY OWNERS WHO BENEFIT FROM ITS USE.
7. AN APPROVED ACCESS PERMIT WILL BE REQUIRED FROM THE DEPARTMENT OF PUBLIC WORKS PRIOR TO CREATING ANY NEW DRIVEWAY ACCESS OR PERFORMING WORK WITHIN THE COUNTY ROAD RIGHT OF WAY.
8. ANY FURTHER SUBDIVISION OF LOTS TO BE SERVED BY PROPOSED ACCESS MAY RESULT IN FURTHER ACCESS REQUIREMENTS. SEE SECTION 12.05 OF THE KITTITAS COUNTY ROAD STANDARDS.
9. ACCORDING TO KCRS 12.11.010, MAILBOXES SHALL BE "BREAK-AWAY DESIGN AND BE APPROVED BY THE U.S. POSTAL SERVICE. SEE WSDOT STANDARD DRAWINGS H-12 SHEET 1-3.
10. IF THE SUBJECT PROPERTY IS WITHIN OR NEAR EXISTING AGRICULTURAL OR OTHER NATURAL RESOURCE AREAS ON WHICH A VARIETY OF ACTIVITIES MAY OCCUR THAT ARE NOT COMPATIBLE WITH RESIDENTIAL DEVELOPMENT FOR CERTAIN PERIODS OF VARYING DURATION, AGRICULTURAL OR OTHER NATURAL RESOURCE ACTIVITIES PERFORMED IN ACCORDANCE WITH COUNTY, STATE AND FEDERAL LAWS ARE NOT SUBJECT TO LEGAL ACTION AS PUBLIC NUISANCES. KITTITAS COUNTY HAS ADOPTED RIGHT TO FARM PROVISIONS CONTAINED IN THE SECTION 17.74 OF THE KITTITAS COUNTY ZONING CODE.
11. THE SUBJECT PROPERTY WILL BE SERVED BY THE EVERGREEN VALLEY CLASS "A" MUNICIPAL WATER SYSTEM ALONG WITH ALREADY APPROVED COMMUNITY SEPTIC SYSTEMS BY KITTITAS COUNTY ENVIRONMENTAL HEALTH.
12. AN EASEMENT IS HEREBY RESERVED FOR AND CONVEYED TO PUGET SOUND ENERGY, INC. (GAS AND ELECTRIC COMPANY), A TELEPHONE COMPANY AND CABLE TV COMPANY AND THEIR RESPECTED SUCESSORS AND ASSIGNS UNDER AND UPON THE PRIVATE STREET(S), IF ANY; AND THE EXTERIOR TEN (10) FEET OF ALL LOTS, TRACTS AND SPACES WITHIN THE PLAT LYING PARALLEL WITH AND ADJOINING ALL STREETS, IN WHICH TO CONSTRUCT, OPERATE, MAINTAIN, REPAIR, REPLACE AND ENLARGE UNDERGROUND PIPES, CONDUITS, CABLES, AND WIRES WITH ALL NECESSARY OR CONVENIENT UNDERGROUND OR GROUND-MOUNTED APPURTENANCES THERETO FOR THE PURPOSE OF SERVING THIS SUBDIVISION AND OTHER PROPERTY WITH ELECTRIC, GAS, TELEPHONE, TELEVISION AND OTHER UTILITY SERVICES TOGETHER WITH A RIGHT TO ENTER UPON THE STREETS, LOTS, TRACTS AND SPACES AT ALL TIMES FOR THE PURPOSES HEREIN STATED.
13. ALL PRIVATE ROADS SHALL ACHIEVE 95% COMPACTION AND SHALL BE INSPECTED AND CERTIFIED BY A ENGINEER LICENSED IN THE STATE OF WASHINGTON SPECIFYING THAT THE ROAD MEETS CURRENT KITTITAS COUNTY ROAD STANDARDS PRIOR TO THE ISSUANCE OF OCCUPANCY PERMIT FOR THIS P.U.D. PLAT.
14. KITTITAS COUNTY WILL NOT ACCEPT PRIVATE ROADS FOR MAINTENANCE AS PUBLIC STREETS OR ROADS UNTIL SUCH STREETS OR ROADS ARE BROUGHT INTO CONFORMANCE WITH CURRENT COUNTY ROAD STANDARDS. THIS REQUIREMENT WILL INCLUDE THE HARD SURFACE PAVING OF ANY STREET OR ROAD ORIGINALLY SURFACED WITH GRAVEL.

