Hi Essen,

You can speak with the Department of Ecology regarding a fugitive dust control plan. You can contact the Central Region office at 509-575-2490.

I also wanted to let you know that I am working to get your project scheduled for the closed record hearing next Tuesday at 10am before the Kittitas County Commissioners. I will confirm this with you as soon as it is scheduled.

Subject: Re: RZ-14-00001 Hearing Examiner Recommendation

Hi,

Thank you for the news. Who do I speak to about obtaining a "fugitive dust control plan" They had mentioned it in the Recommendation section of the letter.

Thank you

Essen

Essen,

Please see the attached Hearing Examiner Recommendation for your rezone request RZ-14-00001. This recommendation has been posted on our county website. The next step is to conduct the closed record hearing before the Kittitas County Board of County Commissioners. I hope to be

able to schedule this for August 19th during the regular BOCC agenda meeting at 10:00 am. No new testimony from the public or applicant is allowed at this hearing. I will confirm the date once it is scheduled.

Please let me know if you have any questions.

**KITTITAS COUNTY
LAND USE HEARING EXAMINER**

RECEIVED

AUG 01 2014

KITTITAS COUNTY
CDS

IN THE MATTER OF)	RECOMMENDED
)	FINDINGS OF FACT,
		RECOMMENDED
RZ-14-00001)	CONCLUSIONS OF LAW,
		RECOMMENDED
Butler)	DECISION AND
		RECOMMENDED
		CONDITIONS OF APPROVAL

THIS MATTER having come on for hearing in front of the Kittitas County Hearing Examiner on July 24, 2014, the Hearing Examiner having taken evidence hereby submits the following Recommended Findings of Fact, Recommended Conclusions of Law, Recommended Decision and Recommended Conditions of Approval as follows:

I. RECOMMENDED FINDINGS OF FACT

1. Vicki Butler has submitted a rezone application with associated site plan and project narrative to change the current zoning from Highway Commercial to Light Industrial in the Cle Elum Urban Growth Area, and to construct mini-storage units in three (3) phases. This proposed use is an allowed use in the light industrial zone per KCC 17.15.080.1.D – mini-warehouse.
2. The subject property consists of one (1) parcel, located just east of the City of Cle Elum in the Cle Elum Urban Growth Area between Airport Road and SR 970, in a portion of Section 36, T20N, R15E, WM in Kittitas County, bearing Assessor's map number 20-15-36058-0003.
3.

Total Project Size:	2.51 acres
Number of Lots:	1 (no new lots being proposed)
Domestic Water:	None requested/proposed at this time.
Sewage Disposal:	Proposing to use sani-can(s) if necessary.
Power/Electricity:	Kittitas County PUD
Fire Protection:	Fire District 7 (Cle Elum)
Irrigation District:	N/A
4. Surrounding Property:

RZ-14-00001
Butler
Page 1 of 10

North: Residential/Agriculture
South: undeveloped and state highways
East: Residential/Agriculture
West: Cle Elum Urban Growth Area/Light Industrial/Cle Elum City Limits

5. Site Characteristics: The site is a relatively flat vacant land located within the Cle Elum UGA. The area is comprised of commercial, industrial, agricultural, and residential uses.
6. The Comprehensive Plan designation is Urban.
7. The subject property is zoned "Highway Commercial". The applicant is proposing to change the zoning to "Light Industrial," which allows for mini-warehouses as a permitted use.
8. A complete Rezone and Short Plat application was submitted to Community Development Services on March 27, 2013. A Notice of Application for said applications was issued on April 19, 2013. This notice was published in the official county paper of record and was mailed to jurisdictional government agencies, adjacent property owners and other interested parties. A complete application for a rezone from Highway Commercial to Light Industrial with associated site plan was received on January 9, 2014. The application was deemed complete on March 25, 2014. A Notice of Application was issued on April 14, 2014. This notice was published in the official county paper of record and was mailed to jurisdictional government agencies, adjacent property owners within 500 feet and other interested parties.
9. Based upon review of the submitted application materials including an environmental checklist, correspondence received during this 30 day comment period and other information on file with Community Development Services, a Mitigated Determination of Non-Significance (MDNS) was issued on July 3, 2014. The appeal period ended on July 18, 2014 at 5:00 p.m. No appeals were filed.
10. The proposal is consistent with the goals and policies of the Kittitas County Comprehensive Plan. As referenced in Section IV of this staff report, the following Comprehensive Plan GPOs apply to this proposal: GPO 2.30A; 2.32A; 2.32B; 2.34 (b, d, f, & g); 2.44; and 2.45. This proposal is consistent with the intent of the Urban Growth Areas of Kittitas County.
11. As conditioned, this proposal is consistent with the provisions of Kittitas County Roads and Bridges Title 12.
12. As conditioned, this proposal is consistent with the provisions of KCC 13 Water and Sewers Code.

13. This proposal, as conditioned, is consistent with Kittitas County Code Title 14 Building and Construction.
14. This proposal is consistent with the Kittitas County Zoning Code Title 17, more specifically KCC 17.48.
15. This proposal is consistent with Kittitas County Code Title 17A Critical Areas.
16. This proposal, as conditioned, is consistent with Kittitas County Code Title 20 Fire Life Safety.
17. This proposal is a project specific rezone and will require that the mini-storage units be constructed in substantial conformance with the plans and application materials (RZ-14-00001 Butler Rezone) on file dated January 9, 2014 prior to the rezone on the County map taking effect.
18. Upon review of KCC 17.13 Transfer of Development Rights, it has been determined that the request to rezone from Highway Commercial to Light Industrial is outside of the scope of consideration and the legislative intent of KCC 17.13 when it was adopted in 2009 and further amended in 2010 and 2011. Therefore, TDRs are not required for this rezone proposal.
19. The following agencies provided comments during the comment period: Washington State Department of Transportation, Washington State Department of Health, Washington State Department of Ecology, Kittitas County Environmental Health, and Kittitas County Public Works. Additional comments were provided during the pre-application meeting held on December 18, 2013 from Kittitas County Fire Marshal and Building Department. These comments have been integrated into the SEPA MDNS and the recommended conditions of approval. No comments have been received from the public.
20. Public and agency comments that were received were considered by the Hearing Examiner in rendering this Decision and forming Conditions of Approval.
21. An open record public hearing after due legal notice was held on July 24, 2014.
22. The entire Planning Staff file was admitted into the record at the public hearing.
23. The Kittitas County Community Development Services recommended approval of this zone change, subject to the recommended conditions of approval.

24. The following exhibits were admitted into the record:

- 24.1 Exhibit 1: Pre application materials – 12/18/13
- 24.2 Exhibit 2: KC application fees receipt – 1/9/14
- 24.3 Exhibit 3: Rezone application submittal packet – 1/9/14

- 24.16 Exhibit 16: Comment letter from WSDOT – 5/7/14
- 24.17 Exhibit 17: Comment letter from DOE – 5/7/14
- 24.18 Exhibit 18: Email between applicant and CDS – 5/21/14
- 24.19 Exhibit 19: Transmittal of comments letter – 5/22/14
- 24.20 Exhibit 20: Copy of legal Notice of Application publishing in Daily Record
- 24.21 Exhibit 21: Email between applicant and CDS – 5/22/14
- 24.22 Exhibit 22: Affidavit of published Notice of SEPA action and Hearing in Daily Record & NKC Tribune (with memo/legal) – 7/3/14
- 24.23 Exhibit 23: SEPA MDNS – 7/3/14
- 24.24 Exhibit 24: Second publishing of Notice of SEPA action and Hearing in Daily Record – 7/9/14
- 24.25 Exhibit 25: Email between applicant and county – 7/14/14
- 24.26 Exhibit 26: Email between applicant and CDS – 7/17/14
- 24.27 Exhibit 27: Agenda for Hearing Examiner Hearing – 7/24/14 [Hearing Date]
- 24.28 Exhibit 28: Kittitas County Community Development Services staff report
- 24.29 Exhibit 29: Kittitas County Community Development Services power point presentation
- 24.30 Exhibit 30: Determination of Concurrency Finding -7/24/14

25. Appearing and testifying on behalf of the applicant was Vicki Butler. Ms. Butler testified that she was an agent authorized to appear and speak on behalf of the property owner. Ms. Butler testified that she had reviewed all of the proposed conditions of approval and that neither she nor the property owner had any objections to any of the proposed conditions of approval.

26. No member of the public testified at the hearing.
27. Supplemental materials were submitted by Staff at the hearing. Those items were Exhibits 28, 29 and 30.
29. The proposal is appropriate in design, character and appearance with the goals and policies for the land use designation in which the proposed use is located.
30. The proposed use will not cause significant adverse impacts on the human or natural environments that cannot be mitigated by conditions of approval.
31. The proposal will be served by adequate facilities including access, fire protection, water, storm water control, and sewage disposal facilities.
32. Any Conclusion of Law that is more correctly a Finding of Fact is hereby incorporated as such by this reference.

II. RECOMMENDED CONCLUSIONS OF LAW

1. The Hearing Examiner has been granted authority to render this recommended decision.
2. As conditioned, the development meets the goals, policies and implementation recommendations as set forth in the Kittitas County Comprehensive Plan.
3. As conditioned, this proposal is consistent with applicable federal and state laws and regulations.
4. Public use and interest will be served by approval of this proposal.
5. As conditioned, the proposal is consistent with Kittitas County Code Title 12 Roads and Bridges, Title 13 Water and Sewer, Title 14 Building and Construction, Title 15 Environmental Policy, Title 17 Zoning, Title 17A Critical Areas, and Title 20 Fire Life Safety.
6. Any Finding of Fact that is more correctly a Conclusion of Law is hereby incorporated as such by this reference.

III. RECOMMENDED DECISION

Based on the above Findings of Fact and Conclusions of Law, the Hearing Examiner hereby recommends that Application RZ-1400001 Butler, be **APPROVED** subject to the following Conditions of Approval.

IV. RECOMMENDED CONDITIONS OF APPROVAL

All Conditions of Approval shall apply to the applicant, and the applicant's heirs, successors in interest and assigns.

1. The project shall proceed in substantial conformance with the plans and application materials (RZ-14-00001 Butler Rezone) on file dated January 9, 2014, and all submitted revisions except as amended by the conditions herein.
2. The applicant is responsible for compliance with all applicable local, state and federal rules and regulations, and must obtain all appropriate permits and approvals.
3. The rezone from Highway Commercial to Light Industrial does not become effective until such time that the final occupancy permit is issued by Kittitas County Building Department on phase one of this proposal.
4. Based on comments received during the public comment period and other information submitted with this project permit application, A SEPA Mitigation Determination of Non-Significance (MDNS) was issued by Community Development Services on October 31, 2013. The following are the mitigation contained within the MDNS and shall be conditions of approval:

I. Transportation

- A. Access: This project proposes to change the use of the existing access from the county road. The access must be improved to meet commercial standards. An access permit must be applied for and issued prior to beginning any work within the county right of way. Access must be completed prior to issuance of an occupancy or final approval.
- B. The Subject property has frontage along both Airport Road and the State Highway 903 Spur (SR 903_Spur). SR 903 Spur is a Class 3 access managed highway with a posted speed limit of 45 miles per hour. The applicant proposes all access from Airport Road; WSDOT is in agreement. For the safety and security of the highway, no direct access to the SR 903 Spur will be allowed.
 - i. Future access to the SR 903 Spur will only be allowed when a two-

way left turn lane is built on the spur between the SR 903 and SR 970 intersections. There is no State funding for this improvement and the cost is anticipated to be paid for by the developer(s).

- C. All loads transported on WSDOT right-of-ways must be within the legal size and load limits, or have a valid oversize and/or overweight permit.

II. Water

- A. Activities such as road widening, stump pulling and clearing, grading and fill work and utility placements may require a NPDES Construction Stormwater Permit issued by the Department of Ecology prior to start of construction. This permit requires the preparation of a Stormwater Pollution Prevention Plan. It is the applicant's responsibility to contact the Department of Ecology.
- B. On-site stormwater management that conforms to the specifications of the most current version of the Stormwater management Manual for Eastern Washington is required of this development. Stormwater systems shall be designed to store stormwater generated by a 24-hour, 25-year storm event. Stormwater system designs shall be prepared and stamped by a civil engineer licensed in the State of Washington. The stormwater system design shall be presented to Public Works and reviewed by the County Engineer prior to issuance of a building permit. The stormwater system construction shall be certified by a licensed engineer prior to issuance of an occupancy permit.
- C. Withdrawals of groundwater on the subject property are subject to the rules and regulations adopted and administrated by the Washington State Department of Ecology; this includes the use of water for irrigation. Legally obtained water must be used on-site.
- D. Chapter 173-150 WAC provides for the protection of existing rights against impairment, i.e. interruption or interference in the availability of water. If water supply in an area becomes limited, use could be curtailed by those with senior water rights.
- E. Prior to receiving any type of building permit in Kittitas County, applicants shall be required to make appropriate provisions for potable water supplies per RCW 58.17.110 which includes, but is not limited to, the minimum requirements outlined in the Kittitas County Board of Commissioners Resolution 2012-027 (see attached).
- F. The Washington State Department of Health, Office of Drinking Water requires an approved water system for this project.

III. Air

- A. If the applicant plans to burn trees or debris from the property, the applicant shall obtain a burn permit from the Department of Ecology. Only natural unprocessed vegetation may be burned in an outdoor fire. It is the applicant's responsibility to contact the Department of Ecology regarding this permit.
- B. Washington Administrative Code (WAC) 173-400-040 requires that reasonable precautions be taken to prevent dust from leaving the project site. Additionally, dust is prohibited from interfering unreasonably with the use and enjoyment of property, causing health impacts or damaging property or business. As a result, the applicant shall be responsible for creating a site-specific Fugitive Dust Control Plan (FDCP) before starting this project. The plan shall be followed throughout the duration of any activity and construction of the project.

IV. Septic

- A. As of the date of this determination, there are no permitted septic systems for this proposed project. The applicant will need to follow WAC 246-272A to comply with state and local regulations. Please contact the Kittitas County Public Health Department for assistance. Septic permits must be issued prior to issuance of any building permits.

V. Fire & Life Safety

- A. "No Parking" Signage will be required for apparatus access. If such signage is not posted, an additional 15' in width will be required for the roads.
- B. All future development must comply with the International Fire Code.
- C. A Knox key or switch is required on gate entrance for emergency services.
- D. The driveway for the new property must comply with Kittitas County Code, i.e. any driveway greater in length than 150' shall be no less than 16 feet in width.
- E. Addresses of all new residences shall be clearly visible from both directions at the county road.

