

KITTITAS COUNTY DEPARTMENT OF PUBLIC WORKS

MEMORANDUM

TO: Lindsey Ozbolt
FROM: Douglas, P. D'Hondt, County Engineer
DATE: April 7, 2015
SUBJECT: Yakima River Canyon Scenic Byway Interpretive Center

The aforementioned project will not be completed as planned. We will complete the design of the project without construction. Please temporarily suspend the Substantial Development and Public Facilities permits, SD-14-00004 and PF-14-00002 until the currently drafted Shoreline Management Plan is approved and adopted by the Washington Department of Ecology. Upon adoption of the new regulation, we will determine how to proceed with the project.
