Hello Kittitas County,

It's an honor to live in this great county and as a county resident, I've read your proposal of what you'd like to do with the North Jetty Cove. I must admit I'm confused and saddened to hear you want to permanently turn off the fountain on the Vantage breakwater. There is no prettier site in the entire state of Washington than when you drive west across the Vantage bridge and see the fountain shooting water into the air. Why remove something that provides joy and costs NOTHING? I don't get it.

At the end of the day, your legacy as a public servant will come down to what you did for your community. My hope is you got into government to make your community a better place. So ask yourself, does anyone in this community want that fountain gone?

Please turn it back on.

Sincerely

Jake