VI. Irrigation Services

- A. The subject property is not within the boundaries of Irrigation.
- B. Irrigation delivery shall not be impaired at any time to the surrounding farming practices and all costs associated with any potential relocation of

irrigation delivery routes shall be the burden of the developer and not that of the surrounding landowners.

VII. Light and Aesthetics

- A. All outdoor lighting shall be shielded and directed downward to minimize the effect to nearby residential properties.
- B. RCW 17.10.140 Landowners are responsible for controlling and preventing the spread of noxious weeds. Accordingly, the Kittitas County Noxious Weed Board recommends immediate reseeded of areas disturbed by development to preclude the proliferation of noxious weeds.
- C. All landscaping in the development area and its immediate surroundings shall follow the landscaping plan submitted with the Rezone application.

VIII. Noise

- A. Development and construction practices for this project shall only occur between the hours of 7:00 am and 7:00 pm to minimize the effect of construction noise on nearby residential properties.

IX. Historic and Cultural Preservation

- A. Should ground disturbing or other activities related to the proposed conditional use permit result in the inadvertent discovery of cultural or archaeological materials, work shall be stopped in the immediate area and contact be made with the Washington State Department of Archaeology and Historic Preservation (DAHP). Work shall remain suspended until the find is assessed and appropriate consultation is conducted. Should human remains be inadvertently discovered, as dictated by Washington State RCW 27.44.055, work shall be immediately halted in the area and contact made with the coroner and local law enforcement in the most expeditious manner possible.

X. Building

- A. Certificate of Occupancy must be granted by Kittitas County Building Department prior to final of Rezone.
- B. All structures will require full Washington State Engineering.
- C. All restrooms on site must meet ADA requirements.

Dated this 30th day of July, 2014.

Kirk Holmes, Director

DETERMINATION OF CONCURRENCY FINDING

Project: TC-13-00006 Willard Lot 2 SP-13-00006

Description: Self storage with approximately 132 units.

Proponent: Vicki Butler
PO Box 532
South Cle Elum, WA 98926

Landowner: Essen Butler
800 5th Ave, #101-442
Seattle, WA 98104

Location: The project is located at 740 Airport Road, Cle Elum, WA, in a portion of Section 36, T20N, R15E, WM in Kittitas County. Assessor's map number: 20-15-36058-0003.

Serving Roadway: Airport Road (Cle Elum)

Capacity Allocation: 37 ADT (ITE 151 - Mini-Storage)

Kittitas County Department of Public Works has determined there will not be a significant impact to the County roads serving this project and there is sufficient capacity on the serving roadways for the additional traffic to be generated by this project. No mitigation will be required. This decision was made after review of the completed transportation concurrency management application which is on file with Public Works. This information is available to the public on request.

This concurrency finding is issued under KCC 12.10. This determination may be appealed within 15 days of this notification to the Road Variance Committee. The applicant may request reconsideration of the results of the concurrency evaluation by the Public Works Director within 15 days of this notification.

Signed: CWorman

Phasing Plan

- Phase 1
 - Two buildings located along the northern boundary of the property. Proposed to begin as soon as pertinent permits are issued.
- Phase 2
 - Two buildings, one on east and one on west side of property.
- Phase 3
 - Two buildings located in the center of property.

Phases 2 & 3 are proposed to begin within 5 years of Phase 1.

Site Plan

Critical Areas Checklist

Track: April 22, 2014

Application File Number: 1321410001

Permit: Utility Construction

1) FEMA required? Yes No

2) Flood history required? Yes No

3) Project inside a Fire District? Yes No

If so, which one? Fire District: De Bum

4) Does project have an Ingestion District? Yes No

If so, which one? Ingestion District: De Bum

5) Does project have an Ingestion Approval? Yes No

Which School District? De Bum / Poplar School District

6) Does project have a USAR? Yes No

If so, which one? De Bum

7) Does FEMA Floodplain cover the project parcel? Yes No

If so, which zone? A

8) What is the FEMA Panel Number? 3300550042

9) Does the project parcel intersect a Floodway? Yes No

10) Does the project parcel contain a portion of the stream? Yes No

If so, what is the Water Body?

11) What is the designation?

12) Does the project parcel contain a Classified Stream? Yes No

If so, what is the Classification? Type III Minimum

13) Does the project parcel contain a Wetland? Yes No

If so, what is it called?

14) Does the project parcel intersect a PMS Designation? Yes No

If so, what is the Site Name?

15) Does the parcel have a pipe in the project parcel? Yes No

If so, what is it?

16) Does the project parcel abut a DOT road? Yes No

If so, which one? SR 970

17) Does the project parcel abut a Forest Service road? Yes No

If so, which one?

18) Does the project parcel intersect an Airport Overlay zone? Yes No

If so, which Zone is it in?

19) Does the project parcel intersect a BPA right of way or line? Yes No

If so, which one?

20) Is the project parcel in or near a Mineral Resource Land? Yes No

If so, which one?

21) Is the project parcel in or near a DNF Landslide area? Yes No

If so, which one?

22) Is the project parcel in or near a Coal Mine area? Yes No

23) What is the Seismic Designation? D1

24) Does the Project Application have a Title Report Attached?

25) Does the Project Application have a Recorded Survey Attached?

26) Have the Current year's Taxes been paid?

Critical Areas and Related GIS Administrative Information

An administrative critical areas review was done in compliance with KCC 17A. The subject property contains a 100- year floodplain. This area will not be impacted by this proposal as the proposed storage units are located north of the extents of the floodplain boundary.

Critical Area: 100 Year Floodplain

STAFF REPORT BUTLER REZONE (RZ-14-00001)

TO: Kittitas County Hearing Examiner
FROM: Kittitas County Community Development Services Staff
RE: Butler Rezone (RZ-14-00001)
DATE: July 24, 2014 [hearing date]

I. GENERAL INFORMATION

Requested Action:

Vicki Butler has submitted a rezone application with associated site plan and project narrative to change the current zoning from Highway Commercial to Light Industrial in the Cle Elum Urban Growth Area, and to construct mini-storage units in three (3) phases. This proposed use is an allowed use in the light industrial zone per KCC 17.15.080.1.D – mini-warehouse.

Location: The subject property consists of one (1) parcel, located just east of the City of Cle Elum in the Cle Elum Urban Growth Area between Airport Road and SR 970, in a portion of Section 36, T20N, R15E, WM in Kittitas County, bearing Assessor's map number 20-15-36058-0003.

II. SITE INFORMATION

Total Project Size: 2.51 acres
Number of Lots: 1 (no new lots being proposed)
Domestic Water: None requested/proposed at this time.
Sewage Disposal: Proposing to use sani-can(s) if necessary.
Power/Electricity: Puget Sound Energy
Fire Protection: Fire District 7 (Cle Elum)
Irrigation District: N/A

Site Characteristics: The site is a relatively flat vacant land located within the Cle Elum UGA. The area is comprised of commercial, industrial, agricultural, and residential uses.

Surrounding Property:

North: Residential/Agriculture
South: undeveloped and state highways
East: Residential/Agriculture
West: Cle Elum Urban Growth Area/Light Industrial/Cle Elum City Limits

Access: The proposed project will have access from Airport Road; per WSDOT, no direct access from the SR 903 Spur will be allowed at this time.

Zoning and Development Standards: The subject property is currently located within the Highway Commercial zoning district and is within the Cle Elum Urban Growth Area. Light Industrial zoning is being requested, which is an appropriate zoning designation within the UGA and Urban land use designation. The purpose and intent of the Light Industrial zone is to preserve areas for industrial and related uses of such a nature that they do not create serious problems of compatibility with other kinds of land uses and to protect such zones from encroachment by conflicting land uses.

III. ADMINISTRATIVE REVIEW

Rezone Application with associated site plan: Application for a rezone from Highway Commercial to Light Industrial was received on January 9, 2014. The application was deemed complete on March 25, 2014. A Notice of Application was issued on April 14, 2014. This notice was published in the official county paper of record and was mailed to jurisdictional government agencies, adjacent property owners within 500 feet and other interested parties.

Posting of Site: The signed Affidavit of Posting was returned to CDS on March 26, 2014 indicating that the site had been accurately posted with the "Land Use Action" sign as provided by CDS and required per KCC 15A.03.110.

IV. COMPREHENSIVE PLAN

The current land use designation is **Urban**, specifically it is located within the Cle Elum Urban Growth Area (UGA). Under the 2013 Comprehensive Plan, Kittitas County has established the following goals and policies to guide future development through a 20 year planning window, assuming developed areas will be annexed into the adjacent cities. These goals and policies were developed in an effort to ensure consistency and coordination with the future annexing jurisdiction while still under County jurisdiction, and support the County Wide Planning Policies:

GPO 2.30A Consideration for all future development should be the adaptability of a proposal to both public and private utilities such as municipal water and sewer systems.

GPO 2.32A Encourage and accommodate future expansion of utilities and roadways in a logical manner for new development in urban growth areas. Expansion of utilities and roadways shall not be made exclusively to accommodate new development outside of urban growth areas.

GPO 2.32B Adopt urban growth area (UGA) boundaries to accommodate residential and employment increases projected within the boundaries over the next 20 years.

GPO 2.34 The UGAs shall be consistent with the following criteria: *[emphasis on provided excerpts]*

- b. Lands included within UGAs shall either be already characterized by urban growth or directly adjacent to such lands;
- d. UGAs shall provide a balance of industrial, commercial, and residential lands.
- f. Protect natural resource and critical areas.
- g. Encourage the conversion of undeveloped lands into urban densities (infill).

GPO 2.44 Location of Industrial Land. The County should designate sufficient industrial land located in areas convenient to utilizes, fire protection, and to major transportation facilities (air, rail, freeway). Industrial developments may be permitted beyond urban growth areas, when zoning allows.

GPO 2.45 Compatibility. Industry located adjacent to residential areas or along scenic routes should be situated so as to minimize impacts on those areas and should provide screening and other measures to achieve compatibility.

V. REZONE CRITERIA

The following criteria must be met per KCC 17.98.020.6 (a-h).

- a) The proposed amendment is compatible with the comprehensive plan; and
- b) The proposed amendment bears a substantial relation to the public health, safety or welfare; and

- c) The proposed amendment has merit and value for Kittitas County or a sub-area of the county; and
- d) The proposed amendment is appropriate because of changed circumstances or because of a need for additional property in the proposed zone or because the proposed zone is appropriate for reasonable development of the subject property; and
- e) The subject property is suitable for development in general conformance with zoning standards for the proposed zone; and
- f) The proposed amendment will not be materially detrimental to the use of properties in the immediate vicinity of the subject property; and
- g) The proposed change in use of the subject property shall not adversely impact irrigation water deliveries to other properties; and
- h) The proposed amendment is in full compliance with KCC 17.13 Transfer of Development Rights.

Staff responds to the above criteria with the following:

- a) The proposed amendment is compatible with the comprehensive plan.

Staff Response: This project proposes to build mini-warehouse style storage units which are an allowed use in the Light Industrial Zone. Additionally, this proposal is currently located in the Cle Elum Urban Growth Area with a comprehensive plan designation of Urban and is adjacent to the east of property currently zoned light industrial. The requested zone change from highway commercial to light industrial is compatible with the 2013 Comprehensive Plan.

- b) The proposed amendment bears a substantial relation to the public health, safety or welfare.

Staff Response: This amendment will not be detrimental to the health, safety, or welfare of the public. It is proposing to provide ADA approved sani-can(s) and will be fully fenced with security card access to ensure limited access. Additionally, the applicant has proposed to provide a variety of pine trees along Airport Road and the back side of the building as a site buffer.

- c) The proposed amendment has merit and value for Kittitas County or a sub-area of the county.

Staff Response: The proposed amendment will provide for a new business opportunity in the County that will be landscaped and secure. This also meets the goals, policies, and objectives of the Comprehensive Plan by adding to the mix of uses in the UGA.

- d) The proposed amendment is appropriate because of changed circumstances or because of a need for additional property in the proposed zone or because the proposed zone is appropriate for reasonable development of the subject property.

Staff Response: The proposed rezone is appropriate for reasonable development of the subject property. This rezone to light industrial will make the property more conforming to the adjacent property to the west, which is already zoned light industrial.

- e) The subject property is suitable for development in general conformance with zoning standards for the proposed zone.

Staff Response: The existing zoning designation is highway commercial and the proposed zoning designation is light industrial; both zoning designations are compatible within the UGA. Further, the proposed use of mini-storage is a permitted use in the proposed light industrial zone.

- f) The proposed amendment will not be materially detrimental to the use of properties in the immediate vicinity of the subject property.

Staff Response: The proposed amendment will not be materially detrimental to the properties in the immediate vicinity of the subject property. Adjacent to the west is property currently used for landscape materials storage. The property is bordered by Airport Road to the north. North and east of the proposal is property that is used for residential and agricultural purposes; this area is located outside of the UGA. Adjacent to the south is the SR 903 Spur and Interstate-90. This proposal is compatible with the existing uses in the area.

- g) The proposed changes in use of the subject property shall not adversely impact irrigation water deliveries to other properties.

Staff Response: There are no irrigation districts in this area. Irrigation will not be impacted.

- h) The proposed amendment is in full compliance with KCC 17.13 Transfer of Development Rights.

Staff Response: Upon review of KCC 17.13 Transfer of Development Rights, staff has determined that the request to rezone from highway commercial to light industrial is outside of the scope of consideration and the legislative intent of KCC 17.13 when it was adopted in 2009 and further amended in 2010 and 2011. Therefore, TDRs are not required for this rezone proposal.

V. ENVIRONMENTAL REVIEW

Based upon review of the submitted application materials including an environmental checklist, correspondence received during this 30 day comment period and other information on file with Community Development Services, a Mitigated Determination of Non-Significance (MDNS) was issued on July 3, 2014. The appeal period ended on July 18, 2014 at 5:00 p.m. No appeals were filed.

VI. AGENCY AND PUBLIC COMMENTS

Applicable agencies, adjacent property owners, and interested parties have been given the opportunity to review this proposal. All comments have been included as Exhibits in the Hearing Examiner packet.

VII. PROJECT ANALYSIS

In review of this proposal it is important to consider the goals and policies of the comprehensive plan, applicable county code, public and agency comments, any identified environmental concerns and state and federal requirements. Identified below is planning staff's analysis and consistency review for the subject application.

Comprehensive Plan Consistency:

The proposal is consistent with the goals and policies of the Kittitas County Comprehensive Plan. As referenced above in Section IV of this staff report, the following Comprehensive Plan GPOs apply to this proposal: GPO 2.30A; 2.32A; 2.32B; 2.34 (b, d, f, & g); 2.44; and 2.45. This proposal is consistent with the intent of the Urban Growth Areas of Kittitas County.