SURVEY NARRATIVE

THIS SURVEY CONTAINS A SURVEY PERFORMED BY JERROLD O'HARE, PLS ON THE ADJOINING PROPERTY TO THE SOUTHEAST IN FEBRUARY OF 1977. THAT SURVEY IDENTIFIED AN ENCROACHMENT ONTO BURLINGTON NORTHERN PROPERTY (NOW PLUM CREEK TIMBER COMPANY PROPERTY). SAID ENCROACHMENT WAS TO BE QUIT CLAIMED TO HARLAND DODSON. THIS CONVEYANCE NEVER OCCURRED.

THE ENCROACHMENTS ONTO THAT PROPERTY WERE CONFIRMED BY A SUBSEQUENT SURVEY FOR PLUM CREEK TIMBER COMPANY, RECORDED UNDER VOLUME 15, OF SURVEYS PAGE 90.

A THIRD SURVEY RECORDED UNDER VOLUME 21 OF SURVEYS, PAGE 129 PERFORMED FOR PLUM CREEK TIMBER COMPANY MEASURED PROPERTIES OWNED BY PLUM CREEK TIMBER COMPANY WITHIN THIS SECTION, HOWEVER NO ENCROACHMENTS WERE SHOWN.

THIS SURVEY HOLDS THE SECTION SUBDIVISION AND BOUNDARY LINES SHOWN WITHIN SAID SURVEY RECORDED IN VOLUME 21 OF SURVEYS, PAGE 129, AND THE BOUNDARY LINES SHOWN IN THE SURVEY BY JERROLD O'HARE, RECORDED IN VOLUME 8 OF SURVEYS, PAGE 5, AND THE BOUNDARIES DETERMINED IN THE SURVEY RECORDED UNDER VOLUME 15 OF SURVEYS, PAGE 90.

SURVEY NOTES

INSTRUMENT USED: SOKKIA SET 5 COM
METHOD USED: FIELD TRAVERSE

APPROXIMATE POINT ACCURACY ±0.05'

SURVEY MEETS OR EXCEEDS STATE STANDARDS PER WAC 332-130-090.

MONUMENTS SHOWN HEREON WERE VISITED ON JUNE 11, 1988.

THE INFORMATION SHOWN ON THIS MAP REPRESENTS THE RESULTS OF A SURVEY MADE ON THE INDICATED DATE AND CAN ONLY BE CONSIDERED AS THE GENERAL EXISTING CONDITION AT THAT TIME.

NO EASEMENTS, RESTRICTIONS OR RESERVATION OF RECORD WHICH WOULD BE DISCLOSED BY A TITLE REPORT ARE SHOWN.

REFERENCE SURVEY RECORDED UNDER VOL. 21, OF SURVEYS PAGE 129 FOR COMPLETE SECTION BREAKDOWN.

SURVEY IN THE:
S.W. 1/4, S.W. 1/4 SEC. 1 TWP. 20N., RGE. 14E., W.M.

Chapter 17.36
PLANNED UNIT DEVELOPMENT ZONE*

Sections

17.36.010 Purpose and intent.
17.36.020 Uses permitted.
17.36.030 Preliminary development plan.
17.36.040 Final development plan.
17.36.050 Permit issuance and conditions.
17.36.060 Required improvements.

* Prior history: Ords. 74-6, 2.

17.36.010 Purpose and intent.

The purpose of this chapter is to provide for and encourage a harmonious mixture of land uses with greater flexibility in land use controls than is generally permitted by other sections of this title. (Ord. 90-6 (part), 1990: Res. 83-10, 1983).

