### Details

Turn up the efficiency in your kitchen with this Bakers Pride GDCO-E1 Cyclone Series full-size electric, single deck convection oven. It's designed with an energy efficient 10.5 kW direct forced air heat system for superior energy-savings during use.

For improved airflow and easy cleanup, the porcelain lined heavy gauge steel interior features coved corners. Removable 11-position rack guides offer 1 5/8" spacing for each of the 5 heavy duty adjustable chrome-plated racks. To keep an eye on your culinary creations, interior lighting comes standard with each unit.

The Bakers Pride GDCO-E1 Cyclone Series single deck convection oven is constructed with a stainless steel front, top, sides, and trim. It has a 60/40 synchronized door design with double pane, thermal glass windows. For maximum heat retention, it's fully insulated. Additionally, stainless steel seals line each door.

For excellent safety during use, the door interlock switch automatically turns the fan and heating elements off when the right oven door is opened with the single mounted "Cool Touch" handle.

This Bakers Pride GDCO-E1 also has a 60-minute electric timer and a 1/4 HP fan motor with dual-speed fan control and cooldown. Four 27 5/8" tall durable black powder coated legs come standard with adjustable bullet feet. This unit must be hard wired; it does not come with a cord and plug. UL Listed. Choose electrical configuration.

This is a great portable oven for offsite catering needs. This is a very easy oven to use and great warming oven for when you are bringing already cooked food to your site.

Zach K. Posted on 01/23/2013

I really love this oven! Not only does it accurately bake, but if it gets in the way I can easily move it out of the way. This was a great buy!

This oven heats up fast and works great, I put 5 full size pans in it at a time full of bagels and they all come out great. Took about a week for the new oven smell to go away but I hear that's normal.

## Details

The Wareforce UL30 low temperature undercounter dishwasher is packed with value-added standard features and is perfect for small restaurants, coffee shops, quick service restaurants, bars, small health care facilities, and convenience stores.

The Wareforce UL30 uses only 1.2 gallons of water per rack and delivers exceptional performance. Chemical sanitizers reduce the demand for hot water, saving on utility bills and reducing operating cost. There are built-in chemical pumps to assure proper chemical usage as well as save space. A product alarm alerts the user both visually and audibly when the detergent and sanitizer are low.

The labyrinth door seal eliminates the need for a gasket. The Wareforce UL30 dishwasher is quiet, because of the air-insulation between the machine's body and stainless steel housing that keeps noise levels down. In short, the Wareforce UL30 offers more standard features than any other brand. The Wareforce UL30 is fully operational with all the features you need for optimum cleaning performance! Energy Star Qualified, UL and NSF Listed. Requires a 115V electrical connection.

### Details

With its durable, 430 series stainless steel exterior and 304 series stainless steel interior, the Avantco SCL3 70" sandwich / salad prep refrigerator is strong enough to stand up to the daily demands of your busy restaurant kitchen.

This Avantco SCL3 70" sandwich / salad refrigerator features a stainless steel, slide rail work area and a cold topping holding area that can hold up to eighteen, 1/6 size food pans up to 6" deep. The topping rail will also hold 1/9, 1/3, and full size food pans.

An Insulated, hinged cover helps keep your condiments, meats, and vegetables at proper holding temperatures during off-peak hours and also contributes to the unit's energy efficiency. Built in casters, two of which are locking, allow you to move the sandwich / salad refrigerator for easy cleaning and servicing.

Store additional toppings for quick access in the sandwich / salad preparation refrigerator's lower section. The lower refrigerator has three self closing doors and three plastic coated wire shelves. Adjustable mounting brackets give you complete control over the refrigerator's shelving configuration, to accommodate a variety of prepared garnishes, dressings, and condiments.

The Avantco SCL3 refrigerator's 1/2 hp compressor uses R134a refrigerant. Foamed in place CFC-free insulation helps maintain interior temperatures between 32 and 50 degrees Fahrenheit. An interior fan regulates the refrigerator's temperature and

## Details

This Beverage Air WTRD60A-2 60" compact worktop refrigerator features two heavy-duty stainless steel drawers, as well as a single self-closing, positive-seal door, complete with a 120 degree stay open feature. Each drawer is supported on heavy-duty, locking telescoping drawer slides for maximum support.

Two adjustable steel wire shelves within the right cabinet allow for optimal organization within the anodized aluminum interior. To provide quick, out of the way access to your most popular ingredients, sides, entrees, and desserts, the upper pull-out drawer on the left is designed to accommodate 6" deep pans (sold separately), while the lower left-side drawer can fit two 4" deep pans (sold separately).