Consistency with the provisions of KCC Title 12 Roads and Bridges:

All roads and accesses are required to meet all Kittitas County Road Standards as outlined in the May 2, 2104 memorandum issued by the Department of Public Works. Additionally, the applicant must also abide by the requirements of Washington State Department of Transportation in their May 7, 2014 letter. As conditioned, the proposal is consistent with the provisions of KCC Title 12.

Consistency with the provisions of KCC 13 Water and Sewers Code:

This proposal with the recommended conditions is consistent with the Kittitas County Code for Water and Sewers.

Consistency with the provisions of KCC Title 14 Buildings and Construction:

This proposal with the recommended conditions is consistent with Kittitas County Code Title 14 for Building and Construction.

Consistency with the provisions of KCC 17.48, Light Industrial zoning:

This proposal is consistent with the Kittitas County Zoning Code 17.48. The proposal is compatible with KCC 17.48.020 referring to the uses table in KCC 17.15. Specifically, the proposed mini storage units are compatible as a permitted use with 17.15.080 (D) mini-warehouse.

Consistency with the provisions of KCC 17A Critical Areas Code:

Staff has conducted an administrative critical area review in accordance with KCC 17A and found critical areas present on-site. There is a DNR stream type 9 – unknown along the southern edge of the subject parcel. Additionally, there is a 100 year floodplain located in the southern area of the parcel. The proposed activities will take place north of the floodplain and unknown stream.

Consistency with the provisions of KCC 20 Fire and Life Safety Code:

This proposal with the recommended conditions is consistent with the Kittitas County Code for Fire Life Safety.

Agency Comments:

The following agencies provided comments during the comment period: Washington State Department of Transportation, Washington State Department of Health, Washington State Department of Ecology, Kittitas County Environmental Health, and Kittitas County Public Works. Additional comments were provided during the pre-application meeting held on December 18, 2013 from Kittitas County Fire Marshal and Building Department. These comments have been integrated into the SEPA MDNS and the recommended conditions of approval.

Public Comments:

No comments have been received from the public.

VIII. RECOMMENDATION

As conditioned below, the application is not detrimental to the general public health, safety or welfare and meets the basic intent and criteria associated with Titles 12, 13, 14, 17, 17A, and 20 of the Kittitas County Code and the Kittitas County Comprehensive Plan. Staff recommends approval of the Butler Rezone (RZ-14-00001) and associated site plan, subject to the following findings of fact and conditions:

Suggested Findings of Fact

1. Vicki Butler has submitted a rezone application with associated site plan and project narrative to change the current zoning from Highway Commercial to Light Industrial in the Cle Elum Urban Growth Area, and to construct mini-storage units in three (3) phases. This proposed use is an allowed use in the light industrial zone per KCC 17.15.080.1.D – mini-warehouse.
2. The subject property consists of one (1) parcel, located just east of the City of Cle Elum in the Cle Elum Urban Growth Area between Airport Road and SR 970, in a portion of Section 36, T20N, R15E, WM in Kittitas County, bearing Assessor's map number 20-15-36058-0003.
3. Total Project Size: 2.51 acres

Number of Lots: 1 (no new lots being proposed)
Domestic Water: None requested/proposed at this time.
Sewage Disposal: Proposing to use sani-can(s) if necessary.
Power/Electricity: Puget Sound Energy
Fire Protection: Fire District 7 (Cle Elum)
Irrigation District: N/A

4. Surrounding Property:
 - North: Residential/Agriculture
 - South: undeveloped and state highways
 - East: Residential/Agriculture
 - West: Cle Elum Urban Growth Area/Light Industrial/Cle Elum City Limits
5. Site Characteristics: The site is a relatively flat vacant land located within the Cle Elum UGA. The area is comprised of commercial, industrial, agricultural, and residential uses.
6. The Comprehensive Plan designation is Urban.
7. The subject property is zoned “Highway Commercial” and is proposing to be rezoned to “Light Industrial,” which allows for mini-warehouses as a permitted use.
8. A complete Rezone and Short Plat application was submitted to Community Development Services on March 27, 2013. A Notice of Application for said applications was issued on April 19, 2013. This notice was published in the official county paper of record and was mailed to jurisdictional government agencies, adjacent property owners and other interested parties. A complete application for a rezone from Highway Commercial to Light Industrial with associated site plan was received on January 9, 2014. The application was deemed complete on March 25, 2014. A Notice of Application was issued on April 14, 2014. This notice was published in the official county paper of record and was mailed to jurisdictional government agencies, adjacent property owners within 500 feet and other interested parties.
9. Based upon review of the submitted application materials including an environmental checklist, correspondence received during this 30 day comment period and other information on file with Community Development Services, a Mitigated Determination of Non-Significance (MDNS) was issued on July 3, 2014. The appeal period ended on July 18, 2014 at 5:00 p.m. No appeals were filed.
10. The proposal is consistent with the goals and policies of the Kittitas County Comprehensive Plan. As referenced above in Section IV of this staff report, the following Comprehensive Plan GPOs apply to this proposal: GPO 2.30A; 2.32A; 2.32B; 2.34 (b, d, f, & g); 2.44; and 2.45. This proposal is consistent with the intent of the Urban Growth Areas of Kittitas County.
11. As conditioned, this proposal is consistent with the provisions of Kittitas County Roads and Bridges Title 12.
12. As conditioned, this proposal is consistent with the provisions of KCC 13 Water and Sewers Code.
13. This proposal, as conditioned, is consistent with Kittitas County Code Title 14 Building and Construction.
14. This proposal is consistent with the Kittitas County Zoning Code Title 17, more specifically KCC 17.48.
15. This proposal is consistent with Kittitas County Code Title 17A Critical Areas.
16. This proposal, as conditioned, is consistent with Kittitas County Code Title 20 Fire Life Safety.

17. This proposal is a project specific rezone and will require that the mini-storage units be constructed in substantial conformance with the plans and application materials (RZ-14-00001 Butler Rezone) on file dated January 9, 2014 prior to the rezone on the County map taking effect.
18. Upon review of KCC 17.13 Transfer of Development Rights, it has been determined that the request to rezone from highway commercial to light industrial is outside of the scope of consideration and the legislative intent of KCC 17.13 when it was adopted in 2009 and further amended in 2010 and 2011. Therefore, TDRs are not required for this rezone proposal.
19. The following agencies provided comments during the comment period: Washington State Department of Transportation, Washington State Department of Health, Washington State Department of Ecology, Kittitas County Environmental Health, and Kittitas County Public Works. Additional comments were provided during the pre-application meeting held on December 18, 2013 from Kittitas County Fire Marshal and Building Department. These comments have been integrated into the SEPA MDNS and the recommended conditions of approval. No comments have been received from the public.

Suggested Conclusions:

1. As conditioned, the development meets the goals, policies and implementation recommendations as set forth in the Kittitas County Comprehensive Plan.
2. As conditioned, this proposal is consistent with applicable federal and state laws and regulations.
3. Public use and interest will be served by approval of this proposal.
4. As conditioned, the proposal is consistent with Kittitas County Code Title 12 Roads and Bridges, Title 13 Water and Sewer, Title 14 Building and Construction, Title 15 Environmental Policy, Title 17 Zoning, Title 17A Critical Areas, and Title 20 Fire Life Safety.

Suggested Conditions of Approval:

1. The project shall proceed in substantial conformance with the plans and application materials (RZ-14-00001 Butler Rezone) on file dated January 9, 2014, and all submitted revisions except as amended by the conditions herein.
2. The applicant is responsible for compliance with all applicable local, state and federal rules and regulations, and must obtain all appropriate permits and approvals.
3. The rezone from Highway Commercial to Light Industrial does not become effective until such time that the final occupancy permit is issued by Kittitas County Building Department on phase one of this proposal.
4. Based on comments received during the public comment period and other information submitted with this project permit application, A SEPA Mitigation Determination of Non-Significance (MDNS) was issued by Community Development Services on October 31, 2013. The following are the mitigation contained within the MDNS and shall be conditions of approval:
 - I. Transportation**
 - A. Access: This project proposes to change the use of the existing access from the county road. The access must be improved to meet commercial standards. An access permit must be applied for

and issued prior to beginning any work within the county right of way. Access must be completed prior to issuance of an occupancy or final approval.

- B. The Subject property has frontage along both Airport Road and the State Highway 903 Spur (SR 903 Spur). SR 903 Spur is a Class 3 access managed highway with a posted speed limit of 45 miles per hour. The applicant proposes all access from Airport Road; WSDOT is in agreement. For the safety and security of the highway, no direct access to the SR 903 Spur will be allowed.
 - i. Future access to the SR 903 Spur will only be allowed when a two-way left turn lane is built on the spur between the SR 903 and SR 970 intersections. There is no State funding for this improvement and the cost is anticipated to be paid for by the developer(s).
- C. All loads transported on WSDOT right-of-ways must be within the legal size and load limits, or have a valid oversize and/or overweight permit.

II. Water

- A. Activities such as road widening, stump pulling and clearing, grading and fill work and utility placements may require a NPDES Construction Stormwater Permit issued by the Department of Ecology prior to start of construction. This permit requires the preparation of a Stormwater Pollution Prevention Plan. It is the applicant's responsibility to contact the Department of Ecology.
- B. On-site stormwater management that conforms to the specifications of the most current version of the Stormwater management Manual for Eastern Washington is required of this development. Stormwater systems shall be designed to store stormwater generated by a 24-hour, 25-year storm event. Stormwater system designs shall be prepared and stamped by a civil engineer licensed in the State of Washington. The stormwater system design shall be presented to Public Works and reviewed by the County Engineer prior to issuance of a building permit. The stormwater system construction shall be certified by a licensed engineer prior to issuance of an occupancy permit.
- C. Withdrawals of groundwater on the subject property are subject to the rules and regulations adopted and administrated by the Washington State Department of Ecology; this includes the use of water for irrigation. Legally obtained water must be used on-site.
- D. Chapter 173-150 WAC provides for the protection of existing rights against impairment, i.e. interruption or interference in the availability of water. If water supply in an area becomes limited, use could be curtailed by those with senior water rights.
- E. Prior to receiving any type of building permit in Kittitas County, applicants shall be required to make appropriate provisions for potable water supplies per RCW 58.17.110 which includes, but is not limited to, the minimum requirements outlined in the Kittitas County Board of Commissioners Resolution 2012-027 (see attached).
- F. The Washington State Department of Health, Office of Drinking Water requires an approved water system for this project.

III. Air

- A. If the applicant plans to burn trees or debris from the property, the applicant shall obtain a burn permit from the Department of Ecology. Only natural unprocessed vegetation may be burned in

an outdoor fire. It is the applicant's responsibility to contact the Department of Ecology regarding this permit.

- B. Washington Administrative Code (WAC) 173-400-040 requires that reasonable precautions be taken to prevent dust from leaving the project site. Additionally, dust is prohibited from interfering unreasonably with the use and enjoyment of property, causing health impacts or damaging property or business. As a result, the applicant shall be responsible for creating a site-specific Fugitive Dust Control Plan (FDCP) before starting this project. The plan shall be followed throughout the duration of any activity and construction of the project.

IV. Septic

- A. As of the date of this determination, there are no permitted septic systems for this proposed project. The applicant will need to follow WAC 246-272A to comply with state and local regulations. Please contact the Kittitas County Public Health Department for assistance. Septic permits must be issued prior to issuance of any building permits.

V. Fire & Life Safety

- A. "No Parking" Signage will be required for apparatus access. If such signage is not posted, an additional 15' in width will be required for the roads.
- B. All future development must comply with the International Fire Code.
- C. A Knox key or switch is required on gate entrance for emergency services.
- D. The driveway for the new property must comply with Kittitas County Code, i.e. any driveway greater in length than 150' shall be no less than 16 feet in width.
- E. Addresses of all new residences shall be clearly visible from both directions at the county road.

VI. Irrigation Services

- A. The subject property is not within the boundaries of Irrigation.
- B. Irrigation delivery shall not be impaired at any time to the surrounding farming practices and all costs associated with any potential relocation of irrigation delivery routes shall be the burden of the developer and not that of the surrounding landowners.

VII. Light and Aesthetics

- A. All outdoor lighting shall be shielded and directed downward to minimize the effect to nearby residential properties.
- B. RCW 17.10.140 Landowners are responsible for controlling and preventing the spread of noxious weeds. Accordingly, the Kittitas County Noxious Weed Board recommends immediate reseeding of areas disturbed by development to preclude the proliferation of noxious weeds.
- C. All landscaping in the development area and its immediate surroundings shall follow the landscaping plan submitted with the Rezone application.

VIII. Noise

- A. Development and construction practices for this project shall only occur between the hours of 7:00 am and 7:00 pm to minimize the effect of construction noise on nearby residential properties.

IX. Historic and Cultural Preservation

- A. Should ground disturbing or other activities related to the proposed conditional use permit result in the inadvertent discovery of cultural or archaeological materials, work shall be stopped in the immediate area and contact be made with the Washington State Department of Archaeology and Historic Preservation (DAHP). Work shall remain suspended until the find is assessed and appropriate consultation is conducted. Should human remains be inadvertently discovered, as dictated by Washington State RCW 27.44.055, work shall be immediately halted in the area and contact made with the coroner and local law enforcement in the most expeditious manner possible.

X. Building

- A. Certificate of Occupancy must be granted by Kittitas County Building Department prior to final of Rezone.
- B. All structures will require full Washington State Engineering.
- C. All restrooms on site must meet ADA requirements.

KITTITAS COUNTY HEARING EXAMINER
Andrew L. Kottkamp, Hearing Examiner

AGENDA

Thursday, July 24, 2014 @ 6:00PM

KITTITAS COUNTY COURTHOUSE, COMMISSIONERS' AUDITORIUM ROOM 109
205 WEST 5TH AVENUE, ELLENSBURG, WA 98926

Procedure for Participation – Please Sign in Legibly – When Recognized:

- State your name, address and whether you are representing only yourself or others. All remarks/comments should be addressed to the Hearing Examiner and not to the audience. Questions should be addressed to the Hearing Examiner.
- Please limit Applicant Presentation to fifteen (15) minutes; Public Testimony to three (3) minutes.
- Submit all written comments or other media to the Hearing Examiner as an exhibit for the permanent record.

- I. CALL TO ORDER
- II. ADMINISTRATIVE MATTERS
- III. OLD BUSINESS - None
- IV. NEW BUSINESS –
 - a. Butler Rezone - RZ-14-00001

Application is for a project specific rezone with associated site plan and project narrative to change the current zoning from Highway Commercial to Light Industrial and to construct mini-storage unites in three (3) phases on one parcel 2.51 acres in size. This proposed use is an allowed use in the light industrial zone per KCC 17.15.080.1.D – mini-warehouse. The site is located just east of the City of Cle Elum in the Cle Elum Urban Growth Area between Airport Road and SR 970, in a portion of Section 36, T20N, R15E, W.M. in Kittitas County, bearing Assessor's map number 20-15-36058-0003.