17.36.020 Uses permitted.

The following uses may be permitted:

1. All residential uses including multifamily structures;
2. Hotels, motels, condominiums;
3. Retail businesses;
4. Commercial-recreation businesses;
5. Restaurants, cafes, taverns, cocktail bars;
6. Any other similar uses deemed by the planning commission to be consistent with the purpose and intent of this chapter. Such determination shall be made during review of the development plan required under Section 17.36.030. (Ord. 90-6 (part), 1990: Res. 83-10, 1983).

17.36.030 Preliminary development plan.

Any persons or corporation applying for a planned unit development zone shall file a preliminary development plan with an application for zone change. The development plan shall include all of the following:

1. A vicinity map showing the location of the site and its relationship to surrounding areas;
2. A map of the site drawn to a scale, no smaller than two hundred feet to the inch showing the following:
    a. Arrangement of land uses by type (residential, commercial, open spaces, etc.). A statement on the approximate percentage of land in each category. The map should show proposed traffic circulation;
    b. Names and dimensions of dedicated roads bounding or near the site;
    c. Planned off-street parking areas including approximate number of spaces to be provided;
    d. Elevation contours of no more than twenty-foot intervals;
3. A statement relating the development plan to adjacent development and natural areas;
4. A statement of the developer's intent with regard to providing landscaping and retention of open spaces;
5. A statement outlining future land ownership patterns within the development including homeowners associations if planned;
6. Proposed water supply, storage and distribution system, sewage disposal/treatment plan, solid

waste collection plan;
7. Documentation from the planning department that environmental review (SEPA) has been completed;
8. Statement of planned residential (housing) densities expressed in terms of living units per building and per net acre (total acreage minus dedicated rights-of-way). (Ord. 90-6 (part), 1990: Res. 83-10, 1983).

17.36.040 Final development plan.
Following approval of the preliminary development plan by the county and before lot sales or building construction commences, the developer (owner) shall submit a final development plan for approval by the board of county commissioners which shall include all of the following:

1. A staging plan describing the timing or sequence of construction for all the elements of the plan. Subdivision lot sales may precede other elements of the development upon final plat approval;
2. A map or maps of the site drawn at a scale no smaller than one hundred feet to one inch showing the following:
   a. Preliminary engineering plans including site grading, road improvements, drainage and public utilities extensions;
   b. Arrangement of all buildings which shall be identified by type;
   c. Preliminary building plans including floor plans and exterior design and/or elevation views;
   d. Location and number of off-street parking areas including type and estimated cost of surfacing;
   e. The location and dimensions of roads and driveways including type and estimated cost of surfacing and road maintenance plans;
   f. The location and total area of common open spaces;
   g. Proposed location of fire protection facilities;
   h. Proposed storm drainage plan;
3. Certification from state and local health authorities that water and sewer systems are available to accommodate the development;
4. Provisions to assure permanence and maintenance of common open spaces;
5. Statement of intent including estimated cost for landscaping and restoration of natural areas despoiled by construction including tree planting. (Ord. 96-19 (part), 1996; Ord. 90-6 (part), 1990: Res. 83-10, 1983).

17.36.050 Permit issuance and conditions.
Building permits and other permits required for the construction or development of property under provision of this section shall be issued only when, in the opinion of the county building inspector, the work to be performed substantially conforms with the final development plan approved by the board of county commissioners. (Ord. 96-19 (part), 1996; Ord. 90-6 (part), 1990: Res. 83-10, 1983).

17.36.060 Required improvements.
All improvements including parking lots, driveways, landscaping, which are a part of the approved plan, but which do not otherwise require building permits, shall be completed or bonded before occupancy permits are issued by the building inspector. The amount of the bond shall be determined by the building inspector on the basis of information presented with the final development plan. (Ord. 90-6 (part), 1990: Res. 83-10, 1983).

