Hi Ellie,

I met with the builder out there and we measured from the property line to the septic area and the staked area for the proposed house. The property line near the stream was well marked with no trespassing signs, so I did not go all the way to the OHWM, but with confidence, both measurements were more than 115' from where the OHWM would be.

Thanks!
Jen

External Email

Good morning Jen,

Our applicant for parcel #953831 said you met him on site to help located the OHWM of Manastash Creek. Can you conform that the proposed development is more than 115 feet from the OHWM based on your observations?

Thank you!

Ellie Myers