- V. OTHER BUSINESS – None
- VI. ADJOURN

Subject: RE: Layout

Hi Essen,

You can submit a new layout if you wish, however if there are tweaks you need to make to the layout you have already proposed those can be discussed at the preapplication meeting that will be required prior to submittal of your building permit since this will be a commercial structure. It will not be a substantial change to your CUP therefore a new proposed layout is not necessary at this stage of the process. The spacing between the interior buildings is something that will need to be discussed with the building department and the fire marshal's office.

I hope this addresses your questions at this time.

Regards,

Lindsey Ozbolt

Subject: Layout

Hi,

Is it possible at this point to make changes to our site layout? Specifically in regards to the spacing between the interior buildings from 40' to 24'. Also making the east and west buildings 24' from the property line instead of the 15' setback.

Thank you,

Essen Butler

Good morning.

As far as our office is concerned, the more open space around a structure, the better. Providing a driveway around the back side of the building could potentially serve two purposes; one as defensible space and the second as fire apparatus access.

One point to consider is what defensible space will be required. If the property is in an IR1 area, it is highly unlikely that a mere 15' of defensible space would suffice. You will want to check into this prior to submitting for any building permit.

Let me know if you have additional questions.

Subject: RE: Automatic reply: Fwd: Butler Rezone (RZ-14-00001) Transmittal of Comments

Hello Essen,

In regards to your question about the use of the 15' setback, from a land use perspective you can use that area as a driveway. I am not sure if Public Works or Fire Marshal's office will have an issue with that however. Please contact Christina Wolman in public works and Brenda Larsen or Josh Hink in the Fire Marshal's office for clarification. I have included both offices on this email.

Kaycee also mentioned you are looking for a time frame on the remaining processing of your application. The Hearing Examiner is scheduled for July 24th at 6pm. The applicant or its representative should be in attendance and you will be given up to 15 minutes to present any information regarding your project to the Hearing Examiner you would like. Once the hearing examiner closes the open record hearing he will have 10 business days to provide his recommendation. Once the recommendation has been received by CDS, we will schedule the closed record hearing before the board of county commissioners. Most likely this will occur in late August or early September. The commissioners only hear these types of applications on the 1st and 3rd Tuesday of every month at 10am. Once the commissioners vote, they will direct staff to prepare the resolution and they will sign it at their next Tuesday meeting. From that date there is a 21 day LUPA (land use petition act) appeal process. Only those who have standing in the record can file a LUPA against a project. As always, this is best case scenario.

I hope this information is helpful. Please let me know if you have any further questions.

Regards,

Lindsey Ozbolt

Hi,

I have a question for you. Do you know if you can use the 15' setback area as a driveway to access the back side of a building?

Thank you,

Essen

**Notice of SEPA Action & Notice of Public Hearing
Butler Rezone (RZ-14-00001)**

An Application was submitted for a project related rezone from Highway Commercial to Light Industrial to construct mini storage units in (3) phases on a 2.51 acre parcel. The subject property located just east of the City of Cle Elum in the Cle Elum Urban Growth Area between Airport Road and SR 970, in a portion of Section 36, T20N, R15E, WM in Kittitas County, bearing Assessor's map number 20-15-36058-0003.

NOTICE IS HEREBY given that an open record public hearing regarding the above application shall be held before the Kittitas County Hearing Examiner on Thursday, July 24, 2014 at 6:00 p.m. in the Kittitas County Courthouse Auditorium, Ellensburg, WA. 98926. Anyone with an interest in this matter is urged to attend said hearing where testimony will be taken. Written comments will be received and documents may be viewed at Kittitas County Community Development Services 411 North Ruby, Suite 2 Ellensburg, WA 98926 prior to the hearing. Interested persons are encouraged to verify prior to attending.

NOTICE IS HEREBY given that pursuant to WAC 197-11-340, Kittitas County Community Development Services did on, July 3, 2014, issue a Final Mitigated Determination of Non-Significance (MDNS) on a project action from Essen Butler for a Rezone to construct mini storage units in (3) phases.

The lead agency for this proposal, Kittitas County Community Development Services, has determined that the proposal will not have a probable significant adverse impact on the environment. An Environmental Impact Statement (EIS) is not required under RCW 43.21C.030 (2)(c) and WAC 197-11. This decision was made after review of a completed environmental checklist and other information on file with the lead agency.

A Notice of Application and intent to utilize the optional DNS process was issued and published in the legal newspaper of record on April 14, 2014 establishing a 15 day comment period for all interested persons, parties, and agencies. As per WAC 197-11-340 & 390 the lead agency is issuing the Mitigated Determination of Non-Significance (MDNS) for this proposal. The complete application file (RZ-14-00001 Butler) may be viewed at Kittitas County Community Development Services, or on the Web at: <http://www.co.kittitas.wa.us/cds/current/> under "Rezoning".

Any action to set aside, enjoin, review, or otherwise challenge such administrative SEPA action on the grounds of noncompliance with the provisions of chapter 43.21RCW shall be commenced on or before July 18, 2014 at 5:00 p.m. to the Kittitas County Board of Commissioners, Rm. 108, County Courthouse, Ellensburg, WA 98926.

State Environmental Policy Act
MITIGATED DETERMINATION OF NONSIGNIFICANCE

Project: Butler Rezone (RZ-14-00001)

Description: A rezone from Highway Commercial to Light Industrial to construct mini storage units in three (3) phases.

Proponent: Essen Butler (Landowner)
PO Box 532
South Cle Elum, WA 98943

Location: 1 parcel, located just east of the City of Cle Elum in the Cle Elum Urban Growth Area between Airport Road and SR 970, in a portion of Section 36, T20N, R15E, WM in Kittitas County, bearing Assessor's map number 20-15-36058-0003.

Lead Agency: Kittitas County Community Development Services

The lead agency for this proposal has determined that the proposal will not have a probable significant adverse impact on the environment. An Environmental Impact Statement (EIS) is not required under RCW 43.21C.030 (2) (c) and WAC 197-11. This decision was made after review of a SEPA environmental checklist and other information on file with the lead agency, after considering voluntary mitigation measures which the lead agency or the applicant will implement as part of the proposal, and after considering mitigation measures required by existing laws and regulations that will be implemented by the applicant as part of the Kittitas County permit process. The responsible official finds this information reasonably sufficient to evaluate the environmental impact of this proposal. This information is available to the public on request.

The lead agency has determined that certain mitigation measures are necessary in order to issue a Mitigated Determination of Non-Significance (MDNS) for this proposal. Failure to comply with the mitigation measures identified hereafter will result in the issuance of a Determination of Significance (DS) for this project. The mitigation measures include the following:

I. Transportation

- A. Access: This project proposes to change the use of the existing access from the county road. The access must be improved to meet commercial standards. An access permit must be applied for and issued prior to beginning any work within the county right of way. Access must be completed prior to issuance of an occupancy or final approval.
- B. The Subject property has frontage along both Airport Road and the State Highway 903 Spur (SR 903Spur). SR 903 Spur is a Class 3 access managed highway with a posted speed limit of 45 miles per hour. The applicant proposes all access from Airport Road; WSDOT is in agreement. For the safety and security of the highway, no direct access to the SR 903 Spur will be allowed.

- i. Future access to the SR 903 Spur will only be allowed when a two-way left turn lane is built on the spur between the SR 903 and SR 970 intersections. There is no State funding for this improvement and the cost is anticipated to be paid for by the developer(s).
- C. All loads transported on WSDOT right-of-ways must be within the legal size and load limits, or have a valid oversize and/or overweight permit.

II. Water

- A. Activities such as road widening, stump pulling and clearing, grading and fill work and utility placements may require a NPDES Construction Stormwater Permit issued by the Department of Ecology prior to start of construction. This permit requires the preparation of a Stormwater Pollution Prevention Plan. It is the applicant's responsibility to contact the Department of Ecology.
- B. On-site stormwater management that conforms to the specifications of the most current version of the Stormwater management Manual for Eastern Washington is required of this development. Stormwater systems shall be designed to store stormwater generated by a 24-hour, 25-year storm event. Stormwater system designs shall be prepared and stamped by a civil engineer licensed in the State of Washington. The stormwater system design shall be presented to Public Works and reviewed by the County Engineer prior to issuance of a building permit. The stormwater system construction shall be certified by a licensed engineer prior to issuance of an occupancy permit.
- C. Withdrawals of groundwater on the subject property are subject to the rules and regulations adopted and administrated by the Washington State Department of Ecology; this includes the use of water for irrigation. Legally obtained water must be used on-site.
- D. Chapter 173-150 WAC provides for the protection of existing rights against impairment, i.e. interruption or interference in the availability of water. If water supply in an area becomes limited, use could be curtailed by those with senior water rights.
- E. Prior to receiving any type of building permit in Kittitas County, applicants shall be required to make appropriate provisions for potable water supplies per RCW 58.17.110 which includes, but is not limited to, the minimum requirements outlined in the Kittitas County Board of Commissioners Resolution 2012-027 (see attached).
- F. The Washington State Department of Health, Office of Drinking Water requires an approved water system for this project.

III. Air

- A. If the applicant plans to burn trees or debris from the property, the applicant shall obtain a burn permit from the Department of Ecology. Only natural unprocessed vegetation may be burned in an outdoor fire. It is the applicant's responsibility to contact the Department of Ecology regarding this permit.
- B. Washington Administrative Code (WAC) 173-400-040 requires that reasonable precautions be taken to prevent dust from leaving the project site. Additionally, dust is prohibited from interfering unreasonably with the use and enjoyment of property, causing health impacts or damaging property or business. As a result, the applicant shall be responsible for creating a site-specific Fugitive Dust Control Plan (FDCP) before starting this project. The plan shall be followed throughout the duration of any activity and construction of the project.

IV. Septic

- A. As of the date of this determination, there are no permitted septic systems for this proposed project. The applicant will need to follow WAC 246-272A to comply with state and local regulations. Please contact the Kittitas County Public Health Department for assistance. Septic permits must be issued prior to issuance of any building permits.

V. Fire & Life Safety

- A. "No Parking" Signage will be required for apparatus access. If such signage is not posted, an additional 15' in width will be required for the roads.
- B. All future development must comply with the International Fire Code.
- C. A Knox key or switch is required on gate entrance for emergency services.
- D. The driveway for the new property must comply with Kittitas County Code, i.e. any driveway greater in length than 150' shall be no less than 16 feet in width.
- E. Addresses of all new residences shall be clearly visible from both directions at the county road.

VI. Irrigation Services

- A. The subject property is not within the boundaries of Irrigation.
- B. Irrigation delivery shall not be impaired at any time to the surrounding farming practices and all costs associated with any potential relocation of irrigation delivery routes shall be the burden of the developer and not that of the surrounding landowners.

VII. Light and Aesthetics

- A. All outdoor lighting shall be shielded and directed downward to minimize the effect to nearby residential properties.
- B. RCW 17.10.140 Landowners are responsible for controlling and preventing the spread of noxious weeds. Accordingly, the Kittitas County Noxious Weed Board recommends immediate reseeding of areas disturbed by development to preclude the proliferation of noxious weeds.
- C. All landscaping in the development area and its immediate surroundings shall follow the landscaping plan submitted with the Rezone application.

VIII. Noise

- A. Development and construction practices for this project shall only occur between the hours of 7:00 am and 7:00 pm to minimize the effect of construction noise on nearby residential properties.

IX. Historic and Cultural Preservation

- A. Should ground disturbing or other activities related to the proposed conditional use permit result in the inadvertent discovery of cultural or archaeological materials, work shall be stopped in the immediate area and contact be made with the Washington State Department of Archaeology and Historic Preservation (DAHP). Work shall remain suspended until the find is assessed and

appropriate consultation is conducted. Should human remains be inadvertently discovered, as dictated by Washington State RCW 27.44.055, work shall be immediately halted in the area and contact made with the coroner and local law enforcement in the most expeditious manner possible.

X. Building

- A. Certificate of Occupancy must be granted by Kittitas County Building Department prior to final of Rezone.
- B. All structures will require full Washington State Engineering.
- C. All restrooms on site must meet ADA requirements.

The above stated mitigation conditions listed above will be provided within conditions of the decision of the conditional use permit approval.

This Mitigated DNS is issued under WAC 197-11-355 and WAC 197-11-390; the lead agency will not act on this proposal for 10 working days. Any action to set aside, enjoin, review, or otherwise challenge this administrative SEPA action's procedural compliance with the provisions of Chapter 197-11 WAC shall be commenced on or before 5:00 pm, February 11, 2014.

Pursuant to Chapter 15A.04.020 KCC, this MDNS may be appealed by submitting specific factual objections in writing with a fee of \$500.00 to the Kittitas County Board of Commissioners, Kittitas County Courthouse Room 110, Ellensburg, WA 98926. Timely appeals must be received within 10 working days, or no later than 5:00 PM, July 18, 2014. Aggrieved parties are encouraged to contact the Board at (509) 962-7508 for more information on appeal process.

NOTICE OF SEPA ACTION & NOTICE OF PUBLIC HEARING

TO: Interested County Departments & Agencies with Jurisdiction
Adjacent Property Owners
Applicant

FROM: Lindsey Ozbolt, Staff Planner

DATE: July 3, 2014

SUBJECT: **Butler Rezone (RZ-14-00001)**

An Application was submitted by Essen Butler, landowner, for a project related rezone from Highway Commercial to Light Industrial to construct mini storage units in (3) phases on a 2.51 acre parcel. The subject property located just east of the City of Cle Elum in the Cle Elum Urban Growth Area between Airport Road and SR 970, in a portion of Section 36, T20N, R15E, WM in Kittitas County, bearing Assessor's map number 20-15-36058-0003.

NOTICE IS HEREBY given that an open record public hearing regarding the above application shall be held before the Kittitas County Hearing Examiner on Thursday, July 24, 2014 at 6:00 p.m. in the Kittitas County Courthouse Auditorium, Ellensburg, WA. 98926. Anyone with an interest in this matter is urged to attend said hearing where testimony will be taken. Written comments will be received and documents may be viewed at Kittitas County Community Development Services 411 North Ruby, Suite 2 Ellensburg, WA 98926 prior to the hearing. Interested persons are encouraged to verify prior to attending.

NOTICE IS HEREBY given that pursuant to WAC 197-11-340, Kittitas County Community Development Services did on, July 3, 2014, issue a Final Mitigated Determination of Non-Significance (MDNS) on a project action from Essen Butler for a Rezone to construct mini storage units in (3) phases.