BOARD OF COUNTY COMMISSIONERS
COUNTY OF KITTITAS STATE OF WASHINGTON

ORDINANCE NO. 2006 - 210

EVERGREEN RIDGE PUD AMENDMENT REZONE (Z-05-33)

IN THE MATTER OF AMMENDING THE KITTITAS COUNTY ZONING ATLAS FOR A PORTION OF THE WEST ½ OF SECTION 12 OF TOWNSHIP 20 N., RANGE 14 E., FOR AN AMENDMENT TO AN EXISTING 73.13 ACRES PLANNED UNIT DEVELOPMENT AND FOR THE INCLUSION BY REZONE OF 17 ACRES CURRENTLY ZONED RURAL-3 AND GENERAL INDUSTRIAL TO PLANNED UNIT DEVELOPMENT (PUD).

WHEREAS, according to Kittitas County Code Titles 15A & 17, relating to general rezones, adopted pursuant to RCW 36.70B & 36.70 respectively, an open record hearing was held by the Kittitas County Planning Commission on March 28, 2006 for the purpose of considering a zone change consisting of approximately 17.00 acres from Rural-3 and General Industrial to Planned Unit Development and an amendment to and existing Planned Unit Development consisting of 73.13 acres known as the Evergreen Planned Unit Development (PUD) and described as follows:

> PORTIONS OF PARCELS LYING NORTH OF HIGHWAY 903 AT MILEPOST 8 ON HIGHWAY 903, RONALD, WA 98941 WITHIN THE WEST ½ OF SECTION 12, described as being a portion of section 12, of T.20N., R.14E., W.M., in the County of Kittitas, State of Washington; portions of assessor's parcel number 20-14-12020-0004, 20-14-12010-0009, 20-14-12020-0001 and 20-14-12020-0003. And,

WHEREAS, testimony was taken from those persons present who wished to be heard during said open record hearing before the Planning Commission; and,

WHEREAS, due notice of the hearing had been given as required by law, and the necessary inquiry has been made into the public interest to be served by such zone change; and,

WHEREAS, the Planning Commission recommended approval of said proposed rezone in a 3-0 decision with one member abstaining from voting and three members absent; and,

WHEREAS, a closed record public meeting was held by the Board of County Commissioners on May 2, 2006 to consider the Planning Commission's recommendation on this matter; and,

WHEREAS, the following FINDINGS OF FACT have been made concerning said proposed

rezone:

1. TerraDesign Works, authorized agent for Teanaway Ridge LLC, landowners has submitted a general rezone request for an amendment to an existing Planned Unit Development (Evergreen PUD, File No. Z-01-10) of 73.13 acres and inclusion by rezone of 17 acres currently zoned Rural-3 and General Industrial to Planned Unit Development (PUD) pursuant to KCC Title 17.36 (Planned Unit Development Zone). The site is located north of Highway 903 at milepost 8 on Highway 903, Ronald, WA 98941 within the west 1/2 of Section 12 of T.20N., R.14E., W.M. in Kittitas County being a portion of tax parcel numbers 20-14-12020-0004, 20-14-12010-0009, 20-14-12020-0001 and 20-14-12020-0003.

2. A Notice of Application was issued on February 2, 2006 by Kittitas County Community Development Services. This notice was published in the official county paper of record and was mailed to jurisdictional government agencies, adjacent property owners, and other interested parties.

3. Written comments were solicited and the final date to submit written comments was on March 3, 2006 by 5:00pm. Comments were received from Washington State Department of Ecology, Washington State Department of Community, Trade, and Economic Development, the Washington State Department of Transportation, Lori and Gene Krawchuck, Juliann Wasisco Boyle, Kittitas County Fire Protection District 6, and Concerned Citizens of Upper Kittitas County in care of James Boyle, chairman.

4. Based on the review of the submitted application materials (including an environmental checklist), correspondence received during this 30 day comment period and other information on file with our office, a SEPA Determination of Non-Significance (DNS) was issued by Kittitas County Community Development Services on March 14, 2006.

5. An administrative site analysis was completed by the staff planner in compliance with Title 17A. The subject property is not located within a regulated critical area.