Thanks to its 1/4 hp compressor, the worktop refrigerator's CFC-free (R134A) capillary tube refrigeration system provides high humidity storage, while maintaining temperatures between 35 and 38 degrees Fahrenheit. To further optimize temperature control, each cabinet is insulated with CFC and HCFC-free 2" thick foamed-in-place polyurethane insulation and a 2 1/2" thick worktop.

The Bev Air WTRD60A-2 worktop refrigerator requires a 115V electrical connection and is UL Listed. Please consult the Specification Sheet for further details and installation information.

**Vollrath Cayenne 924HIMC Four Hob Heavy Duty Induction Hot Plate with  
Manual Controls 208/240V Details**

**\$3,259.00**/EA

1

Item #: 922924HIMC 208/240

Designed specifically for commercial kitchen use, the Vollrath Cayenne 924HIMC four hob induction hot plate offers a high-efficiency, heavy-duty solution for both low- and high-temperature cooking. For superior versatility, it features four manual control knobs, adjustable from 1% to 100% of output power. Use the sensitive low-end control for cooking sauces, milks, and chocolates, or turn up the power for fast, high temperature cooking.

Thanks to its extremely high cooking efficiency, the Vollrath Cayenne 924HIMC four hob induction hot plate provides instant, controllable heat, which results in a cooler kitchen and lower HVAC costs. To help conserve energy and extend the life of the induction hot plate, each unit is also equipped with safety features such as an over-heat protection mechanism, small-article protection, pan auto-detection, and an empty pan shutoff.

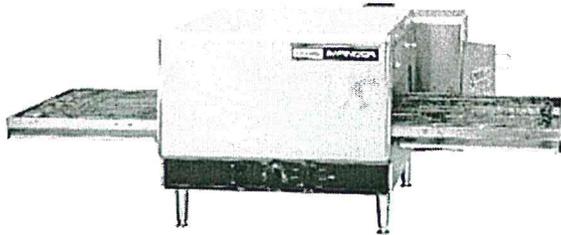

The Vollrath Cayenne 924HIMC induction hot plate can accommodate small, induction ready saute, sauce, or

### Details

The Countertop Lincoln 13011353 Impinger puts large-oven capacity almost anywhere you need it. It is small enough to fit on most commercial countertops, but large enough to replace a half-sized convection oven or up to five microwave ovens. The CTI utilizes a 16" (406mm) wide conveyor belt and 20" (508mm)

baking chamber; and can be stacked up to two high. It is available only in 208v and 240v electric and does not require ventilation in many applications.

## Details

This 3 compartment prep / deli sink with two drainboards from Regency Tables and Sinks is constructed from high-quality 16- gauge type 304 stainless steel. This gauge is thicker and much more durable than many similar sinks that are available--they're made from thinner, 18- gauge material. Additionally, type 304 stainless steel is exceptionally corrosion-resistant.

Each compartment of this sink is 10" deep and die-stamped to a minimum of 1/4" to ensure proper drainage. Each compartment measures 10" wide, and 14" front-to-back, with a 3 1/2" basket strainer, and 2" of separation between compartments. For easy cleaning, each compartment has rounded corners.

The backsplash is 9" tall, and has two 1 1/8" diameter holes punched for mounting a faucet (not included). The sturdy drainboards measure approximately 10" long x 15" front- to-back. They're also dipped a minimum of 1/4" to facilitate better drainage.

This 3 compartment sink with drainboards features

This compact and sturdy sink fits perfectly in our tiny kitchen. It also complies with health dept codes as it has 2 drainboards. We have had this sink for 1 year and there are no signs of wear or rust.

**Chelsea S.** from **Queen City Cupcakes** Posted on 03/11/2012

I purchased this item for a mobile food truck it fit perfectly and was easy to install. It fits a large food container so its deep enough for my needs.

**Linda L.** from **Linda's Kitchen** Posted on 12/30/2011

a good dish sink to invest in. ive used this for all my 4 years in a culinary school. very basic and easy to use.

**Angel C.** Posted on 12/15/2011

This by far the best price I found for this item! The quality is great and it was exactly what I was looking for. I will buy all my equipment from WEBstaurant from now on!

**Laurie L.** from **sportin woodys sports bar** Posted on 08/31/2011

This is perfect for small work spaces. Good value. We purchased this for our 900 square foot coffee shop so obviously space for us is limited.

**Steven A.** Posted on 06/09/2011

Very nice addition to any business. not to big it can fit in any small space. Elegant and delicate made. Price is excellent. People couldn't believe how much i paid for it.