The lead agency for this proposal, Kittitas County Community Development Services, has determined that the proposal will not have a probable significant adverse impact on the environment. An Environmental Impact Statement (EIS) is not required under RCW 43.21C.030 (2)(c) and WAC 197-11. This decision was made after review of a completed environmental checklist and other information on file with the lead agency.

A Notice of Application and intent to utilize the optional DNS process was issued and published in the legal newspaper of record on April 14, 2014 establishing a 15 day comment period for all interested persons, parties, and agencies. As per WAC 197-11-340 & 390 the lead agency is issuing the Mitigated Determination of Non-Significance (MDNS) for this proposal. The complete application file (RZ-14-00001 Butler) may be viewed at Kittitas County Community Development Services, or on the Web at: <http://www.co.kittitas.wa.us/cds/current/> under "Rezoning".

Any action to set aside, enjoin, review, or otherwise challenge such administrative SEPA action on the grounds of noncompliance with the provisions of chapter 43.21RCW shall be commenced on or before July 18, 2014 at 5:00 p.m. to the Kittitas County Board of Commissioners, Rm. 108, County Courthouse, Ellensburg, WA 98926.

If you have any questions please contact Community Development Services at (509) 962-7637, Lindsey Ozbolt, Staff Planner.

**Notice of SEPA Action & Notice of Public Hearing
Butler Rezone (RZ-14-00001)**

An Application was submitted for a project related rezone from Highway Commercial to Light Industrial to construct mini storage units in (3) phases on a 2.51 acre parcel. The subject property located just east of the City of Cle Elum in the Cle Elum Urban Growth Area between Airport Road and SR 970, in a portion of Section 36, T20N, R15E, WM in Kittitas County, bearing Assessor's map number 20-15-36058-0003.

NOTICE IS HEREBY given that an open record public hearing regarding the above application shall be held before the Kittitas County Hearing Examiner on Thursday, July 24, 2014 at 6:00 p.m. in the Kittitas County Courthouse Auditorium, Ellensburg, WA. 98926. Anyone with an interest in this matter is urged to attend said hearing where testimony will be taken. Written comments will be received and documents may be viewed at Kittitas County Community Development Services 411 North Ruby, Suite 2 Ellensburg, WA 98926 prior to the hearing. Interested persons are encouraged to verify prior to attending.

NOTICE IS HEREBY given that pursuant to WAC 197-11-340, Kittitas County Community Development Services did on, July 3, 2014, issue a Final Mitigated Determination of Non-Significance (MDNS) on a project action from Essen Butler for a Rezone to construct mini storage units in (3) phases.

The lead agency for this proposal, Kittitas County Community Development Services, has determined that the proposal will not have a probable significant adverse impact on the environment. An Environmental Impact Statement (EIS) is not required under RCW 43.21C.030 (2)(c) and WAC 197-11. This decision was made after review of a completed environmental checklist and other information on file with the lead agency.

A Notice of Application and intent to utilize the optional DNS process was issued and published in the legal newspaper of record on April 14, 2014 establishing a 15 day comment period for all interested persons, parties, and agencies. As per WAC 197-11-340 & 390 the lead agency is issuing the Mitigated Determination of Non-Significance (MDNS) for this proposal. The complete application file (RZ-14-00001 Butler) may be viewed at Kittitas County Community Development Services, or on the Web at: <http://www.co.kittitas.wa.us/cds/current/> under "Rezones".

Any action to set aside, enjoin, review, or otherwise challenge such administrative SEPA action on the grounds of noncompliance with the provisions of chapter 43.21RCW shall be commenced on or before July 18, 2014 at 5:00 p.m. to the Kittitas County Board of Commissioners, Rm. 108, County Courthouse, Ellensburg, WA 98926.

Subject: Re: Fwd: Butler Rezone (RZ-14-00001) Transmittal of Comments

Hi,

One of the comments is a concern from Russel Mau at the department of Health, on where the water is going to be coming from. We are not going to be hooking up Cle Elum city water to the project. I hope this clears up any concerns.

Thank you,

Essen Butler

NOTICE OF APPLICATION

Project Name (File Number): Butler Rezone (RZ-14-00001)
Applicant: Vicki Butler, authorized agent for Essen Butler (applicant)

Location: 1 parcel, located just east of the City of Cle Elum in the Cle Elum Urban Growth Area between Airport Road and SR 970, in a portion of Section 36, T20N, R15E, WM in Kittitas County, bearing Assessor's map number 20-15-36058-0003.

Proposal: Vicki Butler has submitted a rezone application with associated site plan and project narrative to change the current zoning from Highway Commercial to Light Industrial, and to construct mini-storage units in three (3) phases. This proposed use is an allowed use in the light industrial zone per KCC 17.15.080.1.D mini-warehouse.

Materials Available for Review: The submitted application and related filed documents may be examined by the public at the Kittitas County Community Development Services (CDS) office at 411 N. Ruby, Suite 2, Ellensburg, Washington, 98926, or on the CDS website at <http://www.co.kittitas.wa.us/cds/land-use/current-planning.aspx?title=Rezones>. Phone: (509) 962-7506

Written Comments on this proposal can be submitted to CDS any time prior to 5:00 p.m. on Wednesday, May 14, 2014. Any person has the right to comment on the application and request a copy of the decision once made.

Environmental Review (SEPA): The County expects to issue a Determination of Non-Significance (DNS) for this proposal, and will use the optional DNS process, meaning this may be the only opportunity for the public to comment on the environmental impacts of the proposal. Mitigation measures may be required under applicable codes, such as Title 17 Zoning and the Fire Code, and the project review process may incorporate or require mitigation measures regardless of whether an EIS is prepared. A copy of the threshold determination may be obtained from the County.

Public Hearing: An open record hearing will be scheduled before the Kittitas County Hearing Examiner after the SEPA environmental threshold determination has been issued. A Public Hearing Notice will be issued establishing the date, time and location of this hearing.

Designated Permit Coordinator (staff contact): Lindsey Ozbolt, Staff Planner: (509) 962-7637; email at lindsey.ozbolt@co.kittitas.wa.us

Hi Vicki,

We have been extremely busy with legislation and code change issues over the past several months. We are working diligently to process applications as soon as possible and in line with when they were submitted. Unfortunately, I am not able to give you a definite date for when the SEPA determination will be issued. Once that is issued, there is a 10 working day appeal period. At the same time the SEPA determination is issued, the Hearing Date is scheduled. The hearing cannot occur until after the 10 working day appeal period is over.

I hope this clears the process up a little for you.

Re: RZ-14-00001

Dear Ms. Ozbolt:

Thank you for the opportunity to comment during the optional determination of nonsignificance process for the rezone and associated site plan for 2.51 acres from Highway Commercial to Light Industrial and construction of a mini-storage facility. This project is proposed by Essen Butler. We have reviewed the documents and have the following comments.

WATER QUALITY

Project with Potential to Discharge Off-Site

The NPDES Construction Stormwater General Permit from the Washington State Department of Ecology is required if there is a potential for stormwater discharge from a construction site with disturbed ground. This permit requires that the SEPA checklist fully disclose anticipated activities including building, road construction and utility placements. Obtaining a permit is a minimum of a 38 day process and may take up to 60 days if the original SEPA does not disclose all proposed activities.

The permit requires that Stormwater Pollution Prevention Plan (Erosion Sediment Control Plan) is prepared and implemented for all permitted construction sites. These control measures must be able to prevent soil from being carried into surface water (this includes storm drains) by stormwater runoff. Permit coverage and erosion control measures must be in place prior to any clearing, grading or construction.

More information on the stormwater program may be found on Ecology's stormwater website at: <http://www.ecy.wa.gov/programs/wq/stormwater/construction/>. Please submit an application or contact **Ray Latham** at the Department of Ecology, (509) 575-2807, with questions about this permit.

Attention: Lindsey Ozbolt, Staff Planner

Subject: RZ-14-00001 – Butler Rezone
SR 903 Spur milepost 0.35 vicinity left

We have reviewed the proposed project and have the following comments.

- The subject property has frontage along both Airport Road and the State Highway 903 Spur (SR 903 Spur). SR 903 Spur is a Class 3 access managed highway with a posted speed limit of 45 miles per hour. The applicant proposes all access from Airport Road. WSDOT is in agreement. For the safety and security of the highway, no direct access to the SR 903 Spur will be allowed.

Future access to the SR 903 Spur will only be allowed when a two-way left turn lane is built on the spur between the SR 903 and SR 970 intersections. There is no State funding for this improvement and the cost is anticipated to be paid for by the developer(s).

- Any proposed lighting should be directed down towards the site, and away from the SR 903 Spur.
- Stormwater and surface runoff generated by this project must be retained and treated on site, and not be allowed to flow onto WSDOT rights-of-way.
- All loads transported on WSDOT rights-of-way must be within the legal size and load limits, or have a valid oversize and/or overweight permit.

Thank you for the opportunity to review and comment on this proposal. If you have any questions regarding our comments, please contact Rick Holmstrom at (509) 577-1633.

DEPARTMENT OF PUBLIC WORKS

MEMORANDUM

TO: Lindsey Ozbolt, CDS
FROM: Christina Wollman, Planner III *cw*
DATE: May 2, 2014
SUBJECT: Butler RZ-14-00001

Kittitas County Public Works has reviewed the application for a rezone on the Butler Property on Airport Road.

This property is within the 100-year floodplain. A floodplain delineation has been prepared by a surveyor to address the discrepancies shown on the digitized version of the Flood Insurance Rate Maps (FIRM). The digitized version of the FIRM places the floodplain in a different location than where it actually exists based on the official FIRM. This delineation will be used for future permitting of structures and development activity on the property.

This project must comply with the standard conditions required for commercial development, including:

1. **Access:** This project proposes to change the use of the existing access from the county road. The access must be improved to meet commercial standards. An access permit must be applied for and issued prior to beginning any work within the county right of way. Access must be completed prior to issuance of an occupancy permit or final approval.
2. **Stormwater:** On-site stormwater management that conforms to the specifications of the most current version of the Stormwater Management Manual for Eastern Washington is required of this development. Stormwater systems shall be designed to store stormwater generated by a 24-hour, 25-year storm event. Stormwater system designs shall be prepared and stamped by a civil engineer licensed in the State of Washington. The stormwater system design shall be presented to Public Works and reviewed by the County Engineer prior to issuance of a building permit. The stormwater system construction shall be certified by a licensed engineer prior to issuance of an occupancy permit.
3. **Addressing:** Contact the Kittitas County Rural Addressing Coordinator at (509) 962-7523 to obtain addresses prior to obtaining a building permit. A parcel cannot receive a building permit or utilities until such parcel is identified with a 911 address.

BRAD BUTLER'S Project

On-site review of the relationship of the un-numbered A Zone in parcel 494835 in the NE4,NE4, Sec 36, 20-15 shown on FEMA FIRM Panel 261 to existing topography, property lines and recent aerial photography reveal inconsistencies. On-the-ground analysis concluded that a uniform set-back distance of twenty feet north from the center of the irrigation ditch would be sufficient. Existing topography adjacent to and on the north side of the ditch has no apparent variations for the entire length of the ditch. It is my opinion that the twenty foot width of the set-back along the length of the ditch will handle high water conditions as well as the varying widths shown on the FIRM Panel. Scaled distance of ditch length on said property is 515 feet. Set-back distance is marked with nine 48" laths/blue ribbons.

Yes, I noticed the same inconsistency and would like to understand what their plans are for water as well.

Ms. Ozbolt:

The SEPA documentation, under "Utilities", did not identify "City water", but their Project Proposal states: "We spoke to the city and water is available to the site [sic]."

So, I (DOH) want to be clear that they intend to use City (City of Cle Elum) water.

KITTTAS COUNTY
CDS

NOTICE OF APPLICATION

Notice of Application: Monday, April 14, 2014
Application Received: Thursday, January 9, 2014
Application Complete: Tuesday, March 25, 2014

Project Name (File Number): Butler Rezone (RZ-14-00001)
Applicant: Vicki Butler, authorized agent for Essen Butler (applicant)

Location: 1 parcel, located just east of the City of Cle Elum in the Cle Elum Urban Growth Area between Airport Road and SR 970, in a portion of Section 36, T20N, R15E, WM in Kittitas County, bearing Assessor's map number 20-15-36058-0003.

Proposal: Vicki Butler has submitted a rezone application with associated site plan and project narrative to change the current zoning from Highway Commercial to Light Industrial, and to construct mini-storage units in three (3) phases. This proposed use is an allowed use in the light industrial zone per KCC 17.15.080.1.D – mini-warehouse.

Materials Available for Review: The submitted application and related filed documents may be examined by the public at the Kittitas County Community Development Services (CDS) office at 411 N. Ruby, Suite 2, Ellensburg, Washington, 98926, or on the CDS website at <http://www.co.kittitas.wa.us/cds/land-use/current-planning.aspx?title=Rezones>. Phone: (509) 962-7506

Written Comments on this proposal can be submitted to CDS any time prior to 5:00 p.m. on Wednesday, May 14, 2014. Any person has the right to comment on the application and request a copy of the decision once made.

Environmental Review (SEPA): The County expects to issue a Determination of Non-Significance (DNS) for this proposal, and will use the optional DNS process, meaning this may be the only opportunity for the public to comment on the environmental impacts of the proposal. Mitigation measures may be required under applicable codes, such as Title 17 Zoning and the Fire Code, and the project review process may incorporate or require mitigation measures regardless of whether an EIS is prepared. A copy of the threshold determination may be obtained from the County.

Public Hearing: An open record hearing will be scheduled before the Kittitas County Hearing Examiner after the SEPA environmental threshold determination has been issued. A Public Hearing Notice will be issued establishing the date, time and location of this hearing.

Designated Permit Coordinator (staff contact): Lindsey Ozbolt, Staff Planner: (509) 962-7637; email at lindsey.ozbolt@co.kittitas.wa.us

NOTICE OF APPLICATION

Project Name (File Number): Butler Rezone (RZ-14-00001)

Applicant: Vicki Butler, authorized agent for Essen Butler (applicant)

Location: 1 parcel, located just east of the City of Cle Elum in the Cle Elum Urban Growth Area between Airport Road and SR 970, in a portion of Section 36, T20N, R15E, WM in Kittitas County, bearing Assessor's map number 20-15-36058-0003.

Proposal: Vicki Butler has submitted a rezone application with associated site plan and project narrative to change the current zoning from Highway Commercial to Light Industrial, and to construct mini-storage units in three (3) phases. This proposed use is an allowed use in the light industrial zone per KCC 17.15.080.1.D – mini-warehouse.