6. Approximately 73.13 acres is currently zoned Planned Unit Development (PUD) and was approved via a rezone on October 2nd, 2001. Approximately 17.00 acres of the subject property is currently zoned Rural-3 and General Industrial. Within the area of the project site, zoning to the north is Rural-3, to the northeast is Commercial Forest, east is Rural-3 and General Industrial, to the south Rural-3, to the west Rural 3, and to the northwest is Forest and Range. The project site is located within the Ronald Urban Growth Node (UGN). The surrounding area contains mixed uses, including commercial forest operations to the north, rural residential to the west and south, and a vacant industrial site to the east.

7. An open record hearing was held by the Planning Commission on March 28, 2006 to consider this matter and testimony was taken from those persons who wished to be heard.

8. The proposed rezone to Planned Unit Development is consistent with the underlying Comprehensive Plan designation of Urban Residential.

9. The Planning Commission finds that the proposed rezone does meet all seven criteria of Kittitas County Code 17.98.020(E) as outlined below:
   a) *The proposed amendment is compatible with the comprehensive plan. The proposed rezone to Planned Unit Development is consistent with the underlying Comprehensive Plan designation of Urban Residential. The subject property is located within the Urban Growth Node of Ronald.*
   b) *The proposed amendment bears a substantial relation to the public health, safety or welfare. Approximately 73.13 acres is currently zoned Planned Unit Development (PUD) and was approved via a rezone on October 2nd, 2001. Approximately 17.00 acres of the subject property is currently zoned Rural-3 and General Industrial. Within the area of the project site, zoning to the north is Rural-3, to the northeast is Commercial Forest, east is Rural-3 and General Industrial, to the south Rural-3, to the west Rural 3, and to the northwest is Forest and Range. The project site is located within the Ronald Urban Growth Node (UGN). The surrounding area contains mixed uses, including commercial forest operations to the north, rural residential to the west and south, and a vacant industrial site to the east.*
   c) *The proposed amendment has merit and value for Kittitas County or a sub-area of the county. It provides for a potential for an increased tax revenue/tax base.*
   d) *The proposed amendment is appropriate because of changed circumstances or because of a need for additional property in the proposed zone or because the proposed zone is appropriate for reasonable development of the subject property. The industrial needs of the community have changed in that the mining industry is no longer as prominent as it was in the past. Approximately 73.13 acres is currently zoned Planned Unit Development (PUD) and was approved via a rezone on October 2nd, 2001. Approximately 17.00 acres of the subject property is currently zoned Rural-3 and General Industrial. Within the area of the project site, zoning to the north is Rural-3, to the northeast is Commercial Forest, east is Rural-3 and General Industrial, to the south Rural-3, to the west Rural 3, and to the northwest is Forest and Range. The project site is located within the Ronald Urban Growth Node (UGN). The surrounding area contains mixed uses, including commercial forest operations to the north, rural residential to the west and south, and a vacant industrial site to the east.*

e) *The subject property is suitable for development in general conformance with zoning standards for the proposed zone. Within the area of the project site, zoning to the north is Rural-3, to the northeast is Commercial Forest, east is Rural-3 and General Industrial, to the south Rural-3, to the west Rural 3, and to the northwest is Forest and Range. The project site is located within the Ronald Urban Growth Node (UGN). The surrounding area contains mixed uses, including commercial forest operations to the north, rural residential to the west and south, and a vacant industrial site to the east.*

f) *The proposed amendment will not be materially detrimental to the use of properties in the immediate vicinity of the subject property. The subject property is next to Rural-3 zoning. Within the area of the project site, zoning to the north is Rural-3, to the northeast is Commercial Forest, east is Rural-3 and General Industrial, to the south Rural-3, to the west Rural 3, and to the northwest is Forest and Range. The project site is located within the Ronald Urban Growth Node (UGN). The surrounding area contains mixed uses, including commercial forest operations to the north, rural residential to the west and south, and a vacant industrial site to the east.*

g) *The proposed changes in use of the subject property shall not adversely impact irrigation water deliveries to other properties. There is no irrigation to the subject property.*

