Thanks Dusty, Excuse my sticker shock. I meant to disrespect to you personally.

I have filled out the Shoreline exempt form. Looks to me it was just page 1-3 for use to fill out and 4-6 is for the county to complete. Did I see that correctly? I saw the For staff only on top of page 4. If not I can get the other pages filled out and e-mail those to you.

As far as the form I have filled out I will be putting it in the mail Monday 9/12. I will have it sent priority mail Attention to you with check and signatures enclosed.

I have also printed out every other form that I have submitted to the WDFW and the Army corp. I have also printed all the drawing that have been submitted. These are also attached. I am trying to give you as much information as I can up front. Thought that it would help move this along.

My HPA was denied because the state said I needed a SEPPA. Brent is currently looking into this and says I should not need one if I get exemptions from the county and the corp. I already have the corps approved as you will see in the package you will be receiving this week.

Please feel free to contact me anytime or my father.

Hope this is helpful and look forward hearing from you.

Mr. Henning,

I am sorry, but those are the processing fees. A shorelines permit processing fee would be 2,165 if

SEPA was not required. Please feel free to contact me with further questions.

Dusty--

Am I reading this correctly that we need to pay a \$830 or \$1500 permit fee to replace rock that was washed away from our property? Please tell me that is for a shoreline permit and not for the exemption. Please.