Materials Available for Review: The submitted application and related filed documents may be examined by the public at the Kittitas County Community Development Services (CDS) office at 411 N. Ruby, Suite 2, Ellensburg, Washington, 98926, or on the CDS website at <http://www.co.kittitas.wa.us/cds/land-use/current-planning.aspx?title=Rezones>.
Phone: (509) 962-7506

Written Comments on this proposal can be submitted to CDS any time prior to 5:00 p.m. on Wednesday, May 14, 2014. Any person has the right to comment on the application and request a copy of the decision once made.

Environmental Review (SEPA): The County expects to issue a Determination of Non-Significance (DNS) for this proposal, and will use the optional DNS process, meaning this may be the only opportunity for the public to comment on the environmental impacts of the proposal. Mitigation measures may be required under applicable codes, such as Title 17 Zoning and the Fire Code, and the project review process may incorporate or require mitigation measures regardless of whether an EIS is prepared. A copy of the threshold determination may be obtained from the County.

Public Hearing: An open record hearing will be scheduled before the Kittitas County Hearing Examiner after the SEPA environmental threshold determination has been issued. A Public Hearing Notice will be issued establishing the date, time and location of this hearing.

Designated Permit Coordinator (staff contact): Lindsey Ozbolt, Staff Planner: (509) 962-7637; email at lindsey.ozbolt@co.kittitas.wa.us

Critical Areas Checklist

Friday, April 11, 2014

Application File Number RZ-14-00001

Planner Lindsey Ozbolt

Is SEPA required Yes No

Is Parcel History required? Yes No

What is the Zoning? Highway Commercial

Is Project inside a Fire District? Yes No

If so, which one? Fire District 7 (Cle Elum)

Is the project inside an Irrigation District? Yes No

If so, which one?

Does project have Irrigation Approval? Yes No

Which School District? Cle Elum - Roslyn School District

Is the project inside a UGA? Yes No

If so which one? Cle Elum

Is there FIRM floodplain on the project's parcel? Yes No

If so which zone? A

What is the FIRM Panel Number? 5300950261B

Is the Project parcel in the Floodway? Yes No

Does the project parcel contain a shoreline of the State? Yes No

If so what is the Water Body?

What is the designation?

Does the project parcel contain a Classified Stream? Yes No

If so what is the Classification? Type 9 Unknown

Does the project parcel contain a wetland? Yes No

If so what type is it?

Does the project parcel intersect a PHS designation? Yes No

If so, what is the Site Name?

Is there hazardous slope in the project parcel? Yes No

If so, what type?

Does the project parcel abut a JOT road? Yes No

If so, which one? SR 970

Does the project parcel abut a Forest Service road? Yes No

If so, which one?

Does the project parcel intersect an Airport overlay zone? Yes No

If so, which Zone is it in?

Does the project parcel intersect a BPA right of way or line? Yes No

If so, which one?

Is the project parcel in or near a Mineral Resource Land? Yes No

If so, which one?

Is the project parcel in or near a DNR Landslide area? Yes No

If so, which one?

Is the project parcel in or near a Coal Mine area? Yes No

What is the Seismic Designation? D1

Does the Project Application have a Title Report Attached?

Does the Project Application have a Recorded Survey Attached?

Have the Current Years Taxes been paid?

AFFIDAVIT OF POSTING

MAR 24 2014

Effective July 19, 2007, Kittitas County Code requires all project actions that are not processed administratively to have a notice posted at the site of the project. Per KCC 15A.03.110 the following applies:

1. The applicant shall post the subject property with signs as required by Community Development Services.
2. Signs shall be posted on each road frontage on the subject property and shall be clearly visible and accessible.
3. Signs shall be posted and on-site prior to the issuance of a Notice of Application.
4. The sign shall be posted in a sturdy manner to remain on-site until fifteen days after the expiration of the Notice of Decision appeal period. It shall be the responsibility of the applicant to properly dispose of the sign.
5. At the time of development application, Community Development Services will identify the number of signs needed and the general location of each sign on the subject property.
6. It shall be the responsibility of the applicant to place the structure on which the sign will be posted on site. At such time the structure and sign is in place, the applicant shall contact Community Development Services.

Subject: **Butler Rezone**, (RZ-14-00001)

Dear Applicant,

Your application requesting a project specific rezone to change the property from Highway Commercial to Light Industrial to allow for the development of mini-storage units, located in a portion of Section 36, Township 20 N, Range 15 E, W.M. in Kittitas County; Assessor's map number 20-15-36058-0003, was received on January 9, 2014. Your application has been determined complete as of March 25, 2014.

Continued processing of your application will include, but is not limited to, the following actions:

1. A Notice of Application will be published in the newspaper and sent to all adjoining property owners, governmental agencies, and interested persons.
2. Posting of the property by the applicant is required along each street frontage. Signage may be obtained at the Community Development Services offices during regular business hours.
3. Consideration of written comments from all adjoining property owners, governmental agencies, and interested persons.
4. Issuing a SEPA environmental threshold determination and notification of a Public Hearing date.

You may pick up the "Land Use Action" sign at any time to be posted at the frontage road and return the signed affidavit of posting to my attention. After this has been completed I will be able to issue the Notice of Application.

If you have any questions regarding this matter, I can be reached at (509) 962-7637, or by e-mail at lindsey.ozbolt@co.kittitas.wa.us

Sincerely,

Lindsey Ozbolt
Staff Planner

Ms. Butler,

Please find attached a copy of the Deem Complete letter for your application known as the Butler Rezone RZ-14-00001 to rezone property from Hwy Commercial to Light Industrial for the construction and operation of mini-storage units. The land use action signs are available for pick-up at CDS office during normal business hours. Once CDS has received the signed posting affidavit along with photos of posted site, CDS can begin the noticing process.

Please contact me if you have any questions.

Hi Essen,

Here's the revised drawing, showing the different sequence of phasing that the County is requesting. I don't have an email at the County to send it to, so figured you can forward it. Your Mom is picking up the hard copy for the County tomorrow morning.

Thank You,
Al

Storage Unit Proposal
Map # 20-15-36058-0003

ENTRY POINTS

The legal ingress and egress is on Airport Road.

We will also apply to the Department of Transportation for access off the 903 Spur. This at one time was approved but the project was never completed.

STORAGE UNITS

We are proposing three phases to this project.

Phase #1 will be 2 100' buildings. One on the west end of Airport Road with the driveway on the east.

This unit will consist of 20 individual 5' x 10' units. The second storage unit will be on the west border consisting of 8(ea) 10' x 20 units. This unit, on the south end will have an additional 4 5' x 10' units. The north end will have an onsite office.

Phase #2 will be identical with a 100' building on the east end of Airport Road. This unit will consist of 20 individual 5' x 10' units. The second storage unit will be on the east border consisting of 9 (ea) 10' x 20 units. This unit, on both the north and south ends will have an additional 4 ea) 5'x10' units

CHECK-IN PROCEDURES

This will be card security lot. Each client will pay a security deposit for each card.

SECURITY

The units will be fenced with an electronic gate on Airport Road. At the time of expansion, if the state approves the Spur 903 entry, there will be an electronic gate there also. The gate will be far enough in on the property for cars to get off 903 and Airport Road to use the security gate.

SITE BUFFER

There will be a variety of pine trees along Airport Road on the back side of the building. There also will be post and rail fencing up to the security gate.

FENCING

There will be 6' chain link fencing on 2 sides attached to the buildings to complete security.

WATER SUPPLY

We spoke to the city and water is available to the site.

SEWER

ADA approved Sani-Kans

SIGNAGE

We would like to put up signs on all four corners as per county regulations.

ROADBED

The grounds will be covered with 5/8" crushed rock or Chip Seal, depending on the City of Cle Elum requirements.

We plan on starting Phase 1 as soon as permits are approved. Phase 2 and 3 within 5 years.

Phase 3 possibilities, when we know which size unit is the most popular we will proceed. Phase 3 could be 2 100' buildings. The west building will have 14 10' x 20' units and on the south end 8 5' x 10' units. The north end will be for office parking. The east building will have 16 10' x 20' and on both the north and south ends an additional 8 5' x 10' units.

REZONE APPLICATION

(For requested amendments to the zoning map, KCC 17.98 & KCC 15B.03)

A **pre-application meeting** is required for this permit. To schedule a pre-application meeting, complete and submit a "Pre-Application Meeting Scheduling Form" to CDS. Notes or summaries from pre-application meetings should be included with this application.

Please type or print clearly in ink. Attach additional sheets as necessary. Pursuant to KCC 15A.03.040, a complete application is determined within 28 days of receipt of the application submittal packet and fee. The following items must be attached to the application packet.

REZONE TYPES

Please check the box next to the type of rezone this application is requesting:

Site-specific rezone*

General rezone using docketing process*

*Rezone requests for Planned Unit Developments (PUDs), must use the PUD application form.

REQUIRED ATTACHMENTS

- Site plan of the property with all proposed buildings, points of access, roads, parking areas, septic tank, drainfield, drainfield replacement area, areas to be cut and/or filled, natural features such as contours, streams, gullies, cliffs, etc. *4 copies*
- SEPA Checklist (if not exempt per KCC 15.04 or WAC 197-11-810)
- Legal description of property to be reclassified
- Requested Zone Change: from Heavy Comm to Light Incl.
- Project Narrative responding to Questions 9-11 on the following pages.

APPLICATION FEES:

3,335.00 Kittitas County Community Development Services (KCCDS)

300.00 Kittitas County Department of Public Works

130.00 Kittitas County Fire Marshal

\$3,765.00 Total fees due for this application (One check made payable to KCCDS)

GENERAL APPLICATION INFORMATION

1. Name, mailing address and day phone of land owner(s) of record:

Landowner(s) signature(s) required on application form.

Name: Esse n Butler
Mailing Address: PO Box 532
City/State/ZIP: So. Cle Elum WA. 98943
Day Time Phone: 206 745 7229
Email Address: essenb25@yahoo.com + 970selfstorage@gmail.com

2. Name, mailing address and day phone of authorized agent, if different from landowner of record:

If an authorized agent is indicated, then the authorized agent's signature is required for application submittal.

Agent Name: Vicki Butler
Mailing Address: PO Box 532
City/State/ZIP: So. Cle Elum, WA. 98943
Day Time Phone: 206 745 7229
Email Address: 970selfstorage@gmail.com

3. Name, mailing address and day phone of other contact person

If different than land owner or authorized agent.

Name: _____
Mailing Address: _____
City/State/ZIP: _____
Day Time Phone: _____
Email Address: _____

4. Street address of property:

Address: SR 970
City/State/ZIP: Cle Elum WA. 98922

5. Legal description of property (attach additional sheets as necessary):

Acres 2.51 Cresto short plat 78-14; lot 3 sect. 36

6. Tax parcel number: 494835

7. Property size: 2.51 (acres)

8. Land Use Information:

Zoning: Highway Comm Comp Plan Land Use Designation: Urban

PROJECT NARRATIVE

(INCLUDE RESPONSES AS AN ATTACHMENT TO THIS APPLICATION)

9. **Narrative project description (include as attachment):** Please include at minimum the following information in your description: describe project size, location, water supply, sewage disposal and all qualitative features of the proposal; include every element of the proposal in the description.

10
100

Describe how this proposal will provide for the transfer of any required transferrable development rights: According to KCC 17.98.020.7.h, petitions for rezones must comply with KCC 17.13 Transfer of Development Rights. Development rights must be transferred to the rezone area at a rate proportionate to the size of the project area (see 17.13.080.6). These rights must be transferred prior to final approval. Please describe how this requirement will be met by the proposed rezone.

11. **Applicant for rezone must demonstrate that the following criteria are met (attach additional sheets as necessary):**

- A. The proposed amendment is compatible with the comprehensive plan.
- B. The proposed amendment bears a substantial relation to the public health, safety or welfare.
- C. The proposed amendment has merit and value for Kittitas County or a sub-area of the county.
- D. The proposed amendment is appropriate because of changed circumstances or because of a need for additional property in the proposed zone or because the proposed zone is appropriate for reasonable development of the subject property.
- E. The subject property is suitable for development in general conformance with zoning standards for the proposed zone.
- F. The proposed amendment will not be materially detrimental to the use of properties in the immediate vicinity of the subject property.
- G. The proposed changes in use of the subject property shall not adversely impact irrigation water deliveries to other properties.
- H. The proposed amendment is in full compliance with Chapter 17.13 KCC, Transfer of Development Rights.

AUTHORIZATION

12. Application is hereby made for permit(s) to authorize the activities described herein. I certify that I am familiar with the information contained in this application, and that to the best of my knowledge and belief such information is true, complete, and accurate. I further certify that I possess the authority to undertake the proposed activities. I hereby grant to the agencies to which this application is made, the right to enter the above-described location to inspect the proposed and or completed work.

All correspondence and notices will be transmitted to the Land Owner of Record and copies sent to the authorized agent or contact person, as applicable.

SEPA ENVIRONMENTAL CHECKLIST

PURPOSE OF CHECKLIST:

The State Environmental Protection Act (SEPA), chapter 43.21C RCW. Requires all governmental agencies to consider the environmental impacts of a proposal before making decisions. An environmental impact statement (EIS) must be prepared for all proposals with probable significant adverse impacts on the quality of the environment. The purpose of this checklist is to provide information to help you and the agency identify impacts from your proposal (and to reduce or avoid impacts from the proposal, if it can be done) and to help the agency decide whether an EIS is required.

INSTRUCTIONS FOR APPLICANTS:

This environmental checklist asks you to describe some basic information about your proposals. Governmental agencies use this checklist to determine whether the environmental impacts or your proposal are significant, requiring preparation if an EIS. Answer the questions briefly, with the most precise information known, or give the best description you can.

You must answer each question accurately and carefully, to the best of your knowledge. In most cases, you should be able to answer the questions from your own observations or project plans without the need to hire experts. If you really do not know the answer, or if a question does not apply to your proposal, write "don not know" or "does not apply" Complete answers to the questions now may avoid unnecessary delays later.

Some questions ask about governmental regulations, such as zoning, shoreline and landmark designations. Answer these questions if you can. If you have problems, the governmental agencies can assist you.

The checklist questions apply to all parts of your proposal, even if you plan to do them over a period of time or on different parcels of land. Attach any additional information that will help describe your proposal or its environmental effects. The agency to which you submit this checklist may ask you to explain your answers or provide additional information reasonably related to determining if there may be significant adverse impact.

USE OF CHECKLIST FOR NONPROJECT PROPOSALS:

Complete this checklist for non-project proposals, even though questions may be answered "does not apply." IN ADDITION, complete the SUPPLEMENTAL SHEET FOR NONPROJECT ACTIONS.

For non-project actions, the references in the checklist to the words "project," "applicant" and "property or site" should be read as "proposal," "proposer" and "affected geographic are" respectively.