10. The recommended conditions contained within the staff report as part of Section IV shall be conditions of approval of the rezone. The conditions are as follows:
    a) Any future development shall ensure that adequate provisions are made for fire fighting requirements.
    b) Per WSDOT comments, the subject parcels are adjacent to State Highway 903. No direct access to SR 903 for any lot will be allowed. Access to the proposed area within the rezone is at Ridgecrest Drive (milepost 8.11 Right). Paintbrush Lane (milepost 8.33 Right) needs to be closed. No additional roads into the PUD area will be allowed.
    c) Approach permits for the private roads intersecting SR 903 will need to be updated, and improvements to the affected intersections may be required per WSDOT requirements.
    d) Per WSDOT comments, possible increase in traffic volumes generated by the rezone site may require further improvements to Ridgecrest Drive intersection
    e) All snow removed from development roads must be stored outside WSDOT rights-of-way. Surface and stormwater runoff generated by future development must not be allowed to flow onto nearby WSDOT rights-of-way.
    f) Any future development of the properties involved within this rezone will result in the enactment of road standards review and will require road improvements to be made that comply with all applicable WSDOT and Kittitas County Road Standards.

11. Public testimony was heard.

NOW THEREFORE,

BE IT HEREBY ORDAINED by the Board of County Commissioners of Kittitas County, Washington, after due deliberation and in the best interest of the public, does hereby approve said zone change zone change consisting of approximately 17.00 acres from Rural-3 and General Industrial to Planned Unit Development and an amendment to and existing Planned Unit Development consisting of 73.13 acres known as the Evergreen Planned Unit Development (PUD), known as the Evergreen Ridge Planned Unit Development Amendment, Z-05-33, and does hereby authorize the amendment of the Kittitas County Zoning Map as set forth in attached Exhibit A.

DATED this 16th day of May, 2006 at Ellensburg, Washington.

ORDINANCE NO. 2001-17

EVERGREEN RIDGE PUD AND PRELIMINARY PLAT
IN THE MATTER OF AMENDING THE KITTITAS COUNTY ZONING ATLAS TO DESIGNATE PORTIONS OF THE RONALD UGN AS PLANNED UNIT DEVELOPMENT AND PRELIMINARY PLAT APPROVAL

WHEREAS, according to Kittitas County Code Titles 15A, 16 & 17, relating to rezones and plats and adopted pursuant to RCW 36.70B & 36.70 respectively. An open record hearing was held by the Kittitas County Planning Commission on August 27, 2001 for the purpose of considering a zone change consisting of approximately 75 acres from Rural-3 to Planned Unit Development and a preliminary plat consisting of 65 residential lots and a 5 acre RV park described as follows:

> FOUR PARCELS LYING WEST OF MILE POST 8 AND EAST OF DOUBLE O ROAD ON THE NORTH SIDE OF SR 903, APN 20-14-12012-0009, 20-14-12020-0001, 20-14-12020-0003, & 20-14-12020-0004, DESCRIBED AS BEING A PORTION OF SECTION 12 OF T.20N., R.14E., WM., IN THE COUNTY OF KITTITAS, STATE OF WASHINGTON; AND,

WHEREAS, testimony was taken from those persons present who wished to be heard during said open record hearing before the Planning Commission; and,

WHEREAS, due notice of the hearing had been given as required by law, and the necessary inquiry has been made into the public interest to be served by such zone change; and,

WHEREAS, the Planning Commission recommended approval of said proposed rezone and preliminary plat in a 5-0 decision; and,

WHEREAS, a closed record public meeting was held by the Board of County Commissioners on September 18, 2001 to consider the Planning Commission's recommendation on this matter; and,

WHEREAS, the following FINDINGS OF FACT regarding the rezone have been made by the Board of County Commissioners concerning this ordinance:

1. On June 25, 2001 Pat Deneen of Port Quendall Development Co. submitted a complete application for a rezone of a 75 acre parcel from Rural-3 to PUD, being a portion of Section 12 T20N., R14E., W.M. (Z-01-10).
2. On June 26, 2001, the Planning Department issued a Notice of Application pursuant to KCC 15A.03.
3. Comment letters were received from the Washington State Department of Transportation, the Kittitas County Environmental Health Department, the Kittitas County Public Works

Department, the Kittitas County Fire Marshal, Kittitas County Fire District 6 and several concerned citizens.

