Kelly and Aren:

The Confederated Tribes of the Colville Reservation has over 100 branches of tribal government employing almost 1600 people to represent over 9,500 tribal members of a Reservation the size of Delaware in traditional territories from central British Columbia to Northeast Oregon.

As you might receive state comments from DAHP, WDFW, DNR, Ecology, etc. You should not be surprised to have comments from more than one Colville Tribal Program or Department. We do not have a copy of the comments you mention, please forward them to Aron and I.

Thank you for your time and consideration.

Good afternoon Aren,

I am confused by your below email, as CDS is in receipt of The Colville Tribes comments dated 7-25-22 at 4:56pm, signed by Jarred Michael Erickson and sent by Neeka Somday.

Any clarification would be greatly appreciated.

Good morning,

Kittitas County Community Development Services is requesting comment on the Shoreline Substantial Development (SD-22-00001) and Public Facilities (PF-22-00001) applications for the North Jetty Cove Project.

The proposed project includes removal of electrical infrastructure such as light posts, pedestals and vaults, the removal of underwater structures left over from dock removal, the removal of fountain pump, and the installation of a dedicated buoy/rope across the marina entrance, and added amenities such as bollards, handrails, picnic tables, benches, trash cans, and the removal of any native vegetative species that may exist. All application documents can be found through the links below. Please let me know if there are any issues accessing the material.

Comments are due for this application by 5pm on July 25, 2022. If CDS does not receive comments by this date, we will assume your agency has no interest in the application.