APPLICATION FEES:

490.00 Kittitas County Community Development Services (KCCDS)

70.00 Kittitas County Department of Public Works

\$560.00 Total fees due for this application (One check made payable to KCCDS)

TO BE COMPLETED BY APPLICANT

FOR STAFF USE

A. BACKGROUND

1. Name of proposed project, if applicable:

Hwy 970 Self Storage

2. Name of applicant:

Essen Butler

3. Address and phone number of applicant and contact person:

Essen Butler - Applicant P.O. Box 532
Vicki Butler - Contact

4. Date checklist prepared:

So. Cle Elum, WA. 98943

12-29-13

5. Agency requesting checklist:

Kittitas County

6. Proposed timing or schedule (including phasing, if applicable):

ASAP

7. Do you have any plans for future additions, expansion, or further activity related to or connected with this proposal? If yes, explain.

uncertain see proposal narrative

8. List any environmental information you know about that had been prepared, or will be prepared, directly related to this proposal.

No

9. Do you know whether applications are pending for governmental approvals of other proposals directly affecting the property covered by your proposal? If yes, explain.

No

10. List any government approvals or permits that will be needed for your proposal, if known.

NO

11. Give brief, complete description of your proposal, including the proposed uses and the size of the project and site. There are several questions later in this checklist that ask you to describe certain aspects of your proposal. You do not need to repeat those answers on this page. (Lead agencies may modify this form to include additional specific information on project description.)

A Self Storage Facility which will contain 6 Mini Storage Buildings

12. Location of the proposal. Give sufficient information for a person to understand the precise location of your proposed project, including a street address, if any, and section, township, and range, if known. If a proposal would occur over a range of area, provide the range or boundaries of the site(s). Provide a legal description, site plan, vicinity map, and topographic map, if reasonably available. While you should submit any plans required by the agency, you are not required to duplicate maps or detailed plans submitted with any permit applications related to this checklist.

ACRES 2.51, CRESTO SHORT PLAT 78-14; LOT 3 SEC 36
SR 970 CLE Elum

B. ENVIRONMENTAL ELEMENTS

1. Earth

a. General description of the site (circle one): flat, rolling, hilly, steep slopes, mountainous, other.

b. What is the steepest slope on the site (approximate percent slope)?

Flat

c. What general types of soils are found on the site (for example, clay, sand, gravel, peat, muck)? If you know the classification of agricultural soils, specify them and note any prime farmland.

Sand + Gravel

d. Are there surface indications or history of unstable soils in the immediate vicinity?

No

e. Describe the purpose, type, and approximate quantities of any filing or grading proposed. Indicate source of fill.

1500 Yards From ECP of Pit run for leveling of lot.

f. Could erosion occur as a result of clearing, construction, or use? If so, generally describe.

No

g. About what percentage of the site will be covered with impervious surfaces after project construction (for example, asphalt or buildings)?

1/3

h. Proposed measures to reduce or control erosion, or other impacts to the earth, if any:

None

a. What types of emissions to the air would result from the proposal (i.e. dust, automobiles, odors, industrial wood smoke) during construction and when the project is completed? If any, generally describe and give approximate quantities if known. None

b. Are there any off-site sources of emissions or odor that may affect your proposal? If so, generally describe. No

c. Proposed measures to reduce or control emissions or other impacts to air, if any: None

3. WATER

a. Surface

1) Is there any surface water body on or in the immediate vicinity of the site (including year-round and seasonal streams, saltwater, lakes, ponds, wetlands)? If yes, describe type and provide names. If appropriate, state what streams or river it flows into.

KRD Ditch on South end

2) Will the project require any work over, in or adjacent to (within 200 feet) the described waters? If yes, please describe and attach available plans. No

3) Estimate the fill and dredge material that would be placed in or removed from surface water or wetlands, and indicate the area of the site that would be affected. Indicate the source of fill material.

None

4) Will the proposal require surface water withdrawals or diversions? Give general description, purpose, and approximate quantities if known.

No

5) Does the proposal lie within a 100-year floodplain? If so, note location on the site plan. No

6) Does the proposal involve any discharges of waste materials to surface waters? If so, describe the type of waste and anticipated volume of discharge. No

b. Ground

1) Will ground water be withdrawn, or will water be discharged to surface waters? If so, give general description, purpose, and approximate quantities if known. No

2) Describe waste materials that will be discharged into the ground from septic tanks or other sources, if any (for example: domestic

None

sewage; industrial, containing the following chemicals...: agricultural; etc.). Describe the general size of the system, the number of such systems, the number of houses to be served (if applicable), or the number of animals or humans the system(s) are expected to serve.

c. Water Runoff (including storm water): None

1) Describe the source of runoff (including storm water) and method of collection and disposal, if any (include quantities, if known).

Where will this water flow? Will this water flow into other waters? If so, describe.

Unknown

2) Could waste materials enter ground or surface waters? If so, generally describe.

No

d. Proposed measures to reduce or control surface, ground, and runoff water impacts, if any:

No

4. PLANTS

a. Check or circle types of vegetation found on the site:

- deciduous tree: alder, maple, aspen, other
- evergreen tree: fir, cedar, pine, other
- shrubs
- grass
- pasture
- crop or grain
- wet soil plants: cattails, buttercup, bulrush, skunk cabbage, other
- water plants: water lily, eelgrass, milfoil, other
- other types of vegetation: _____

b. What kind and amount of vegetation will be removed or altered?

Pine trees will be removed from South end
Replanted on North side.

c. List threatened or endangered species known to be on or near the site.

None

d. Proposed landscaping use of native plants, or other measures to preserve or enhance vegetation on the site, if any:

Planting of Pine trees

5. ANIMALS

a. Circle any birds and animals which have been observed on or near the site or are known to be on or near the site: None

birds: hawk, heron, eagle, songbirds, other:

mammals: deer, bear, elk, beavers, other:

fish: bass, salmon, trout, herring, shellfish, other: _____

b. List any threatened or endangered species known to be on or near the site.

None

c. Is the site part of a migration route? If so, explain.

No

d. Proposed measures to preserve or enhance wildlife, if any.

None

6. ENERGY AND NATURAL RESOURCES

a. What kinds of energy (electric, natural gas, oil, wood stove, solar) will be used to meet the completed project's energy needs? Describe whether it will be used for heating, manufacturing, etc.

Electrical - used for lighting

b. Would your project affect the potential use of solar energy by adjacent properties? If so, describe.

No

c. What kinds of energy conservation features are included in the plans of this proposal? List other proposed measures to reduce or control energy impacts, if any.

Auto off lighting

7. ENVIRONMENTAL HEALTH

a. Are there any environmental health hazards, including exposure to toxic chemicals, risk of fire and explosion, spill, or hazardous waste, that could occur as a result of this proposal? If so, describe.

No

1) Describe special emergency services that might be required.

Fire ext. every 75' on Buildings

2) Proposed measures to reduce or control environmental health hazards, if any.

b. Noise

1) What types of noise exist in the area which may affect your project (for example, traffic, equipment, operation, other)?

None

2) What types and levels of noise would be created by or associated with the project on a short-term basis (for example: traffic, construction, operation, other)? Indicate what hours noise would come from the site.

Construction 8am - 5pm

3) Proposed measures to reduce or control noise impacts, if any.

None

8. LAND AND SHORELINE USE

- a. What is the current use of the site and adjacent properties?
Site is an empty lot and Neighbor is Commercial Construction
- b. Has the site been used for agriculture? If so, describe.
No
- c. Describe any structures on the site. None
- d. Will any structures be demolished? If so, what? No
- e. What is the current zoning classification of the site? ~~Light industrial~~
Rural 5
- f. What is the current comprehensive plan designation of the site?
- g. If applicable, what is the current shoreline master program designation of the site? None
- h. Has any part of the site been classified as an:
 environmentally sensitive area? No
- i. Approximately how many people would the completed project displace?
None
- j. Approximately how many people would reside or work in the completed project?
None
- k. Proposed measures to avoid or reduce displacement impacts, if any.
N/A
- l. Proposed measures to ensure the proposal is compatible with existing and projected land uses and plans, if any.

9. HOUSING

- a. Approximately how many units would be provided, if any? Indicate whether high, middle or low-income housing.
N/A
- b. Approximately how many units, if any, would be eliminated? Indicate whether high, middle or low-income housing.
N/A
- c. Proposed measures to reduce or control housing impacts, if any.
N/A

10. AESTHETICS

- a. What is the tallest height of any proposed structure(s), not including antennas; what is the principal exterior building material(s) proposed?
12'
- b. What views in the immediate vicinity would be altered or obstructed?
None

c. Proposed measures to reduce or control aesthetic impacts, if any.

landscaping

11. LIGHT AND GLARE

a. What type of light or glare will the proposal produce? What time of day would it mainly occur? None

b. Could light or glare from the finished project be a safety hazard or interfere with views? No

c. What existing off-site sources of light or glare may affect your proposal?

N/A

d. Proposed measures to reduce or control light and glare impacts, if any.

Auto off lighting

12. RECREATION

a. What designated and informal recreational opportunities are in the immediate vicinity? N/A

b. Would the proposed project displace any existing recreational uses? If so, describe. No

c. Proposed measures to reduce or control impacts on recreation, including recreation opportunities to be provided by the project or applicant, if any: N/A

13. HISTORIC AND CULTURAL PRESERVATION

a. Are there any places or objects listed on, or proposed for, national, state, or local preservation registers known to be on or next to the site? If so, generally describe. No

b. Generally describe any landmarks or evidence of historic, archaeological, scientific, or cultural importance known to be on or next to the site. N/A

c. Proposed measures to reduce or control impacts, if any. N/A

14. TRANSPORTATION

- a. Identify public streets and highways serving the site, and describe proposed access to the existing street system. Show on site plans, if any.
Ingress or egress Airport Road
- b. Is site currently served by public transit? If not, what is the approximate distance to the nearest transit stop? No
- c. How many parking spaces would the completed project have? How many would the project eliminate? N/A
- d. Will the proposal require any new roads or streets, or improvements to existing roads or streets, not including driveways? If so, generally describe (indicate whether public or private). No
- e. Will the project use (or occur in the immediate vicinity of) water, rail, or air transportation? If so, generally describe. No
- f. How many vehicular trips per day would be generated by the completed project? If known, indicate when peak volumes would occur.
1-4
- g. Proposed measures to reduce or control transportation impacts, if any.
N/A

15. PUBLIC SERVICE

- a. Would the project result in an increased need for public services (for example: fire protection, police protection, health care, schools, other)? If so, generally describe. No
- b. Proposed measures to reduce or control direct impacts on public services, if any. N/A

16. UTILITIES

- a. Circle utilities currently available at the site: ~~electricity~~ natural gas, water, refuse services, telephone, sanitary sewer, septic system, other.
- b. Describe the utilities that are proposed for the project, the utility
PSE

providing the services, and the general construction activities on the site or in the immediate vicinity which might be needed.

C. SIGNATURE

The above answers are true and complete to the best of my knowledge. I understand that the lead agency is relying on them to make its decision.

Signature: 

Date: 12/29/13

Print Name: Essen Butler

THE REMAINING QUESTIONS ARE EXCLUSIVELY FOR REZONE APPLICANTS AND FOR AMENDMENTS TO COUNTY COMPREHENSIVE PLAN AND CODE. UNLESS THESE APPLY TO YOU, THIS IS THE END OF THE SEPA CHECKLIST.

SEPA ENVIRONMENTAL CHECKLIST QUESTIONS FOR NON-PROJECT ACTIONS ONLY. WHEN ANSWERING THESE QUESTIONS, BE AWARE THE EXTENT OF THE PROPOSAL, OR THE TYPE OF ACTIVITIES LIKELY TO RESULT FROM THE PROPOSAL, WOULD AFFECT AN ITEM AT A GREATER INTENSITY OR AT A FASTER RATE THAN IF THE PROPOSAL WERE NOT IMPLEMENTED. RESPOND BRIEFLY AND IN GENERAL TERMS (ATTACH ADDITIONAL SHEETS AS NECESSARY)

FOR STAFF USE

1. How would the proposal be likely to increase discharge to water; emissions to air; production, storage, or release of toxic or hazardous substances; or production of noise? Proposed measures to avoid or reduce such increases.

2. How would the proposal be likely to affect plants, animals, fish or marine life: Proposed measures to protect or conserve plants, animals, fish or marine life.

3. How would the proposal be likely to deplete energy or natural resources? Proposed measures to protect or conserve energy and natural resources.

4. How would the proposal be likely to use or affect environmentally sensitive areas or areas designated (or eligible or under study) for governmental protection; such as parks, wilderness, wild and scenic rivers, threatened or endangered species habitat, historic or cultural sites, wetlands, floodplains, or prime farmlands? Proposed measures to protect such resources or to avoid or reduce impacts.

*The Kittitas County Community Development Services Department does not guarantee a parcel eligible for development until such time as a complete and accurate application is submitted. Further analysis may be conducted at the time of permit application.

Items/issues/concerns/questions discussed (To be filled in by CDS Planner):

1. Public Works

Proposed access: Airport Rd

Access permit req'd. Commercial approach req'd. TIA requirement to be determined with transportation concurrency process. Must ensure gate is far enough from road shoulder.

2. Environmental Health (water)

Proposed water supply: City / well / cistern (all discussed)

If a ~~public~~ well is used then it must be ^{approved as} public well as bathrooms will be accessible to the public. Consider using porta potties. If City of Cle Elum water is used the City must sign off and OK the connection to the water system. If a cistern is utilized, the

3. Environmental Health (sewer)

Proposed sewer disposal: Cistern code must be followed

SITE EVALUATION FOR SEPTIC (OSS) REQUIRED. (SITE EVAL IN 2007 EXPIRED). JOE GILBERT 933-8262

ANY OSS REQUIRES CURRENT PERMIT REQUIREMENTS.

4. Planning/Land Use

Critical Areas conducted SEPA is required

Project specific rezone w/ project narrative. Need to complete the rezone process. Half commercial rezone to Light Industrial for mini-storage as permitted use. located within Cle Elum UGA. Does contain 100 yr. floodplain. if boat/RV storage is wanted, add that to site plan. Sign - permit will be required for signage.

5. Fire

Located within Fire District #: 7 (if applicable)

Fire extinguishers required every 75' (I can walk you thru this). Signage required OR additional 15' added to 25' wide roads (gate opening to be no less than 20' in width; Knox key or switch is required for emergency services. Gate opening needs to 20' min. B Knox gate switch/box for gates required

6. Other Building

1. FULL WASHINGTON STATE ENGINEERING FOR ALL STRUCTURES.
2. AN ACCESSIBLE (HANDICAPPED) SANI-CAN WOULD BE ALLOWED SINCE THERE IS CURRENTLY NO WATER/SEWER
3. IF WATER/SEWER IS AVAILABLE - PEDESTRIANS REQUIRE ADA.