4. The application site is located within the Ronald UGN and is presently zoned Rural-3 by the County Zoning Code.
5. On August 3, 2001 the Planning Department issued a Determination of Non-Significance (DNS) on the State Environmental Policy Act checklist.
6. A Critical Areas Review showed no regulated critical areas on the subject property.
7. The proposed rezone to a PUD is consistent with the underlying Comprehensive Plan designation of the Ronald UGN.
8. An open record hearing was held by the Planning Commission on August 27, 2001 to consider this matter and that testimony was taken from those persons who wished to be heard.
9. The proposed rezone meets all seven criteria of Kittitas County Code 17.98.020(E).
10. Additional conditions are not necessary at this stage of the planning and approval process to protect the public's interest.

WHEREAS, the following FINDINGS OF FACT regarding the preliminary plat have been made by the Board of County Commissioners concerning this ordinance:

1. On June 25, 2001 Pat Deneen of Port Quendall Development Co. submitted a complete application for a preliminary plat of 65 residential lots and a 5 acre RV park, being a portion of Section 12 T20N., R14E., W.M. (P-01-01).
2. On June 26, 2001, the Planning Department issued a Notice of Application pursuant to KCC 15A.03.
3. Comment letters were received from the Washington State Department of Transportation, the Kittitas County Environmental Health Department, the Kittitas County Public Works Department, the Kittitas County Fire Marshal, Kittitas County Fire District 6 and several concerned citizens.
4. The application site is located within the Ronald UGN and zoned Rural-3 by the County Zoning Code.
5. On August 3, 2001 the Planning Department issued a Determination of Non-Significance (DNS) on the State Environmental Policy Act checklist.
6. A Critical Areas Review showed no regulated critical areas on the subject property.
7. The proposed PUD/Preliminary Plat is consistent with the underlying Comprehensive Plan designation of the Ronald UGN.
8. An open record hearing was held by the Planning Commission on August 27, 2001 to consider this matter and that testimony was taken from those persons who wished to be heard.
9. Additional conditions are necessary at this stage of the planning and approval process to protect the public's interest as set forth below.
10. The proposal with the conditions set forth below, along with the proposed densities is consistent and appropriate to an Urban Growth Node.

NOW THEREFORE, BE IT HEREBY ORDAINED the Board of County Commissioners of Kittitas County, Washington, after due deliberation and in the best interest of the public, does hereby

approve said zone change to Planned Unit development as set forth in the attached Zone Change File Map and hereby grants preliminary plat approval to the preliminary plat generally described by the attached Preliminary Plat Map subject to the following conditions:

1. Prior to final plat approval the applicant must meet all requirements for access, off of Highway 903, by the Washington State Department of Transportation.
2. Prior to final plat approval the applicant must meet all requirements by the Kittitas County Fire Marshal regarding fire protection.
3. Prior to final plat approval the applicant must meet all requirements of the Kittitas County Public Works Department regarding road standards.
4. Prior to final plat approval the applicant must provide proof of potable water and meet all wastewater requirements of the Kittitas County Environmental Health Department.
5. Evergreen Ridge will include within its Restrictive Covenants, a requirement for all individual lots to connect to a regional sewer system when such a system is approved, designed, funded, and built. Until Evergreen Ridge is included within such a regional sewer system, lots may be developed with septic systems as approved by the Kittitas County Health Department with said approval being based on the state and county regulations.
6. All existing encroachments shall be addressed to the satisfaction of all parties prior to final plat approval.

DATED this 2nd day of October, 2001, at Ellensburg, Washington.