PREAPPLICATION CONFERENCE
MEETING SUMMARY

(To be completed for each Preapplication Conference)

A copy of this summary will be provided to the project applicant and is to be included in the application submittal.

Date of Pre-Application Meeting: December 18, 2013 Time: 10am
Pre-application meetings are scheduled every Wednesday after PR Team meetings.

Project name: Butler Rezone

Items submitted by applicant for review at Pre-app: _____
Narrative
Site plan

List persons present at pre-app meeting:

- To be present at each pre-app:*
1. CDS representative (planning): Lindsey Ozbolt, Doc Hansen
 2. CDS representative (fire): Brenda Larson
 3. Public Works representative: Christina Wollman
 4. Environmental Health representative (water): Holly Duncan
 5. Environmental Health representative (sewer): Joe Gilbert
 6. Building: Mike Flory

Present at pre-app for project: (attach business cards if available)
Applicant: Vicki Butler
Applicant phone: _____
Applicant email: sailhsh2@gmail.com

Applicant authorized agent (if applicable): _____
Applicant authorized agent phone: _____
Applicant authorized agent email: _____

Contact person for application:
 Owner of record Authorized agent

All verbal and written contact regarding this application will be made **only** with the contact person.

Let me know everything came through ok. Thanks

Storage Unit Proposal

Map # 20-15-36058-0003

ENTRY POINTS

The legal ingress and egress is on Airport Road.

We will also apply to the Department of Transportation for access off the 903 Spur. This at one time was approved but the project was never completed.

STORAGE UNITS

We are proposing three phases to this project.

Phase #1 will 2 100' storage units. One on the west end of Airport Road with the driveway on the east side. This unit will consist of 20 individual 5' x 10' units. The second storage unit will be on the west border consisting of 8 (ea) 10'x20' units. This unit, on the south end, will have an additional 5 (ea) 5'x10' units. On the north end the this unit will be a 10' x 10' office with 2 restrooms, with outside access. There will be parking outside the office also.

CHECK-IN PROCEDURES

This will be card security lot. Each client will pay a security deposit for each card.

SECURITY

The units will be fenced with an electronic gate on Airport Road. At the time of expansion, if the state approves the Spur 903 entry, there will be an electronic gate there also. The gate will be far enough in on the property for cars to get off 903 and Airport Road to use the security gate.

SITE BUFFER

There will be a variety of pine trees along Airport Road on the back side of the building. There also will be post and rail fencing up to the security gate.

FENCING

There will be 8' chain link fencing on 2 sides attached to the buildings to complete security.

WATER SUPPLY

We spoke to the city and water is available to the site.

SEWER

Encompasss Engineering has already done a feasibility study and perk tests, which were approved, in Oct 2007.

SIGNAGE

We would like to put up signs on all four corners as per county regulations.

ROADBED

The grounds will be covered with 5/8" of crushed rock.

We plan on starting Phase 1 as soon as permits are approved. Phase 2 and 3 within 5 years.

There are no details for phase 3, when we know which size unit is the most popular we will procede.

Subject: RE: Butler Rezone

Hello Vicki.

I hope you are enjoying the sun and warmth. It has been snowing, especially in the Cle Elum area for a couple weeks now with no end in sight.

In regards to inquiry on your rezone application. We have been diligently working on a number of priorities and at this time we do not have a definitive date as to when your application will be reviewed. It is in line to be preliminarily reviewed and entered into our system so that full review and comment can commence. We are working on applications in regards to time of submittal of information and there are a few applications ahead of it in line. Once review has started on your submittal, I will notify you (you will receive an email and mailed copy of a letter determining the project submittal complete or a request for more information).

If you have further questions please let me know. If you wish to discuss the delay in review, you may contact Doc Hansen, Planning Official at 509-962-7506.

Regards,

Lindsey Ozbolt

Hi from sunny San Diego!

Just wondering how the process is going. We have been gone for a month so I don't know if you mailed me anything. My phone hasn't been working either so I thought I'd email. Thanks Vicki Butler

The best mathematical equation I have ever seen;
1 cross + 3 nails = 4 given!

17.15.080.2 Footnotes Associated with Urban Use Table.

1. Limited to the keeping of horses or cattle for personal enjoyment of the owner or occupant of the lot, provided that the lot contains one (1) acre or more.
2. Limited to products produced on the premises.
3. Hay processing and small-scale processing of agricultural products produced on the premises are permitted outright.
4. Feed yards, livestock sales yards, and slaughterhouses require a conditional use permit.
5. Provided the lot contains one (1) acre or more. Agriculture production on smaller lots requires a conditional use permit. Raising of swine and mink prohibited.
6. Structures and facilities associated with the operation of shooting ranges are permitted and subject to all associated Kittitas County building codes and regulations. Shooting Ranges may be operated in conjunction with other permitted or conditional uses for the specified zone. Shooting Ranges are subject to periodic inspection and certification as deemed necessary by the Kittitas County Sheriff's Department. In considering proposals for the location of Shooting Ranges a detailed site plan shall be required; the Board review of said site plan and the proposal as a whole shall include, but not be limited to the following criteria:
 - a. The general health, safety, and welfare of surrounding property owners, their livestock, their agricultural products, and their property.
 - b. Adherence to the practices and recommendations of the "NRA Range Sourcebook."
 - c. Adherence to the practices and recommendations of the "EPA Best Management Practices for Lead at Outdoor Shooting Ranges."
 - d. Proposed shooting ranges in areas designated as agricultural land of long term commercial significance shall comply with RCW 36.70A.177(3) as currently existing or hereafter amended, and shall be limited to lands with poor soils or those unsuitable for agriculture.
7. When located not less than forty-five (45) feet from the centerline of the public street or highway and selling goods produced on site.
8. Feedlots existing at the time of adoption of the ordinance codified herein may expand or be enlarged only in compliance with standards and regulations contained herein, and such operations shall comply with all state and/or county health regulations.
9. No new cemeteries. Existing cemeteries may expand or enlarge in compliance with applicable standards and regulations.
10. Subject to provisions of KCC Chapter 17.66, Electric Vehicle Infrastructure.
11. Permitted when conducted wholly within an enclosed building (excluding off-street parking and loading areas).
12. Provided the minimum lot size shall be fifteen thousand (15,000) square feet.
13. When the office activities are directly related to tourism and recreation.
14. Retail sales limited to groceries and sales of souvenirs, gifts, novelties, curios and handicraft products. Grocery stores may not exceed four thousand (4,000) square feet.
15. Any open storage shall be enclosed by a sight-obscuring fence not less than six (6) feet and not more than seven (7) feet high.
16. Not to exceed two (2) years.
17. Subject to the following requirements:
 - a. The Special Care Dwelling must meet all setback requirements for the zone in which it is located.
 - b. The Special Care Dwelling must meet all applicable health department requirements for potable water and sewage disposal.
 - c. Placement is subject to obtaining a building permit for the manufactured home.
 - d. Owner must record a notice to title prior to the issuance of building permit which indicates the restrictions and removal requirements.
 - e. The Special Care Dwelling unit cannot be used as a rental unit.
 - f. The Special Care Dwelling unit must be removed when the need for care ceases.
 - g. A Special Care Dwelling is not permitted on the same lot where an Accessory Dwelling Unit or Accessory Living Quarter exists.
18. Limited to service stations, provided there shall be no repairing, repainting, reconstruction or sale of motor vehicles from the premises.
19. Includes truck stop operations. Minor repair work permitted.
20. Because of considerations of odor, dust, smoke, noise, fumes, vibration or hazard, the following uses shall not be permitted in the industrial zone unless a conditional use permit authorizing such use has been granted by the Board:
 - a. All chemical manufacture, storage and/or packaging;
 - b. Asphalt manufacture, mixing, or refining;
 - c. Automobile dismantling, wrecking or junk yards;
 - d. Blast furnaces or coke ovens;
 - e. Cement, lime, gypsum or plaster of Paris manufacture;
 - f. Drop forge industries;
 - g. Explosives, storage or manufacture;
 - h. Reduction or disposal of garbage, offal or similar refuse;
 - i. Oil refining; alternative energy refinery (i.e. biofuels, ethanol)
 - j. Rubber reclaiming;

①

- k. Feed yards, stock sales yards or slaughterhouses;
 - l. Smelting, reduction or refining of metallic ores;
 - m. Tanneries;
 - n. Wineries;
 - o. Manufacturing of industrial or household adhesives, glues, cements, or component parts thereof, from vegetable, animal or synthetic plastic materials;
 - p. Waste (refuse) recycling and processing;
 - q. On-site and off-site hazardous waste storage and/or treatment. Off-site materials shall be accepted only from Kittitas County source sites.
- In considering the issuance of conditional use permits for the foregoing listed uses, the Board shall:
- a. Assure that the degree of compatibility enunciated as the purpose of this title shall be maintained with respect to the particular use on the particular site and in consideration of other existing and potential uses within the general area in which such use is proposed to be located;
 - b. Recognize and compensate for variations and degree of technological processes and equipment as related to the factors of noise, smoke, fumes, vibration, odors and hazards. Unless substantial proof is offered showing that such process and/or equipment has reduced the above factors so as to be negligible, use is located not less than one thousand (1,000) feet from any church, school, park, playground or occupied dwelling on the same lot or parcel as such use.
21. In considering proposals for location of such campgrounds, the Board shall consider at a minimum the following criteria:
 - a. Campgrounds should be located at sufficient distance from existing rural residential/residential development so as to avoid possible conflicts and disturbances.
 - b. Traffic volumes generated by such a development should not create a nuisance or impose on the privacy of nearby residences or interfere with normal traffic flow.
 - c. Landscaping or appropriate screening should be required and maintained where necessary for buffering.
 - d. Adequate and convenient vehicular access, circulation and parking should be provided.
 - e. Public health and safety of campers and those reasonably impacted by the campground (i.e. health, water, sanitation)
 22. The following standards shall apply to the approval and construction of mini-warehouses:
 - a. A mini-warehouse proposal (application) must include plans for aesthetic improvements and/or sight screening;
 - b. All buildings with storage units facing property boundaries shall have a minimum setback of thirty-five (35) feet;
 - c. No commercial or manufacturing activities will be permitted within any building or storage unit;
 - d. Lease documents shall spell out all conditions and restrictions of the use;
 - e. Signs, other than on-site direction aids, shall number not more than two (2) and shall not exceed forty (40) square feet each in area;
 23. Subject to all state and/or county health regulations and to regulations in this title, provided a minimum of one (1) acre is available. Excluding swine and mink.
 24. Accessory Dwelling Unit (ADU) subject to the following requirements:
 - a. ADUs shall be allowed as a permitted use within designated UGAs.
 - b. ADUs shall be subject to obtaining an Administrative Use permit in areas outside of UGAs.
 - c. Only one (1) ADU shall be allowed per lot.
 - d. Owner of the property must reside in either the primary residence or the ADU.
 - e. The ADU shall not exceed the square footage of the habitable area of primary residence.
 - f. The ADU shall be designed to maintain the appearance of the primary residence.
 - g. All setback requirements for the zone in which the ADU is located shall apply.
 - h. The ADU shall meet the applicable health department standards for potable water and sewage disposal.
 - i. No mobile homes or recreational vehicles shall be allowed as an ADU.
 - j. The ADU shall provide additional off-street parking.
 - k. An ADU is not permitted on the same lot where a special care dwelling or an Accessory Living Quarters exists.
 - l. An ADU must have adequate acreage to meet maximum density within the zone classification.
 25. No new residence shall be permitted except that related to the business or enterprises allowed in this zone such as janitor or night watchman. Any such residence shall meet the requirements of the residential zone.
 26. Provided that:
 - a. The shelters are used to house farm laborers on a temporary or seasonal basis only, regardless of change of ownership, if it remains in farm labor-needed status;
 - b. The shelters must conform with all applicable building and health regulations;
 - c. The number of shelters shall not exceed four (4) per twenty (20) contiguous acres of land area;
 - d. The shelters are owned and maintained by the owner or operator of an agricultural operation which clearly demonstrates the need for farm laborers;
 - e. Should the parent agriculture operation cease or convert to non-agriculture use, then the farm labor shelters shall conform with all applicable building, zoning, and platting requirements or be removed
 27. Home occupations with no outdoor activities or noise are permitted; home occupations with outdoor activities or noise are a conditional use. Offices of a physician, dentist or other professional person when located in his or her dwelling as well as home occupations engaged in by individuals within their dwellings are allowed provided that no window display is made or any sign shown other than one (1) not exceeding two (2) square feet in area and bearing only the name and occupation of the occupant.
 28. Home occupations with no outdoor activities or noise are permitted; home occupations with outdoor activities or noise are a conditional use. No sign advertising a home occupation shall exceed sixteen (16) square feet in size.
 29. When used for temporary occupancy for a period not to exceed one (1) year related to permanent home construction or seasonal/temporary employment.
 30. Noncommercial sand and gravel excavation is permitted for on-site use without a conditional use permit.
 31. Permitted when located within an established mining district; requires conditional use permit outside an established mining district.
 32. Public transportation deadhead stations permitted; passenger terminals are a Conditional Use.
 33. Utilities are defined and regulated by KCC Chapter 17.61, Utilities.
 34. Utilities are defined and regulated by KCC Chapter 17.61, Utilities. Not permitted in the Agriculture Study Overlay Zone.
 35. Where the use is only serving a residential PUD and where all applicable standards are met.
 36. Subject to the following requirements:
 - a. Accessory Living Quarters shall be located within an owner occupied primary residence.
 - b. Accessory Living Quarters are limited in size to no greater than fifty percent (50%) of the habitable area of the primary residence.
 - c. The Accessory Living Quarters are subject to applicable health district standards for water and sewage disposal.
 - d. Only one (1) Accessory Living Quarters shall be allowed per lot.
 - e. Accessory Living Quarters are to provide additional off-street parking.
 - f. Accessory Living Quarters are not allowed where an Accessory Dwelling Unit or Special Care Dwelling exists.
 37. Maximum of four (4) boarders and two (2) bedrooms dedicated to the use.
 38. As of September 1, 1998, mobile homes are no longer allowed to be transported and placed within Kittitas County. Those units presently located in Kittitas County that are to be relocated within Kittitas County must have a fire/life inspection approved by the Washington State Department of Labor and Industries.
 39. Outdoor recreation activities that cause noise require a conditional use permit.

①

- 40. Pursuant to KCC Chapter 17.24, Historic Trailer Court Zones.
- 41. Pursuant to RCW 48.140.
